LIQUID BLACKING
Gives to the Leather not only a
Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and the superior polish which it gives over other Blacking heretofore been in a great measure counterbalanced by its disagreeable vinegar odor and the trouble of fitting something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELIGHTFUL PERFUME, which remains with the leather as long as the blacking lasts; and each bottle has a stick neatly fitted in the stopper. The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Cahoon Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.
WYMAN & TYLER, AGENTS,
82 Water St., Boston, Mass.
The Vernatella,
For making the Soles of Boots and Shoes water proof and wear longer, is also for sale as above.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs; than any mineral, and possesses more body than any other paint. It forms a glossy, durable, durable *metallic coat*, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and the facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the safest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Skin Bones, Cutaneous Eruptions, Bles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down and hopeless, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Lean's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, for 25 cts., (100 copies sent for one past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stopping irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office Hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, FEBRUARY 11, 1865.

THE REBELLION.

The Richmond papers of Tuesday contain Jeff. Davis' message to the rebel congress, in which he gives the report of the commissioners, and says the only terms proposed by President Lincoln were unconditional submission. They also contain reports of a great War meeting held in the African Church in Richmond, where "extra-Billy" Smith made a soul stirring speech, and Jeff. Davis made another "showing the barbarity of the Yankees," in which he lied as usual, most dreadfully. The rebel papers also, spit out their spite as fiercely as Maltese cats.

Richmond papers of Wednesday tell us that two rebel Brigadier Generals were killed in the fighting for the Southside Railroad at Hatcher's Run. One of them was named Pegram, one of the most efficient fighting Generals. Among his engagements was a marriage engagement to a rebel lady in Baltimore. The Richmond authorities do not claim a victory in the late movement, but acknowledge that they have lost ground while inflicting considerable damage upon our forces in the affair. The other rebel General killed was Gen. Norris.

By latest arrivals from City Point it is learned that our army is in proper mood to meet the fresh spirit which rebel leaders are attempting to galvanize into the Confederacy.

The dispatch of the 8th, in the morning, from the same place, says: The new position, five miles in advance, is being strongly fortified, and will be held. This is a gain for us and a loss to the rebels.

It is developed that Lee had sent several divisions against General Sherman, thus materially weakening his lines here.

It is reported that we have 800 prisoners. More intrenching tools are arriving, and it is determined to hold the five miles gain of ground. This gain brings us to the Boydstown plankroad, within easy artillery range of the South-side railroad. Thus Lee has again been outgeneralled.

Richmond papers of the 8th inst. contain a despatch from Gen. Lee, giving very briefly the details of the fight of last Sunday and Monday. His dispatch is surprising doleful. He admits that his forces were driven in confusion, but says on the arrival of Mahone's division, our troops in turn were driven to Hatcher's Run.

The Tribune's Headquarters Army of the Potomac despatch of the 7th says, among the wounded of the 5th corps are Gen. Ayers severely; Gen. Gwyn, slightly, at remains on duty.

FROM MEXICO, VIA HAVANA.—Reports of a revolution in the city of Mexico, though denied officially, continue. The Juarists had attacked Toluca and captured it. Artaga has 2500 insurgents in Morelia. The Imperialist General Vega had been defeated and shot at El Fuerte, in Sinaloa. The Imperialists were able to hold the city of Zacatlan only three days.

The report of Gwin having been made a Duke, &c., caused merriment in Havana. Gwin is in that city and going to Europe, having failed with Maximillian.

HISTORY SET RIGHT.—A Savannah correspondent of the Boston Journal, of no less note than "Carleton," speaks of organ-playing in a church there lately, as the *first* playing there by a Boston organist. It is a fact however, that Mr. Lowell Mason was organist in a Church at Savannah, almost forty years ago.

The Boston Transcript speaks of Mr. Garrison as being born in Newburyport; but he was not born there, though he hails from that place, where he passed his childhood.

— The most fearful cyclone perhaps on record visited the city of Calcutta and vicinity on the 5th of October, and we have accounts of another less severe on the 1st of November about three hundred miles north of Madras. An American Lutheran missionary at Gunter writes that the storm raged with terrific fury from midnight till 3 o'clock, and that in the morning after nothing could be seen in any direction but the tangled wrecks of trees, houses and gardens.

— Hon. Isaac Funk, State Senator of the Illinois Legislature, died last week. His wife did not survive him over three hours. Senator Funk will be remembered for his famous speech in the Legislature of 1863, in rebuke of the partisans who sought to embarrass the Government and get up a diversion in favor of the rebels.

— There are, in this world, a few miserable scoundrels who would jeopardize the lives of multitudes for a few cents profit made by cheating in the manufacture of Kerosene oil. To test the quality of this oil, place, not to exceed a table spoonful of it in a common saucer; if it can be lighted by the application of a lighted match, it is bad and dangerous; if it cannot, it may be considered safe. So an exchange says.

— The President has appointed the widow of a Union soldier, postmistress at Sterling, Ill.

NOTES OF FORMER DAYS.

Collected and Collated by UNCLE TOBY.

Fires—Fire Engines—Small Pox—North Mill Bridge, 1764—*Grist Mills—Peter Livius.*

January 19th, 1762, the Honorable John Temple, Lieutenant Governor of this Province, arrived in Portsmouth. He was escorted by a troop of horse. On his arrival at the Council chamber, his commission was published, and he took the oaths required by law. The Lieutenant Governor was also appointed Surveyor General of the King's Customs in the northern district of America, and Governor Wentworth issued his proclamation, requiring all officers, civil and military, as well as all other persons, to aid and assist the Surveyor-General in executing the several acts of Parliament, regulating trade and navigation in his Majesty's plantations.

March 25th, 1762, the town voted to purchase another engine, the cost of which is not to exceed sixty pounds sterling.

A barn belonging to the Rev. Samuel Langdon, situated near his house, accidentally took fire and was consumed.

Doctor Nathaniel Sargent studied physic with Doctor Parker. He commenced practice at Hampton, where he resided several years, but immediately after the death of Doctor Peirce, removed to this town, where he soon engaged in a full course of business, and found as much practice as he could conveniently attend. He died in June, 1762.

Sunday night, April 3d, 1763, between twelve and one o'clock, a distressing fire happened, which entirely consumed the dwelling house occupied by Mr. John Wendell, merchant, situated on the street leading over Canoe-Bridge. [Now Washington street.] The noise of the flames awoke him, and he discovered the fire raging beyond the hopes of extinguishing it. The town was soon alarmed, and by great exertions and assistance, he saved most of the furniture, books, and papers in the lower part of the house; but every thing in the chambers was consumed. By the judicious management of the engines, and the alertness of the inhabitants, the buildings on each side, though not more than ten feet distant, were preserved. The fire-engines were found to be of very essential benefit. The town at this time owned three, which were of the following dimensions: the first contained fifty gallons, discharged seventy gallons, thirty-seven yards, in a minute. The second contained one hundred and twenty gallons, and discharged the same quantity forty-five yards in a minute; and the third, one hundred ninety-six gallons, which it discharged fifty-two yards in a minute.

In 1764, the small-pox was very prevalent in Boston, and from the continual intercourse, which was kept up between that place and this, both by land and water, there was great danger of its being brought here, and communicated to the inhabitants. To prevent which, the selectmen had a fence built across the road at Great Swamp, and a small house erected, to smoke all persons and baggage, coming from Boston by land. After they were thoroughly cleansed by the guard set there for the purpose, they received certificates, and were permitted to pass. The same caution was used in relation to all vessels from Boston, which were required to perform quarantine, and every prudent method was adopted to destroy the infection.

Doctor Hall Jackson resided in Boston two or three months, and carried several classes safely through the disorder by inoculation; a large number went there from this town, to put themselves under his care.

In 1764,—Peter Livius, Esq., made proposals to the town for building a bridge across Islington Creek, [now the North Mill Bridge,] twenty feet wide, part whereof to consist of a lifting-bridge thirty feet long, with flood gates under it of the same length, upon condition that the town would grant him the exclusive right to dam the water course in said creek, together with all the benefits that may accrue therefrom to him, his heirs, and assigns forever. Whereupon the town, at a legal meeting called for the purpose, voted "That there be and hereby is granted to Mr. Peter Livius of this town, the sole and exclusive right and privilege to dam up the water-course in Islington-Creek, and to erect whatever mills may appear profitable to him thereon, together with all the profits and advantages that may accrue therefrom to him, his heirs, and assigns forever, on the following conditions, viz. That wholly and solely at his own proper cost and charges he shall erect, and forever maintain a bridge across the said creek, for the passage of the public, toll-free; That there shall be made a pair of flood-gates in the dam, thirty feet wide under the said lifting-bridge; that he be at liberty to build the bridge, and adjoin his buildings thereto, in the manner that shall appear most convenient to him; and further, that if within seven years from this meeting, the above conditions be not complied with, then the above granted premises to revert to the town, to be regranted; or in case the said bridge should not constantly be kept in good and passable repair by the said Livius, or his heirs or assigns, then also the said privileges to revert to the town as aforesaid; and also to build two or more grist-mills on said stream, and keep them also in repair.

Mr. Livius accepted this grant and proceeded without delay to build the dam and erect grist-mills upon it. He likewise constructed the bridge over the dam agreeable to his stipulations with the town

— The constitutional abolition of slavery is to be celebrated at Newburyport on the 22d instant—the anniversary of the birth of Washington. Wm. Lloyd Garrison is to deliver an oration and John G. Whittier will write a song for the occasion.

GOLD, Friday, 211 7-8 to 210 1-2.

FROM GOV. GILMORE.

CONCORD, Feb. 8.

Editor of the Concord Daily Monitor:

As is well known to many of your readers, I am just recovering from a severe illness, and hardly yet able to attend to business. Yesterday, for the first time in many days, I took up a newspaper, and the following paragraph attracted my attention:

The Journal's special says: "Hon. Fred. Smyth, Union Candidate for Governor of New Hampshire, has left for home after having examined the quota of that State in company with Senator Clark, Representatives Rollins and Patterson, Gen. Marston and N. G. Ordway. An adjustment was finally made with the Provost Marshal General, which will be satisfactory to all concerned. Allowance was made for the three years men which will reduce the published quota list about one-half, and every facility will be afforded by Government to fill the deficiency by volunteering."

This was in the Monitor for Feb. 3d. It has, doubtless, before this gone the rounds of the N. H. press. I wish to say in regard to the paragraph that it is not satisfactory to all concerned." In the first place Messrs. Frederick Smyth and Gilman Marston had no more to do with adjusting the quota of New Hampshire than "King Benjamin Green" or "Old Pat." At the very time when they were tendering their services, unsolicited in this delicate business, there were accredited agents of New Hampshire in Washington who were never in the least consulted in regard to the matter. As for Messrs Clark, Ordway, Rollins and Patterson, I only wish that they may show as much assiduity in prosecting the just claims of the State of New Hampshire against the General Government as they have done in their efforts to retain their present lucrative positions.

In the second place the paragraph referred to is unsatisfactory because in my opinion it has not the slightest foundation in fact. There is up to this date no official notice received in this State, by any officer, whether State or National, which may indicate that the quota of the State has been reduced. It has been reported, indeed, that it was reduced by one thousand—that it was reduced to the original estimate (804),—that if we were active in enlisting men there would be no call on the 15th of February, no matter how many we might get. But not the slightest official intimation has as yet (seven days before the draft) been received in regard to the matter. My own opinion in regard to the case is, that this reduction of the quota is a *mere electioneering dodge*, to hold good until after election, and then it will be as large as ever, and I alone shall have the task of filling it, as has been the case repeatedly heretofore.

I state the facts thus plainly, because I am unwilling longer to bear the burdens which have been heretofore thrust upon me. When I receive official information that this reduction has been effected, I shall very cheerfully order the cessation of all bounties heretofore paid by the State of New Hampshire. J. A. GILMORE, Gov.

Raids on whiskey shops are becoming prevalent in New England towns.—*Post.*

No, not on the shops, but on the whiskey, down this way—and the raiders always get the worst of it too.

Somebody says the most difficult ascent is getting up a subscription.—*Post.*

What kind—newspaper subscription?

— The resident colored people of Savannah recently held a meeting and contributed nearly $1000 in greenbacks to establish schools for their children. Gen. Geary has given them the old slave market for a school-room and ten colored teachers have been employed.

— An ice embargo sealed up the port of Nantucket last week, cutting off all communication with the people on this continent, for whom the editor of the Mirror expresses pity.

The ladies' last new wrinkle is long gold pendants for ear-rings. They have discarded all the pretty styles which modern invention has made the fashion, and returned to the modes of our grandmothers. *Boston Corres.*

— A bookseller's boy in Boston, with a list to pick up, inquired for "The Hen which Croweth." A nearer inspection discovered it to be "The Hour which Cometh," a volume of sermons!

— A colored man has been elected alderman of the second ward of Austin, Nevada. He was a candidate of the Democratic party.

— It is said that nearly forty thousand men, whose names are upon the enrollment list in New York city, are not to be found.

— U. S. Marshal Murray has been ordered to proceed to Montreal to receive the St. Albans raiders from the Canadian authorities.

NEW ENGLAND CATTLE MARKETS, at Cambridge, Brighton and Medford, this week.—Abridged from the Boston Post.

From Maine 220 Cattle,—Sheep. New Hampshire 264 Cattle, 1014 Sheep. Vermont 722 Cattle, 1635 Sheep.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Allegheny River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,700 daily, or $842,400 per year.

The entire property cost the present Subscribers $2,375,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on this Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $33,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,

Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Porcupine, and Redfield Petroleum Companies embrace two and one-half miles frontage on Allegheny River—embracing about 8,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; it has been sold since at $250 per share.—One gentleman who had 2000 shares, which cost him $6000, was offered $450,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for Portsmouth and vicinity for subscriptions to the above Company, and would cordially recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A GOOD INVESTMENT.—On looking over the book of the President Petroleum Co., we see that Prof. Agassiz of Harvard University, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. W. would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done."

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 15th of February the Subscription Price of this Stock will positively be advanced to $10 per share, instead of $5—if any remains.

JOHN S. HARVEY, Agent,

A LECTURE ON THE NATURE, TREATMENT, and Radical Cure of Spermatorrhœa, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c. By ROBT. J. CULVERWELL, M. D., author of the *Green Book, &c.*

"A boon to thousands of Sufferers."

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. jl8 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

Please inclose a stamped envelope, addressed to yourself.

Address JOSEPH T. INMAN,
Station D, Bible House,
New York City.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color, it promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, tumors and itching from the scalp. It keeps the hair soft, silky and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "RESTORATIVE" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Messrs Geo. C. Goodwin & Co., 38 Hanover St., Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. jl4—3mndaw

The Confessions and Experience
OF AN INVALID.

Published as a benefit and as a caution to YOUNG MEN and others, who suffer from Nervous Debility, Premature Decay of Manhood, &c., supplying at the same time the means of SELF-CURE. By one who has cured himself after undergoing considerable quackery. By enclosing a postpaid addressed envelope, single copies may be had of the author.

NATHANIEL MAYFAIR, Esq.
d2 dawlm Brooklyn, Kings Co., N. Y.

CARTER'S
CLARIFIED MOLASSES CANDY!

Local.

☞ The fifth Temperance lecture of the Sunday evening series, will be delivered by Rev. Mr. Davies of the Episcopal church, from his pulpit, to-morrow (Sunday) evening at 7 1-2 o'clock.

☞ Rev. Mr. Cather, of Philadelphia, will present the cause of the Sanitary Commission to the public, in this city, on Sunday evening, Feb. 12th, at the Unitarian Church—a collection to be taken, to be deposited with the Soldiers' Aid Society in Portsmouth.

Mr. Cather also designs lecturing in Greenland, Tuesday, 14th; in Hampton, Wednesday, 15th; Hampton Falls, Thursday, 16th; South Newmarket, Friday, 17th; Newmarket, Sunday, 19th; Raymond, the 20th; Candia, 21st inst.; and perhaps other places.

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ The Minnesota steamed up to the Navy Yard from below, at 8 o'clock Friday morning, and workman were busily engaged on Friday in transporting the powder from the vessel to the Yard magazine. A part of the crew have been transferred to the Vandalia, and as the term of service of some of the remainder has expired, they will probably be discharged.

The ship bears many marks of her recent engagement, and considerable repairing is necessary to be made upon her before she is again ready for service.

☞ Quite a number of workmen have recently been taken on the Yard in consequence of the arrival of the Minnesota. If the Government will continue to send vessels hither, we will endeavor to dispose of them as promptly as could be done elsewhere. The facilities for the performance of all kinds of work required by the Government, have been greatly increased of late, so that in this direction, the Yard can now vie with any other in the country.

☞ Dr. A B. Bennett left this city a day or two since, for three months' service at least, in the Army, as Asst. Surgeon.

☞ What an open Winter we have, don't we? It has to be *shovelled* open pretty often, though—if you don't think so, ask Mr. Wyatt or Fox. Staples.

☞ See Auction column this morning for sales to-day of valuable real estate stocks, and varieties.

☞ The little steamer Emerald is once more in running order.

☞ Thermometer, at four o'clock this morning, 22°.

NEW HAMPSHIRE ITEMS.

—— The Coos Republican has the annexed particulars of a sad affair which occurred at West Milan, N. H., Jan. 25:

"Mr. F. M. Lang, a soldier of the 5th regiment, on returning at the expiration of his three years' service, was convinced of his wife's infidelity to her marriage vows, and, after painful altercation, received her confession, implicating Mr. A. A. Higgins, of West Milan. Lang vowed vengeance upon him and left the house. His wife, sending off the children, and overcome by the discovery and conflicting emotions, descended to the cellar and hung herself with a skein of yarn. In this condition she was found on the arrival of her husband, who then summoned in the neighbors, Mr. Higgins among them. Declaring him (H)io be the cause of this death and affliction, he threatened to take his life, and aimed his musket for that purpose. It was unloaded, and as Lang commenced loading, Higgins broke from the house and immediately started for Canada. This terrible affair of course creates profound excitement in the village where it occurred. The deceased left two little girls. Mr. Higgins has also a wife and family, and has generally been regarded as an upright and somewhat prominent man in his locality. Lang has always been a brave soldier, and, we understand, a quiet and good citizen."

—— Several female thieves have been arrested within the last few days, in Manchester, in stealing cloths from the mills where they work. A detective officer with a search warrant visited a tenement, where Mrs. Hannah M. Gilman and Miss Asenath Addison keep house together. He found three trunks. In two, he found about one hundred yards of sheeting, and in the other 500 yards of DeLaines. He made another search at Mrs. Hodge's, and found a lot of DeLaines and prints. These receivers of stolen goods, were arrested; also, as thieves, Lucretia A. Dwinnels, of Marshfield, Vermont, Bertha E. Quade and Fannie S. Quade, of East Randolph, Vermont, and Lucia M. Gaines, girls of from 18 to 22 years of age.

—— The Monitor is "informed that the Provost Marshal of New Hampshire has received no such order as limits the time of striking off physical exempts from the enrollment lists. The correction of these lists is a continuous work."

—— In Manchester Wm. Adams of Bakersville, and George Fox, Spruce street, distillers of whiskey, are accused of carrying on the business without a license; the implements used in its manufacture were seized by the Collector, and they are to be tried for violating the revenue laws.

☞ Kerosene or Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at N. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

Misapprehension.—Common taters, said Mrs. Partington, after the preacher had ended his sermon—he having alluded to some commentators of the good book—common taters, she continued, well all sorts of taters this year are poor enough, but what has that to do with the gospel? Not half so much as the J. Monroe Taylor Gold Medal Soap has, for that will make the outside of the platter clean, if not the inside, besides it keeps folks from scolding or complaining; it is the best soap and needs no revival. 58

MARRIAGES.

In this city, 10th inst, by Rev. S. Holman, Mr. THOMAS PARKER, of London, England, to Miss ANNIE WHEELER, of this city.

DEATHS.

In Exeter, Feb. 5, Mrs. ANNETTE YORK, wife of Daniel York, aged 31 years.

In Salisbury, Feb. 6 Mr. OLIVER TITCOMB, aged 67 years, 10 months. He was a soldier in the war of 1812.—enlisted at the age of 16, and fought at the battle of Plattsburgh.

WHAT IS A
FRENCH ROLL PAN!
IS A QUESTION OFTEN ASKED.
It is simply a nicely made
IRON PAN,
Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very
QUICK AND LIGHT BAKE.
For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are
Invaluable.
IN these days of high prices, it is worth while to
ECONOMISE
in any way. We give below a receipt for making a Cheap, Wholesome, and
PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S
Spring Roll and Cog Wheel
WASHING AND WRINGING MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all save an immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by
E. A. STEVENS,
46 Market Street.

CORN SHELLERS.
RICKER'S PATENT.
WILL SHELL ANY SIZED EAR,

Morning Chronicle.

SHERMAN.

What grander name than his on that fair scroll,
Where, writ in fadeless characters, shall stand
The names of those, the savior of the land,
Recorded of bright Fame's immortal roll!

Scarce have our hearts ceased thrilling to the cry,
Which passed from lip to lip, "Atlanta's ours!"
Then comes the news that on Savannah's towers
Once more the old flag greets the broad blue sky.

Ring out from every spire, ye jubilant bells!
Ring food and long these merry Christmas chimes!
Let notes of victory mingle with your chimes,
Till far and wide the pealing chorus swells!

Long shall the tale be told by gray-haired sires,
Of that great march through Georgia's rugged ways,
For many miles and many weary days,
To assembling groups by winter evening fires.

Hail to the chief who led the venturous ranks!
Long may he live to wear his well-won fame,
And hear his children taught to lisp his name;
For him a people's praise, a nation's thanks.

And hail to those who bore the flag with him,
Those venturous ranks of true and manly hearts;
The old year lingers long as it departs
To sing their praises with the Christmas hymn.

Such men are fashioned after God's own heart;
Fearless in danger, counting their rich blood
Even as nothing to their country's good—
Of the world's history they form a part.

Their's is a deathless heritage; their deeds
Blossom, like flowers, upon the page of Time,
And whether told in prose or glowing rhyme,
Seem writ in shining gold to him who reads.

A LEGAL BOOMERANG.—A diminutive German—we will him Mr. Kraut—entered complaint that his wife had beaten him in a manner literally merciless. He unswathed his head from the bandages surrounding it, exhibiting the marks of a broom handle administered with no feeble unction. Mrs. Kraut was arrested. She stood full six feet high, with breadth of shoulder and length of arm in due proportion. The husband reiterated his affidavit. The woman made no defense, and the magistrate fined her for intoxication. As she didn't pay the fine, the officer motioned her to follow him to prison. She obeyed the order.

"What you goin' to do?" asked Mr. Kraut.

"Take that woman to prison."

"Take her to prison?"

"Certainly."

"And who takes care of der baby?"

"Don't know; suppose you must take care of it yourself."

"But I can't. I goes now to mine work."

"Well, if somebody don't pay her fine she must be locked up."

"Und must I get knocked into der cellar by mine vife, und my head broke, and den turn around und pay for it?"

"Somebody must."

Mr. Kraut said something that sounded like profanity. He dropped five dollars and ten tears, the former on the desk of the recorder, the latter upon the floor, and departed with his wife, plunged in profound wonder at the curiosities of the law.

As we said before, people indulging in matrimony often learn a great deal by a very short course of study.—*Philadelphia North American.*

ARRIVAL OF GUERRILLA PRISONERS. Eighty-three guerrillas, handcuffed in couples and under a guard of twenty-seven Union soldiers, arrived in Boston, Tuesday evening, and were immediately transferred to a steamer and conveyed to Fort Warren. The whole gang are represented as being a most hardened and desperate set of wretches.

GENEROUS DONATION.—The members of the Beneficent Congregational Church and Society of Providence, R. I., Tuesday evening presented Rev. A. H. Clapp, who has served them faithfully as their pastor for ten years, one thousand dollars in greenbacks, and also gave Mrs. Clapp one hundred dollars in money and a splendid silver tea set.

— A party of English engineers, who are now making a survey of Jerusalem, have discovered an arch of the Temple causeway mentioned by Josephus. This arch is said to be about fifty feet in span; to correspond, in style of masonry, to the Haram wall in its best parts, and to be in a very good state of preservation.

"His Highness, Duke Gwyn of Sonora, ought to be called His Most Sonorous Highness." Aunt Judina, hearing the above read, observed that "her husband ought to be the Duke of Snorer, for he was a master hand at it."—*Mirror.*

STATE OF NEW HAMPSHIRE.
ADJUTANT GENERAL'S OFFICE,
CONCORD, N. H., Jan. 30, 1865.

General Order No. 1, New Series.

HON. LEONARD CHASE of Milford hereby appointed Superintendent of Volunteer Recruiting for the military, naval and marine service of the United States in the District of Columbia and State of Virginia, with authority to cash all bounties authorized to be paid by the State of New Hampshire under the recent call of the President.

To facilitate the discharge of the duties entrusted to him, Mr. Chase is invested with the rank of Colonel, and will make his headquarters at Washington, receiving only such pay and emoluments as are provided in the law enacted at the Special Session of 1864, regulating recruiting in insurgent States.

His duty will be: First, to enlist men for those towns which shall remit to His Excellency the Governor money with which to cash their town bounties, giving them the preference in the order in which their requisitions, accompanied by the necessary funds are received. Second, to enlist men for the credit of the State at large, who will be distributed *pro rata* to the various delinquent sub-districts in the State.

Mr. Chase has already accepted this office, and is now in Washington.

Papers authorized to publish the laws of the State of New Hampshire will insert this order in their reading columns for two weeks, and send their bills to the Adjutant General's Office.

By order of the Governor,
NATT HEAD, Adjutant General.

Petroleum!

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
99 STATE STREET,
BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known, not even excepting the

Siver Mines of Mexico and So. America.

The cost of obtaining this Oil is so comparatively small that

A single Well producing only 10 Barrels per Day

will yield an income, over all expenses, of more than

$25,000 PER ANNUM.

Many wells are now yielding from 25 to 75, and several have reached over 1000 Barrels, while one, (the Noble Well, on Oil Creek, Penn.,) has yielded no less than

3000 Barrels per Day,
Worth $30,000 at the Wells.

The undersigned are Regular Agents for the principal Petroleum Companies of Boston, New York and Philadelphia, and having no more interest in one than another, persons desiring information can rely upon receiving an unbiassed account of the standing and prospects of the various companies on the market.

Inquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies now being organized in this city, viz:—

BOSTON
PETROLEUM OIL COMPANY.
Capital, - - - - $300,000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH RUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.
DIRECTORS.
C. S WHITEHOUSE, J. W. PARMENTER.
CHARLES SMITH, JOHNSON BEAN.
JAMES P. BRIDGE, GEO. E. SMITH.

Books for Subscription are open at our office. Only 5300 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

THE
NEW ENGLAND
PETROLEUM COMPANY,

Whose Lands are now yielding a net profit of $1450 daily, or more than

$40,000 per Month,

equal to over 8 per cent. per month on their capital; and this yield is steadily on the increase. Whoever invests in this property will be richly rewarded. Those connected with it are of the highest standing.

CAPITAL STOCK, $450,000.
NUMBER OF SHARES, 90,000.
SUBSCRIPTION PRICE, $5.00.
WORKING CAPITAL, $35,000.
PRESIDENT—E. C. BATES, ESQ.
TREASURER—JAMES H. CLAPP, ESQ.
DIRECTORS.
Franklin Haven, Jr., R. W. Sears,
William Lincoln, F. E. Smith,
D. M. Yeomons, J. H. Clapp,
E. C. Bates.

Subscription Books are still open at our office for a limited number of Shares, which can be secured by prompt application.

The inducements to invest which are offered by the properties of this Company, and the well-known character of its managers, fully entitle the confidence of the public.

THE
BOSTON & VENANGO
PETROLEUM COMPANY,

we offer as "A No. 1" Although not producing at present, the prospect at least equals that of the Columbia Oil Company, of Pittsburgh, at the time of its organization, which has paid on an original subscription of $200 a net profit of $54,200 in two years, and continues to pay in the same ratio.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

Portsmouth, Jan. 1, 1864.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No 7 & 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since the introduction of them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath all the long catalogue of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, pain and distress in the region of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Painful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Dyspnoeas of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capotiles, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and perfect relief guaranteed in a few days. It is invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied assiduity and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He encounters with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, Hot Flashes, Convulsions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. Briscoe, by writing, describing the case, and the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Offices arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired; and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Nice Butter,
PORK, LARD, HAMS, &c.,

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD.
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, and Medical men in Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by W. K. Preston, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

SPEER, Proprietor, Vineyard, Passaic, N. J.; Office, 205 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my13tf

DR. W. R. MERWIN & CO.'S COLUMN

FOR USE

CHEROKEE MEDICINES.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

Cures in from one

to three days.

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent;* removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack Injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION the two medicines at the same time - all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors,
No. 63 Liberty street, New York.

Cherokee Cure, the great Indian Medicine,

ROOTS, BARKS AND LEAVES.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not;* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors
No. 63 Liberty street, New York.

The Cherokee Remedy, Cherokee Injection, and Cherokee Cure,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Dr. W. R. MERWIN & CO.,
No. 63 Liberty St., New York.

Daily Morning Chronicle

VOL. XXVI. PORTSMOUTH, N. H. MONDAY, FEB. 13, 1865 : 4 No. 36

The Chronicle.

THE LONDON INDEX, the British organ of the Rebels, was, of course, jubilant over the ill-success of the first attempt to capture Fort Fisher. It moralized upon the failure, gave wise reasons why no second effort could be successful, asserted the impregnability of the fortress, called the defence of Wilmington an honor to the Confederacy, and lectured the British Government for not modelling the English coast fortifications upon those of that city. The Washington correspondent of the Index wrote, at the same time, that "the sublimest joke of the season has been the Wilmington expeditition." It would have been refreshing to note the expression of the countenances of these rebel prophets, when they were informed of the result of Terry's manœuvring around their model fortress.

HOLY VILLAINS.—The Rev. Mr. Thayer of Hyde Park, New York, seems to have been censured by some outsiders for political preaching. In a courteous reply he says:

From every bar-room, and gambling saloon, and sink of iniquity in the land, there arises up this hour a chorus of curses against "political preachers and political preaching." And what a singular phenomenon! Surely here is a new thing under the sun which Solomon with all his wisdom never dreamed of—such characters as these all at once becoming so anxious lest the integrity of the pulpit should be compromised and God's holy altars defiled—men of profane lips and unclean hands, all at once such earnest advocates of a pure gospel—publicans and sinners, infidels and blasphemers, all at once so exceedingly jealous for the honor of God's cause!

We are told that the Devil came to Luther one day as he sat in his study, and says he with a pious sigh, "Luther, Luther, you are a sinner. You have many sad imperfections of character, many. It is a pity, 'tis so, but 'tis plain, that one so unholy as you can never enter heaven." Luther turned to him and whined out in a piteous tone, "Holy Satan, pray for me!"—And, when I see such characters as these, the basest in society and the vilest of the vile, mourning because the pulpit is so shockingly demeaned, and shedding their pious tears over the degeneracy of the gospel ministry, I feel like crying out with Luther, "Holy Villains, pray for us."

— Joel Fuller, Esq., of East Livermore, Me., last season raised nine sheep, which were with cows all summer, and were yarded every night. In the winter they were kept simply on hay. Three of them were lambs not before wintered. The remaining six raised lambs as follows: One 3, three 2 each, three 1 each, making 12 in all. He sold 8 wether lambs for $42. The 4 ewes are worth $21. The 9 sheep sheared 40 lbs. of wool, sold for $40. Total profit of the 9 sheep $103 1—making an average of $11.44 to each sheep. If anybody can (outside the region of fiction) tell a better story than the above, we should be pleased to put it in print.

— The guerrilla Gilmer was captured in a house three miles from Moorfield. Major Young entered the room where Gilmer and another officer were asleep in bed, seized his pistols, which were on a chair, and then asked Gilmer who he was. He replied, "Major Gilmer," and then added to his confronter, "Who in the devil are you?" The Major replied, "Major Young, of General Sherman's scouts." The prisoners were ordered to dress, and in a few minutes were attired in full suits of gray. They were then taken in charge by the guard outside and marched to Winchester. A splendid black horse belonging to Gilmer, which he stole on one of his raids into Pennsylvania, was also captured.

A WICKED SYSTEM GONE.—In good business paper, speaking of cotton, believes it will not be very plentiful or cheap this year, and not so cheap as formerly for a long time,—"as the *system* of *labor*, which made cotton cheap, has gone, and can never be restored!" We add, it never ought to be; for that *system* which does *not* pay the laborer his hire, is offensive to God because injurious to man.

"Behold the hire of the laborers who have reaped down your fields, which is of you kept back by fraud, *crieth*; and the cries of them which have reaped are entered into the ear of the Lord of Sabaoth?"—James 5. 4. The Lord of Sabaoth signifies the Lord of Armies or hosts, and his answer to these cries may be heard and felt in the tramp of armies and the slaughter of hosts, in thisland to-day. U. T.

— The tallest man in the British army is Corporal Maffit, who stands six feet seven and a half inches. That is one inch shorter than Lieut. Holmes of Topsfield, who has been in our army.

THE VERNATELLA
LIQUID BLACKING
Gives to the Leather not only a
Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and the superior polish which it gives over other kinds, has heretofore been in a great measure counterbalanced by its disagreeable vinegar odor and the trouble of fitting something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELIGHTFUL PERFUME, which remains with the leather as long as the blacking lasts, and each bottle has a stick ready fitted in the stopper. The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Cahoon Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.
WYMAN & TYLER, AGENTS,
82 Water St., Boston, Mass.
The Vernatella,
For making the Soles of Boots and Shoes water proof and wear longer, is also for sale as above.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF,
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any other paint. It possesses more body than any other paint. It forms a glossy, unfading, durable *metallic* coat, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private disease, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest and most the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The subject is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures: Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold this year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichols's Italian Female Monthly Pills. The sale of more than 50,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For full reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

MONDAY, FEBRUARY 13, 1865.

THE REBELLION.

The rebel Senate have almost unanimously rejected the bill putting 200,000 negroes in the field.

The rebel schooner Josephine was captured by the steamer Seminole on the 15th ult. off Brazos, with 134 bales of cotton. She was from Galveston bound to Matamoras.

The Richmond Sentinel of Wednesday afternoon says Sherman's cavalry were running around loose between Branchville and Augusta.

Considerable effort is made to fire the Southern heart anew, but there is evidently considerable trepidation respecting Sherman's movements and much doubt as to their precise objects.

The Richmond Examiner of the 8th says "the enemy still holds his defences on Hatcher's Run, where he is reported to be heavily intrenched. His cavalry movement towards Dinwiddie Court House seems to have been planned and executed to give his infantry time to intrench at Hatcher's Run, which they seem to have effectually. As matters stand the Yankees have extended their lines two or three miles, but have not advanced them."

The same paper urges that the present passion of the South, aroused by the result the peace conference, should be made available before it evaporates.

The same paper says there was a report in the city that Charleston had been evacuated, but the War Department has no confirmation of it.

The N. Y. Times Washington dispatch, announces that a great cavalry campaign consisting of an extraordinary movement through the cotton Gulf States, is about to take place. Generals Thomas and Wilson are to command the force, which will be ample for the purpose. Montgomery, Selma and Mobile are to be visited, and there will be a co-operation by Gen. Canby.—The expedition will start about the middle of this week from Eastport. The opening of the Alabama and Tombigbee rivers, and the occupation of Selma, Montgomery and Mobile, will virtually complete our military work in the cotton States of the Gulf.

By Telegraph—Sunday noon.

WASHINGTON, 11th.—It is announced in Richmond papers of yesterday that there is no official confirmation of the capture of Branchville, S. C., by Sherman's troops. There is, however, hardly any doubt of it, as our forces were within 12 miles of Branchville on the 7th inst. The Richmond papers of Thursday, received here to-night, contain but little of interest. The Whig says "the war spirit of the South has been rekindled by the late peace mission." Gen. Lee in an official dispatch says "Grant's forces still maintain their position at Hatcher's Run, but there has been no more fighting."

The Richmond Whig of the 9th says "the Wilmington Journal states that two Yankee gunboats shelled Fort Anderson on Friday; 6 of our men were wounded. The fort replied and put a shot through one of the gunboats, compelling her to haul off.—Gen. Forrest favors arming 200,000 negroes. He declares that if he ever had an inclination to fight for revenge, that time and feeling has passed. He contends for principle, home, wife and children, to prevent subjugation, but desires peace, and is tired of the scenes of blood,"

Gen. Grant was before the committee on the Conduct of the war this morning. He stated that he had made an arrangement for the exchange of prisoners man for man according to the old cartels, until one party or the other has exhausted the number they now hold. Exchanges will be made at the rate of 3000 per week, just as fast as they can be.

— Gold closed on Saturday, at 204.

— Thomas C. Fields, a member of the New York Senate, was so drunk and disorderly at a meeting of a committee, of which he was a member, on Wednesday evening, that the proceedings were interrupted and the committee were obliged to adjourn. The disgraceful scene occurred at a public hearing in the Senate chamber relative to a re-organization of the New York fire department, which was attended by a large audience. Senator Fields is from New York city: a fit representative of the rioters and rowdies.

— The Mobile Register contains a speech made by Gen. Beauregard, in which he addressed himself especially to the soldiers from Louisiana present. Although their homes might be in the hands of the enemy, he said, they still had a home left, and that home was at the front. He reviewed briefly his military career, from the firing of the first gun at Sumter until the present, and wanted them to know that he intended to fight to the bitter end, and that if he failed he could beg a passage to some foreign country.

FACTS ABOUT THE 7-30s.

THE ADVANTAGES THEY OFFER.

THEIR ABSOLUTE SECURITY.—Nearly all active credits are now based on Government securities, and banks hold them as the very best and strongest investments they can make. If it were possible to contemplate the financial failure of the Government, no bank would be any safer. If money is loaned on individual notes or bond and mortgage, it will be payable in the same currency as the Government pays with, and no better. The Government never has failed to meet its engagements, and the national debt is a first mortgage upon the whole property of the country. While other stocks fluctuate from ten to fifty, or even a greater per cent., Government stocks are comparatively firm. Their value is fixed and reliable, beyond all other securities; for while a thousand speculative bubbles rise and burst, as a rule they are never below par, and are often above.

ITS LIBERAL INTEREST.—The *general* rate of interest is six per cent. paying annually. *This* is seven and three-tenths, payable *semi-annually*. If you lend on mortgage, there must be a searching of titles, lawyers' fees, stamp duties and delays, and you will finally have returned to you only the same *kind* of money you would receive from the Government, and less of it. If you invest in this loan, you have no trouble. Any bank or banker will obtain it for you without charge. To each note or bond are affixed five "coupons" or interest tickets, due at the expiration of each successive half-year. The holder of a note has simply to cut off one of these coupons, present it to the nearest bank or Government Agency, and receive his interest; the note itself need not be presented at all. Or a coupon thus payable will everywhere be equivalent, when due, to money. If you wish to borrow ninety cents on the dollar upon the notes, you have the highest security in the market to do it with. If you wish to sell it, it will bring within a fraction of cost and interest at any moment. It will be very handy to have in the house.

IT IS CONVERTIBLE into a six per cent. gold-bearing bond. At the expiration of three years a holder of the notes of the 7-30 Loan has the option of accepting payment in full or of funding his notes in a six per cent. gold interest bond, the principal payable in not less than five, nor more than twenty years from its date, as the Government may elect. These bonds are held at such a premium as to make this privilege now worth two or three per cent. per annum, and adds so much to the interest. Notes of the same class, issued three years ago, are now selling at a rate that fully proves the correctness of this statement.

ITS EXEMPTION FROM STATE OR MUNICIPAL TAXATION.—But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation*. On the average this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

IT IS A NATIONAL SAVINGS BANK.—While this loan presents great advantages to large capitalists, it offers special inducements to those who wish to make a safe and profitable investment of small savings. It is in every way the best Savings' Bank; for every institution of this kind must somehow invest its deposits profitably, in order to pay interest and expenses. They will invest largely in this loan, as the best investment. But from the gross interest which they receive, they must deduct largely for the expenses of the Bank. Their usual rate of interest allowed to depositors is 5 per cent. upon sums over $500. The person who invests directly with Government will receive almost 50 per cent. more. Thus the man who deposits $1000 in a private Savings' Bank receives $50 a year interest; if he deposits the same sum in this National Savings' Bank he receives $75. For those who wish to find a safe, convenient, and profitable means of investing the surplus earnings which they have reserved for their old age or for the benefit of their children, there is nothing which presents so many advantages as this National Loan.

THE HIGHEST MOTIVE.—The war is evidently drawing to a close, but while it lasts the Treasury must have money to meet its cost, and every motive that patriotism can inspire should induce the people to supply its wants without delay. The Government can buy cheaper for cash in hand than on credit. Let us see that its wants are promptly and liberally satisfied.

— Among the bon mots of the peace conference, says a Washington letter in the New York Commercial, was Mr. Hunter's remark when he was told that negro property was now of little value. "I have learned," said the Virginian, "to appreciate the value of my negro men, for they have all run away and enlisted in the Union army, and it puzzles me how to keep the women and children from freezing or starving."

— President Hill, of Harvard College in his report to the Board of overseers, alludes to the custom of hazing, which was renewed in the beginning of the year. He says five of the offenders were detected and punished. Three of them were dismissed from college, and told they might return in March, 1866, but not to their own class. Similar punishment has been awarded at another prominent college in New England.

—The World's Washington despatch says peace has been concluded between Spain and Peru.

Good prescription for a horse that will not eat a "bit"—give him oats.

THE PEACE CONFERENCE.—The papers published Pres. Lincoln's report of the Peace Conference, and Sec. Seward's letter to Minister Adams, on the same subject. We copy from the latter, a plain account of the conference, as follows:

The conference was altogether informal. There was no attendance of secretaries, clerks or other witnesses. Nothing was written or read. The conversation, although earnest and full, was calm and courteous and kind on both sides. The Richmond party approached the discussion rather indirectly, and at no time did they make categorical demands or tender formal stipulations or absolute refusals. Nevertheless during the conference, which lasted four hours, the several points at issue between the government and the insurgents were distinctly raised and discussed fully, intelligently, and in an amiable spirit.

What the insurgent party seemed chiefly to favor was a postponement of the question of separation upon which the war is waged, and a mutual discretion of the efforts of the Government as well as those or the insurgents to some extrinsic policy of scheme for a season, during which passions might be expected to subside and the armies be reduced, and trade and intercourse between the people of both sections be resumed. It was suggested by them them that through such postponement we might now have immediate peace with some, not very certain, prospect of an ultimate satisfactory adjustment of the political relations between the Government and States, section, or people now engaged in conflict with it.

The anti-slavery policy of the United States was reviewed in all its bearings and the President announced that he must not be expected to depart from the position he had heretofore assumed in his proclamation of emancipation and other documents, as these positions were reiterated in his annual message.

The suggestion though not deliberately considered, was nevertheless regarded by the President as one of armistice or truce, and he announced that we can agree to no cessation or suspension of hostilities except on the basis of the disbandment of the insurgent forces and the restoration of the national authority throughout all the States in the Union, collaterally, and in subordination to the proposition which was thus announced.

It was further declared by the President that the complete restoration of the National authority everywhere was an indispensable condition of any assent on our part to whatever form of peace might be proposed. The President assured the other party that while he must adhere to these positions, he would be prepared, so far as power is lodged with the Executive, to exercise liberality. His power, however, is limited by the Constitution, and when peace should be made, Congress must necessarily act in regard to the appropriation of money and to the admission of Representatives from the insurrectionary States.

The Richmond party were then informed that Congress had, on the 31st ult., adopted by a Constitutional majority a joint resolution submitting to the several States the proposition to abolish slavery throughout the Union, and that there is every reason to expect that it will be accepted by three-fourths of the States, so as to become a part of the National organic law.

The conference came to an end by mutual acquiescence, without producing an agreement of views upon the several matters discussed or any of them. Nevertheless it is perhaps of some importance that we have been able to submit our opinions and views directly to prominent insurgents, and to hear them answer in a courteous and not unfriendly manner.

NEW HAMPSHIRE ITEMS.

—— In the Manchester Police Court on Thursday, Abby M. Osgood, a middle aged woman, plead guilty to taking and concealing about three hundred yards of delaine worth $130, and will be tried at Amherst. Mrs. Ednah Hodge, a woman of about 55 years, who kept a boarding house, was charged with concealing goods stolen by Sarah J. Hodge her daughter, aged 20 years, and two sisters, who had worked in the packing room at the Print Works. They had brought away at various times, 140 yards of delaine besides some cotton cloth. The corporations in Manchester have broken up quite a nest of thievish girls, and of older women who received their stolen goods.

—— No letter of acceptance has yet appeared from Mr. Harrington, the Democratic candidate for Governor, and it is understood he is averse to being the candidate of his party.—So says the Statesman

—— Mrs. Louisa Parker, a widow, who has worked in the cloth room at the Print Works about three months, was arrested and brought before the Police Court of Manchester on Thursday. The City Marshal visited Soubegan, Maine, and seized about 600 yards of delaines that Mrs. Parker had stolen and sent to that place. A trunk full of goods was found at the house of her brother, and she was arraigned on four complaints, on two of which she plead guilty.

In each she was sentenced to pay $8 and costs, and to pay the owners three times the value of the goods. The whole amounted to about $40. She was sent to jail.

— An order has lately been issued from the Sublime Porte to widen and pave the streets of Jerusalem. The decree is accepted by the Jews as a sign of their Messiah's coming, fulfilling the prophetic command to make broad the ways and gather out the stones.

— The corporations in Newburyport have a million and a half yards of cotton cloth on hand.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " $500 "
20 " " " " $1000 "
$1 " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the

JAMES H. HEAD,
Sec. of C. L. Association.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED
IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms
ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later.—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $638,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.
Portsmouth, Jan. 26th, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,
Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Forcupine, and Redfield Petroleum Companies embrace two and one-half miles frontage on Allegheny River—embracing about 3,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; it has been sold since at $250 per share.—One gentleman who had 2000 shares, which cost him $5000, was offered $450,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for Portsmouth and vicinity for subscriptions to the above Company, and would cheerfully recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A GOOD INVESTMENT.—On looking over the book of the President Petroleum Co., we see that Prof Agassiz of Harvard University, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. We would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done"

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 15th of February the Subscription Price of this Stock will positively be advanced to $10 per Share, instead of $5—if any remains.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Messrs Geo. C. Goodwin & Co., 38 Hanover St., Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. J14—3msndaw

The Confessions and Experience
OF AN INVALID.

Published as a benefit and as a caution to YOUNG MEN and others, who suffer from Nervous Debility, Premature Decay of Manhood, &c., supplying at the same time the means of SELF CURE. By one who has cured himself after undergoing considerable quackery. By enclosing a postpaid addressed envelope, single copies may be had of the author.
NATHANIEL MAYFAIR, Esq.
d6 daw3m Brooklyn, Kings Co., N. Y.

CARTER'S
CLARIFIED MOLASSES CANDY!

Local.

☞ The following is a list of articles forwarded by the Unitarian Soldiers' Aid Society of Portsmouth, for the year 1864—quite an amount of manufactures, we think, for a circle not large:

129 flannel shirts, 148 flannel drawers, 80 cotton shirts, 80 cotton drawers, 208 pairs stockings, 46 dressing gowns, 58 handkerchiefs, 60 pillow cases, 4 blankets, 2 spreads or comforters, 33 towels, 19 pillows, 13 pairs slippers, 2 boxes bandages, 1 can pickles; pamphlets, games, &c.; dried apples, 12 papers corn starch, 8 papers farina, 4 papers Scotch oatmeal, 3 boxes guava jelly, 6 boxes mustard, 4 lbs. tea, 8 lbs. ginger snaps, 1 lb. preserved gingers, 1lb. arrow root 1lb. sago, 1lb. tapioca, 2 bottles cayenne, 8 bundles old linen and cotton, 12 pin cushions.

☞ The brick store and tenements of Mr. Hall B. Rand, on Christian Shore, were sold at auction on Saturday by Mr. Wendell, to Mr. Henry Peyser, for $2350.

☞ Mr. James Cate, quite an old gentleman, living at Gravelly Ridge, was severely injured while felling trees for Mr. N. G. Mason, a few days since, by a tree falling on him, which broke his arm in two places, and crushed in one of his ribs.

☞ Besides Miss Shaw's Readings, and the Band Concert, at the Lyceum to-morrow evening, Mr. Thos. P. Pemberton of Watertown, Mass., (now living in this city,) will declaim several patriotic selections—and we expect the entertainment will be one of the most agreeable of the season. We hope Frank Mahan has got that drum solo ready.

☞ Of the fifty-six signers of the Declaration of Independence, but three had double names—Francis Lightfoot Lee, Richard Henry Lee, and Robert Treat Paine.

Of the 528 voters in Portsmouth in 1766, only nine had double names.

In 1727 there were 504 tax payers in Portsmouth, and not one among them had a double name.

DROP LETTER.—No 7.
LEXINGTON, Mass., Feb. 10.

Among the recent works of art which have claimed attention from the American public, perhaps none is more worthy attention than Miss Hosmer's statue of "Zenobia Captiva," now on exhibition at the art gallery of Messrs. Childs & Jenks, 127 Tremont street, Boston. The fact that this realization of our best ideas of the heroic and beautiful captive queen, is the work of an American woman but 28 years of age, lends it an additional value aside from its own intrinsic merits. Too widely noticed by the press in general to need a detailed description from me, I will be brief. To any one who has studied many works from the sculptor's study, the drapery of Zenobia is something to elicit instant admiration, seeming to the eye more like the rich product of the loom a queen would be apt to wear, than the produce of a quarry. Seven feet in height, so well is the form balanced that the spectator is not conscious of unnatural size. Even the artist critics, whose province it is to study the figure for defects as well as for praise, are as a whole much pleased with it. The lack of womanly fullness at the lips; the pendant right arm, sustained by the muscles instead of the tendons; and the cramped little toe of the left foot, not natural to a sandal-wearing race, are among the principal inaccuracies urged against a magnificent whole. The exhibition room of Childs & Jenks is the finest in New England, and quite a work of art in itself.

Apropos of the dependence placed by the great mass of people on the opinions of the few, a young lady acquaintance remarked that on just seeing the statue she did not think it amounted to much; but on reading the descriptive slip handed her at the door, she saw at once that it was very fine.

The lover of the beautiful will ever find something pleasing at the various picture stores in Boston. At present there are two large pictures by James Hart at Fowle's, on Summer street, the larger of which is well worthy of study, from the amount and beauty of detail suggested. The tropical parasite, writhing about the giants of the forest and seeming to wish to strangle them in its coils — its scarlet foliage in consonance with its fell designs; the moss and lichens; the feeling of great depth to the surface of the river in the centre of the picture, the herd of deer, the —— in fact, all the artist could wish to convey, impress us as we look upon the canvass.

At Williams & Everett's, two pendants by Dana are receiving lavish encomiums; while a horse's head (life size) by the same artist should be seen by all who admire the the fine pictures of animal life with which Landseer and Rosa Bonheur have favored us. The lovers of the German school will find works of Bierstadt, and Paul Weber and others scattered through the various galleries, and many meritorious works by our American artists are always on exhibition.

But I must close my scrawl, as it may not interest your patrons so much to read about these things as it does me to see them. Let your readers go and do likewise. ION.

— The Southern Confederacy, now published at Macon, has the following: "Cabbages $15 per head; cucumbers $10 each; a bunch of six small fish, $20. Gen. Beauregard has been in the city several days. It is rumored this morning that the Yankees are in force at Corinth. A disgraceful affair is now going on up town. A mob of women with the black flag are marching from store to store on a pillaging expedition. The Pelham Cadets are ordered out to disperse them."

☞ Rev. Mr. Cather, of Philadelphia, will present the cause of the Sanitary Commission, in this vicinity, as follows:—In Greenland, Tuesday, 14th; in Hampton, Wednesday, 15th; Hampton Falls, Thursday, 16th; South Newmarket, Friday, 17th; Newmarket, Sunday, 19th; Raymond, the 20th; Candia, 21st inst.; and perhaps other places.

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

We would again call attention to this indispensable article of Gold Medal Soap, for the laundries and the ladies. What the dear creatures will do when the manufacturer, in the course of human events, steps into another sphere of being, we are at a loss to imagine. Make the most of him while you have a chance to do so, for nature, art or science can never produce a second J. Monroe Taylor Gold Medal Soap. We cannot say half enough in its favor. After using, you will say the same. 39

AGAIN AND AGAIN.—Our readers may think it strange that we so often urge upon their attention a medicinal preparation. Already have we, for a number of weeks, urged the importance of a supply of Coe's Cough Balsam in the house, ready for immediate use. But our excuse is that the vast amount of sickness, sorrow and death that are the immediate result of sudden coughs, colds and pulmonary attacks; while thousands of our children are dying from croup and lung complaints. Time and experience have proved that Coe's Cough Balsam is the most speedy and reliable preparation ever known to the world. Like magic it relieves the irritation of the throat, removes the stoppages that prevent breathing in croup, and heals all soreness of the throat, chest and lungs. No man should neglect to supply his family with a safe and reliable remedy like Coe's Cough Balsam, any more than he should neglect the supply of their daily bread. It costs but 40 cents, and the bottles contain twice as much as those of any other remedy at the same cost, while in merit it is superior to all others. All drug stores keep it for sale. 4j18dawkm

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus—It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one pound, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

WHAT IS A
FRENCH ROLL PAN?
IS A QUESTION OFTEN ASKED.
It is simply a nicely made
IRON PAN,
Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very
QUICK AND LIGHT BAKE.
For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are
Invaluable.
IN these days of high prices, it is worth while to
ECONOMISE
in any way. We give below a receipt for making a Cheap, Wholesome, and
PALATABLE BREAD:
"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."
By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.
E. A. STEVENS.

BAILEY'S
Spring Roll and Cog Wheel
WASHING AND WRINGING
MACHINES.
WRINGING MACHINES HAVE BECOME AN Institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all save an immense amount of labor and cost of material.
We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.
To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.
The above for sale by
E. A. STEVENS,
46 Market Street.

CORN SHELLERS.
RICKER'S PATENT.
WILL SHELL ANY SIZED EAR,
and take off every kernel.
The attention of Farmers is invited to this invention.

AFFECTATION.

Of old a spade was called "a spade,"
By simples and by sages;
A "workman" did his honest "work,"
And "servants" earned their "wages."
A "man" was title of respect,
Whenever virtue named it;
There was but one of higher worth,
And lovely "woman" claimed it.
But now we masquerade with words—
The truth a great offence is—
And desecrate our mother tongue
By pride and false pretences.

We shame the language of our sires,
We talk so mild and meekly;
We've "operatives" for working men;
And draw our "salaries" weekly.
Our "lady" takes the place of "wife,"
That word so true and hearty;
And every "man" is a "gentleman,"
Unless we call him "party."
The "shopman" hates the name of "shop,"
And by perversion later,
The man who digs a railway trench
Is call'd a "navigator."

O, give me back our honest speech!
It had a soul of beauty;
And let us do our daily "work,"
And think it pleasant "duty."
Let's earn our "wages" as of yore—
The word can never harm us;
Let love our "sweethearts" and our "wives,"
And own that "women" charm us.
So shall our actions, like our words,
Be void of affectation,
And "spade" be spade, and "man" be man
Throughout the Yankee nation.

HOW TO DO IT.—Letters from the Army of the Potomac state that none realize better than the soldiers that any attempt at peace negotiation will fail until the rebel armies are beaten and scattered. To our gallant men the end is plain; every day proves with conclusive and cogent reason the wisdom of carrying on the war with renewed and resistless energy. Fill the draft calls, send men to the army, restore to the veteran organizations already in the field the necessary numbers to render them capable of vigorous and decisive action. Show to the world at large and the people of the revolted States, that the people of the loyal section of the United States are determined to have peace by fighting for and winning it. Come forward with all the enthusiasm and heroic determination that has rendered the days of 1861 immortal. Support the Government, encourage the army, be steadfast and hopeful under disaster, and moderate over victory. Do this, and the war will soon be over, and the peace that will ensue will be one of lasting benefit and positive good. *Boston Herald.*

—There is one poetical quotation of which nobody knows the origin. It is the following:

Count that day lost whose low declining sun
Sees at thy hand no worthy action done.

Great efforts have been made to ascertain the authorship of this couplet, but hitherto without success. A gentleman in Cambridge advertises it twice a year in the Boston papers, and offers a reward to any one who will discover the name of the writer who first gave it to the world. Similar advertisements have also appeared in the English Journals.

— A correspondent of the Herald of Health gives a list of twenty-five ladies of Pleasant Valley, Willow Glade, and Lakefield, Wis., who have adopted the masculine mode of horseback riding, and donned a suit adapted thereto. It is thus described: full dress blue cloth coat and buff cassimere vest, both with plain flat gilt buttons; dark blue cassimere pants, and black dress hat. This dress is worn to church, and sometimes kept on exclusively for days together. The ladies who adopt it are of high social standing, and bid fair to make the dress, at least in that neighborhood, eminently respectable, if not fashionable.

—The correspondent of the New York Times with Gen. Meade's army, wholly denies the report that the rebel commissioners were received with cheers by our soldiers. The whole story of the fraternization and good feeling of the soldiers of both armies was a canard.

— A substitute broker in Albany, N. Y., has returned $15,000 to the Provost Marshal for the men who ran away after being enlisted.

— Dr. Beecher was once asked why he did not reply to a scribbler in a newspaper who had assailed him. The Dr. replied "I once issued an entire volume at a skunk, but he got the better of me."

STATE OF NEW HAMPSHIRE.
ADJUTANT GENERAL'S OFFICE,
CONCORD, N. H., Jan. 30, 1863.

General Order No. 1, New Series.

HON. LEONARD CHASE of Milford is hereby appointed Superintendent of Volunteer Recruiting for the military, naval and marine service of the United States in the District of Columbia and State of Virginia, with authority to cash all bounties authorized to be paid by the State of New Hampshire under the recent call of the President.

To facilitate the discharge of the duties entrusted to him, Mr. Chase is invested with the rank of Colonel, and will make his headquarters at Washington, receiving only such pay and emoluments as are provided in the law enacted at the Special Session of 1864, regulating recruiting in insurgent States.

His duty will be: First, to enlist men for those towns which shall remit to His Excellency the Governor money with which to cash their town bounties, giving them the preference in the order in which their requisitions, accompanied by the necessary funds are received. Second, to enlist men for the credit of the State at large, who will be distributed pro rata to the various delinquent sub-districts in the State.

Mr. Chase has already accepted this office, and is now in Washington.

Papers authorized to publish the laws of the State of New Hampshire will insert this order in their reading columns for two weeks, and send their bills to the Adjutant General's Office.

By order of the Governor,
NATT HEAD, Adjutant General.

Petroleum!

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
99 STATE STREET,
BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks,

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known, not even excepting the

Siver Mines of Mexico and So. America.

The cost of obtaining this oil is so comparatively small that

A single Well producing only 10 Barrels per Day

will yield an income, over all expenses, of more than

$25,000 PER ANNUM.

Many wells are now yielding from 25 to 75, and several have reached over 1000 Barrels, while one, (the Noble Well, on Oil Creek, Pean.,) has yielded no less than

3000 Barrels per Day,
Worth $30,000 at the Wells.

The undersigned are Regular Agents for the principal Petroleum Companies of Boston, New York and Philadelphia, and having no more interest in one than another, persons desiring information can rely upon receiving an unbiassed account of the standing and prospects of the various companies on the market.

Enquiries by mail will recieve prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies now being organized in this city, viz:—

BOSTON
PETROLEUM OIL COMPANY.
Capital, - - - $300,000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH BUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.
DIRECTORS.
C. S. WHITEHOUSE, J. W. PARMENTER
CHARLES SMITH, JOHNSON BEAN.
JAMES P. BRIDGE, GEO. E. SMITH.

Books for Subscription are open at our office. Only 3300 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

THE
NEW ENGLAND
PETROLEUM COMPANY,

Whose Lands are now yielding a net profit of $150 daily, or more than

$40,000 per Month,

equal to over 8 per cent. per month on their capital; and this yield is steadily on the increase. Whoever invests in this property will be richly rewarded. Those connected with it are of the highest standing.

CAPITAL STOCK, $450,000.
NUMBER OF SHARES, 900,000.

Subscription Books are still open at our office for a limited number of Shares, which can be secured by prompt application.

The inducements to invest which are offered by the properties of this Company, and the well-known character of its managers, fully entitle the confidence of the public.

THE
BOSTON & VENANGO
PETROLEUM COMPANY,

we offer as "A No. 1." Although not producing at present, the prospect at least equals that of the Columbia Oil Company, of Pittsburgh, at the time of its organization, which has paid on an original subscription of $2000 a net profit of $54,500 in two years, and continues to pay in the same ratio.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.

By a long course of extensive practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.

Beneath his touch all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions of the Stomach, Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow also has for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No. 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and private diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should upon all difficult and private diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should upon all difficult and private diseases

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and red stamp.

Boston, April 1, 1864.—eodly.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints of whatever nature, incident to females. By their use, in his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicine will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. 7ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No 23 Endicott street.

N. B.—The unfortunate afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm; improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by W. R. Preston, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

A. SPEER, Proprietor; Vineyard, Passaic, N. J.; Office, 205 Broadway, N. Y.; John LaFoy, Paris, Agent for France and Germany. my13tf

DR. W. R. MERWIN & CO.'S COLUMN
FOR THE
CHEROKEE MEDICINES.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

Cures in from one

to three days.

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with it at medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and almost insupportable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

☞ For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, 4 full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $6.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $6.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 63 Liberty street, New York.

Cherokee Cure, the great Indian Medicine,

ROOTS, BARKS AND LEAVES.

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution, such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write to the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $6, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors
No. 63 Liberty street, New York.

The Cherokee Remedy, Cherokee Injection, and Cherokee Cure,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Dr. W. R. MERWIN & CO.,
No. 63 Liberty St., New York.

THE RETURN.

"Three yr ars! I wonder if she'll know me!
I limp a little, and I left one arm
At Fredericksburg, and I am grown so brown
As the j dump chestnuts on my little farm;
And I am shaggy as the chestnut burrs,
But ripe s nd sweet within, and wholly here.

The darling! how I long to see her!
My heart outruns his feeble soldier pace;
For I rem ember, after I had left,
A little Charlie came to take my place:
Ah! how the laughing three year-old brown eyes
(His m other's eyes) will stare with pleased surprise!

Sure, they'll be at the corner watching!
I sent them word that I should come to-night,
The birds all know it, for they crowd around,
Twitter ing their welcome with a wild delight;
And that old robin, with a halting wing,
I saved her life three years ago last spring.

Three years—perhaps I am but dreaming,
For, like the pilgrim of the long ago,
I've tugged a weary burden at my back,
Through summer's heat and winter's binding snow,
Till now, I reach my home, my darling's breast.
There I can rest my burden off—and rest."
* * * * * * *
When morning came, the early rising sun
Laid his light fingers on a soldier sleeping
Where a soft covering of bright green grass
Over two lowly mounds was lightly creeping!
But wake him not; he was the best eternal,
Where the brown eyes reflected love supernal.

ST. MARTIN AND THE BEGGAR.

BY N. G. SHEPPARD.

Holy Saint Martin once at Amiens' gate,
Passing that way where went both low and great,
Saw there, naliver with the winter's cold,
A poor half naked wretch. Silver or gold
The Saint had none; his kindly beaming eyes
Mild as the light of stars within the skies,
Filled with the rising pity in his breast,
Where dwelt all charities which make men blest,
At sight of one, a soul so destitute,
Homeless and friendless by the city's gate,
And taking from his back the coat he wore,
Into two parts the garment then he tore,
And with a blessing which all lips may say,
Gave to him there the half, and went his way.

Next night, upon some deed of mercy bent,
By that same gate the good Saint Martin went,
And saw within the window, standing there,
A man of thoughtful mein and presence fair,
Around whom shone a mildly radiant light—
None like to it had ever blest his sight—
And in its sheen the city's frowning gate
Seemed Heaven's own portal where good angels wait.

And to the Saint's meek eyes, with wonder wide,
The Palms of Paradise uprose each side;
And lo! the man was Christ, regnant, glorious, amazed,
Spell-bound with wonderment, St. Martin gazed,
And saw the ragged garment he had given
Worn on the shoulders of the Lord from Heaven.
—*Harper's Weekly.*

HOW THEY WERE DRESSED.—Albert D. Richardson, who lately escaped from the rebel prisons, thus describes his travelling companion:

Our wardrobes suffered quite as much as our persons. I cannot speak of myself, for we did not carry looking-glasses; but "Junius" was a subject for a painter. The Fates seemed to decree that as my colleague went naked into the Confederacy (leaving the most of his wardrobe on deposit at the Mississippi River) he should come out of it in the same condition. Overcoat he had none. Pantaloons had been torn to shreds and tatters by the brambles and thorn bushes of the mountain paths. He had a hat which was not all a hat. It was given to him (after he had lost his own in a rebel barn) by a warm hearted African, as a small tribute from the Intelligent Contraband to his old friend the Reliable Gentleman—by an African who felt with the most touching propriety that it would be a shame for any correspondent of the Tribune to go bare-headed as long as a single negro in America was the owner of a hat!

It was a white woof relic of the old redsand-stone period, with a sugar loaf crown, and a broad brim drawn down closely over his ears, like the bonnet of an Esquimaux. His boots were a stupendous refutation of the report that leather is scarce among the rebels. I understood it to be no figure of rhetoric, but the result of actual and exact measurement, which induced him to call them the "the Seven Leaguers." The small portion of his body which was visible between the tops of his boots and the bottom of his hat was robed in an old gray quilt, of secession proclivities; and taken for all in all, with his pale, nervous face and his remarkable costume, he looked like a cross between the Genius of Intellectuality and a rebel bushwhacker.

TOO BAD.—The St. Johns (N. B.) Globe says "A young man very much smitten—right into the core of his heart—by a beautiful young lady he was about to marry, resolved to give her a remarkable test of his disinterestedness and affection. The young lady had a bad tooth, which was to be taken out on a certain morning. The youth had heard as a fact, that a sound tooth taken out of the head of any other person, might be re-inserted at office in another's head, with a fair chance of planting itself and becoming a fixture. He went to the dentist's in the morning and a lady was announced immediately after his arrival. He explained his wish to the doctor. The tooth was drawn and transplanted, and he begged to be introduced to the lady, when, behold! it was a stranger, — an elderly and not a pretty matron, though a grateful one to the generous and disinterested youth."

Nor our friend of the Globe, who we regret to say is a bachelor, does not state who this delightful young man was; but it were better even to suffer such an infliction, as this (for the *right* gal, always,) rather than be afflicted with the incurable "toothache" which all old baches ought to suffer. How is it, has our handsome Br. of the Globe lost a molar? or given an incisor to the wrong woman?

THE VERNATELLA
LIQUID BLACKING
Gives to the Leather not only a
Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and the superior polish which it gives over other kinds, has heretofore been in a great measure counterbalanced by its disagreeable vinegar odor and the trouble of fitting something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELIGHTFUL PERFUME, which remains with the leather as long as the blacking lasts, and each bottle has a stick ready fitted in the stopper The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Cahoon Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, enduring, durable *metallic coat*, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require *grinding*, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases offer inducements to the unfortunate of a quick and sure cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Pain in Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—startling disclosures: Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, &c., contains hundreds of secrets, never before published.—Warranted to cure three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Vichoit's Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Portsmouth, N. H.

TUESDAY, FEBRUARY 14, 1865.

THE REBELLION.

A rebel dispatch from Orangeburg, S. C. mentions U. S. troops in front of the Edisto line, from near Newbridge to Duncan-bridge. The enemy show no disposition to force a crossing.

A dispatch from the rebel Gen. Wheeler, dated Feb. 8, 3 P. M., says a large column of the enemy's infantry struck the railroad at Graham's and Blackville. Kilpatrick is at Blackville with three brigades.

Richmond papers of the 9th contain severe animadversions upon the the course of Jeff. Davis in advising his Cabinet that they should not resign in deference to the expressed desire of Congress, as they (the Cabinet) are responsible only to him and not to Congress or the people.

The capture of Savannah is claimed to be a disgrace to the Confederacy, and it is asserted that there is a painful and total want of confidence in the administration of affairs at Richmond.

In the rebel Congress on the 9th, Wigfall and Haynes made a furious onslaught on Davis.

Special dispatches of the 9th from the vicinity of Hatcher's Run mention the resignation of Gen. Gregg, the intensely cold weather and the strengthening of the position by the erection of earthworks. Stragglers were returning in considerable numbers.

The Herald's special Washington dispatch states that Consul Dudley at London informs our government that the Bordeau Kambeen has been sold by the Danish government to the rebels, and she is to sail from the Island of Houat immediately, some 50 sailors having been shipped from England to man her.

The Richmond Whig of the 12th has a dispatch from Gen. Wheeler, dated Holmes Bridge, Feb. 7, 8.30 P. M., which says 'My pickets near Blackville this morning were charged by three brigades of U. S. cavalry, which drove them beyond the village. Detrelles', Tennessee, brigade, being in the vicinity, met and charged the enemy, driving them back into the village.'

[Blackville is on the South Carolina Railroad, 28 miles from Branchville, and 47 from Augusta. It is only 49 miles southwest of Columbia. *Ed. Whig.*]

A dispatch from Branchville on the morning of the 8th says the federals have made their appearance along the South Carolina Railroad beyond Edisto river. They burned a house within a mile and a half of the railroad bridge about 7 o'clock last evening. Our troops have been withdrawn to this side of the bridge, which was burned. The destruction of this bridge severs railroad communication with Augusta.

On the morning of the 8th Gen. Winder died suddenly of apoplexy. [If this is, as we suppose, the rebel who maltreated the prisoners,—the mourners will not go about *our* streets.—*Ed. Chron.*]

The Richmond Sentinel says the Union forces are making a raid in Florida; at last accounts they were advancing on Rice's Bluff in unknown force.

The Army of the James despatch mentions renewed rumors of preparations to evacuate Richmond. Rebel deserters bring these reports in; also that Lee has ordered the court martial of any of his men caught half a mile in the rear of his lines.

Friday's rebel papers show that Gen. Sherman encompassed Branchville within 4 miles of that place. It is understood that Saturday's papers acknowledged the capture, and Gen. Grant states it to be a fact. He also confirms statements of the evacuation of Charleston.

Richmond papers of Friday repeat the report that Charleston has been evacuated.

An editorial article in the Richmond Examiner expresses great dissatisfaction at the failure of Mr. Lincoln to pledge himself to the peace commissioners to consolidate the war debts, North and South, and make the whole credit and resources of the United continent accountable for both. [They wish us to pay for heating the poker! do they? This would be offering a *bounty* to all future rebels. When we become a nation of fools, this might be,—but not till then.]

INCOME TAX.—The new tax bill, reported in the House of Representatives in Congress on Monday, provides for an assessment of ten per cent. on all incomes exceeding three thousand dollars a year.

— A son of Aaron Hinckley of Rutland, about 8 years old, was run over by the cars at St. Albans, Vt., on Saturday last and killed. He rashly attempted to cross the track in front of them.

— The coal-dealers in Boston, encouraged by the cold weather, made up their minds on Saturday to raise the price of anthracite to *sixteen dollars* per ton.

— The publication of the Boston Sunday Leader which commenced life in October last, has been suspended, as it could not stand the pressure of the times.

NEW HAMPSHIRE ITEMS.

—— Hon. James W. Patterson, of the 3d District, delivered a speech on the Constitutional amendment previous to its passage, which was a very praise-worthy effort—logical and forcible in character, and honorable alike to the head and heart of the orator. We rejoice that no cloud mars the prospect of his re-election, especially as the sphere of our national legislators is for some years to come to be more important than ever since the foundation of the Republic.

—— David Hilliard, of Cornish, gun manufacturer, has been arrested for doing business in violation of the Excise Law, and ordered to recognize in the sum of $500 for his appearance at the next term of the U. S. Circuit Court at Portsmouth, in May next. Hilliard has never taken out a license or made a return of his manufacture.

—— A few days ago a movement was started at Gonic against the illegal traffic in intoxicating drinks in that village, and will undoubtedly succeed. The meeting was held in the village church, and was largely attended; and by suggestion of Hon. N. V. Whitehouse a committee was raised to furnish means and carry out the objects of the meeting. The committee sent a circular to the sellers, requesting them to abandon the sale of intoxicating drinks at sight: and they have signified a willingness to stop selling it entirely, if no further action is taken.

—— Speaking of the rumor that Harrington is to withdraw from the Democratic nomination for Governor, and a war Democrat be put on the track; also that a similar course is to be pursued in the first congressional district; the Lebanon Free Press says "that would undoubtedly be a shrewd move on the part of the democracy, but what will become of the Daily Union and the States and Union? We fear their editors would have to be committed to the insane asylum; they evidently have all they can do to 'contain themselves' with the present attitude of the party."

—— Isaac Whittier sued the town of Franklin, for damages, by his horse jumping down from a road on a side hill, where was no rail, but only a log to prevent a carriage slipping off. It was proved that his horse was vicious, and the jury found a verdict for the defendent — Mr. Whittier has to pay the *cost*.

—— The Manchester Union says: "that no 'letter of acceptance' has come from Mr. Harrington. When he consented to a renomination, that the affair was an acceptance; and neither custom nor propriety require any formal letter, as in the case of a new nomination."

—— Twenty substitutes for the 4th Regiment, and fifty volunteers for various New Hampshire regiments, left Camp Gilmore, Concord, Saturday forenoon, for Galloupe's Island, under charge of Capt. Le Roy Bell and Lieut. L. W. Fletcher.

—— We learn from the best authority that Major Whittlesey has received orders to make every necessary preparation for the prompt enforcement of the draft on the 15th inst., in this State.—*Monitor.*

—— We understand that recruiting for the Heavy Artillery is now allowed by the War Department, orders having been received Friday, to that effect by the Provost Marshal.—*Monitor.*

—— In the case of Dr. Young of Deerfield, who has been on trial for the murder of Sarah M. Atwell, the jury were unable to agree, at Exeter last week—standing 11 for conviction to 1 for acquittal.

—— Concerning Gov. Gilmore's last bomb-shell letter, the Newburyport Herald thinks "Gov. Gilmore's erysipelas must have had an effect on his brain;" and that "this looks like a determination of Gov. Gilmore to do what he can to defeat the Republicans in March. It is reported from Concord, that Harrington, the Democratic candidate for Governor, is to withdraw, and Onslow Stearns, Republican, and the favorite of Gov. Gilmore, to be nominated in his place."

The Lebanon Free Press "judges from his spicy letter, that he is getting better; and thinks he lays it on to those gentlemen who were reported to be in Washington trying to reduce the quota, rather severely, for meddling with what he says is none of their business. Keep cool, Governor. Don't let us have another edition of last summer."

Now we don't believe His Excellency has any design to disrupt the Union party; and while we pretend neither to endorse or condemn his actions, still we do think he has had good reason for a certain amount of indignation.

—— The call for a convention at Dover, Feb. 22, to nominate a candidate for Congress, is signed by 68 gentlemen who oppose Gen. Marston, and who composed the late convention. To defeat Marston, at this stage of the canvass, would be to reelect Mr. Marcy, who otherwise *could* not be re-elected.

—— The Free Press thinks "somebody ought to send Provost Marshal General Frye a copy of Colburn's Arithmetic. New Hampshire does not complain of large quotas, but she would like to know once for all what her quota is."

GOLD, Monday, 206, small sales only. Larger sales, 204 3-4.

—U. S. Senator Hicks, of Maryland, died at Ashington, Monday morning.

INCIDENT IN THE FORT FISHER CAMPAIGN.—A letter from an officer on board steamer Governor Buckingham states that on the beach, near what is known as the Half-moon battery, are several houses. In these some rebel sharpshooters had taken shelter, and we attempted to dislodge them. While the shot and shell were falling thickly around, an undaunted woman remained, and was hastily gathering her effects for a flight to a place of safety. Having completed her task she could not resist the temptation, when tying on her bonnet, to take one last look in the mirror, and while she was standing before it was instantly killed by a shell.

THE CHURCHES IN SAVANNAH.— A private letter from Savannah reiterates the reports of the bogus loyalty of the people of that city which have from time to time been published. The writer does not believe there are twenty respectable whites in the whole place who are really for the Union. None of the white ministers pray for the President, but the black ones supplicate heartily for him and the Government. A Presbyterian minister prayed thus on a recent Sunday: "For all Presidents, that their minds might be illuminated to see the right and follow it, eschewing the wrong," which was just as much for Jeff. Davis as for A. Lincoln. The Episcopal ministers omit the prayer for the President entirely. If these people were loyal they would not permit such prayers, and the ministers know they are pleased with such supplications.—*Transcript.*

AN HUMBLE REBEL.—We often hear of repentant rebels, but the following from the Nashville Union, shows that there is such a thing as an humble one:

We met recently with a gentleman from the country, who, in 1861, was a rebel and a very warm one. Taking the start of us, he said, "You need not ask me if I've got my rights in the territories. I rather think I have. But I have'nt a negro worth a cent left on my farm. I don't care if I never see another. I'm humble—not after the Uriah Heep style—but really humble. Humiliated in the very dust to think that I once cast my influence to drag Tennessee into rebellion against a government that ever afforded me protection, and never did me an injury.

I am truly penitent—not a bit of the rebel is left in me. I rather think I would give my life willingly, gladly, to heal the wounds of my country, and restore her prosperity and happiness. And I will add, were I permitted to vote, I would consider it the greatest privilege I ever enjoyed to cast my suffrage for making Tennessee *forever and ever a* FREE STATE! That's my position." Here our old friend ran out of breath, and we got a chance to give him a word of comfort and consolation.

AN AMERICAN DICTIONARY of the English Language. By Noah Webster, LL. D. Thoroughly revised, and greatly enlarged and improved, by Chauncey A. Goodrich, LL. D., etc., and Noah Porter, D. D., etc., Springfield, Mass.: G. & C. Merriam. Royal 4to. pp. 1840.

The Atlantic Monthly says that beyond cavil, this portly and handsome volume makes good the claim which is set forth on the title-page. The revision which the old edition has undergone is manifestly a most thorough one, extending to every department of the work, and to its minutest details.

In all the essential points of a good dictionary,—in the amplitude and selectness of its vocabulary, in the fullness and perspicacity of its definitions, in its orthoepy and (*cum grano salis*) its orthography, in its new and trustworthy etymologies, in the elaborate, but not too learned treatises of its introduction, in its carefully prepared and valuable appendices,—briefly, in its general accuracy, completeness, and practical utility,—the work is one which none who read or write can henceforward afford to dispense with.

THE BOSTON RECORDER, under the management of Rev. Mr. Marvin, is very ably and discreetly conducted—presenting and defending its own orthodox congregational views with firmness; but ever, so far as we have seen, treating opponents courteously and fairly. One feature, rare in religious papers, but very desirable in all such publications at the present day—the keeping the productions of editors and correspondents within a reasonable length—must cost somebody a great deal of time and labor in condensing and cutting down communications. The Recorder publishers a large amount of valuable and interesting original matter, of general interest each week.

— A man named Reyolds has been fined $80 in Halifax on a charge of endeavoring to induce two soldiers to desert.

— The State Treasurer of Mississippi recently committed suicide. If any thing could drive a sane man to self destruction, it would be the contemplation of the financial condition of any State in the Confederacy, coupled with a conscious responsibility for its management.

— Ben Wood gives his brother Fernando a raking down for the speech recently made in Congress. Ben says he cannot understand such a sudden change of base.

— An extensive emigration from New York to Mexico is going on just now in a very quiet way. The barque Honduras has been chartered to sail on the 11th inst., with as many passengers as she can find accommodations for. The emigrants are said to be, for the most part, foreigners.

— Dr. J. Teller, of Albany, is just now the recipient of not a few very complimentary notices from the press of the country. The doctor deserves to be complimented. He is a most excellent man, a superior physician, a kind, good hearted neighbor, and a steadfast, reliable friend—he always pays the printer. We have dealt with him in the advertising way these fifteen years past, and never presented a bill the second time. He not only pays promptly but cheerfully, and seems to be most happy when he is doing good to the press. We commend Dr. Teller to the afflicted, most cordially, assured that his ability is ample, his devotion untiring, and his success undoubted. See his advertisement, in another column. —*Rome Sentinel.*

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD - BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,

Sec. of C. L. Association.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,700 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and, will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $33,000 per day, or $11,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,

Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Porcupine, and Redfield Petroleum Companies embrace two and one-half miles frontage on Alleghany River—embracing about 3,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; it has been sold since at $250 per share.—One gentleman who had 2000 shares, which cost him $5000, was offered $450,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for Portsmouth and vicinity for subscriptions to the above Company, and would cheerfully recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A GOOD INVESTMENT.—On looking over the book of the President Petroleum Co., we see that Prof. Agassiz of Harvard University, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. We would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done."

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 15th of February the Subscription Price of this Stock will positively be advanced to $10 per Share, instead of $5—if any remains.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

☞ The Lyceum exercises this evening, will doubtless be among the most enjoyable of the season.

LECTURE BY A SOUTH CAROLINIAN.—Rev. Jas. H. Hunnicutt, a native of South Carolina, but for 25 years previous to the rebellion a citizen of Virginia, (12 years of which he was editor of Fredericksburg, Va., Christian Banner,) will deliver a lecture in the Temple, on Wednesday evening, Feb. 15th, at 7 1-2 o'clock, on the subject of the past, present and prospective condition of the South or Slave States.

Mr. Hunnicutt has lectured extensively through the New England States, and never fails to attract the largest audiences, and his lectures are hailed with enthusiasm whenever and wherever delivered. Mr. Hunnicutt is a gentleman of reputation and ability; and he is endorsed by the first men of the nation. Admission free to all: a contribution, however, will be taken for the benefit of the speaker.

☞ Gen. Gantt of Arkansas, will lecture in the Temple Thursday evening at 7 o'clock; subject, "the end approaches."

ANOTHER BOUNTY JUMPER.—City Marshal Pratt, of Worcester, Mass., has had a man under arrest for several days, on charges of passing counterfeit money, robbing banks, &c.; and has solicited the aid of several detectives in ferreting out and identifying him as connected with crimes perpetrated in different States. On Saturday last, he was identified in the Worcester jail, by U. S. Special Agent J. Horace Kent, of this city, as a deserter from the 5th N. H. regiment, having enlisted in 1863. He belongs in one of the interior towns, and his father is said to be a respectable citizen.

A well-dressed and very genteel-appearing woman, who seems to be a friend to the man under arrest, hails from Portsmouth. She has probably been deceived, as the person whom she is befriending has every indication of being a gentleman, and not the very bad man he evidently is. We refrain for the present from publishing names, to save the feelings of innocent parties concerned.

☞ The schooner Emeline G. Sawyer, of Jonesport, Me., from Boston in ballast,—in making a harbor, one day last week, at this port, mistayed and struck on Wood Island Point; where she now lies, badly stove, but will probably be got off.

☞ A correspondent informs us that a prize-agent visited the U. S. S. Minnesota, a day or two since, to enquire after the seamens' prize-money; and in talking with an old tar, who was in both attacks on Fort Fisher, and has been in seventeen engagements, asked him "whether he had any body to whom to leave his money if he got his head blown off?" Jack replied that "Jeff Davis has not made the shot yet that is to do that little business!"

DEATH OF A DESERTER.—A correspondent at Cincinnati writes as follows, under date of Feb. 8:

"A young man by the name of Chas. A. Merrill fell from the balcony of the Gibson House and was so seriously injured that he died in a few hours. Before his death he confessed that he was a deserter from the U. S. Receiving ship Vandalia, stationed at Portsmouth, N. H., but would say nothing regarding his home or parents.

THE RIGHT WAY TO DO BUSINESS.—We copy the following incident of travelling in the west, from the Indianapolis Daily Journal Feb. 6th:

"COMMENDABLE.—By an accident on the Lafayette road on Saturday, the passenger train bearing the Alleghanian Vocalists and Swiss Bell Ringers on their way to Noblesville to fill an engagement there Saturday night, was detained so as to miss the connection here with the Peru train. The troupe found themselves in a dilemma. Their desire to fulfill their engagement triumphed over all other considerations, however; and Mr. D. G. Waldron, the agent of the Alleghanians, with commendable liberality, at once procured a special train to convey the entire troupe and paraphanalia to Noblesville, thus enabling them to appear there as advertised. The public will appreciate the spirit of promptness thus exhibited by the Alleghanians. The energetic agent is deterred by no difficulties, however great, which can be overcome by human exertions, to facilitate the movements of the excellent troupe with which he is connected."

We hope soon to have an opportunity of hearing this world-renowned company in Portsmouth. Why don't you come east, friend Daniel? We'll give you full houses. We observe that out West they are drawing great houses at 50 and 75 cts. a ticket.

— The unreliability of many newspaper correspondents was never made more manifest than last week. A great cry was raised that President Lincoln had gone down to meet the rebel commissioners, and was about patching up a peace, with Slavery left out by particular desire. It turns out that no one knew any thing about the affair except the President; who, like a prudent man, keeps his own secrets. It is well, in many cases, to wait for the wagon.

— Brattleboro, Vt., is not only out of the draft but goes eleven better.

— Renan's "Life of Jesus" has yielded a clear profit of $85,000.

— Elihu Burritt has been appointed U. S. Consul at Birmingham, Eng.

☞ Rev. Mr. Cather, of Philadelphia, will present the cause of the Sanitary Commission, in this vicinity, as follows:—In Greenland, Tuesday, 14th; in Hampton, Wednesday, 15th; Hampton Falls, Thursday, 16th; South Newmarket, Friday, 17th; Newmarket, Sunday, 19th; Raymond, the 21st; Candia, 22d inst.; and perhaps other places.

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S Exchange Buildings, Portsmouth. 19tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

We would again call attention to this indispensable article of Gold Medal Soap, for the laundries and the ladies. What the dear creatures will do when the manufacturer, in the course of human events, steps into another sphere of being, we are at a loss to imagine. Make the most of him while you have a chance to do so, for nature, art or science can never produce a second J. Monroe Taylor Gold Medal Soap. We cannot say half enough in its favor. After using, you will say the same. 39

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are *remedies* for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus.—It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuca, imported from Portugal. It bears a grape whose superior quality, juciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

THE LOWEST CASH PRICES!

WHAT IS A
FRENCH ROLL PAN?
IS A QUESTION OFTEN ASKED.
It is simply a nicely made
IRON PAN,
Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very
QUICK AND LIGHT BAKE.
For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are
Invaluable.
IN these days of high prices, it is worth while to
ECONOMISE
in any way. We give below a receipt for making a Cheap, Wholesome, and
PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S
Spring Roll and Cog Wheel
WASHING AND WRINGING
MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all save an immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by
E. A. STEVENS,
46 Market Street.

CORN SHELLERS.
RICKER'S PATENT.
WILL SHELL ANY SIZED EAR,
and take off every kernel.

The attention of Farmers is invited to this Invention.

PE-TRO-LE-UM.

From Gotham's wisdom-smitten shore,
To search where lies of grease outpour,
A stranger bore aloft a torch,
On which appeared the oily gag—
Pe-tro-le-um.

His brow was sad; and his eye beneath
Flashed like a coal lamp on the heath,
And like a gong each brazen lung
Rang out the oleaginous tongue—
Pe-tro-le-um.

As in a dream he saw the light
Of oil in every vale and hight,
And far beyond the boreal pole
The stars were lit with benzole—
Pe-tro-le-um.

"That claim is mine!" a man did roar;
"'Tis grease, but living grease no more!
While o'er the carboniferous tide
Was heard the echo, "let her slide!"
Pe-tro-le-um.

The prospect deepens on ye brave,
Who seek an oleaginous grave!
Feed fat your grudge with oily ore,
That augers well for such a bore.
Pe-tro-le-um.

"O stay!" dame Fortune sweetly cried,
"Illuminate me as your bride!"
The oil drops welled from her bright eye,
And shed a halo through the sky—
Pe-tro-le-um.

Beware Devonian, shales and rocks!
Beware of calcined, fungus stock!
This was the miner's last good night,
That quite unsifted out the stranger light—
Pe-tro-le-um.

At break of day the early bird,
That caught the salamander, heard
A vicious sound far up in the air,
Unlike the words we use in prayer—
Pe-tro-le-um.

The stranger—by the scent around,
Had "run the thing into the ground,"
And grasping still the fabled prize,
He still belched forth the oily gag—
Pe-tro-le-um.

There in the twilight, cold and gray,
Without a lamp to cheer his way,
He struggled on through shards and shale,
With the same oleaginous wail—
Pe-tro-le-um.

GRANT'S PEACE PROPOSITION.—A staff officer of the Ninth Corps writes that as the rebel peace Commissioners were being escorted out of our lines, one of them turned to Gen. Grant:

"General, I am anxious to have peace, and I would be willing to leave the settlement to you and General Lee."

"Well," replied Grant, "I propose to settle it with Lee this summer."

—Ole Bull re-appeared, after an absence of many years [from the concert room, in Berlin, recently. His old admirers were pleased to find that, although his hair has become grey, he possesses all the wonderful mastery over his instrument which he displayed in years long since passed away.

The death of the mother of twenty-five children is recorded in the Irish papers.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, ever his date of 1857,
76 State street, opposite Kilby street,
BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers for Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not unexcelled by any other, by which they can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and I feel no hesitancy in giving the unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART,

During eight months, the subscriber, in course of his large practice, made on their rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
R. H. EDDY.
Boston, Jan. 1, 1865.—3tawlv

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO WIDE IS THE FIELD OF ITS USEFULNESS and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation; and when its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent persons, have lent their name to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.

Those who require an alterative medicine to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the friendly to use. Try it once, and you will know its value.

Prepared by J. C. AYER & Co., Lowell, Mass. and sold by Brackett Hutchings, J. H. Thacher W. K. Preston, David Kimball, and all druggists.
1Mtaw 2m Tu

TRUE W. JONES,
61 Market Street, 61
—DEALER IN—
STOVES,
KITCHEN FURNISHING GOODS,
FARMING TOOLS, &c.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about
remodelling or erecting buildings
to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to effect the most permanent cures of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and Mercurial blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.
Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably reliable is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had a greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 9 A. M. to 9 P. M. on all diseases requiring skill, and he is desirous of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

N. B.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—godly.

HIGHLY IMPORTANT
UNFORTUNATE FEMALES!
DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to condition and speedily remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all symptoms of the Spinal Disease, Fever, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed to by a communication stating particulars, will receive prompt attention.

Office, No. 22 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicine securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients are none but the Doctor himself.

Address DR. BRISCOE, at No. 22 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No 22 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Nice Butter.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

☞ SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists, possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.
For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

DR. W. R. MERWIN & CO.'S COLUMN
FOR THE
CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!
CERTAIN AND SAFE.
They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.
They cure Suppressed, Excessive and Painful Menstruation.
They cure Green Sickness (Chlorosis).
They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.
Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.
They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.
All letters seeking information or advice will be promptly, freely and discreetly answered.
Full directions accompany each box.
☞ Price $1 per box, or six boxes for $5.
Sent by mail, postage free, on receipt of price
Sold by all respectable druggists.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and
OVERCOME DISEASE.
The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.
This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.
The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.
☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.
Sold by all druggists everywhere.
Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,
Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these; those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.
Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.
Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.
We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

The Chronicle.

—A suggestive fact and a suggestive comment thereon will be found in this paragraph from the Cincinnati Advocate:

Accounts on file in the department at Washington show the singular fact that, since the rebellion began, forty thousand more Southern whites than blacks have received assistance from the government. We commend this important fact to those creatures who are forever growling that the free negroes are an expense to the government. If the negro must be kept in slavery because he is an expense to the public, these grumblers must be in favor of enslaving thousands of poor whites also.

— Theodore Tilton was not very gallant to the Chicago ladies in his address there lately. He said there were more ways of recruiting our army than one. There were two soldiers once, in Grant's army, lying beneath their blankets, looking up at the stars in a Virginian sky. Says Jack, "What made you go into the army, Tom? "Well," replied Tom, "I had no wife, and I love war. What made *you* go to the war, Jack?" "Well," he replied, "I had a wife and I loved peace, so I went to the war." He doubted not that among the fair faces he saw before him, many had contributed to swell the ranks of the army, in both ways.

A MODEL LETTER.—Earl Russell ought to go to school to the Foreign Minister of the Netherlands. That gentleman, like the Earl, received the circular of the European emissaries of the rebels; but unlike the Earl, whose clumsy and foolish reply exasperated everybody, the Dutch premier, after simply acknowledging the receipt of the circular, merely adds:

"In thanking you for this communication, and with an earnest wish for the prompt re-establishment of peace in America, I beg you, gentlemen, to accept the assurance of my high consideration. E. CREWENS."

As Artemus Ward said of Washington—E. Crewens certainly does not slop over.—His letter is a model.—*Transcript.*

— The antagonism between the gold interest and the national interest is well indicated by the statement in one of the New York papers, that "the expectation of news from Charleston and a rumor that Grant is making a movement south of the James, tends to *check confidence.*" What gives confidence to the people depresses the gamblers.

—"I hope you will be able to support me," said a young lady while walking one day with her intended, during a slippery state of the side walks. "Why—ah—yes—," said the hesitating swain, "with some little assistance from your father." There was some confusion and a profound silence when the lovers' colloquy had ended.

—Deal gently with those who stray.—Draw them back by love and persuasion. A kiss is worth a thousand kicks. A kind word is more valuable to the lost than a mine of gold. Think of this and be on your guard, ye who would chase to the earth an erring brother.

Democracy has been understood to respect the people;—their intelligence, their sovereignty and their will;—and yet every man in Congress, with one exception, who voted against allowing the *people* to pass judgment on the question of slavery, claims to be a Democrat!—*Press.*

— The contrabands definition of irrational, given to his teacher is not bad: "You know we gets our rations. Well, when we *don't* 'em, that means *irration.*"

— It has got into the papers that Admiral Stringham has drank nothing stronger than water for over thirty years.

A horse-dealer, describing a used-up horse, said he looked "as if he had been editing a daily newspaper."

Please Look at This.

EYE, N.H., Feb. 28, 1846. "I hereby certify that my daughter had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From EDEN I CHESLEY, *Esq.* May 31, 1861.

DR. SWETT: Permit me to testify as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1860, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H. promptly attended to. may26

Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and the superior polish which it gives over other kinds, has heretofore been in a great measure counterbalanced by its disagreeable vinegar odor and the trouble of fitting something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELIGHTFUL PERFUME, which remains with the leather as long as the blacking lasts, and each bottle has a stick ready fitted in the stopper. The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Cabron Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.
WYMAN & TYLER, AGENTS,
82 Water St., Boston, Mass.
The Vernatella,
For making the Soles of Boots and Shoes water proof one year longer, is also for sale as above.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*, protect ing wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require *grinding*, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Mills and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to these private branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States; who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating Marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. Single Married and the Married Happy. A lecture on Love, or how to choose a partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the money asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Ticbol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 3 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Portsmouth, N. H.

WEDNESDAY, FEBRUARY 15, 1865.

THE REBELLION.

The Petersburg Express says the fighting on Monday was very severe. The timber and undergrowth were cut to pieces by balls. The ground was fought over four times in consequence of the arrival of reinforcements to either side.

Correspondence from the Shenandoah reports vigilance exercised in the valley, which is constantly patroled by scouting parties. Regular rebel troops are stationed in different parts of the upper valley, but guerrillas prowl between the Blue Ridge and Alleghany mountains.

The N. Y. Herald's Washington dispatch says officers from our forces operating against Mobile, arrived in Washington Monday night, and confirm the report of the evacuation of Mobile, and that the city will be surrendered whenever the demand is made.

The Herald's Paris correspondent says the two rams, built some time ago at Bordeaux, have been fitted out for the rebels, and were to sail on the first of this month for New York. It was believed they could run our fortifications and either lay the city under contribution or destroy it.

At Montreal on Monday Feb. 13, in the St. Albans raiders' case several witnesses were examined for the defence, who testified that the prisoners were in the Confederate service. The commission was sworn to as genuine. One witness testified that the majority of the prisoners had been at Chicago, where 50 or 60 Confederate soldiers had collected to release the prisoners at Camp Douglas. The expedition failing, two others were organized, one of which was the St. Albans raid.

The Richmond Dispatch of Saturday states that Sherman's forces are within five miles of Branchville on the east, and have occupied the railroad bridge opposite that place. The Dispatch adds that the rebel forces had probably evacuated Branchville, as Sherman's forces had not only tapped the railroad running north from Branchville to Columbia, but the road running from Augusta to Branchville and from the latter place to Charleston, thus completely destroying all the inland South Carolina railroads.

Officers from the fleet off Mobile report great activity in the removal of torpedoes and other obstructions in that harbor. It is confidently expected that the rebels will evacuate the city. The fleet is working its way up the harbor.

Richmond papers of Saturday admit that it is probable the rebels are evacuating Charleston.

The Danish Minister at Washington denies the report that his Government has sold a War Steamer to the rebels.

The burning of Pascagoula is contradicted, but the place has been evacuated by our troops. Several gunboats remain off the coast, however.

Richmond papers Monday announce Gen. Sherman had flanked Branchville on the north; and when last heard from was advancing on Columbia the capital of S. C.—His army is full 100,000.

— A little daughter of Z. T. Rich, of Tremont, Me., aged about 12 years, placed a kerosene lamp upon a hot stove, let it remain until it was heated, and when she took it off, the bottom burst or fell off, and the oil flew over her and burned until her clothes were consumed and parts of her flesh were a crisp. Only two women were in the house, and in their efforts to extinguish the flames two quilts were burned. The accident occured in the morning and the girl died in the evening without pain.

— The Traders' Bank in Providence was entered by burglars some time between Saturday night and Monday morning, and a large amount of government bonds, some $50,000 belonging to different parties, and $6000 in gold belonging to the bank, stolen. It is stated that no bills of the bank were taken.

— A French gentleman has patented a new invention for instantaneously releasing runaway horses from carriages. The driver, in case of accident, pulls a strap by which the trace-buckles are loosened, and the horse runs free with all the harness, except the traces, which remain attached to the carriage.

HEROISM OF A UNION GIRL AT THE SOUTH.—While Mr. Richardson and his companions were making their escape through rebel territory by night, they suddenly fell into a nest of rebels. A young Union girl mounted a horse at midnight and piloted them seven miles.

— On Monday the President sent to the Senate the nomination of Senator Morgan, of New York, to be Secretary of the Treasury; but in the course of an hour thereafter withdrew it, as in the interim Mr. Morgan had positively declined.

— It is said the rebel Senator Foote has gone to Europe *via* the United States.

THE NEW DICTIONARY.—*Friend Miller*, I do not see that you have either Chronicled or Gazetted one of the most important events of 1864. In the fourth year of our dreadful war, was issued the most important book that has seen the light in our language since 1611. I doubt whether between the lids of any one volume ever issued in any language, has there been collected so much, so varied, so needful, so cheap, or so accessible a mass of knowledge.

Before me are three quarto volumes issued by Geo. & Chas. Merriam of Springfield, Mass., in 1847, 1859 & 1864. Their respective weight in avoirdupoise ounces is, 105, 120 and 150: the square feet of printed surface in each are 593, 710 and 850. They are Webster's Dictionaries, distinguished as the Unabridged, the Pictorial, and the Illustrated. The second was printed from the same plates with the first, such corrections being made as they admitted; but there were added 209 pages of important matter, particularly synonyms, pictures, and an appendix of new words. Its type, of course, was not clear as when new.

All this was probably an expedient to gain time, and to head off Worcester's Dictionary illustrated with engravings. In this it was successful. Meanwhile a corps of eminent men were at work in many departments, preparing for the Illustrated. Thirty years of paid labor have been spent on its correction and enlargement.

The result, as to mere bulk, is given above: the pages are somewhat larger, and increased in number from 1750 to 1840. The illustrations, 3000 in number, are intermixed in the text and repeated at the end. The treatise on synonyms is mixed in with the vocabulary. The words defined are no longer printed in capitals, but in full-face type—a great improvement. The guide was three letters over each column; now is it by giving entire the first and last words of each page. The pronounciation is much more elaborate, and never doubtful. Secondary accents are given. The Greek words that occur are not printed without accent as before.

A great deal more of science is given.—The scientific names of most animals and plants are given. The names of many important genera have their place in the vocabulary. Scientific terms are so accurately defined that the dictionary will often be found more convenient than a scientific treatise. The Illustrated has swallowed and digested all possible glossaries—even to their most obscure and rare terms.

Besides the dictionary proper, are the accessories. The memoir of Webster remains, I suppose, as before. Next comes a brief history of the English language by Prof. Hadley of Yale. I expect much from it, but really have not looked at it. The Principles of Pronunciation and Orthography—32 quarto pages,—would make quite a little volume, and a valuable one.

But the most remarkable new feature is the explanatory and pronouncing vocabulary of noted names of fictitious persons and places, etc. The "etc." means some not fictitious. Mother Goose, for example, was the mother-in-law of Thos. Fleet, printer in Boston, who married Elizabeth Goose. He became furious at the poetry and music with which her mother treated his first-born, published her "Melodies" from spite,—and did well.

"Kitchen Cabinet" brings in the name of Francis P. Blair. "Copperhead" appears as if taken from a certain Portsmouth paper without credit; it only another photograph of the same sitter. "Missouri Compromise" occupies nine lines; "Omnibus bill," thirteen. There are examples of fictitious names of noted realities: "Orpheus C. Kerr (office seeker)," "Fanny Fern," "Artemus Ward," "Doesticks"—of late; of yore, 'Peter Pindar,' 'Philaides,' 'Decanus,' and "Vanessa," here reveal their true names. 'Junius' is ascribed to Sir Phillip Francis, and rightly, as most now think.

All the important characters of Shakespeare, Scott, Dickens, Dante and Goethe are given. "The gay Lothario" is there, and everybody else I have looked for save "Box and Cox" and "Monsieur Tonson."—Who were they? I know of no man save Prof. Moffat of Princeton who can dispense with this vocabulary. He used to be my only resource for just this information.

The pronouncing vocabulary of scripture names, taken from the previous edition, is followed by one adapted to the Douay Bible for the Romish church, Greek and Latin proper names revised. The geographical names are preceded by a new and valuable explanatory Index of prefixes, terminations and formative syllables. "Port" and "Mouth" are given in many a language, but no light is thrown on Pacatagl amna. wrong: I find it in the next vocabulary—"great deep river." The common English christian names, their signification and their equivalents in other languages, is new and much needed. I commend it most earnestly to all parents of new-born babes. Let them pay the price of the book, ($12—in gold less than $6—the cheapest book ever made yet) sooner than name a child without its aid.

But I am intruding on your space, and my subject grows before me; I must stop. I mean to read this volume through, if I live. I know of no better or more pleasant way to occupy spare time.

Enthusiastically yours, L. F. H.

Hillsgrove, Ill. 1865: 39.

GREAT GUNS.—In Congress, the Committee on the Conduct of the War made a report calling attention to three classes of guns—first, those made entirely of cast-iron, the Dahlgren and Rodman gun; second, those made of cast-iron and bound with wrought iron, the Parrott gun; third, those made entirely of wrought iron, the Ames gun. The Committee say Dahlgren never received any compensation in the nature of royalty, that Parrott never charged anything excepting what he deemed a fair manufacturer's profit, and that Ames has made only 51 guns for the Government, charging so much a pound for them.

The Committee have examined into the bursting of the Parrott guns of large calibre, together with the bursting of some of the cast-iron guns of large calibre, upon vessels engaged in the operations against Charleston and Fort Fisher, which has tended to weaken confidence in their durability and seems to show the necessity of obtaining, if possible, some other gun which can be more implicitly relied on. The bursting of those guns is generally attributed to the premature explosion of shells within the nave of the gun. The committee, in view of all the facts elicited by the testimony, recommended that Congress immediately adopt such measures as will enable the War and Navy Departments to obtain and introduce into service wrought iron guns, and probably of larger calibre, at as early a day as practicable.

A CHARGE AGAINST GEN. GRANT.—Mr. Saulsbury, the copperhead Senator from Delaware, must be continually saying something against prominent Union men; the following is from his last speech:

"In the course of some remarks on increasing salaries, Mr. Saulsbury said he had seen General Grant for the first time this morning on the floor of the Senate, and it seemed to him (Mr. Saulsbury) that the President had made a great mistake in appointing him to that high position—that a man who did not know how to 'cut a swell' better than he ought not to be Lieutenant General. Why, there was not a lieutenant of the home guard in the State of Delaware who could not keep up bigger style than this man whom the President had injudiciously selected for Lieutenant General. There was not a Lieutenant or provost marshal that Mr. Stanton sent down to keep the people of Delaware from voting, that could not cut a better swell than Gen. Grant. He (Mr. Saulsbury) thought this a fit subject for the consideration of the Senate. (Laughter.)"

— It is said that Jack Haines, the professional skater, has made $15,000 by his skating feats at London, and has gone to Paris at the request of the Emperor. Haines uses parlor skates when he cannot get ice.

OUR VIEW OF PEACE. We agree with Patrick Henry:

"Gentlemen may cry Peace! Peace! but there is no Peace."

Now, on to Richmond.—*Independent.*

UNITED STATES SERVICE MAGAZINE. The February number of this valuable standard work is just published by Charles B. Richardson, New York. 50 cents per number.

— There has been abundance of knavery at the Navy Yard in Philadelphia, and already $200,000 of the ill-gotten gains of the knaves has been restored to the Government.

— Two ingenious citizens of Springfield have got a patent for an apparatus by which the street lamps of a whole city can be lighted instantaneously by means of an electric battery.

— The labor in the Maine State Prison last year, paid all the expenses of the institution, and a surplus of $4000.

SHOULD HAVE

WEBSTER'S NEW DICTIONARY,

With 3000 Illustrations.

Call and examine at any Bookstore.

MIND, MATTER, MONEY, BEAUTY.—Webster's Quarto Dictionary, as now published, has cost more intellectual labor, more money in its "getting up," and contains more matter, and a larger number of beautiful engravings, than any single volume ever before published for popular use in this or any other country. fdsdwiw

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7 30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " $500 "
20 " " " " $1000 "
$1 " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the
FIRST NATIONAL BANK, Portsmouth.

U. S. 7 30 NOTES

Of the denominations of 50, 100 and 500 DOLLARS, are ready for delivery at the National Mechanics & Traders Bank.
JAMES F. SHORES, Cashier.
October 21, 1864.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent for the last three months, payable Feb. 20th. There are 15 wells now producing 13 more wells going down, and 150 more wells to be put down this Summer. Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $-50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

City of Portsmouth.

Hereafter Bills of the City of Portsmouth will be paid on SATURDAYS each week. At these times, the Treasurer will be at his office prepared to pay all approved demands against the City. Per order,
ROBERT LEFAVOUR, City Treasurer,

S. F. COBB'S
Music and Variety Store,
No. 29 Market Street.
Portsmouth, Feb. 7, 1865.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,750 daily, or $640,000 per year.

The entire property cost the present Subscribers $2,375,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 1000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later.—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $68,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.
Portsmouth, Jan. 26th, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,

Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Porcupine, and Redfield Petroleum Companies embrace two and one-half miles frontage on Alleghany River—embracing about 3,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; it has been sold since at $220 per share.—One gentleman who had 2000 shares, which cost him $5000, was offered $450,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for Portsmouth and vicinity for subscriptions to the above Company, and would cheerfully recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A GOOD INVESTMENT.—On looking over the book of the President Petroleum Co., we see that Prof. Agassiz of Harvard University, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. We would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done."

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 15th of February the Subscription Price of this Stock will positively be advanced to $10 per Share, instead of $5—if any remains.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely obliterated. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HAIRED" person in New England can be restored in less than sixty days.

PRICE—**$1 per Bottle.**

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Messrs Geo. C Goodwin & Co., 38 Hanover St., Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. J1e—3mendaw

The Confessions and Experience

OF AN INVALID.

Published as a benefit and as a caution to YOUNG MEN and others, who suffer from Nervous Debility, Premature Decay of Manhood, &c., supplying at the same time the means of SELF-CURE. By one who has cured himself after undergoing considerable quackery. By enclosing a postpaid addressed envelope, single copies may be had of the author.

NATHANIEL MAYFAIR, Esq. d5 daw3m Brooklyn, Kings Co., N. Y.

CARTER'S

CLARIFIED MOLASSES CANDY!

Local.

☞ No orders for Drafting had been received in this city up to Tuesday evening.

☞ All who really feel an interest in the cause of music in our city, should make sure to be present at Mercantile Hall this evening, for the objects stated in the call for the meeting there. There is no good reason for not having a flourishing Music Society in Portsmouth; but all "who *can* sing," should join in the movement, to make it successful.

☞ The total net receipts of the Portsmouth table at the Sailors' Boston Fair, we learn four up $1510, besides quite an amount of goods left over and sent to the Fair of Mrs. A. H. Rice. This includes all subscriptions and donations to Portsmouth committee and table, but does not include the very handsome sum received from the miniature Kearsarge, which ought to have gone to the Portsmouth table, instead of another; nor the subscriptions from several of our citizens, to quite an amount, made to the Boston fund direct. A handsome sum was also thus given to the Boston fund, for the Sanitary Fair; but in this way, our city gets no credit for what the citizens do.—We call the above doing very handsomely, for the small number of ladies who devoted themselves to this patriotic work.

☞ Rev. Mr. Cather's lecture on the Sanitary Commission, at the Unitarian Church on Sunday evening, was well attended; and was a very pleasant and interesting discourse—giving considerable information respecting our soldiers and their needs, and the manner in which they are supplied by the noble Sanitary Commission. A collection was taken for the cause. We commend Mr. Cather to all who may meet him, as an earnest and patriotic christian gentleman.

☞ Mr. Harvey continues to tell the most "cheering" tales of Petroleum—and he has the backers for it too, who seem to have a reason for the faith that is in them touching the ile question. See his new notice, and perhaps you'll want to dip in, as many of our capitalists are doing.

☞ See Mr. Shores' advertisement of American Pens, and try 'em—we are going to.

It is an important fact that while every harbor on our coast—from Maine to Cape Fear—has been blockaded with ice so that vessels could not go out or in, New London harbor has been as free of ice as in midsummer, except occasionally a little that made in the slips, and remained so an hour or two. The Delaware is frozen up as tight as Siberia. These facts should have their weight in establishing a Navy Yard.—*New London Star, Feb. 6.*

"It is an important fact," that the first statement in the above item, is a *falsehood*. Every harbor has not been blocked with ice; Portsmouth Harbor surely has not been; no, not even "a little made in the slips." A pair of single sculls could row a match anywhere in our harbor, at any time this winter. That New London Star-gazer will have to try again.

—— Perley telegraphs to the Boston Journal, from Washington, the following interesting item of news for New Hampshire:

Understanding that some one has questioned the truth of a statement made in this correspondence a week or two since, that the President had reduced the last announced quota of New Hampshire, after representations by Hon. Fred. Smyth and the Congressional delegation, I desire to *repeat* that the quota *was so reduced* to the quota announced in December last. Quite a difference.

—— A blockade runner, iron steamer, trying to get into Charleston, grounded; our ships approached her, and her crew burnt her and her cargo.

GOLD, Tuesday, 207.

FRUIT, CONFECTIONERY,

—AND—

Cigars.

C. W. VARNEY & CO.,

Having re-fitted and re opened the store,

Nos. 31 and 35 Congress Street,

☞ A good Carrier is wanted at the Chronicle Office.

LECTURE BY A SOUTH CAROLINIAN.—Rev. Jas. H. Hunnicutt, a native of South Carolina, but for 25 years previous to the rebellion a citizen of Virginia, (12 years of which he was editor of Fredericksburg, Va., Christian Banner,) will deliver a lecture in the Temple, on Wednesday evening, Feb. 15th, at 7 1-2 o'clock, on the subject of the past, present and prospective condition of the South or Slave States.

Mr. Hunnicutt has lectured extensively through the New England States, and never fails to attract the largest audiences, and his lectures are hailed with enthusiasm whenever and wherever delivered. Mr. Hunnicutt is a gentleman of reputation and ability; and he is endorsed by the first men of the nation. Admission free to all: a contribution, however, will be taken for the benefit of the speaker.

☞ Gen. Gantt of Arkansas, will lecture in the Temple, Friday evening, at 7 o'clock; subject, "the end approaches."

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ Rev. Mr. Cather, of Philadelphia, will present the cause of the Sanitary Commission, as follows: — In Hampton, on Wednesday, 15th; Hampton Falls, Thursday, 16th; South Newmarket, Friday, 17th; Newmarket, Sunday, 19th; Raymond, the 21st; Candia, 22d inst.; and perhaps other places.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

As we have said scores of times, the J. Monroe Taylor Gold Medal Soap is, without exception, the nicest and best soap made; is the only kind that can be called a perfectly pure article, and goes nearly three times as far as any other soap, and will always turn out whiter and nicer clothes than washing with any other article. Try it, and you will find what we say is true. 50

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus.—It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, jaciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

MARRIAGES.

WHAT IS A

FRENCH ROLL PAN?

IS A QUESTION OFTEN ASKED.

It is simply a nicely made

IRON PAN,

Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very

QUICK AND LIGHT BAKE.

For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are

Invaluable.

IN these days of high prices, it is worth while to

ECONOMISE

in any way. We give below a receipt for making a Cheap, Wholesome, and

PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S

Spring Roll and Cog Wheel

WASHING AND WRINGING

MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all save an immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tube, consequently there is no trouble, of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by

E. A. STEVENS,

46 Market Street.

VICTORY.

BY DANIEL A. DROWN.

Victoriously our Flag has waved
Upon a Southern soil,
Upheld by Freemen's hands, inured
To strength and worthy toil.
The "Stars and Stripes" borne in the van
Have proved their magic power,
And treacherous foes have quickly learned
The lesson of the hour.

Let traitors of the Union's weal
Be taught, assured, to know
That who invades Columbia's peace,
Is doomed a vanquished foe;—
That he who desecrates the land,
Which Washington has trod,
Must deeply feel the scorpion sting
Of an avenging rod,

Let principles our fathers knew
Be held most sacred now,
While victory exalts our Flag,
Propitious even now.
Let patriots join both heart and hand,
And form a double chain,
Protection to a freeman's rights,
Exempt from every stain.

May patriotic ardor burn
Within each valiant heart,
Who manfully must face the foe,
And act a soldier's part;
May fadeless laurels crown all those
Who in the conflict stood,
Performed with that undying praise,—
A Nation's gratitude.

Respected may our standard wave
In honor o'er the land,
Till safely 'neath its ample folds,
All shall protected stand.
God speed the Right! defend our cause!
Ensure our victory! in which
Let welcome sounds soon greet our ears,
Of Peace and Liberty!

If a man has nothing to say, he is sure to take much time and use many words in saying it.

Superstition — purchasing a gross of steel pens of a pedlar and believing it to contain twelve dozen.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to procure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through its inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not unreasonably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THIS PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the principal of the last twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable* and *most* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such success is proof of great skill and ability. Those who on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made successive rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Jan. 1, 1865.—3tawly

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.
SO WIDE IS THE FIELD OF ITS USEFULNESS and so numerous are the cases of its cures, almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once its superiority over every other expectorant is too apparent to escape observation; and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organ that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
We can safely assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.
Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their aid to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.
Those who require an *alterative medicine* to purify the blood will find AYER'S CORN. EXTR. SARSAPARILLA the remedy to use. Try it once, and you will know its value.
Prepared by J. C. AYER & Co., Lowell, Mass. and sold by Brackett Hutchings, J. H. Thacher W. R. Preston, David Kimball, and all druggists.
1y&eow 3m 7u

TRUE W. JONES,
61 Market Street, 61
—DEALER IN—
STOVES,
KITCHEN FURNISHING GOODS,
FARMING TOOLS, &c.
THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and cast iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.
We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK,
Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, mild and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:
Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Side, and others.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience, of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never since he first introduced them, failed to effect a speedy and permanent cure of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distression the region of procreation, Inflammation of the Bladder and Kidneys, Abscesses, Humors, frightful Swellings, and the long train of other symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D. devotes a great part of his time to the treatment of this complaint, the great bane of solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society; and the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days, can have board furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capsules, unsurpassed the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt the largest experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledged by no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
In all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. W. W. Dow, formerly resident of Portland. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow has discovered and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!
DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and safely remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express or mail, addressed by a communication stating particulars, with receive prompt attention.
Office, No. 29 Endicott street.
Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.
Address Dr. Briscoe, at No. 29 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. 1Thsly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at the old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. Labor consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.
Nice Butter.
PORK, LARD, HAMS, &c.,

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting health and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
Make One Trial of this Wine.
For sale by W. R. Preston, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

FOR THE
CHEROKEE MEDICINES.
CHEROKEE PILLS!

Health Preserver!!
CERTAIN AND SAFE.
They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.
They cure Suppressed, Excessive and Painful Menstruation.
They cure Green Sickness (Chlorosis).
They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heavyness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.
Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.
They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.
☞ Price $1 per box, or six boxes for $5.
Sent by mail, postage free, on receipt of price
Sold by all respectable druggists.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASE.
The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.
This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.
The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ; will all find immediate and permanent relief by the use of this Elixir or Essence of Life.
☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.
Sold by all druggists everywhere.
Dr. W. R. MERWIN & CO., Sole Proprietors,
No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,
Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.
Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all disease of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.
Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.
We send our $2 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,
Dr. W. R. MERWIN & CO.,

OUR SOLDIER.

In the Pacific Monthly we find the following pretty idea prettily expressed by George Cooper:

Another little private
Mustered in
The army of temptation
And of sin!

Another soldier arming
For the strife,
To fight the toilsome battles
Of a life.

Another little sentry,
Who will stand
On guard, while evils prowl
On every hand.

Lord, our little darling
Guide and save,
'Mid the perils of the march
To the grave!

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, it not unmeasurably superior to, any which can be offered them elsewhere. The Testimonials here given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full access of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

EVE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so severe as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla, Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, which effected a cure of the Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicine has an equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it."
JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health.
M. LOWD.

From ELDER I. CHENEY, *Lee, May 31, 1841*

DR. SWETT: Permit me to testify what I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named."
ISRAEL CHENEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No 7 High street, Portsmouth, N. H., promptly attended to. may26

THE VERNATELLA
LIQUID BLACKING
Gives to the Leather not only a
Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and the superior polish which it gives over other kinds, has heretofore been in a great measure counterbalanced by its disagreeable vinegar odor and the trouble of filling something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELICIOUS PERFUME, which remains with the leather as long as the blacking lasts, and each bottle has a stick ready fitted in the stopper. The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Cahoon Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.
WYMAN & TYLER, AGENTS,
32 Water St., Boston, Mass.

The Vernatella,
For making the Soles of Boots and Shoes water proof and wear longer, is also for sale as above.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS itself.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, undying, durable *metallic* coat, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and vigorous cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicle and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctors Medicines, and have been tested in more than 20,000 cases annually with immense Success.
YOUNG MEN,
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in that manhood so desirable and happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Hasty. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichon's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, FEBRUARY 16, 1865.

THE REBELLION.

An expedition is preparing at Newbern, which in all probability will make an advance on Goldsboro. *If* this place is captured, it will give us all of southeastern North Carolina.

Lieut. Cushing, U. S. N. entered Little River, South Carolina, on the night of the 4th, and proceeding about eight miles with four boats and eight men, landed in the small town of All Saints parish, Little River, capturing some soldiers and arms, held the place all the next day and discovered and destroyed about $15,000 worth of cotton; also captured two flats at the mouth of the harbor, containing twenty-three bales of cotton. These were brought off together with some negroes.

Some of the same boats, at Charlotte Inlet, surprised and routed the rebel force detailed to collect provisions in that country, capturing six soldiers with their arms and equipments, and destroying the stores which had been gathered for the enemy at Fort Anderson. The soldiers lately stationed at Charlotte have been withdrawn to assist in the defence of Wilmington. A hundred rebels are still at Lockwood's Folly. The woods are full of deserters, from the rebel army.

Richmond papers of Monday say Gen. Sherman has crossed the Edisto, which was the line held by Gen. Hardee in defending Branchville. A portion of Sherman's forces are two-thirds of the way from the Edisto to Columbia, an important point, forming the junction of the Charlotte & South Carolina and the Greenville & Columbia Railroads, which connect with the railroads to Richmond.

In the rebel House of Representatives on the 10th Mr. Barksdale introduced a bill, that the President may be authorized to ask and accept the services of such number of able-bodied negroes as he may deem expedient during the war, to perform military service in whatever capacity the General-in-Chief may direct.

Capt. James Y. Bell, convicted of being a spy and guerrilla, and of being one of the Lake Erie pirates, will be hung Saturday morning on Governor's Island, New York harbor, the sentence having been fully approved by Gen. Dix.

The Tribune's Savannah correspondent says there are 2500 of Sherman's army in the hospitals of that city, suffering, and begging their surgeons to supply them with something they can eat. But their surgeons are unable to supply them, and these poor fellows have heard that ship loads of fresh provisions have been sent from the North to those who have brought them to the condition they are in. The Sanitary Commission have the kinds of food needed, but say transportation could not be secured to send it to Savannah. Yet speculators have been able to secure transportation to bring their goods to Savannah and sell them at exorbitant prices. Government should, and doubtless will, correct this evil.

☞ A man calling himself Fletcher has been operating in York County in a singular manner. He hired a horse on the 9th inst., in Saco, to go to Alfred, saying that he had $700 worth of notes against parties in Alfred which he was going to get cashed, (showing the notes), and that he was buying hay for the Horse Railroad in Boston. Said Fletcher is an imposter, and his mode of operation is as follows: He produces a written or printed blank contract running thus:—"I, ——, agree to deliver —— tons of hay," &c. The unsuspecting person signs his name in the blank, to what he supposes is a regular contract; but over the signature, in a convenient margin left, is written a promissory note, while all below, except the name, is cut off. "Fletcher" then makes it a business to sell these forged notes. He has been operating in Newfield, Lyman, Alfred, South Berwick, and was last tracked to Wells. He is about 28 years old, 5 feet 11 inches high, and weighs 175 lbs. The team hired at Saco consisted of a small brown mare, dark sleigh, only three bells on the arm, and two robes, one a cat-skin and the other a buffalo. Any information of the man or team will be paid for by Detective Officer Tarbox, Biddeford, Maine.

PRACTICAL FORM OF ATTACHMENT TO THE UNION. — Several of the female rebels of Missouri, who were sentenced to be banished to the South during the war by General Dodge, have compromised by the marrying Union soldiers, in some cases their temporary guards, and now their life guards. This a practical form of attachment to the Union highly approved by the commanding general.

— A Bermuda paper of the 11th ult. states that "the Confederate steamer Chameleon, late Tallahassee, has, since her arrival here, been kept under the most rigid surveillance of the customs, in order, we presume, to prevent any breach of the international or the revenue laws, owing to her former character as a privateer."

THE "SONGS OF ZION" ENLARGED.—*Friend Miller:*—The Songs of Zion was one of the three books in the English language that my library and reading were limited to for nearly two years. Were I to take the same trip again, my choice would be the same. As it seems to be a part of your creed that if people would sing more they would sin less, I will give you some account of the new edition.

The Songs of Zion was a 16mo volume published at New York by the American Tract Society. It had 192 pages, 200 hymns and 93 tunes written on three staves, mostly in four parts. The tunes were nearly all old and mostly good tunes of permanent popularity. The hymns were those most needed and oftenest used. The great merit of this book was, however, that it was smaller than any other before the public. It cost but 25 cents, three copies could go into the pocket of a dress coat; it was very valuable for funerals, evening meetings and family worship. The last I consider the most important use of the three; for the more singing there is in a family the less punishment will be needed. Had there been a family hymn to each tune, it would have been almost perfect.

Just as I was meditating how it could be reduced in size by writing the music on two staves, it is enlarged. The space gained by retrenching one staff, is extended by increasing the pages to 384. The hymns now number 423; one hymn has been dropped and 222 added; from two a verse was dropped, and verses added to six. Eleven of the tunes, few of them very good, have been changed for others perhaps not greatly superior to those discarded. The substituted tunes are hardly up to the average of the new tunes. The tunes now number 181, nearly double what they were, while the hymns are much more than doubled. The average merit of hymns and tunes is, I think, fully equal to what it was before which is all we could ask. As the bulk and cost are not proportionably increased, the nett worth of the new book is greatly ahead of any similar work I know of.

It can be increased. The type is, I believe, long primer—a good type for steady reading of new matter. It is twice the size (4 times the surface) of pearl; and even diamond will answer for hymns or scripture to be often re-read. A 32mo. edition of the Songs of Zion is very practicable and would be seized on with incredible eagerness. The smallest music type is read nearly as easily as the largest, and is far more beautiful.

No personal element should enter such a work. When the Presbyterian Publication Committee compiled their Eclectic Tune book, the fact came out that one "W. B. B." was the author of an amazingly large proportion of the music most in demand in our churches. "H. K." occupies a similar enviable position in this edition of the Songs of Zion, though to a less extent, only thirteen of the added pieces appearing to be from his muse.

All new tunes from even the best composers are but experiments. Perhaps no man ever satisfied the public in half the tunes that satisfied himself—could make congregations like half his good tunes. Such experiments have their place in books published by individual enterprise. A failure in a book like this, is like a nice clean chip of Maple wood in a well prepared dish of porridge—so much space wasted, and matter in the way. It is worse; it swamps two good hymns.

Two good hymns in the Songs of Zion have fared particularly hard. They were first set to Federal-Street. The author of that tune threatened to prosecute the Tract society. Its managers sent him $100. He said that would do if they would forthwith remove his piece from the book. Then one of our best composers wrote a tune for that very place. It is now admitted a failure, and a tune by H. K. substituted. If that fails too, it is to be hoped that an old and approved piece (e. g. Melmore) may be used.

But the book as it is, is worth far more than any other I know. I have used it for family worship ever since I had a family—at nearly every funeral I have conducted since it was issued; and I do not expect to see one intrinsically better.

Yours truly, I. F. H.

Hillsgrove, Ill., 1865: 39.

— In 1791, Jan. 22d, the Newburyport Herald gave an account of the establishment of Sunday Schools in Philadelphia, by some benevolent persons, with this comment —"Pity their benevolence did not extend so far as to afford them tuition on days when it is lawful to follow such pursuits, and not thereby lay the foundation for the profanation of the Sabbath."

JUST SENTENCE. — A convicted young highwayman, John McDonald, goes to the Charlestown State Prison, there to remain the rest of his life, for compelling Weston the expressman, to "stand and deliver," on the Swampscott road.

— Dr. M. M. Mumford, of Newburyport, the well known dentist, died at his residence, on Tuesday, after an illness of some months.

☞ Mr. Joseph Noble, whose decease was announced a few weeks since, died in the third story of a block rented at the lowest rates, and consequently to the most indigent families, in New York. He had travelled in the cars a short time previous with one of the occupants, who on seeing him standing resting on his cane, arose from her seat, saying she could not sit while a man of his years and infirmity was compelled to stand, and requested him to take the vacated place. Whether he complied or not we do not know; before he left the train, however, he engaged in conversation with his unknown friend, and ascertained her name and residence.

On the day of his death the Herald says he started for that humble home and had reached the top of the stair-case, when he was seized with apoplexy and fell never to rise again. This was the first week in January, and his errand was to find the individual who had shown such unaffected interest in a stranger, and in a proper and substantial form manifest his appreciation of her personal kindness. — Death improposed, and he was not allowed to make glad the heart of a poor woman by an act of charity which would have been as heartily bestowed as gratefully received.

It cannot be but a source of consolation to his family and friends to know the purpose of that visit and the kind spirit which prompted it. Human life is but a succession of opportunities of doing good; and he who avails himself of them, comes nearest to Him who grants these opportunities; and it is peculiarly fitting and happy that the last act of a long life should be one of practical benevolence. Mr. Noble was a native of Newburyport, and has left an estate estimated at over a million of dollars. In his will he bequeathed $1000 to each of the following associations in Boston, viz.—Baptist Missionary Union, American Baptist Publication Society, American Baptist Foreign Bible Society, American Tract Society, and the Fatherless and Widows Society.

SUDDEN DEATH. — Mr. James F. Feb, of Falmouth, went to bed at 7 o'clock on the evening of the 11th inst. with a toothache, and at 11 o'clock came down stairs, and was heard at the stove, preparing to make a fire. In the morning he was found lying on the floor dead, with the poker in his hand. He was subject to fits, and it is supposed he died in one. His age was 56 years and 9 months. He went to the woods with a team and got a load of fuel the afternoon before his death. *New Bedford Standard.*

— Dr. Peter Renton, 64 years old, died in Boston, on Friday. He was a Scotchman, and a widely known and very skillful physician. Twenty-five years ago he was a man of some political consequence at Concord, a friend of the late Isaac Hill.

— An Irishman, in describing America, said: "You might roll England thru it, an' it wouldn't make a dint in the ground; there's fresh water oceans inside that yo might droun Ould Ireland in; and as for Scotland, ye might stick it in a corner, and ye'd never be able to find it out except it might be by the smell of the whiskey."

— Dr. Ezekiel Holmes, for over thirty years editor of the Maine Farmer, and well known for his distinguished scientific acquirements, died on Thursday, of lung fever, after a brief illness, at his residence in Winthrop, Me.

A POLICEMAN IN LUCK.—It has just been learned that one of the patrolmen in Albany has become heir to three million dollars' worth of property. The evidence of this fact was discovered in the State Library a couple of days since by a young law student who was searching the records for another matter.

— Benjamin Stevens, for thirty years Sergeant at Arms, in Mass. legislature, died in Boston on Saturday morning of paralysis. He was 75 years old, and leaves a wife and nine children.

— It is said the day when Mr. Toombs will call the roll of his slave in the shadow of Bunker Hill monument, has been indefinitely postponed. He is more likely to call that roll by the lake where Beauregard proposed to water his horse.—*Portland Press.*

— An incendiary set fire to a joiner's shop on Merrimack street, in Newburyport, last Sunday evening, about 10 o'clock; the shop was destroyed, and also a three story house known as the Rollins house. Loss $10,000 or more; small insurance.

— The Richmond Whig, in referring to President Lincoln, styles him "the Illinois accident." He is about the worst accident which could have happened to Mr. Jefferson Davis.—*Press.*

—— Among the confirmations by the U. S. Senate, we notice: to be Brigadier General by Brevet, J. C. Abbott, 7th N. H.; Charles H. Powers of N. H., Consul at Coatecook, Canada.

— The Pope's encyclical letter has been styled a bull against the civilization of the 19th century. It will prove as effectual as an attempt to dam Niagara with bullrushes. *Pres.*

— The commission to select a site for a Navy Yard and Naval depot in the Western waters have reported in favor of Carondelet and Mound City.

— The New York and New Haven Railroad used over three tons of white paper for tickets last year, costing over $16,000.

Missing.

A GIRL about 15 or sixteen years of age, named GILANEY, who is apprenticed to Mr. EDMUND DAVIS of Little Harbor, was in this city on Monday, at Richards Avenue,—but has not since returned to her place. Information concerning her, or where she may be found, would be gratefully received at the CITY MARSHAL'S OFFICE, Portsmouth. feb16

For Sale.

OLD FOLKS' CHOIR.

All members, and others interested in the old music, and Singers and Players generally, are invited to meet

AT MERCANTILE HALL,

On SUNDAY EVENING, February 19, at 7 o'clock,

for a Social Sing. FRANK W. MILLER.

☞ Those having copies of "The Continental Harmony" will please bring them.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD - BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides *its exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.

Two cents	"	"	"	"	$100 "
Ten	"	"	"	"	$500 "
20	"	"	"	"	$1000 "
$1	"	"	"	"	$5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the
FIRST NATIONAL BANK, Portsmouth.
NATIONAL MECHANICS & TRADERS BANK, Portsmouth. 3moedawfeb13

S. F. COBB'S
Music and Variety Store,
Portsmouth, Feb. 7, 1865. No. 29 Market Street.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Allegheny River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $33,000 per day, or $10,045,000 per year.

There wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.
Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.
Portsmouth, N. H., Feb. 15, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,
Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Porcupine, and Reddield Petroleum Companies embrace two and one-half miles frontage on Allegheny River—embracing about 8,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; it has been sold since at $250 per share.—One gentleman who had 2000 shares, which cost him $5000, was offered $450,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for Portsmouth and vicinity for subscriptions to the above Company, and would cheerfully recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A GOOD INVESTMENT.—On looking over the book of the President Petroleum Co., we see that Prof. Agassiz of Harvard University, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. We would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done."

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 16th of February the Subscription Price of this Stock will positively be advanced to $10 per Share, instead of $5—if any remains.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. jl8 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge*.

Please inclose a stamped envelope, addressed to yourself.

Address JOSEPH T. INMAN,
Station D, Bible House,
d24sndaw New York City.

CARTER'S

CLARIFIED MOLASSES CANDY!

Local.

☞ Miss Isabella Gillasky, a young female, who has been living in the family of Mr. Edmund Davis, on Sagamore Road, has been missing since last Monday. Mr. Davis brought her to this city on that day, and left her at the head of Richards Avenue, with the understanding that she was to return home that night; since which time she has not been heard from. She is represented to have been a very steady girl, and the family with whom she resided are extremely anxious in regard to her whereabouts. Any information respecting her will be gratefully received by the City Marshal or Mr. Davis.

PORTSM. GAS CO.—At a meeting of the stockholders of the Portsmouth Gas Light Company, held Tuesday, Feb. 14, the following named persons were elected officers for the ensuing year.

Ichabod Goodwin, John Knowlton, Benjamin Cheever, Leonard Akerman, Thomas L. Tullock, *Directors.*

David Kimball, *Treasurer.*

John Trundy, *Agent.*

A dividend of 6 per cent was declared, payable April 15th, to holders of stock January 1st, 1865.

☞ Shipbuilding is rather dull on the Piscataqua, at present, outside the Navy Yard—and that isn't on the Piscataqua, you know, having been removed to Maine.

Messrs. Tobey & Littlefield, at Noble's Island, have two ships on the stocks—for sale, we believe.

Mr. D. D. Badger, at the Marcy yard, has just launched and completed a fine schooner of 408 tons new measurement, for the freighting business; she is called the Joseph Warren, and owned by Richard Higgins and others of Boston, and will be commanded by Capt. Seth N. Wiley of Wellfleet.

☞ There is an immense quantity of floating ice in the river, drifting back and forth with the tide, and seriously impeding the passage of boats to and from the Yard.

☞ The steamer Emerald appears to have gone out of commission, having been hauled up for repairing.

☞ The workmen on the Navy Yard are to be paid off on Friday (17th). This pay-roll numbers about 2500 men, and requires the sum of $129,210to pay it off.

☞ We learn that Mr. E. A. Joy designs giving a Concert at the Temple, early in March,with his Juvenile Singing School. That's right—the more music, the better; or as a correspondent of ours hath it, the more singing the less sinning.

☞ Miss Anna E. Dickinson, lately returned from an extensive lecturing tour at the West, spoke in New York, Tuesday evening. Her subject was political—"A Glance at our Future;" a glance, in other words, at the great problem of Peace and Reconstruction. We understand this talented lady is expected to speak in this city ere long.

☞ The fire in Newburyport, Monday night, came near being much larger. The Herald says "the firemen did all that men could do, but some of their machines were frozen up when they reached the spot, and others froze afterwards. The steam fire engine was on hand, but the scarcity of water prevented her early playing, and soon disarrangement of the machinery rendered her less efficient than she should have been. It was no fair test of her powers, and it may be some time before they so "get the bang" of their new machine as to do the utmost execution she is capable of. This has proved the case in other cities. Boston was two or three years in learning the value of a steam engine; but for steam or hand engines, water is necessary, and that needs looking after at the earliest convenience of the city council."

— General Lee says the attacks of the Richmond press on Jeff Davis pain him very much, as he has the utmost confidence in him.

— The soldiers in the field are to receive four months' pay very soon.

— Coffee made of roasted pea-nuts is one of the luxuries of rebeldom.

GOLD, Wednesday, 206 1-2 to 205 1-2.

☞ Gen. Gantt of Arkansas, will lecture in the Temple, Friday evening, at 7 o'clock; subject, "the end approaches."

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

Wanted.

A pleasantly located DWELLING HOUSE, suitable for a small family. Best reference given. Enquire at this office. f3—tf

Wanted.

A good COOK. A competent person may find a good situation by applying to Mrs. WEBBER, No. 2½ Islington street. None others need apply. feb14—tf

WANTED—A MINISTER.

We have been without a pastor
Some eighteen months or more,
And though candidates are plenty—
We've had almost a score.
All of them "up-top" preachers,
Or so their letters ran—
We're just as far as ever
From settling on the man.

The first who came amongst us
By no means was the worst,
But then we didn't think of him
Because he was the first;
It being quite the custom
To sacrifice a few,
Before the church in earnest
Determines what to do.

There was a smart young fellow,
With serious earnest way,
Who, but for one great blunder,
Has surely won the day;
Who left so good impression,
On Monday one or two
Went round among the people
To see if he would do.

The pious, godly portion,
Had not a fault to find;
His clear and searching preaching
They thought the very kind;
And all went smooth and pleasant
Until they heard the views
Of some influential sinners,
Who rent the highest pews.

On these his pungent dealing
Made but a sorry hit;
The coat of gospel teaching
Was quite too tight a fit.
Of course his fate was settled—
Attend ye parsons all,
And preach to please the sinners,
If you would get a call.

Next came a spruce young dandy,
Who wore his hair too long;
Another's coat was shabby,
And his voice not over strong:
And one New Haven student
Was worse than all of those—
We couldn't hear his sermon,
For thinking of his nose!

Then wearying of candidates,
We looked the country through,
'Mid doctors and professors,
To find one that would do.
And after much discussion
On who should bear the ark,
With tolerable agreements,
We fixed on Dr. Parke.

Here then we thought it settled,
But were amazed to find
Our flattering invitation
Respectfully declined.
We turned to Dr. Hopkins
To help us in the march,
Who strangely thought that College
Had claims above our church."

Next we dispatched committers,
By twos and threes, to urge
The labors for a Sabbath
Of the Rev. Shallow Splurge.
He came—a marked sensation
(So wonderful his style.)
Followed the creaking of his boots
As he passed along the aisle.

His tones were so affecting,
His gesture so divine,
A lady fainted in the hymn,
Before the second line:
And on the second day he gave us,
In accents clear and loud,
The greatest prayer ever addressed
To an enlightened crowd.

He preached a double sermon,
And gave us angel's food,
On such a lovely topic—
"The joys of solitude."
All full of sweet descriptions,
Of flowers, and pearly streams,
Of warbling birds and moonlit groves,
And golden sunset beams.

Of faith, and true repentance,
He nothing bad to say:
He rounded all the corners,
And smoothed the rugged way;
Managed with great adroitness
To entertain and please,
And leave the sinner's conscience
Completely at its ease.

Six hundred is the salary,
We gave in former days;
We thought it very liberal,
And found it hard to raise;
But when we took the paper,
We had no need to urge,
To raise a cool two thousand
For the Rev. Shallow Splurge.

In vain were all our efforts—
We had no chance at all—
We found then city churches
Had given him a call;
And he, in prayerful waiting,
Was keeping all in tow;
But where they bid the highest
'Twas whispered he would go.

And now, good Christian brothers,
We ask your earnest prayers,
That God would send a Shepherd,
To guide our church affairs,
With this clear understanding,
A man to meet our views
Must preach to please the sinners,
And fill the vacant pews.

—*Boston Transcript.*

As we have said scores of times, the J. Monroe Taylor Gold Medal Soap is, without exception, the nicest and best soap made; is the only kind that can be called a perfectly pure article, and goes nearly three times as far as any other soap, and will always turn out whiter and nicer clothes than washing with any other article. Try it, and you will find what we say is true. 50

MARRIAGES.

In Ipswich, Mass, Feb. 13th, by Rev. Mr. Collyer, Mr. THOMAS B. JOHNSON to MRS ELIZA SINGLARS, both of this city.

DEATHS.

KITCHEN FURNISHING GOODS

Bought wholly for cash, is offered to the public

—at—

THE LOWEST CASH PRICES!

WHAT IS A
FRENCH ROLL PAN?

IS A QUESTION OFTEN ASKED.

It is simply a nicely made

IRON PAN,

Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very

QUICK AND LIGHT BAKE.

For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are

Invaluable.

IN these days of high prices, it is worth while to

ECONOMISE

in any way. We give below a receipt for making a Cheap, Wholesome, and

PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S
Spring Roll and Cog Wheel
WASHING AND WRINGING
MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all save an immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by
E. A. STEVENS,
46 Market Street.

CORN SHELLERS.

RICKER'S PATENT.

WILL SHELL ANY SIZED EAR;

Petroleum!

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
[99 STATE STREET,
BOSTON,
Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks,

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known, not even excepting the

Silver Mines of Mexico and So. America.

The cost of obtaining this Oil is so comparatively small that

A single Well producing only 10 Barrels per Day

will yield an income, over all expenses, of more than

$25,000 PER ANNUM.

Many wells are now yielding from 25 to 75, and several have reached over 1000 Barrels, while one, (the Noble Well, on Oil Creek, Penn.,) has yielded no less than

3000 Barrels per Day,
Worth $30,000 at the Wells.

The undersigned are Regular Agents for the principal Petroleum Companies of Boston, New York and Philadelphia, and having no more interest in one than another, persons desiring information can rely upon receiving an unbiassed account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies now being organized in this city, viz:—

BOSTON
PETROLEUM OIL COMPANY.
Capital, - - - $300,000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH RUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.

DIRECTORS.

C. S WHITEHOUSE,	J. W. PARMENTER.
CHARLES SMITH,	JOHNSON BEAN.
JAMES F. BRIDGE,	GEO. E. SMITH.

Books for Subscription are open at our office. Only 8000 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

THE
NEW ENGLAND
PETROLEUM COMPANY,

Whose Lands are now yielding a net profit of $1450 daily, or more than

$40,000 per Month,

equal to over 8 per cent. per month on their capital; and that yield is steadily advancing on the increase. Whoever invests in this property will be richly rewarded. Those connected with it are of the highest standing.

CAPITAL STOCK, $450,000.
NUMBER OF SHARES, 890,000.
SUBSCRIPTION PRICE, $5.00.
WORKING CAPITAL, $25,000.
PRESIDENT—E. C. BATES, ESQ.
TREASURER—JAMES H. CLAPP, ESQ.

DIRECTORS.

Franklin Haven, Jr.,	R. W. Sears,
William Lincoln,	F. E. Smith,
D. M. Yeomons,	J. H. Clapp,
	E. C. Bates.

Subscription Books are still open at our office for a limited number of Shares, which can be secured by prompt application.

The inducements to invest which are offered by the properties of this Company, and the well-known character of its managers, fully entitle the confidence of the public.

THE
BOSTON & VENANGO
PETROLEUM COMPANY,

we offer as "A No. 1." Although not producing at present, the prospect at least equals that of the Columbia Oil Company, of Pittsburgh, at the time of its organization, which has paid on an original subscription of $2000 a net profit of $54,500 in two years, and continues to pay in the same ratio.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

F. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

TRUE W. JONES,
61 Market Street, 61

—DEALER IN—

STOVES,
KITCHEN FURNISHING GOODS,
FARMING TOOLS, &c.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Gleaves, Esq., Albert H. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

Portsmouth, Jan. 1, 1864.

Important to the Addicted.

DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since the first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath all the treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Painful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much feared; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will, be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow does not keep the French Capotes, warranted the best preventive. Order by mail. Three for $2 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So certainly certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and delicate diseases of every name and nature, having by his unwearied attention and extraordinary success acquired a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppression of all kinds; also, all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office Hours from 8 A. M. to 9 P. M.

Boston, July 16, 1864. 7ThSly

DR. M. BRISCOE still continues his successful treatment for all Private Diseases and Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you pain of subsequent regret.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Nice Butter.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm. Improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

DR. W. R. MERWIN & CO.'S COLUMN

FOR THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!
CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

Sold by all respectable druggists.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these; those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors:

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in saying to inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Board of Commissioner of Patents. R. H. EDDY.

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so bad as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, and Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEET'S PANACEA, and several bottles of his Humor Wafers, which effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full course effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
"I have for several years been afflicted with dizzness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I CHESLEY, *Lee, May 31, 1841.*
DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 1 High street, Portsmouth, N. H. promptly attended to. may26

THE VERNATELLA
LIQUID BLACKING
Gives to the Leather not only a
Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and the superior polish which it gives over other kinds, has heretofore been in a great measure counterbalanced by its disagreeable vinegar odor and the trouble of fitting something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELIGHTFUL PERFUME, which remains with the leather as long as the blacking lasts, and each bottle has a stick ready fitted in the stopper. The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Cahoon Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.
WYMAN & TYLER, AGENTS,
82 Water St., Boston, Mass.
The Vernatella,
For making the Soles of Boots and Shoes water proof and wear longer, is also for sale as above.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Mills and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of these terrible diseases.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Hay. Pp. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER, will remain the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 5 P.M.
N.B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N.B.—No students or boys employed. Notice this, address all letters to

Portsmouth, N. H.

FRIDAY, FEBRUARY 17, 1865.

THE REBELLION.

The N. Y. World's Washington dispatch reiterates the former statement that the rebels will soon evacuate Richmond and the entire Atlantic coast and fall back into the interior. Also that the rebels are making preparations for an overwhelming attack upon Sherman. And also that Lee and Beauregard are to have two grand armies for future operations.

The World's Hilton Head correspondence of the 8th, says Sherman's army in its advance meets with scarcely any resistance and that his troops cover an area of territory 40 miles in width. For several days preceding the 8th inst. they had been engaged destroying the railroads, the object seeming to be to isolate Branchville, Augusta and Charleston from all possible aid or reinforcements in order to capture the garrison of each city.

Gen. Thomas's cavalry, under Gen. Smith, have began to go down the Tennessee river, bound to Alabama.

Sanders the rebel emissary, is testifying in the Court at Montreal, in the raider's case; Cameron, the messenger from Richmond, arrived Sunday afternoon, with documents proving the belligerency of the raiders. He was delayed by ice in the Potomac. Two others in his company were drowned.

The Herald's correspondence represents military matters on both sides of the James river as again quiet. The army holds its newly acquired ground, protected by strong earthworks. Desertions from the rebel armies continue to be frequent.

The Boston Herald's special dispatch dispatch from Washington Wednesday, says:

Major C. J. Strolband, Chief of Artillery of Gen. Logan's corps, arrived here tonight direct from South Carolina. When he left, Gen. Sherman was ten miles from Branchville and marching on. He had overcome all the obstacles in his way, and had a clear track before him, with a fair prospect of capturing a large number of prisoners. Major Strolband believes Charleston has fallen before this time.

Steamer Arago has arrived at New York, from Port Royal 11th; among the passengers are Gen. Foster and family, Samuel W. Mason and others. On the evening of the 11th, off Charleston, saw and heard very sharp firing.

Gen. Terry and Admiral Porter threatened Wilmington on Saturday morning. Our troops advanced from Fort Fisher. The colored troops under Payne led the advance. The rebels were driven into the main works and we gained a few miles more in ground. The rebels lost 100 prisoners. Union loss 60 or 70. Admiral Porter cooperated, and gave Fort Anderson a most vigorous shelling, which was but feebly responded to.

Additional evidence of the evacuation of Mobile has been received by the Frankfort transport Continental. It was evacuated on the 14th of Jan. Orders were given to fire the city and some 15000 bales of cotton on the appearance of the Yankees, but the order will not be obeyed.

Advices from the South state that our forces have made a lodgment within 2 miles of Charleston, and Gen. Howard is advancing along the Savannah railroad. He has captured a strong line of works on the Salkehatchie, and his right wing was moving on the interior. The Edisto river had been crossed by Slocum; Orangeburg and Branchville flanked. Beauregard and the remnant of Hardee's army is said to be opposing Sherman, and possibly the remnant of Hood's army also.

Richmond papers of [illegible] tha Sherman's cavalry are probably operating on the railroad from Charleston via Raleigh and Wilmington, thus cutting the last line of communication between Virginia and the South.

The Governor of South Carolina makes a frantic appeal for soldiers. He says South Carolinians must fight or leave the State.

Union meetings are being held throughout Georgia. Gov. Brown is urged to call a Convention for the restoration of the State to the Union.

There is nothing new from the army of the Potomac. No fears are entertained of any attack Lee may make.

— The Boston Post's Washington dispatch of Wednesday says:

Government has information that telegraphic communication between Charleston and Richmond has been cut off by Sherman's cavalry operating on the road to Raleigh.

General Fry has perplexed inquirers about the draft to-day, by stating that it is not postponed, but will not be proceeded with where recruiting is going on briskly. Some difficulties in measuring the force of the term "briskly" have begun, especially in this District, which General Fry declares shall be drafted immediately.

— The troops are being rapidly paid off. The sale of 7-30 notes is so rapid that the Treasury will soon be able to square its accounts.

— 3000 Union paroled prisoners are expected to arrive at Annapolis next week.

NEW HAMPSHIRE ITEMS.

—— Afrer all the talk and reiterations of the reduction of our State quota, the Concord Monitor (Gov. Gilmore's organ) of Wednesday, says: "The statement made in Governor Gilmore's letter of a few days since, that not a single official in this city, either State or National, had as yet received the slightest intimation (from any legitimate and reliable source) of a reduction of the quota, is still true. Capt. Silvey and Maj. Whittlesey have both received instructions to prepare for an immediate enforcement of the draft, and are making the necessary preparations, on the basis of a quota of 2072 men. We hope the draft may be postponed. It ought to be, in justice to the people of New Hampshire, who have but so lately learned the large number of men which it will take from their midst. We hope the quota may be reduced, for we think it excessive. But we cherish this hope *pro bono populi*, and not *pro bono* politicians."

—— In relation to the dispute about our reduced quota, the Rochester Courier says:

"We happen to know something of the facts referred to. Gen. Marston had nothing to do with the matter, but was absent when the consultation with the Provost Marshal at Washington was held by Messrs. Smyth, Rollins, Patterson and Ordway.—At the same time the agent of this State was sick and unable to leave his room in Washington, which may account for his not being consulted.

—— Mr Samuel M. Wheeler of Dover,—the leading candidate as rival to Gen. Marston, in the convention which nominated the latter,— has published a letter in the Dover Inquirer, which shows he had no heart in the new opposition movement, and in which he says:

I am in no way connected with, or responsible for, any movement in opposition to any candidate of the Union party, but shall labor as earnestly I am able for the entire ticket.

—— Justin Spear seized at Hooksett, Tuesday morning, a box of cotton cloth stolen from the Langdon Mills in Manchester, and directed to Brush's Mills, New York. Three complaints were issued against Mary Allen, wife of Wm. O. Allen, living in Manchester, for stealing these goods, to all of which she plead guilty. The amount of fines and money paid over to the company, for which she was sentenced at the Police Court, was $101.89, which she paid. W. O. Allen was held in the sum of $200 for his appearance at the Court at Amherst, to be tried for receiving and concealing stolen goods. The parties came to Manchester from Hooksett. Upwards of 2100 yards of goods stolen from the mills have been recently found by Mr. Spear, and he is still on the track of others. He was nearly 6 months in scenting out some of the female pilferers.

—— The Monitor says Co. G. 18th N. H. Regiment, left Concord Wednesday morning for City Point, in command of Capt. W. G. C. Kimball. The company is composed, like those which have preceded it, of first-rate men, recruited almost entirely, when no call was pending.——50 or 60 men have already been secured for Co. H. 18th Regiment, Capt. Leonard.

—— After the plea that "neither custom nor propriety demanded" a letter of acceptance from Mr. Harrington,— the Manchester Union contains a "formal letter" from that gentleman accepting the nomination, and adding several planks to the platform, such as peace, State rights and the Democratic *construction* of the constitution.

——Of thirty-two army officers whose dismissal is promulgated this week, the following are from this state. Lieutenant Wm. P. Williams, 10th New Hampshire, for desertion; Lieutenants George W. Nixon and Henry A. Flint, 2d New Hampshire, for drunkenness and disobedience of orders.

—— Wednesday morning, Geo. A Tupper, of the 1st Battery, N. H. V., while on his way from Portsmouth to Concord with a squad of recruits, stepped from the train at Auburn; and when it was about starting again, attempted to step on board. His foot slipped, bringing him between the platform and the cars; he was turned over and over, when his bayonet getting caught, suddenly jerked him directly under the train. After the passage of the train he was taken up uninjured, but is liable to be rather sore from rough usage.

—— 76 sick or wounded soldiers have arrived at the U. S. hospital in Manchester, from Fortress Monroe. Also Lt. S. D. Mitchell, 10th regiment, who was severely wounded several months ago, has returned to his house in Manchester, within a day or two.

—— The Town Hall in Danville (which is an old fashioned meeting-house, was visited a few nights since by a party of raiders, who tore out the ancient pews and completely demolished them. The perpetrators of the outrage are unknown.

—— On Thursday evening, Feb. 2d, the mixing mill at the Eureka powder works, in New Durham, blew up, and David Gilman of Alton, was severely injured.

—— MAJOR FOLSOM. — A telegraphic dispatch was received from Senator Hale on Monday, stating that the President had issued an order for the release of Paymaster Folsom.

NEW HAMPSHIRE ITEMS.

—— We learn from the Statesman that Col. A. F. Stevens, of the 13th N. H., was brevetted Brig. Gen. the 8th of Dec., for gallant conduct throughout the Virginia campaign, and especially for conspicuous bravery at the head of his brigade in the capture of Fort Harrison. The effects of Gen. Stevens' wounds are so serious and so likely to be lasting, that he has been honorably discharged the service for physical disability. His discharge to date from Feb. 5th, 1865.

—— At a meeting of the Alumni of Dartmouth College in Boston and vicinity, held at the Parker House Friday evening, to take into consideration the interests of the institution, a constitution for an "Association of Dartmouth Alumni of Boston and vicicity," was discussed and unanimously adopted.

—— Mr. Weare D. Tilton, of Hampton Falls, raised and carried to Newburyport, a porker said be the finest specimen of the swinish multitude that has been in that market this year. He was killed at 20 months old, and weighs 627 pounds, which gives a steady growth of more than a pound a day, which is seldom obtained. He brought 23 cents a pound, or in the aggregate $144.21. He was a cross of the Chester and Suffolk breeds.

—— The Statesman says "four farmers gathered last autumn, upon their several places, chestnuts which were sold for $400. This is a portion of New Hampshire which formerly abounded with chestnut trees; but since that wood has been brought into use—first for railroad sleepers, and after that to be wrought into handsome household furniture, and ornamental finish of domestic dwellings, churches, and other public edifices—the supply has been essentially lessened. But there is, we are informed, a great inducement, not merely to spare those trees now in process of rapid growth, but to set out forests of them, as trees which, for their fruit, are becoming of much value. The price of chestnuts has been upon an ascending scale for many years, with no prospect of decline. Whether the tree is indigenous to the all the woodland soil of New Hampshire we are unable to say. That it is so to the forests of Concord and adjacent towns, has been obvious to all travellers hereabout at the season when the tree puts forth its tassels." No, the chestnut does not grow in this vicinity; but we have all our life wondered why people don't set them out, in forests, groves gardens and streets, instead of the horrid horse-chestnut and other trees not more beautiful certainly than the chestnut, and of no value for timber or fruit.

LONDON ITEMS, by the steamer City of Dublin.—The capture of Fort Fisher added materially to the depression among Southern sympathizers, while the friends of the North were correspondingly elated. Federal securities improved 1 1-2 a 2 per cent., while there was a corresponding fall in the rebel loan. Reiterated peace rumors caused a further decline in the Liverpool and Manchester markets, but there was a better feeling in Liverpool at the close. It is generally supposed that the fall of Fort Fisher closes Wilmington to blockade runners, and will deprive the South of foreign supplies.

The Times says the policy of the North is evidently to isolate the rebels as the first necessity for the successful termination of the war.

Mr. Adams had a long interview with Earl Russell on the 28th ult., and the fact, at the present juncture attracts comment.

Stormy weather continues along the English coast. Numerous additional wrecks are reported. No Americans.

Surrey Theatre, London, was burnt during a performance. The audience escaped without loss of life.

— An officer in the Army of the James writes:

"There is great excitement among the rebels about peace movements, and if nothing comes of it, deserters all say they will be coming over by companies when an opportunity offers. The difference in appearance from those deserting in 1861-2 is most striking. Their army was then made up of young, saucy fire-eating devils; now they are the dirtiest, most discouraged, broken-down old men and boys I ever saw."

— The Wilmington Journal says that our gunboats have been firing at Fort Anderson, below the city, "with a devilish deliberation but infernal accuracy, nearly every shell falling within the work or striking the parapet."

— Mr. John Varden, for more than a quarter of a century janitor at the National Museum, formerly located in the Patent Office, and latterly at the Smithsonian Institute, died on Friday morning, after a severe illness, contracted by his efforts to preserve the property under his charge during the late fire at the Smithsonian Institute.

—A very dangerous fifty cent counterfeit note is in circulation. Good judges are unable to detect the difference without close examination. The paper is somewhat thinner, and is probably the best test to try them.

GOLD, Thursday, 203 1-2. Markets dull, without much change in prices.

OLD FOLKS' CHOIR.

All members, and others interested in the old music, and Singers and Players generally, are invited to meet

AT MERCANTILE HALL,

On SUNDAY EVENING, February 19, at 7 o'clock,

for a Social Sing. FRANK W. MILLER.

☞ Those having copies of "The Continental Harmony" will please bring them.

Portsmouth Music Society.

The undersigned cordially invite all Singers in the city and vicinity,—ladies and gentlemen—who feel an interest in Music, and are willing to assist in forming a MUSICAL ASSOCIATION, to meet

AT MERCANTILE HALL,

On WEDNESDAY Evening, Feb. 22d,

at half-past 7 o'clock,

to consider the matter, and to SING.

At the preliminary Meeting, on Wednesday evening last, it was decided to adopt the "Continental Harmony" for partial present use—copies of which will be furnished all for use at the Hall. Also to procure the Sacred and Secular Collection, "The Chorus Wreath," which may be had at Mr. HEAD'S Bookstore.

OIL LANDS.

Petroleum Land Company,

180 BROADWAY, NEW YORK,

Have valuable oil territory for sale to companies or individuals, at lowest rates. This Company employs experienced men at the oil regions, who furnish them daily with most valuable interests. Enterprising parties, who can command capital, have a rare opportunity to make their fortunes in the development of these wonderful lands.

Schedules of property sent by mail on application.

NELSON CROSS.
GEO. B. LINCOLN.
CLINTON MARKELL.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the

FIRST NATIONAL BANK, Portsmouth.
NATIONAL MECHANICS & TRADERS BANK, Portsmouth. 3moodawfeb13

7 3/10 Loan.

THE FIRST NATIONAL BANK, of Portsmouth, Market Square, are the autorized Agents of the Government for the sale of the 7 3-10 BONDS. SAMUEL LORD,

feb15—1m Cashier.

Of the denominations of 50, 100 and 500 DOLLARS, are ready for delivery at the National Mechanics & Traders Bank.

JAMES F. SHORES, Cashier.

October 21, 1864.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,700 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,375,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $38,000 per day, or $11,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing, 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $5.50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,

Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Porcupine, and Redfield Petroleum Companies embrace two and one-half miles frontage on Allegheny River—embracing about 8,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; it has been sold since at $250 per share.—One gentleman who had 2000 shares, which cost him $6000, was offered $460,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for the Company, and would cheerfully recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A GOOD INVESTMENT.—On looking over the book of the President Petroleum Co., we see that Prof Agassiz of Harvard University, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. We would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done."

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 15th of February the Subscription Price of this Stock will positively be advanced to $10 per Share, instead of $5—if any remains.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

CARTER'S

CLARIFIED MOLASSES CANDY!

Local.

☞ Gen. Gantt of Arkansas, will lecture in the Temple, this (Friday) evening, at 7 o'clock; subject, "the end approaches."

THE LYCEUM.—The Readings by Miss Shaw, Tuesday evening, were very creditable, and highly enjoyed by the large and appreciative audience.—Mr. Pemberton's recitations of patriotic pieces, were very well given and received.—The Band played splendidly, as usual; we thought even better than usual—they are an honor to the city.

Prof. Patterson, who was engaged to close the course, finds his Congressional engagements will oblige him to postpone appearing thus before his Portsmouth friends till another year. Gen. Butler, who had also been invited, telegraphed on Thursday that it would be impossible for him to do so.

☞ Mr. Frank Shores, of this city, froze his feet so badly, one of the recent cold days, that he has had to suffer amputation of one—which operation was performed by Dr. Treadwell.

☞ Miss Isabella Gillasky, the missing girl, has been found, and returned to her place. She had gone to the City Farm, and asked to be taken in there.

☞ The schooner Emeline G. Sawyer has been got off the rocks at Wood Island, and will be repaired in this city—her damages amounting perhaps to $3000 or so.

DESERTER. — A soldier by the name of Ivory H. Staples, of the 32d Maine Regiment, who deserted from the "Lowell" General Hospital at Portsmouth Grove, R. I. the 27th of July, 1864, having cautiously joined a detachment of soldiers en route for Augusta, Maine, without being discovered — was arrested Wednesday morning about 1 o'clock, in a house in Eliot, Maine, by Special Detectives Kent and Adams of the Provost Marshal's Department. Considerable resistance was made by his friends, and the officers were obliged to force an entrance to the house; and notwithstanding the officers were positively informed that the deserter was not in the house, the man was at last found, rather uncomfortably ensconced under a bed in one of the spare rooms.

☞ Among the American ladies and gentlemen presented to the Emperor of the French, at the Paris Imperial Ball, by Mr. Bigelow, our Charge de Affaires, we notice in the N. Y. Herald's list, Mrs. Dr. Oliver of this city; her dress, a rich lilac satin.—The gallant writer, as in duty bound, adds, that "the American ladies, as they always do, made the best appearance; not only in dress, but in personal charms, bearing off the palm, with their fresh, expressive and beautiful features, and commanding forms." The Emperor is looking finely—the Empress was unwell and not present.

☞ Speaking of a grand Promenade Concert and Dance at the Newburyport City Hall, by the Portsmouth Cornet Band, The Herald says, "The name of the Band is a sufficient guarantee that all will be right. It is needless for us to speak of their music, when our citizens have so often heard them. But they are not alone musicians of the first class, but gentlemen of the first character, which ensures a good concert and a respectable dance. We hope they will receive all the encouragement they deserve."

☞ "Rev. Mr. Hannicut, a native of South Carolina, and for many years a resident of Virginia, is now giving our people in this vicinity, some interesting lectures on the condition of the South and its future prospects. He is a Southern man intensely; and is a Union man in a special manner, because the Union was favorable to the South. He was born in the neighborhood of John C. Calhoun, educated in the University of Virginia, and is in all respects as St. Paul had it, of the 'strictest sect' of the chivalry. Being an editor of a paper in Fredericksburg before the war, with the clearest foresight he told them that secession would be the destruction of their slave property, which it verily is; the ruin of their finances, as it has proved; and as the school funds were mostly in State stocks, the end of their system of education, which it has been.

Speaking from his experience and observation, he tells how terribly desolating the war has been, of which we can form no conception, since scarcely have we felt its burdens. By the simple loss of life in their small and sparse population, it has cut deep and wide gaps, which there has been no increase or immigration to fill. Families have been broken up; villages have disappeared; railroads have become worthless; and in every respect there is utter exhaustion.

To make good the country in peace, he looks to a large migration from the North, as the South will afford opportunities for business, wealth and advancement that no other section will. With that emigration will go new ideas, new states of society, and a perfect revolution which will sweep away the remains of the past and give a new country, at once great and glorious."

☞ Richardson's New York Advertising Agency is informed that when they shall honorably settle accounts now long due us, we may be ready to consider the making of new advertising contracts, for cash only. Meantime, all inquiries and offers will be of no avail. If it was our fault that we were cheated once—aye more than that; it shall *not* be ours if *that* concern gets ahead of us again.

A VERY UNFORTUNATE WOMAN.—A Lynn soldier, named Mills, was taken prisoner a long time since in battle, and so prevented from corresponding with his wife who believed the common reports that he was dead, and permitted the visits of another man under promise of marriage, which was shortly to take place, when, a few weeks ago, the lost soldier returned, preventing the marriage, and finding that his wife had not been true to him, he refused to live with her. Since that the unfortunate woman has given birth to a child, and added crime to her misfortune by dropping it in Boston, for which she has been arrested The child died; the husband repudiates her, her lover can't marry her, and she is in jail besides.

A NEGRO PREACHES IN THE CAPITAL. The usual Sabbath sermon at Washington, Feb. 12th, in the House of Representatives, was preached by the Rev. Highland Garnett, a full-blooded African. The House was well filled by a promiscuous audience among whom were a number of Members. A colored choir opened the services, and Mr. Garnett, taking for his text the fourth verse of the twenty-third chapter of St. Matthew, delivered one of the ablest sermons ever given there. He alluded with considerable feeling to the fact that, when a boy, he was a slave in Maryland, and the earliest music he had heard was the clanking of chains upon his mother, and the crack of his master's whip driving the bands to work.

A comfortable old age is the reward of a well spent youth; therefore, instead of its introducing dismal and melancholy prospects of decay, it should give us hopes of an eternal youth in a better world; but to think of pleasing, when the season of agreeableness is past, is want of discretion; merit of pleasing belongs only to youth. Frequent disappointments of this kind should direct a discreet person to retire in time from the gaieties of life, it being as proper for such to do so, as it for the young, the brisk, the gay, to produce themselves in the world; men are to be pitied who are fond of the world when it is weary of them.—*Palmer's Aphorisms.*

Rather pretty talk this, for a book: but we know *some* old people who are pleasant to their juniors—and of whom the world is not weary. Old people should not affect to be young, unless they wish to be ridiculous: and comparative retirement is desirable in old age, but not isolation. Gaiety *then*, may not be desirable;—but cheerfulness *always* must be. U. T.

BENEFIT OF THE FIRE TELEGRAPH. The great utility of the electric fire alarm was illustrated Tuesday in Boston, when it was instrumental in saving from destruction at least $100,000.

The Adams School house in East Boston caught fire in the flues at the top of the building, which probably would have been totally destroyed had there been a delay of only five minutes in the arrival of the steam engines, the timely presence of which was secured by the prompt alarm given by the fire telegraph.

The alarm telegraph was extended to East Boston last summer at an expense of about $10,000, and has thus in a single instance been worth ten times its cost.—*Trans.*

— The Ways and Means Committee will probably oppose the issue of 7-30 notes below the denomination of $100.

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S Exchange Buildings, Portsmouth. f9tf

Portsmouth Steam Factory.

PORTSMOUTH, N. H., Feb. 16, 1865.

THE AGENT of the Portsmouth Steam Factory acknowledges the receipt of a Parcel and anonymous letter, left at his door last evening; and asks the favor of a personal interview with the writer, assuring her (or him) that it shall be perfectly satisfactory to her (or him) in all respects, and that the forgiveness asked shall be granted freely. 2t—feb17

As we have said scores of times, the J. Monroe Taylor Gold Medal Soap is without exception, the nicest and best soap made; is the only kind that can be called a perfectly pure article, and goes nearly three times as far as any other soap, and will always turn out whiter and nicer clothes than washing with any other article. Try it, and you will find what we say is true. 50

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus.—It is perfectly healthy, will sweeten your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

Weak Lungs and How to Make

Petroleum !

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
99 STATE STREET,
BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known, not even excepting the

Siver Mines of Mexico and So. America.

The cost of obtaining this Oil is so comparatively small that

A single Well producing only 10 Barrels per Day

will yield an income, over all expenses, of more than

$25,000 PER ANNUM.

Many wells are now yielding from 25 to 75, and several have reached over 1000 Barrels, while one, (the Noble Well, on Oil Creek, Penn.,) has yielded no less than

3000 Barrels per Day,
Worth $30,000 at the Wells.

The undersigned are Regular Agents for the principal Petroleum Companies of Boston, New York and Philadelphia, and having no more interest in one than another, persons desiring information can rely upon receiving an unbiassed account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies now being organized in this city, viz:—

BOSTON
PETROLEUM OIL COMPANY.

Capital, - - - $300.000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH RUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.

DIRECTORS.

C. S. WHITEHOUSE, A. W. PARMENTER,
CHARLES SMITH, JOHNSON BEAN,
JAMES F. BRIDGE, GEO. E. SMITH.

Books for Subscription are open at our office. Only 3200 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

THE
NEW ENGLAND
PETROLEUM COMPANY,

Whose Lands are now yielding a net profit of $1430 daily, or more than

$40,000 per Month,

equal to over 8 per cent. per month on their capital; and this yield is steadily on the increase. Whoever invests in this property will be richly rewarded. Those connected with it are of the highest standing.

CAPITAL STOCK, $420,000.
NUMBER OF SHARES, $30,000.
SUBSCRIPTION PRICE, $5.00.
WORKING CAPITAL, $25,000.
PRESIDENT—E. C. BATES, ESQ.
TREASURER—JAMES H. CLAPP, ESQ.

DIRECTORS.

Franklin Haven, Jr.,	R. W. Sears,
William Lincoln,	F. E. Smith,
D. M. Teomons,	J. H. Clapp,
E. C. Bates.	

Subscription Books are still open at our office for a limited number of Shares, which can be secured by prompt application.

The inducements to invest which are offered by the properties of this Company, and the well-known character of its managers, fully entitle the confidence of the public.

THE
BOSTON & VENANGO
PETROLEUM COMPANY,

we offer as "A No. 1." Although not producing at present, the prospect at least equals that of the Columbia Oil Company, of Pittsburgh, at the time of its organization, which has paid on an original subscription of $2000 a net profit of $54,500 in two years, and continues to pay in the same ratio.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

TRUE W. JONES.
61 Market Street, 61

—DEALER IN—

STOVES,
KITCHEN FURNISHING GOODS,
FARMING TOOLS, &c.

THE MAGEE COOKING STOVE,

The subscriber would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and tea-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, more and agreeable,—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cheever, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell. John Sise, and others.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases which require
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. Dow has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed in the most aggravated cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, inflammation of the bladder and urinary organs, Abscesses, Hydrocele, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and have at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Floor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Lodging and accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

CERTAIN CURE
In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M., on diseases of a difficult and chronic character of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the estimation of the afflicted than DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1860.—eodly.

HIGHLY IMPORTANT TO UNFORTUNATE FEMALES!

DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to female. He continues, with his usual success, to medically and speedily remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE by letter, describing the case, and have the medicine securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. 7ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The poor and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth, the trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

LUNT,
DRY GOODS
19
MARKET STREET,
PORTSMOUTH.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

FOR THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

SPECIE—GOLD GAMBLERS—HIGH PRICES.—The gold premium in the New York market has been reduced about 50 cents, and now there is a frequent daily fluctuation from about $2 to $2.12. Why this reduction and why this daily vibration? Can any good reason be assigned? New York is the grand emporium of trade in the United States. There is immense wealth there, and the N. Y. speculators and gold gamblers have been but too successful in their artful schemes, to depreciate the national paper currency, in order to increase their wealth, to the injury of their country. They have their agents abroad to purchase various commodities and the necessaries of life, and, holding the same until there is a scarcity in the market, vend the same at their own prices. They export such goods as yield them a greater profit than they can get in our home markets. Their example is followed by speculators, in other parts of the country. But the New York current of gold and merchandise is held to be the standard in the loyal States. The public ought not to be imposed upon by such unprincipled speculators. The present exorbitant price of provisions would seem to indicate that we are in danger of a famine, although it is well known that there is an abundance, and no scarcity of the necessaries of life.

We think it is very clear that the high price of provision is owing to the high specie premium. We then inquire why a specie dollar is worth two dollars of the national paper currency? We contend that it is not; and that the latter, if redeemable in specie, is equivalent to the former, with the following exceptions. The metallic currency has an intrinsic value for manufacturing purposes,—it is requisite to pay the duties on imports. When the balance of trade is against us, that balance is payable in specie. But we say that we ought not to *import* more than we *export*, and then the metallic currency would not flow to foreign countries. We also say that the payment of a hundred millions of duties, annually, together with over two hundred millions of internal revenue, makes a safe basis for the ultimate redemption of the paper currency.

If these positions are incorrect, we would thank some able financiers to refute the same, for we aim at the truth, and nothing but the truth. It is conceded that the metallic currency is the standard of value, and that, therefore, a paper currency not redeemable in specie, ought not to be at par. But it will be admitted that in past years, the bills of sound State banks in circulation, have been deemed to be equivalent to specie, and more convenient for migration. Now why is it that a large proportion of the local banks have ceased to issue their own bills, and prefer to deal in the national currency, by being converted into national banks? Is it not because they prefer the national currency, as being perfectly safe, and of uniform value throughout the country? Why should they make the exchange, had they not entire confidence that the national paper currency is safe, and ultimately will be redeemed in specie, or what will be of equal value? We need not go into particulars, but merely add that all the property of all the people of the loyal States is virtually pledged by law, for its redemption.

The gamblers have attempted to create a panic, and shake the public confidence in the currency, by their idle predictions that the rebellion cannot be subdued, and that such is the vast amount of the government issues that it never will be redeemed. While they may deceive the ignorant, they may stultify themselves, and by keeping up the high gold premium, may be involved in ruinous consequences, and *deserve it too*. It will be noticed that every victory our gallant troops obtain in the field tends to reduce the gold premium. With the restoration of peace, specie, (of which there is in the loyal States kept out of circulation, between two or three hundred millions,) will have a small premium, and by its reduction, the present high prices will be reduced, and the specie again be put in circulation. THE VERNATELLA
LIQUID BLACKING
Gives to the Leather not only a
Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and Independent polish which it gives over other kinds, has heretofore been in a great measure counterbalanced by its disagreeable vinegar odor and the trouble of fitting something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELICIOUSLY PERFUME, which remains with the leather as long as the blacking lasts, and each bottle has a stick ready fitted in the stopper. The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Cahoon Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.
WYMAN & TYLER, AGENTS,
82 Water St., Boston, Mass.
The Vernatella,
For making the Soles of Boots and Shoes water proof and wear longer, is also for sale as above.

QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of the married life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold in one year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, containing hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vicholi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Portsmouth, N. H.

SATURDAY, FEBRUARY 18, 1865.

THE REBELLION.

Richmond papers of the 14th, show that the question of arming the slaves has been temporarily laid aside for the present.

In the course of a debate in the rebel Congress, the fact was elicited that it was utterly impossible to pay the rebel army.

It appears from all the Richmond papers can gather, that Sherman is moving one column of his army through the heart of South Carolina, and demonstrating on Augusta and Charleston at the same time.

Richmond papers of the 15th indicate that Sherman's advanced cavalry is actually as far north as Florence, the second important railroad junction on the borders of North Carolina. They also announce that all telegraphic and railroad communication with Charleston is destroyed, thus showing that Sherman's left column must have struck the northeastern railroad running from Florence to Charleston.

The rebel papers suggest that the proposal to conscript negroes having failed they now have a scheme of calling on them to volunteer.

The papers also have accounts of rebel military movements in North Carolina, and of preparations to oppose Sherman. A large attack was made on the night of the 11th on battery Tompkins, Charleston harbor, but was repulsed. The Richmond Dispatch reports the landing of 20,000 Federals at Newbern, and believes the object is an immediate advance on Raleigh or upon the railroad lines. Gen. Grant visited Newbern Wednesday.

The Dispatch of the 14th says, all communication with Charleston and Augusta is cut off, and nothing is known of the situation of those places.

The Enquirer of the 14th says, Grant appears to be preparing to push forward his lines further, having by his recent movement advanced them three miles west of Petersburg.

Richmond papers of the 18th say Sherman's cavalry had reached the Northeastern railroad and severed the last link between Richmond and Charleston. His troops are also believed to be near Florence.

The rebel papers admit that the old flag is expected to float over Charleston, Augusta, Columbia and Raleigh, and many of the people in South Carolina wish for peace, and will stay in their places, and receive U. S. protection for person and property.

Late news from Kirby Smith's army says his troops are very much scattered for the purpose of obtaining food and forage, and that it would be impossible for him to concentrate any force during the present season. Price is reported to have gone to Mexico on an important mission.

Late New Orleans advices report that the Mexican General Majah, commanding at Matamoras, has entered into arrangements with the rebels that all Texan refugees be returned and immediately conscripted. Majah claims to be acting under Maximilian's orders. Gen. Canby is said to have sent word to Majah that he will retaliate by taking and holding Mexican officers as hostages for every refugee returned to the rebels.

— Florence, said to be reached by Sherman's advanced cavalry, is in the Darlington district of South Carolina, about thirty-five miles from the North Carolina border. It is the point of junction of three railroad lines—the Northeastern, the Wilmington & Manchester, and the Cheraw & Darlington.

— The returned prisoners, upon their arrival at Aiken's Landing, broke into a shop, and finding a half barrel of lard, devoured it eagerly. Salt beef and pork were given to them, and eaten raw, and uncooked corn and beans were partaken of as if they were luxuries.

— The War Department has advices from the South that placards have recently been posted in many of the most important towns, calling on people to contribute food for the use of the army.

GOLD, Friday, 203 1-2 to 204. Speculators who had been buying for two days at current rates, tried hard to put it up 5 or 6 per cent. but it would not rise more than to 205, and soon fell back to 204.

— Jean Norwood and J. Staley, of Florida, who have been confined a few weeks in Fort Warren as prisoners of war, were discharged on parole, on Sunday.

— The blockade runners Flamingo and Denbigh started from Havana for Galveston on the 1st, but returned, not daring to go in.

— The average number of New England sick and wounded soldiers in the vicinity of Philadelphia is about 3000.

— The Andover students after a long discussion, have come to the decision that "total abstinence" is a scriptural doctrine.

— Fifteen States have approved the Constitutional amendment.

NOTES OF FORMER DAYS.

Collected and Collated by UNCLE TOBY.

Lightning—Sandemanian Meeting House—Universalist do.—Independent Church—N. H. Mercury—Stamp Act, 1764.

In July, 1764 two persons from Chester, one named Shirla, the other Wilson, came to Portsmouth on business. On their return, just above the pound, Shirla was leading his horse, on which he had a quantity of fish, and Wilson was walking by the side of him, with his hand on the fish to support it. A thick black cloud suddenly arose in the west, from which a flash of lightning issued, and instantly killed Shirla and his horse; Wilson also was struck to the ground and stunned, but recovered soon after without being materially injured.

About the year 1764 Mr. Robert Sandeman came to this country and propagated his peculiar tenets in religion. Several small societies were formed in different parts of the country, which were called by his name, and thus a new sect or denomination of Christians arose. A society of Sandemanians was established in this town, and erected a building for public worship on a rise of ground in Pleasant street. The Universalists bought the house, when they became too numerous to meet in the school room—and the Sandemanians worshipped in the Brick School House in Buck street, now State street.

Finally Colonel Thompson purchased the lot on which the old house stood, and built a house there, which is now owned by Mr. M. H. Wentworth, and is greatly improved, making a fine residence. The Universalists, when they left the old house, entered their new one, on Vaughan street, which was afterwards the Methodist Meeting-house, then the theatre, then the Camencum, then a bowling alley, &c.; —and now a stable.

This may be as good a place as any, to introduced some notes of the Independent Church, from Mr. Alden's Account.

In 1757, a number of persons, of both sexes, withdrew from the congregational churches in this town. They stated that, in their opinion, the Cambridge platform for discipline and the New England confession of faith for doctrine ought to be followed, as being agreeable to God's word, and established by authority.

In 1758, the foundation of a third congregational church was laid, and in November, 1760, land was purchased for building a meeting house, which was so far completed as to be opened by the 17th of May, 1761. The principal people concerned in the formation of this society were Joseph Cotton, John Elliot, Abraham Elliot, Perkins Ayers, Ebenezer Joss, of the church, and Benjamin Mackay of the congregation. The church was embodied 14th October, 1758, being assisted by the reverend messieurs John Palmer and Paul Parks, the former of whom occasionally visited this new church and administered the ordinances till the time of Mr. Drown's settlement.

Reverend Samuel Drown, a native of Bristol, Rhode Island, was ordained 24 November, 1761, by Rev. Alexander Miller of Plainfield, Paul Parks of Preston, and John Palmer of Windham, Connecticut. He was principally distinguished by honest sincerity and zeal in the Redeemer's cause. He was beloved by his people, and labored among them in the work of the ministry till his death, which took place in his 50th year, 17th January, 1770. The baptisms in this church, at the time of his decease, had amounted to eighty-one, and the communicants to seventy-six. Of these, sixteen were received in 1764.

After the death of Mr. Drown, Reverend Joseph Marshall of Canterbury, Connecticut, had an invitation to become his successor; but he declined on account of some domestic afflictions.

Towards the latter part of the year 1764 Thomas Feiber, who had served his apprenticeship with Daniel Fowle, commenced publishing another weekly paper, entitled "The New Hampshire Mercury and Weekly Advertiser." He received assistance from some of the zealous whigs, who thought the printers of the New Hampshire Gazette too timid in the cause of liberty, or their press too much under the influence of the officers of Government.

The British government passed an act imposing duties on certain articles imported into the American colonies. This was pretended to be for the purpose of regulating trade; a power they had always claimed a right to exercise; it was therefore submitted to without much opposition. Many viewed it as an attempt to tax the colonies without their consent, which was considered as a violation of the British constitution. The stamp act excited general alarm. It required stamped paper to be used in all legal and mercantile transactions. The paper was stamped in England, and sent over to agents here, to be disposed of as occasion required. All disputes and controversies arising under this act, were to be decided in a court of Admiralty, by a single judge, without the intervention of a jury.

The intention of the ministry to raise a revenue in this country, became very evident, and several of the colonies remonstrated against these laws as oppressive, and unjust.

The stamp act met with some opposition in Parliament. Several distinguished members displayed their eloquence on the occasion. Colonel Barre, who was well acquainted in this country, predicted that the Americans would oppose the act, and in his speech styled them "Sons of Liberty." Those who opposed the arbitrary measures of the British government, assumed this name.

— The oldest newspaper in the world is the Caledonian Mercury, published at Edinburgh, Scotland. It was established in 1660, and has been issued weekly ever since.

NEW HAMPSHIRE ITEMS.

THE QUOTA OF NEW HAMPSHIRE.—Capt. Silvey at Concord has received a dispatch from Provost Marshal Fry, directing him to set aside from the quota of New Hampshire, for the present, 1268; and that, until further orders, the State will be required to furnish 804 men, as follows: 1st district, 278; 2d district, 144; 3d district, 382. All credits since Jan. 1 to be deducted from the above.

—— M. V. B. Richardson, late Lieutenant in the 4th, N. H. V., having served his three years and three months—and also being the first man from Manchester to enroll his name under the call of the President for 75,000 men—has been appointed Captain in Hancock's corps of Veterans, and will open a recruiting office for that corps at an early day.

—— On Thursday evening last week, when no one was present, a kerosene lamp exploded in the counting room of Mr. Chas. D. Towle, Exeter, connected with his extensive livery stable by a covered shed. The fluid of course took fire, and a young man coming into the yard discovered the office in a blaze, and gave an alarm which brought out assistance to extinguish the flames.

—— Mr. Truesdale, of Kensington, on Monday, killed at Grassy Brook, a Wild-cat, by the aid of his dog. The animal attacked the dog and had him down, when Mr. T. approached with a shovel and inflicted a blow on the head of the "varmint" which turned him over, when the dog seized him by the throat, and he was soon despatched. The animal measured three feet and two inches from the nose to the end of the tail, but had evidently fared hard recently, as he was very thin in flesh, weighing but about twenty-five pounds.

—— Of the 67 names signed to the poster calling the Bolters' Convention at Dover,—we have positive assurance that one at least was used without authority—that of a prominent Dover man.

LARCENY AND ARREST OF THIEVES.—On Sunday last the sum of sixty dollars belonging to Mrs. Eliza Elliot of Manchester, was stolen from a pocket book in a drawer. She suspected four young men who had called in, and gave information at the Police Office. They were traced to New Market Junction Monday evening, where three of them left for Boston and one returned to Manchester. Officer Prescott proceeded to Boston, Monday night, and, assisted by Officer Walker, arrested the rogues within 50 minutes after his arrival in Boston. They were brought before Justice Upton on Tuesday, at Manchester, when Patrick Foley was bound over in the sum of $300, for his appearance at a higher court, the evidence showing that he alone took the money and asked the others to share with him. He was committed. Four young rascals, probably the same four, were the "observed of all observers," in the up-train from Portsmouth to Manchester, Saturday evening. They were seedy, sleepy, dirty and lazy; did not look like workmen nor gentlemen.

☞ In Massachusetts, the old militia, substantially as it was thirty-five years ago, is to be revived. That system died loaded with ridicule, and the Newburyport Herald says "we shall be surprised if this proves to be very popular. Nevertheless the organization is to be made. Additional to the independent companies, two militia companies are to be organized in this city. For the three wards above State street, Col. Coffin has called a meeting to be held at City Hall, on Monday evening, for the choice of a captain. In that election all the men between 18 and 45 are voters, though the company to be formed is to be of those between the ages of 18 and 24. There will be some interest to see the militia resurrected, and we anticipate quite a meeting."

A RICH MAN IN DISGUISE.—The Manchester Mirror of Tuesday has this item:

William Conway, an old man known to our people as a scissors-grinder, who resided at the lower end of the city, was reported dead this morning. He was supposed to be entirely destitute, and the City Marshal was called upon to make arrangements for his burial, when a bank-book was discovered among his effects, showing that he had deposits amounting to $3000!

His money may benefit somebody now: but how *could* it benefit a man who never *used* it?

WAYLAID.—Special officers Johnson and Huse, of Capt. Doughty's office, Portland, arrested a deserter in Sanford, Maine, a few days since; and while on their way to Portland with him, were attacked by a number of his friends with pistols, clubs, &c., and the deserter rescued. Messrs. Johnson and Huse are very dangerously injured.

— Judge Darwin Smith, of one of the New York courts, recently instructed a grand jury at Rochester, to investigate charges that the coal dealers had entered into a combination to advance and maintain the price of fuel at exorbitant figures, that they may be indicted, tried and punished.

— Peru settles her difficulty with Spain, by paying three million dollars.

OLD FOLKS' CHOIR.

All members, and others interested in the old music, and Singers and Players generally, are invited to meet

AT MERCANTILE HALL,

On SUNDAY EVENING, February 19, at 7 o'clock,

for a Social Sing. FRANK W. MILLER.

☞ Those having copies of "The Continental Harmony" will please bring them.

Portsmouth Music Society.

The undersigned cordially invite all Singers in the city and vicinity—ladies and gentlemen—who feel an interest in Music, and are willing to assist in forming a MUSICAL ASSOCIATION, to meet

AT MERCANTILE HALL

On WEDNESDAY Evening, Feb. 22d, at half-past 7 o'clock,

to consider the matter, and to SING.

At the preliminary Meeting, on Wednesday evening last, it was decided to adopt the "Continental Harmony" for partial present use—copies of which will be furnished all for use at the Hall. Also to procure the Sacred and Secular Collection, "The Chorus Wreath," which may be had at Mr. HEAD'S Bookstore.

W. K. DAY, A. PEARSON,
C. H. TOMPSON, E. A. JOY,
J. H. HEAD, F. W. MILLER.
E. B. GOODALL,

Portsmouth, Feb. 17, 1865.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD - BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the
FIRST NATIONAL BANK, Portsmouth.
NATIONAL MECHANICS & TRADERS BANK, Portsmouth. 3mosdawfeb13

For sale by CHAPIN & YEATON.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Allegheny River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,700 daily, or $548,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $38,000 per day, or $11,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 130 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent per month, how much will 150 wells pay per month?

Any sum as high as $-50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,

Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Porcupine, and Redfield Petroleum Companies embrace two and one-half miles frontage on Allegheny River—embracing about 6,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; it has been sold since at $250 per share.—One gentleman who had 2000 shares, which cost him $5000, was offered $450,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for Portsmouth and vicinity for subscriptions to the above Company, and would cheerfully recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A GOOD INVESTMENT.—On looking over the book of the President Petroleum Co., we see that Prof Agassiz of Harvard University, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. We would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done."

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 15th of February the Subscription Price of this Stock will positively be advanced to $10 per Share, instead of $5—if any remains.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color; it promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

CARTER'S

CLARIFIED MOLASSES CANDY!

Local.

☞ Auction sales of Firemen's Uniforms and varieties, at Mr. Wendell's store, this morning at 10 o'clock; also sale of Newcastle Bridge stock, by Mr. Hackett, at his office, at noon.

☞ The sixth of the series of Temperance Lectures being delivered by the different Clergymen of the city, will be given in the Freewill Baptist Church, on Pearl street, by the pastor, Rev. Mr. Haskell, tomorrow (Sunday) evening at 7 1-2 o'clock.

☞ Messrs. C. W. Varney & Co., at their new confectionery and fruitery, on Congress street, have a large and varied assortment of fresh Candies always on hand; and are promptly attentive to filling all orders for the same, whether large or small, wholesale or retail. As they make their own candies, &c., purchasers can rely on getting pure articles. They also keep a large stock of the best cigars—but while we know, and are happy to say, that their confections are nice, we don't know how to "puff" a cigar. The advertisement of the gentlemanly and business like proprietors, will be found elsewhere in our columns.

☞ As was to be expected from the organ of nullifiers, secessionists, and repudiators—the Stars and Bars man not only repudiates his own obligations, but upholds other rascals, great and small, in doing the same thing. Query—whether there are more lies than lines in his paper?

☞ An anonymous correspondent, "Yard Stick," solves the problem to find the difference 'twixt the copperhead or mattonhead editor of a certain paper, and a polecat, rythmically thus: One throws stinking water at everything it fears, and t'other makes what a stench, venting his ideas!

☞ Our gallant Br. Whittem, of the Ballot, boasts that he has "in the course of business advertised for many ladies, generally found them good customers, and hopes their patronage will be continued." So do we—but should suppose the ladies must regard *him* as rather a tough "customer."

☞ It is understood that the steamer Emerald is to be so thoroughly repaired that with ordinary management she will not need to be again hauled up.

☞ At the late twenty-four days' session of the S. J. Court, at Exeter, the Ballot says, "But few cases were tried—only two verdicts rendered we believe—but we understand many cases were amicably settled, and the docket materially reduced."

In the case of Uri Lamprey, charged with tampering with a juryman, on Friday morning Judge Bellows stated that he had carefully perused the brief statements of the counsel on each side, and the evidence put into the case, and had come to the conclusion there was no ground for holding Mr. Lamprey on the complaint made against him, and ordered his discharge.

FROM MEXICO *via* Havana,—we have reports of Mexican victories over Maximilian's Imperial forces. Private letters from Mexico say that Gen Buzaine has been defeated three several times at Oaxaca with heavy loss. On one occasion he found himself almost surrounded by masked batteries, which did fearful execution upon his army. Gen. Diaz has 12,000 men and 100 pieces of artillery. His force is constantly increasing. It was reported at Vera Cruz that 700 of the Foreign Legion had gone over to the Liberals.

The Liberals are increasing in strength, and it is said number 60,000. They have the entire State of Jalisco. Indeed, the Empire consists only of Matamoras, Tuxpan, Tampico, Vera Cruz, Alvarado and the City of Mexico. Authority is maintained in these places only by frequent executions of innocent Mexicans. The Mexicans had gained a victory at Soquite.

The *ci devant* Duke Gwinn has left Havana for Europe.

FROM SONORA we have accounts that the French Invasion of that State, has been defeated. A large force of Imperialists, under Gen. Vega, invaded the State of Sonora, when Gen. Paton, of the National army, started to attack him. The French had reinforcements on board the steamer Lucifer, and they landed at Altata. Col. Rosalio, of the National army of Mexico, attacked these reinforcements at the town of San Pedro, and obtained a complete success, defeating the enemy and capturing all their artillery, arms, wagons and ammunition and many prisoners, among them Laziella, of the steamer Lucifer, who commanded the expedition, together with six officers. Gen. Paton at the same time defeated the Imperialists under Vega at El Forte, and took their artillery and all their ammunition and a large number of prisoners, among whom was Vega himself, who was immediately shot as a traitor to his country. After this complete failure of the French expedition into Sonora, it is not anticipated that a second will be attempted.

— Gold is only 4400 per cent. premium in Richmond.

— The New York Metropolitan Record has read Fernando Wood out of the peace at-any-price party.

MARRIAGES.

In Great Falls, Feb. 7, SAMUEL A. JACKSON of Kittery, to OLIVE D. WALLINGFORD of Lebanon, Maine.

DEATHS.

In Exeter, Feb. 15th, very suddenly, Mrs. ANNA VEAZIE, widow of Dea. John Veazie, aged 74.

In this city, at the Alms House, Feb. 17th, Mrs. DINAH JENNINGS, colored, aged about 100 years, widow of Samuel Jennings, who died forty-one years ago.

Funeral on Sunday afternoon at 4 o'clock, from the Alms House.

In this city, Feb. 9, ELLEN M. SALTER, daughter of the late Capt. John Salter of this city.

— Feb. 16, Mrs. AMEY CLARK, aged 87, widow of Joseph Clark, and sister of Benjamin Akerman. A woman of rare excellence of character.

In North Hampton, Feb. 16, Mr. ABRAHAM DRAKE, aged 81. A man of whom no one can speak ill.

Wanted.

A pleasantly located DWELLING HOUSE, suitable for a small family. Best reference given. Enquire at this office. f4—tf

Special Notice.

To the Readers of the Morning Chronicle, Portsmouth, N. H.

The undersigned would respectfully ask attention to the preparations known as

Hunnewell's Universal Cough Remedy

The Great Remedy for all Throat and Lung Complaints.

HUNNEWELL'S TOLU ANODYNE,

A perfect relief for Neuralgia, all Nervous Complaints, and Loss of Sleep.

HUNNEWELL'S ECLECTIC PILLS,

Declared to be the most perfect Cathartic and Family Pill; seldom requiring more than *One* for a dose. Healthy *Growth*, and one trial will be known to every family.

These preparations will be noticed each month, and originating from most potent questions in Medicine, enjoyed for ten years unbounded reputation, readers are invited to accept such notices as a true index of character, and give me their confidence to test them.

JOHN L. HUNNEWELL, PROPRIETOR,

Practical Chemist, Boston, Mass.

☞ For sale by dealers in every city and town.

☞ Dealers with good business references supplied on commission.

W. R. PRESTON, J. H. THACHER, Agents, Portsmouth. Weeks & Potter, Geo C Goodwin, Reed, Cutler & Co., Carter, Hunt & Co., Wholesale Agents, Boston. Jy12—eodawly

OIL LANDS.

Petroleum Land Company,

180 BROADWAY, NEW YORK,

Have valuable oil territory for sale to companies or individuals, at lowest rates. This Company employs experienced men at the oil regions, who furnish them daily with most valuable intelligence. Enterprising parties, who can command capital, have a rare opportunity to make their fortunes in the development of these wonderful lands.

Schedules of property sent by mail on application.

NELSON CROSS,
GEO. B. LINCOLN,
CLINTON MARKELL.

PORTSMOUTH

SOFT FINISH SIX CORD

SPOOL COTTON.

Just received, the improved make of this very superior Spool Cotton.

All numbers constantly on hand, Wholesale and Retail.

feb7 C. H. MENDUM & CO.

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

Why, Missus, just look at those nice white clothes. I never had such soap to wash with before, and as long as you are my mistress, I hope you will never buy any other but the Gold Medal Soap, it is so nice and pure, and washes so easy—just think of it—I am three hours ahead of the usual time, my clothes never begun to look half so well before, and thanks to the J. Monroe Taylor Gold Medal Soap. Tell all your friends to try it, and they will never use any other. Most all the grocers have it to sell. 92

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Hardrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

WE HAVE BEEN TOO LONG PALLED BY the villanous trash sold as pure wine. Our *bon vivants* will be pleased with the rich taste, agreeable flavor, and fragrant bouquet of Speer's New Jersey wine. It is especially recommended to weak and sickly ladies, by physicians, for its purity, non-intoxicating qualities and tonic and restorative properties. A wine-glassful of this wine, with a fresh raw egg or new milk, taken first thing in the morning, is said to prove highly beneficial in cases of Pulmonary Consumption.—[Ex.

AGAIN AND AGAIN.—Our readers may think it strange that we so often urge upon their attention a medicinal preparation. Already have we, for a number of weeks, urged the importance of a supply of Coe's Cough Balsam in the house, ready for immediate use. But our excuse is that the vast amount of sickness, sorrow and death that are the immediate result of sudden coughs, colds and pulmonary attacks; while thousands of our children are dying from croup and lung complaints. Time and experience have proved that Coe's Cough Balsam is the most speedy and reliable preparation ever known to the world. Like magic it relieves the irritation of the throat, removes the stoppages that prevent breathing in croup, and heals all soreness of the throat, chest and lungs. No man should neglect to supply his family with a safe and reliable remedy like Coe's Cough Balsam, any more than he should neglect the supply of their daily bread. It costs but 40 cents, and the bottles contain twice as much as those of any other remedy at the same cost, while in merit it is superior to all others. All drug stores keep it for sale. 4j18dawkm

Portsmouth Steam Factory.

PORTSMOUTH, N. H., Feb. 16, 1865.

THE AGENT of the Portsmouth Steam Factory acknowledges the receipt of a Parcel and anonymous letter, left at his door last evening; and asks the favor of a personal interview with the writer, assuring her (or him) that it shall be perfectly satisfactory to her (or him) in all respects, and that the forgiveness asked shall be granted freely. 2t—feb17

GOLD.

"Gold! gold! gold! gold!
Bright and yellow, hard and cold,
Molten, graven, hammered and rolled;
Heavy to get, and light to hold;
Hoarded, bartered, bought and sold,
Stolen, borrowed, squandered, doled:
Spurned by the young, and hugged by the old
To the very verge of the church-yard mould;
Price of many a crime untold.!
Gold! gold! gold! gold!
Good or bad a thousand fold!
How widely the agencies vary—
To save—to ruin—to curse—to bless—
As even its minted coins express,
Now stamped with the image of good Queen Bess,
And now of a bloody Mary!" —*Hood.*

— The Boston Post truly says, "The North would be united in accepting a twenty years war, rather than give up the unity of the great country, and thus sinking down to the level of the little Mexican republics, and then to accept, perhaps, a like fate."

CHURCH MILITANT. — The Fine-tree church in Boston, in which the Rev. H. M. Dexter formerly preached, has been purchased for an Armory by the Boston Light Infantry.

— The Shoe Business has been affected by peace rumors and the ups and downs of gold, like other trades, and is reported quiet, but the barreness of the market and the advance of the season are putting all hands at work.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research made into Patents of Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service as moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which Patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Jan. 1, 1865.—3aw4w

Please Look at This.

EXE, N. H., Feb. 22, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she still suffered much. I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted so agent for the sale of it.
JOSIAH JAMES.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. B. W.

From ELDER I. CHESLEY, *Lee, May 31, 1841*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, which had appeared previous to my visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or is not worth the price. All orders directed to DR. S. SWETT, No 7 High street, Portsmouth, N. H. promptly attended to. mar25

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No 7 & 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the great location of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the symptoms of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Gravel, Diseases of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending the class of diseases, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, PHYSICIAN and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So positively certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, for all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. They continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Offices rented with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and nursing observed in every case.

Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. 7tMly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and the Female Complaints, at his old established office, No 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Petroleum!

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
109 STATE STREET,
BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known, not even excepting the

Silver Mines of Mexico and So. America.

The cost of obtaining this Oil is so comparatively small that

A single Well producing only 10 Barrels per Day

will yield an income, over all expenses, of more than

$25,000 PER ANNUM.

Many wells are now yielding from 25 to 75, and several have reached over 1000 Barrels, while one, (the Noble Well, on Oil Creek, Penn.) has yielded no less than

3000 Barrels per Day,
Worth $30,000 at the Wells.

The undersigned are Regular Agents for the principal Petroleum Companies of Boston, New York and Philadelphia, and having no more interest in one than another, persons desiring information can rely upon receiving an unbiased account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies now being organized in this city, viz:—

BOSTON
PETROLEUM OIL COMPANY.
Capital, - - - $300,000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH RUTLER, ESQ.
MANAGING AGENT—F. A. WILDER.

DIRECTORS.

C. S WHITEHOUSE, J. W. PARMENTER,
CHARLES SMITH, JOHNSON BEAN,
JAMES P. BRIDGE, GEO. E SMITH.

Books for Subscription are open at our office. Only 3300 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

THE
NEW ENGLAND
PETROLEUM COMPANY,

Whose Lands are now yielding a net profit of $1457 daily, or more than

$40,000 per Month,

equal to over 8 per cent. per month on their capital; and this yield is steadily on the increase. Where investments in this property will be richly rewarded. Those connected with it are of the highest standing.

CAPITAL STOCK, $450,000.
NUMBER OF SHARES, 890,000.
SUBSCRIPTION PRICE, $5.00.
WORKING CAPITAL, $25,000.

PRESIDENT—E. C. BATES, ESQ.
TREASURER—JAMES H. CLAPP, ESQ.

DIRECTORS.

Franklin Haven, Jr., R. W. Sears,
William Lincoln, F. E. Smith,
D. M. Yeomans, J. H. Clapp,
E. C. Bates.

Subscription Books are still open at our office for a limited number of Shares, which can be secured by prompt application.

The inducements to invest which are offered by the properties of this Company, and the well-known character of its managers, fully entitle the confidence of the public.

THE
BOSTON & VENANGO
PETROLEUM COMPANY,

we offer as "A No. 1." Although not producing at present, the prospect at least equals that of the Columbia Oil Company, of Pittsburgh, at the time of its organization, which has paid on an original subscription of $2000 a net profit of $54,500 in two years, and continues to pay in the same ratio.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain responsible receipts.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting mother and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. B. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co., and Weeks & Potter.

A. SPEER, Proprietor; Vineyard, Passaic, N. J.; Office, 208 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my13tf

DR. W. R. MERWIN & CO.'S COLUMN
FOR THE
CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

Sold by all respectable druggists.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its sire, animated with new life,"—so does this Elixir rejuvenate the system and

OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can procure at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, eye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Dr. W. R. MERWIN & CO.,

The Chronicle.

— The Count of Paris who served on McClellan's staff, in a letter to Mr. F. M. Edge of London, criticises McClellan's military policy, as well as his great mistake in leading the political movement of last Fall. The Count adds that his entire sympathies were with Mr. Lincoln before the election, and that he bitterly regrets the fatal lack of energy and moral courage displayed by McClellan in the Peninsular campaign.

— The Bangor Times tells of a paradise for hunters. There was brought in last Friday, by a single party from the Mattawaumkeag settlement, three tons of deer meat. Deer are very plenty this season. The backwoodsmen are not wholly gratified at this, for it makes the wolves plenty—the latter rendering the wool crop "conartin."

— The Irish peasantry have made a saint of Father Matthew's statue at Cork, and go down before it to say their prayers.

— The First Universalist Society in Portland, sold their old Meeting House the other day, at auction,—as they remove into a new one. The old House was purchased by some persons who design to form a Second Society.

— At Camp Douglass, Chicago, fourteen hundred rebel prisoners are on the sick list, with an average number of interments of six per day. One of the most frequent causes of death is nostalgia, or home-sickness.

— At a recent fancy dress ball in Philadelphia there were certain well known brokers, their bodies encased in barrels, with holes in the side for their arms, decorated with the names of prominent petroleum companies. A good advertising dodge.

— Forty thousand barrels of petroleum are stored in New York, and in view of the recent terrible calamity in Philadelphia the fact is an unpleasant one for the New Yorkers to contemplate.

— It is stated that while only five revolutionary pensioners are alive, there are one thousand four hundred and eighteen widows of such pensioners alive and drawing pensions.

— The American Watch Company at Waltham, Mass., manufactures watches at the rate of one every four minutes of a working day.

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.
SO WIDE IS THE FIELD OF ITS USEFULNESS and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation; and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.
Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the extraordinary usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.
Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the best thing they can use.
Prepared by J. C. AYER & Co., Lowell, Mass. and sold by Brackett Hutchings, J. H. Thacher W. H. Preston, David Rimball, and all druggists.

THE VERNATELLA
LIQUID BLACKING
Gives to the Leather not only a
Splendid Jet Black Polish,
But an elegant and Fashionable Perfume.
The neatness and convenience of using Liquid Blacking and the superior polish which it gives over other kinds, has heretofore been in a great measure counteracted by its disagreeable vinegar odor and the trouble of fitting something into the stopper of each bottle in order to apply it to the brush, but the Vernatella Blacking has only the most DELIGHTFUL PERFUME, which remains with the leather as long as the blacking lasts, and each bottle has a stick ready fitted in the stopper. The Vernatella Blacking also softens and benefits the leather.
Be sure and inquire for the VERNATELLA Blacking.
Price, 12 Cents per Bottle.
Manufactured in the Chemical Department of the Chicopee Manufacturing Co., and for sale by Boot and Shoe Dealers everywhere.
WYMAN & TYLER, AGENTS,
32 Water St., Boston, Mass.
The Vernatella,
For making the Soles of Boots and Shoes water proof and wear longer, is also for sale as above.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted by all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. Teller when down in health, now rejoice in all that makes life desirable and happy. The reader is of course aware that the delusory quack nostrums will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage.—200 pages—125 engraved plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The Single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of valuable secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, sealed, will secure a copy by return mail. Dr. Teller has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still continues the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

MONDAY, FEBRUARY 20, 1865.

THE REBELLION.

The Richmond Despatch of the 15th has the following:—

"We have for some days been in doubt as to what force Sherman had sent in the direction of Augusta. The doubt has at length been solved. It seems that while his main army advanced toward Branchville and Charleston, he sent Kilpatrick and his cavalry to demonstrate against Augusta, and to break up the Charleston and Augusta Railroad. From official dispatches received at the War Department, we learn that on Friday last Gen. Wheeler attacked Kilpatrick at Aiken, on the Charleston and Augusta road, 20 miles northeast of Augusta, and after a considerable engagement drove him 5 miles in the direction of Branchville."

"Our troops have by this time no doubt fallen back to the Congaree river. If our troops fall behind the Congaree the enemy will be able to shell Columbia from the south bank. We also learn that the Congaree and its tributary, the Saluda, are both easily fordable above the city. This disposes us to believe that our troops will seek to give battle before crossing the Congaree."

The Whig says:—

"We learn upon good authority that our forces are falling back before Sherman's advancing columns in the direction of Columbia, S. C., and will probably make a stand on the Santee."

"We learn that a naval force, consisting of 12 officers and 100 men, under Lieut. T. Read, were recently captured by the Yankees near Smithfield, Isle of Wight County, Va. Among the party was Asst. Engineer Tomlinson of the James River fleet."

"A heavy fire occurred at Danville, Va., on Wednesday last. The estimated loss exceeds $2,000,000."

"Gen. Braxton Bragg is at present in Richmond."

The Nassau Guardian of the 8th, says several steamers have returned, having been unable to get into Charleston. Between the 6th and 8th inst., 7 blockade runners returned to Nassau, being unable to run the blockade. The Owl, Capt. Maffit, returned on the 10th inst.

The order for the execution of the rebel pirate Capt. Beall, which was to have been carried into effect on Saturday, has been respited for the present, and now he lies entirely in the hands of the President.

New Orleans advices to Feb. 10, say the rebel Price is at Bonham, Texas, with 9000 men, mostly Texas cavalry. Magruder, with 15,000 effective men, is at Camden, Arkansas. Kirby Smith, with 29,000 effective men.

Our Gen. Hurlburt has issued an order concerning freedmen, under which he requires all plantations within our lines, belonging to private persons, to be registered prior to being released, and the interest of the landlord and tenant to be held as responsible for the payment of the portion due the United States.

A courier from our Gen. Sherman arrived at Smithville on the 12th, announcing the capture of Branchville after three day's severe fighting. The courier came across the country. Wilmington papers of the 9th confirm the statement.

Richmond papers say that on Tuesday a column of Yankees were within a few miles of Augusta, and that on Wednesday Sherman's advance reached the South bank of the Congaree, within a few miles of Columbia, the rebels having fallen back to the North bank. A battle was considered imminent.

It is reported that our Gen. Schofield landed at Masonborough, N. C., thus avoiding the necessity of marching up the peninsula in front of Wilmington. If this is so, Wilmington is by this time closely besieged if not in our hands.

A Norfolk, Va. despatch of the 15th says: "I have just seen Capt. Goss, Saturday; he says the authorities there had ordered all work on the monitors at Richmond to cease. A double-ender was blown up by them on Thursday last. He says they are about to evacuate Richmond."

In an official announcement, signed by the President, he explains the assignment of quotas, and asserts that the draft will take place at once for three hundred thousand men.

The Traveller says the President has signed an order for the release on parole of Roger A. Pryor from Fort Warren. He is ordered to report to Mr. Forney of the Chronicle in Washington.

The rebel flag of truce boat, Wm. Allison, while on her upward trip from Cox's Landing, Friday, was blown up by a torpedo, and went down almost immediately. Our pickets say there were no survivors from her. This catastrophe probably arose from one of the rebels' own torpedoes, which had been in the water for a long time.

In Congress, Saturday, the House agreed to tax the circulation of State Banks after January next, ten per cent., by the casting vote of the Speaker.

The internal tax bill passed. Thaddeus Stevens amendment imposing a heavy tax on gold speculators, was rejected.

Gold, Saturday, 205 1-2.

By Telegraph—Sunday noon.

War Department, Washington, Feb. 18th.—*To Maj. Gen. Dix:*—The announcement of the occupation of Columbia, S. C., by Gen. Sherman, and the probable evacuation of Charleston, has been communicated to this department in the following telegrams just received from Gen. Grant.

City Point, Va., Feb. 18th.—The Richmond Despatch of this morning says Gen. Sherman entered Columbia, S. C., yesterday morning, and its fall necessitates the fall of Charleston, which it thinks is already being evacuated.

City Point, Va., Feb. 18.—The following is taken from to-day's Richmond Despatch: "Columbia has fallen. Sherman marched into and took possession of the city yesterday morning. The intelligence was communicated yesterday by Gen. Beauregard in an official dispatch. Columbia is situated on the north bank of the Congaree river, just below the confluence of the Saluda and Broad rivers. From Beauregard's dispatch it appears that on Thursday evening the enemy approached the south bank of the Congaree and threw a number of shells into the city. During the night they moved up the river, and yesterday morning forded the Saluda and Broad rivers. While they were crossing the rivers, our troops under Beauregard evacuated Columbia, the enemy soon after taking possession. * * *

The fall of Columbia necessitates, we presume, the evacuation of Charleston, which we think likely is already commenced. It impossible to say where next Sherman will direct his columns. The general opinion is that he will go to Charleston, and there form a base."

The pirate Semmes has been made a Rear Admiral, and appointed to the command of the James River fleet.

The Wilmington Journal of the 11th, says a considerable force of Yankees are undertaking to cut the railroad between Florence and Wilmington. The Richmond Dispatch of the 16th says, reports prevail of the capture of Wilmington. Lieut. Murray of the 13th N. H., who has been in close confinement as a hostage, was released in Richmond on Wednesday.

Privateers and Blockade Runners. The New York Herald's dispatch says our London Consul has notified the Government of the sailing of the steamer Ajax, believed to be intended for a pirate. It is supposed she will go to Nassau before taking aboard her guns.

The closing of the port of Wilmington has been a sad blow to Nassau. All is starvation there now.

According to the Herald's correspondence there are at that port over 30 steamers and 100 sail, recently engaged in contraband trade. The warehouses are filled with goods. The pirate Tallahassee, now called the Cahmelon, was there on the first of the month, and the attention of the Government was called to the fact by our consul. Our gunboat Honduras arrived on the 31st ult., and asked permission to anchor in the harbor, but was refused.

Our Securities Abroad.—The foreign news by the North American at Portland, is regarded by our financiers here as highly favorable; and what is more, they anticipate a continuation of it, for we have not sustained any military disaster since we captured Fort Fisher. It was the capture of this fort, which sent our securities up from 47 to 54: and the latter rate, taking into account the price of gold here and the value of exchange, is higher than our 5-20s sell in New York. Our continued success will create a heavy demand for our securities here and abroad, and is expected to be the means of turning the gold tide in our favor. When it becomes evident that the rebellion will be suppressed within a few months, all our securities will rise rapidly in Europe. At least, such is the opinion of some of our most intelligent merchants.

The Effects of Advertising.—The Herald says "one of the Newburyport traders a short time ago, advertised his goods with prices affixed, and his average sales in fair weather since have been more than five times what they were before; and he would before have sold the goods at the same prices. This is the proper way, not alone for dry goods merchants, but for grocers and traders. When they advertise a thing—and if they wish to sell they will of course advertise—let them affix their terms—name the goods and their value at the same time. We are surprised that this is not always done when persons would rent houses or sell them, or sell or purchase lands or farms. It gives double the value to their notices. To advertise to advantage requires a little care, and it never fails to pay where that care is bestowed."

☞ Mr. Bonner of the New York Ledger, won't "race" his horses for money—oh no, not he; but he has a very smooth way of trotting them inside anybody's else time, and then offering a thousand dollars, or ten, to whoever will beat him or them.—He offered Commodore Vanderbilt $10,000 to beat his double-team time to wagon; he has just offered Mr. Noe $25,000 for his mare Atlanta, if she will equal Peerless' time of 1:11 1-2 for half mile, to 365 lb wagon and driver. And further, he will give Mr. Noe $1200 to show Atlanta a mile in 2:30, and repeat in 2:32, to the lightest wagon.

ION.

DROP LETTER.—No 8.

Lexington, Mass., Feb. 16.

A tramp over the hills of Watertown on Wednesday, the most charming day we have had this year, was an exercise productive of renewed pleasure at each successive step of the journey. Especially on the Lincoln and Watertown road were the views very fine, the soft haze of a summer day mellowing the tones of the distance, rather than the cold mist we look for in winter. The genial warmth of the sun, the good walking (alas! how changed to day!) and the bracing atmosphere, made the way seem short until we reached Waverly, on the line of the Fitchburg Railroad. Here we deviated from our course, to visit a number of grand old trees well known to artists of Boston and vicinity as the "Waverly Oaks," and well worthy of study and sketch are they. One old prostrate monarch was about eight feet through at the butt.

On araiving at Watertown, we found it a busy little place, its various workshops using the waterpower of Charles River to the best advantage. Appointing ourselves inspectors, we entered a foundry at the entrance of which "No Admittance" stared us in the face, and to the Yankee mind promised something of interest, which we found to be the casting of shot and shell for the Arsenal. Remarking to an inhabitant that the seven churches we noticed were a large number for so small a town, he informed us that there were "a —— sight more churches than piety," and as irrefutable proof, told us that though he had lived in the town nine years he had been inside a church but once.

The U. S. Arsenal, a mile from the village, claimed a large share of our attention. To the courtesy of Mr. Horace P. Milton, formerly of your city, now employed at the office of the Arsenal, we were indebted for an inspection and explanation of the various objects of interest in the workshops and grounds, too numerous to be even mentioned here. Under charge of Major Rodman, of great-gun celebrity, the Arsenal turns out an immense number of most articles needed in the ordnance department—gun-carriages, caissons, sling-carts, cartridge and cap boxes, bayonet scabbards, bullets, time-fuses, and a variety of appurtenances of war, sufficient to give one a very good idea of the extent of the struggle in which the country is now engaged. The machinery in the buildings is very fine, and in its operation interesting even to the uninitiated in mechanics. Owing to the frequency of accidents in other parts of the country, visitors are now debarred inspecting the laboratory. The grounds are very beautifully located on the banks of the Charles River, and must be delightful in summer.

The gas-works are made to produce about 8,000 cubic feet per day, but have furnished as much as 12,000 feet per day. The guard around the premises are regular, and camp life on a small scale may be witnessed here—police duty, guard mounting, and the various calls by the rattling drum. I nearly forgot to mention five old composition mortars, trophies, that grace the barracks yard. Four are of small calibre and bear no inscription, but the fifth is large and has a Latin inscription near the mouth that may be translated—"I send not by the rays of the sun, but by the thunders of Jove." The date on the mortar is 1681.

Leaving the Arsenal, the Watertown Branch R. R. conveyed us by Mount Auburn, with its throng of dead and wilderness of monuments, on the right; and past Fresh Pond, with its bustling crowd of life—men, boys, horses, workers, idlers, skaters, fishers—on the left; until we reached the junction of the Watertown and Lexington & West Cambridge Railroads with their parent trunk, the Fitchburg; the place where the three roads converge being known as Brickyard Station. Here is truly a gigantic brickyard, formerly the property of Mr. Hubbel, but now owned by a company with facilities for burning two or three million bricks in six days. We were told that more than twenty millions were made at this yard last season; enough to allow one to put in every hat and bonnet in the United States. The vast pits from which the clay is dug might enable an imaginative person to comprehend the bottomless pit of story clay. They are kept drained as well as possible by two steam engines, and some idea of the vast quantity of material taken from them may be gathered from the fact that the water in a very large pit now disused is sixty feet deep. The sand is brought from Concord. The company have a still larger yard at Medford, also purchased of Mr. Hubbel.

A lady teacher writes; "Did you know that Major Andre desired to be shot, rather than die on a *goblet?* one of my scholars announced it to-day to my great surprise." The childish error in substituting such a word for gibbet, furnishes a text for a good temperance discourse; and as the sentence stands, Major Andre was not far out of the way in choosing to be shot rather than die a death which if not so ignominious as the gallows, is the next greatest fall from man's high estate.

Passing through Cambridge a few days since, we noticed a sign bearing this inscription, "Cain chairs rescated here." No wonder that the sign struck us, as the first Cain of whom we have record was able to do considerable in that line, for which he was rescipted with the fratricide's brand on his brow.

Last week our contraband got married. One of the ladies in the house remonstrated with him, telling him that as he had a wife and child already in Virginia, he ought to save money and purchase their freedom but the sable gentleman replied: "Oh, no marm, couldn't give up sure to chance." A bad application of a very good rule.

ION.

Portsmouth Music Society.

The undersigned cordially invite all Singers in the city and vicinity.—ladies and gentlemen—who feel an interest in Music, and are willing to assist in forming a MUSICAL ASSOCIATION, to meet

AT MERCANTILE HALL,

On WEDNESDAY Evening, Feb. 22d,

at half-past 7 o'clock,

to consider the matter, and to SING.

At the preliminary Meeting, on Wednesday evening last, it was decided to adopt the "Continental Harmony" for partial present use—copies of which will be furnished all for use at the Hall. Also to procure the Sacred and Secular Collection, "The Chorus Wreath," which may be had at Mr. HEALD'S Bookstore.

Music—TURNER'S QUADRILLE BAND.

TICKETS $1.50—to be had of the Committee of Arrangements. Dancing to commence at 8 o'clock. feb17—2w

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.				
Two cents "	"	"	$100	"
Ten "	"	"	$500	"
20 "	"	"	$1000	"
$1 "	"	"	$5000	"

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,

SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the

Five or six tons, prime quality, for sale by

feb18 S. CLEAVES & SON.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Allegheny River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,375,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later.—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield 833,000 per day, or $14,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, Agent.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $5.50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

President Petroleum Company,

PRESIDENT, VENANGO COUNTY, PA.,

Organized under the Laws of Pennsylvania.

Capital Stock, $5,000,000,

In Shares of $25 each, par value. Subscription price $5 per Share.

Parties subscribing in this Company will be entitled to an equal interest in two adjoining Companies, without further charge.

This enterprise is one of great magnitude and importance, and it is our firm belief it will prove one of the best paying Companies in the United States. The Land owned by the President, Porcupine, and Redfield Petroleum Companies embrace two and one-half miles frontage on Allegheny River—embracing about 8,400 acres—nearly equal in extent to the whole of Oil Creek.

Another Company has 400 acres, IN FEE SIMPLE. The Stock was originally sold at $2.50 per Share; It has been sold since at $250 per share.—One gentleman who had 2000 shares, which cost him $5000, was offered $450,000 for them. A great many similar cases could be cited. THERE ARE NO REASONS WHY some of the properties belonging to this Company should not produce Oil as copiously as the wells mentioned above, and in that case the IMMENSE AMOUNT of this property would make its value almost beyond calculation.

The Wells on this property are being sunk with great vigor, and promise large supplies of Oil.—Dividends will be declared on the par value on the Stock as soon as the Company's finances will permit, and subject to order free of charge.

The Subscriber has been appointed Agent for Portsmouth and vicinity for subscriptions to the above Company, and would cheerfully recommend it to his friends as worthy of their attention.

The Stock is nearly all subscribed for in New York and Boston, and the Books will be CLOSED in New York on the 1st of February, and to Agents very soon after.

Circulars can be obtained, and Maps and Plans seen, at my Office, No. 47 Congress Street, Portsmouth, N. H.

JOHN S. HARVEY, Agent.

PETROLEUM!

I would call the attention of the Citizens of Portsmouth to the following notice of the President Petroleum Company and the opinion of Professor Agassiz, who is one of the greatest Geologists of the age. It is taken from the Independent of Feb. 2d:

"A Good Investment.—On looking over the book of the President Petroleum Co., we see that Prof. Agassiz of Cambridge, Cambridge, is one of the subscribers to the stock of this company. The Professor has given it as his opinion that the property of this company is of "*immense value*," and this belief has induced him to subscribe. The stock is nearly all taken up, and we think there is no doubt but it will prove a good investment. We would advise those of our readers who intend to invest in this kind of stock, to go and do as the Professor has done."

Please to call and subscribe, for the Subscription list will be closed in about a week.

☞ On the 15th of February the Subscription Price of this Stock will positively be advanced to $10 per Share, instead of $5—if any remains.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Friday Morning—Mr. Joy's. Afternoon, Mr. Shannon's.

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

NEW HAMPSHIRE ITEMS.

—— Last Tuesday evening, in Swanzey, as a daughter of Mr. Alfred Britton, aged ten, and a granddaughter, (daughter of Mr. Rufus Taft,) aged eight, were playing at a table, they overturned a kerosene lamp. The fluid took fire, and burned the Taft girl so badly that she died the next day. Mr. and Mrs Britton were badly burned in attempting to extinguish the flames.

——"An affair took place at Conway Centre, on Monday evening last, in which the ladies took a prominent part. The rum shop of Mr. J. Snow was broken into, his liquor spilled, and kegs, jugs and bottles smashed up. The poor man feels to mourn, but all respectable citizens will rejoice." So writes a correspondent of the Portland Press.

—— RENDITION OF WM. H. CRAWFORD. — The Coos Republican says that this person was delivered to Sheriff Colby on Thursday, reached Lancaster on Friday, and on Saturday was conveyed to Manchester, where he is now confined in the county jail.

——The Coos Republican of last week, gave a sad account of suicide a Mrs Lang, and of her previous guilt. The Republican of this week contains a somewhat different version of the affair, from which it appears that Lang was abusive to his wife, and that she never acknowledged pregnancy, implicating Higgins, who has returned to his home.

— Samuel Harding, Jr., who was arrested some time since on a groundless suspicion and sent to Fort Delaware, was unconditionally released on the 3d inst. by order of the Secretary of War; he sailed in the Cuba on the 8th inst. to join his wife (*nee* Miss Belle Boyd) who is in England.

—E. N. Fuller, editor of the Newark, N. J. Journal, has been fined $100 for publishing articles against the United States Enrolment law, drafts, enlistment, &c.—He pleaded guilty and made a statement to the court, which mitigated his offence. Mr. Fuller was formerly editor of the N. H. Gazette.

— Perley telegraphs from Washington, Saturday,— A deserter from Richmond, who is a New Hampshire man by birth, and says that he was forced into the rebel army, brings a strange story about the discovery of an organization among the Southern slaves, which he says stopped the plan for arming them in the rebel Congress.

— Prof. Goldwin Smith, in the London Daily News, urges that although a compromise with the slave oligarchy is impossible, it is possible that at no distant time negotiations may be hopefully commenced with separate States, over which the oligarchy of Richmond is losing its usurped power.

Tuition in Music.

The subscriber respectfully informs his pupils and others, that on and after the **1st of March** he will devote his time to giving MUSIC LESSONS as heretofore,— and to the selection and purchase or sale of Cabinet Organs, Piano Fortes and Melodeons. Application for any of these instruments, or for Tuition, may be made at No. 30 Hanover street. AMOS PEARSON.

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

Weak Lungs and How to Make
THEM STRONG.

By Doctor Dio Lewis.

A fine BOOK of 350 pages and 127 illustrations, which is everywhere welcomed by persons with weak chests or defective digestion: and full of interest to everybody. It gives a home cure without medicine. For sale by

feb17 JOSEPH H. FOSTER.

Lozenges

Of the best quality, for sale by the box at S. A. AVERY'S Periodical Store, No. 29 Congress St., Portsmouth, N. H. feb16

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

Why, Missus, just look at these nice white clothes. I never had such soap to wash with before, and as long as you are my mistress, I hope you will never buy any other but the Gold Medal Soap, it is so nice and pure, and washes so easy—just think of it—I am three hours ahead of the usual time, my clothes never begun to look half so well before, and thanks to the J. Monroe Taylor Gold Medal Soap. Tell all your friends to try it, and they will never use any other. Most all the grocers have it to sell. 92

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

WE HAVE BEEN TOO LONG PALLED BY the villanous trash sold as pure wine. Our *bon vivants* will be pleased with the rich taste, agreeable flavor, and fragrant bouquet of Speer's New Jersey wine. It is especially recommended to weak and sickly ladies, by physicians, for its purity, non-intoxicating qualities and tonic and restorative properties. A wine-glassful of this wine, with a fresh raw egg or new milk, taken first thing in the morning, is said to prove highly beneficial in cases of Pulmonary Consumption.—[EX.

MARRIAGES.

In Nottingham, Mr. CHAS. W. ABBOTT to Miss MARY E. WELCH.

DEATHS.

In Newcastle, Feb. 12th, Miss SARAH WHITE, daughter of Mr. Thomas White, aged 16 years.

In York, Me., Feb. 18, Mrs. EMILIA PREBLE, aged 91 years, widow of Joseph Preble. Mrs P. mistook the door in the night and fell into the cellar, and expired immediately.

In Raymond, Mr. JOHN BATCHELDER, aged 94.

In Epping, Feb. 5th, Mrs. MARY TILTON, wife of Gardner Tilton, and daughter of Hon. Jos. Shepard, aged 62.

In North Hampton, Feb 5th, of diphtheria, HENRY M. PHILBRICK, aged 34

GRAND
DOUBLE CONCERT,

VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,

ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choirs of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

A. PEARSON, C. H TOMPSON,
W. K. DAY, W. F. LAWRENCE,
B. B. DAVIS, **Musical Directors.**

FRANK W. MILLER,
JAMES H. HEAD,
Committee of Arrangements.

Portsmouth, Feb. 20, 1866.

Special Notice.

To the Readers of the Morning Chronicle, Portsmouth, N. H.

The undersigned would respectfully ask attention to the preparations known as

Hunnewell's Universal Cough Remedy

The Great Remedy for all Throat and Lung Complaints.

HUNNEWELL'S TOLU ANODYNE,

A perfect relief for Neuralgia, all Nervous Complaints, and Loss of Sleep.

HUNNEWELL'S ECLECTIC PILLS,

Declared to be the most perfect Cathartic and Family Pill; seldom requiring more than *One* for a dose, without *Griping*, and one that should be known to every family.

These preparations will be noticed each month, and originating from most potent questions in Medicine, enjoyed for ten years unbounded reputation, readers are invited to accept such notices as a true index of character, and give me their confidence to test them

JOHN L. HUNNEWELL, PROPRIETOR,
Practical Chemist, Boston, Mass.

☞ For sale by dealers in every city and town.

☞ Dealers with good business references supplied on commission.

Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Jan.

EXPLANATION.—The days of the year are numbered continuously. The Sabbaths are numbered by themselves, and are indicated by figures in parenthesis. A brace connects Monday, Tuesday, and Wednesday; the next connects Thursday, Friday, and Saturday. Divide the number of the day by 7, and if the remainder be 1, the day is Sunday; divide by 30, and if the remainder be 9, it is near full moon. The sign ‡ indicates new moon; ‡ first quarter: ° full moon; ‖ last quarter.

To find the present value of a "seven-thirty note," IN ANY YEAR: If the number of the day be less than 46, add to it 136; if between 45 and 227, subtract 46; if more than 226, subtract 227; the sum or remainder will be the interest accrued on each fifty dollars, expressed in cents. Examples: What is the value of a $500 note on 256: 136 (4th July, 1866)? From 185 subtract 46; the remainder is 139; the interest then due is $1.39 on each $50; the value of the note, $513.90.

For the N H Gazette.

NUMBERING THE DAYS OF THE YEAR.

Mr. Editor: Your "Oldest Newspaper," on the 25th Feb., 1864, gave the world the first suggestion of expressing the date by the number of the day of the *year*, instead of that of the *month*. One at least of its juniors, The Boston Recorder of Nov. 18, adopts the suggestion. With this I send you an almanac for 1865, which I hope you will give your readers.

The introduction of the U. S. loan of *cent-a-day notes*—seven-thirties — renders such a table needful. The interest coupons are payable on the 46th and 227th days of the year, and the time elapsed since the last payment is readily found by this almanac, but not by any other. So too, if notes for 30, 60, or 90 days were dated in this way, (as I predict they all will be within five years,) the time of maturity would be much more readily seen. A letter mailed in the latter part of the month, if delayed in transit shows, if thus post-marked, the amount of delay. When your paper of 25th Feb. came, it was something of a problem to tell the exact date of the next.

These are specimens of a thousand inconveniences, all of them little indeed, for which the use of months has no compensation whatever. No one reads the war news just at the beginning of a month, without suffering from the transition. The varying length of months aggravates this. In June, if we would reckon on what day the 4th of July will occur, we must first notice how many days June numbers.

Will you not with the announcement of the new year, give us the date in both forms at the head of your paper? Thus 1865: 5. Thursday, Jan. 5, 1865. So will you aid in a good cause in which you have been the pioneer. Yours truly, I. F. H.

Hillsgrove, Ill., 1864: 359.

Remarks.—What with the difficulty of preparing the types for this novel Almanac, and the delay in sending proofs to the author, we have been unable to present it earlier in the year. It will be seen that we *have* adopted our correspondent's suggestion, and dated our papers, on the outside, in both old and new style, since this year came in. We commend the new Almanac to the examination and trial of our readers.

Ed. Chron.

HOROLOGY.—In giving our new Calendar to the world, we deem this a fitting place to also mention another proposed desirable innovation in time-keeping, or rather the reckoning or statement of time.

The Commercial Bulletin says "a prominent inventor, of Boston, is about to introduce a new style of Time-piece, which, for some purposes it is thought will wholly supersede those now in use. The peculiarity of this instrument, besides some improvements in the movement or machinery, consist in the fact that the dial, instead of repeating itself every twelve hours, embraces the whole twenty-four hours of the day, arranged and numbered in regular succession from morning to midnight.

This division of time, it will be seen, entirely obviates the necessity of discriminating between morning and evening (*ante* or *post meridian*) in chronometric data; and it is claimed, will be eminently useful as applied to the construction of railroad time tables, preventing the confusion and accidents which often arise from the nominal occurrence of the same hour twice every day. We commend this improvement to the consideration of the curious and philosophic, as well as practical economists of time."

Morning Chronicle.

— The tattered and honored old flag of the Vermont brigade has been sent to the Adjutant General of that State. Under it 3166 Vermont boys have been killed.

— About seventy of the blockading vessels have been relieved by the capture of Fisher.

— Rev. Mr. Balkley, pastor of a church at Winsted, Conn., has been dismissed by his flock simply because he *would skate*.

— Two hundred rebel deserters took the oath of allegiance in Washington on Saturday.

— Rev. R. H. Boykin was shot and killed in the street at Norfolk on the 8th inst. by some unknown villian.

— It is right to be contented with what we have, but never with what we are.

— Twenty-two vessels loaded with Savannah cotton have arrived at New York.

— The rebels find their debt is four hundred millions more than they reckoned.

— The total number of National Banks now in operation is 671.

— Wheat husks colored black or green are now used for adulterating tea.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into the validity or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL, and THE PATENT OFFICE than the subscriber, and so, IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot secure their *rights more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Jan. 1, 1865.—Stawly

Please Look at This.

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even walking, as it affected her limbs very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief. She I procured some ten or twelve bottles of Dr. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May 21, 1841*

DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previously you visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle of Dr. Sweet's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEET, No. 7 High street, Portsmouth, N. H., promptly attended to. may23

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 BEMONT'S STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the great gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath this category are those terrible diseases of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and stiffness in the regions of procreation, inflammation of the bladder and Kidneys, Hydrocele, Abscesses, Humors, painful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil foreboding, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating marriage, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dow's Pills and Dr. Dow's French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No. 7 & 9 Bemont Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. It is invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE
In all cases, or No Charges Made.

Dr. Dow is consulted daily from 8 A. M. to 9 P. M., as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing their case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 2 P. M.
Boston, July 16, 1864. TTuSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Nice Butter,
PORK, LARD, HAMS, &c,

Petroleum!

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
99 STATE STREET,
BOSTON,
Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known, not even excepting the

Siver Mines of Mexico and So. America.

The cost of obtaining this Oil is so comparatively small that

A single Well producing only 10 Barrels per Day

will yield an income, over all expenses, of more than

$25,000 PER ANNUM.

Many wells are now yielding from 25 to 75, and several have reached over 1000 Barrels, while one, (the Noble Well, on Oil Creek, Penn.,) has yielded no less than

3000 Barrels per Day,
Worth $30,000 at the Wells.

The undersigned are Regular Agents for the principal Petroleum Companies of Boston, New York and Philadelphia, and having no more interest in one than another, persons desiring information can rely upon receiving an unbiased account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies now being organized in this city, viz:—

BOSTON
PETROLEUM OIL COMPANY.
Capital, - - - $300,000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH RUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.
DIRECTORS.
C. S. WHITEHOUSE, J. W. PARMENTER.
CHARLES SMITH, JOHNSON BEAN.
JAMES P. BRIDGE, GEO. E. SMITH.

Books for Subscription are open at our office. Only 3300 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

THE
NEW ENGLAND
PETROLEUM COMPANY.

Whose Lands are now yielding a net profit of $1450 daily, or more than

$40,000 per Month,

equal to over 8 per cent per month on their capital; and the yield is steadily on the increase. Whoever invests in this property will be richly rewarded. Those connected with it are of the highest standing.

CAPITAL STOCK, $450,000.
NUMBER OF SHARES, 890,000.
SUBSCRIPTION PRICE, $5.00.
WORKING CAPITAL, $25,000.
PRESIDENT—E. C. BATES, ESQ.
TREASURER—JAMES H. CLAPP, ESQ.
DIRECTORS.

Franklin Haven, Jr.,	R. W. Sears,
William Lincoln,	F. E. Smith,
D. M. Teomons,	J. H. Clapp,
	E. C. Bates.

Subscription Books are still open at our office for a limited number of Shares, which can be secured by prompt application.

The inducements to invest which are offered by the properties of this Company, and the well-known character of its managers, fully entitle the confidence of the public.

THE
BOSTON & VENANGO
PETROLEUM COMPANY,

we offer as "A No. 1." Although not producing at present, the prospect at least equals that of the Columbia Oil Company, of Pittsburgh, at the time of its organization, which has paid on an original subscription of $2000 a net profit of $54,500 in two years, and continues to pay in the same ratio.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT.
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Bowels and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the spirits and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and aromatic properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co., Weeks & Potter, and A. SPEER, Proprietor, Vineyard, Passaic, N. J.; Office, 205 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my31tf

DR. W. R. MERWIN & CO.'S COLUMN
FOR THE
CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!
CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period; *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and

OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Dr. W. R. MERWIN & CO.,

The Chronicle.

☞ The N. E. Ladies Aid Association of Philadelphia, of which J. B. Smyth is general agent, announce that they "advance the means to send home the remains of New England soldiers dying there when desired, in handsome walnut coffins. The average expense to New Hampshire is about $50. They expect those who are able, to refund the money, but they send no bill to a soldier's widow. They consider the wives or relatives of the sick or wounded soldiers who are called there to minister to their wants, as under their especial care and protection; and invite all such to call, and they will find homes during their stay and funds to assist them. The association is composed of New England residents, ladies and gentlemen, who labor gratuitously in this noble cause."

☞ A correspondent of the Raleigh (N. C.) Standard, who has been over the route of General Sherman's march through Georgia, is surprised to find that that officer dealt so leniently with that State, and consoles himself with anticipations of the same gentle treatment for South Carolina. The writer says that the destruction of property by fire during General Sherman's famous march was caused entirely by outsiders, and was never done under the inspection of any officer. The provisions on the route were not, he says destroyed, and no compulsion was used to make the negroes follow the army. Consequently the 15,000 colored men who came into Savannah did so by their own will.

— D. H. Ross, a chief of the Cherokee tribe of Indians, denies that his nation has engaged in the rebellion as fully as would appear from the facts given in the rebel army roster. He claims that as a nation the Cherokees are strictly loyal, and that not one-twentieth of the total population of the Cherokee country has joined the rebel cause. He states that the three regiments in the rebel army represent only about three hundred and fifty native Cherokees and two hundred and fifty white citizens, or a total of six hundred men.

—The Paris correspondent of the New York Herald, writing of the Americans at the French Imperial Ball, says the Emperor, instead of showing any disrespect or contempt of Mr. Bigelow, our new Charge de Affairs, as he had good opportunity, had he so desired—on the contrary, "departed from usage, and relinquished a point of etiquette," and was more than usually gracious and condescending to our representative at this court.

— The largest conflagration on record is that in Japan recently, when Miaco was burned and the fire raged two entire days, laying in waste nearly one thousand blocks or squares, destroying seventy-eight thousand houses and temples and three thousand seven hundred warehouses. Above five-sixths of the city was in ashes, and half a million people were made homeless.

— At a recent Sunday meeting of the Mormons at their tabernacle in Salt Lake City, one G. Q. Cannon, who was afterwards seconded by Brother Brigham Young himself, denounced the "Gentiles" or unbelievers in their midst, in unmeasured terms, and declared that in "nine months Utah would be as free of Gentiles as the President's message is of reference to Utah."

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.
SO WIDE IS THE FIELD OF ITS USEFULness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation; and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.
Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC in which they are given, with also full descriptions of the complaints they cure.
Those who require an *alterative medicine* to purify the blood will find AYER'S CHERRY PECTORAL SARSAPARILLA the remedy to use. Try it once, and you will know its value.
Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher W. R. Preston, David Kimball, and all druggists. jf2d1aw 3m 1w

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gal. less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*, protect ing wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The readers of course were that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody,—Startling disclosures. Dr. TELLER'S great work (or the Married, or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A Lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Mahon's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine or stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 9 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, FEBRUARY 21, 1865.

THE REBELLION.

A scout just from Richmond reports that the guard around Jeff. Davis' house has been doubled.

Steamer Ariadne has arrived at Fortress Monroe from Fort Fisher. The Captain reports that our forces had expected to make an attack upon Fort Anderson on the 13th inst., but failed to do so for some cause unknown to him. Before he left Fort Fisher he saw a bright light in the direction of Fort Anderson, and his supposition was that it had been abandoned and burned by the rebels.

During four days of last week over 200 rebel deserters came within the lines of the armies of the Potomac and James. Saturday morning 46 arrived at Washington, all of whom deserted from the rebel picket posts on the night of the 14th.

An unsuccessful attempt by the rebels to advance their picket lines, was made by the rebels in front of our army on the James river, on the 17th.

Nine hundred and eighty-three Union prisoners, mostly from Danville, came down from Richmond on the rebel steamboat Allison to Cox's Landing. As the Allison was on her return trip to Richmond, above Fort Brady, she struck a torpedo, which exploding, completely wrecked her. She had on board 273 packages of blankets and a number of other articles intended for our prisoners, belonging mostly to the State of Indiana. The loss of life is unknown.

The Charleston Mercury of Saturday announces a brief suspension of that paper, with a view to its temporary removal to another point. This is rendered necessary by the progress of military events.

At Columbia, S. C., when the rebels found they must leave, and when it was decided not to attempt a defence of the city, a large quantity of medical stores, which it was thought it was impossible to remove, were destroyed.

The Richmond Examiner of the 17th reiterates the story that Wheeler drove Kilpatrick five miles in a fight at Aiken. It says, however, that nothing has been received from the War Department to verify the reported defeat of Kilpatrick.

The same paper estimates Sherman's force at 40,000. The Whig of the 17th says all it could learn on inquiry was that Sherman was somewhere, but it was not known where.

The Wilmington Carolinian intimates that important movements are going on, supposed to be evacuation. A considerable Yankee force landed in the vicinity of Little River—supposed to break the Manchester railroad.

New Orleans advices to the 13th have been received. The rebel iron-clad Missouri, and two wooden gunboats, comprising the entire fleet of the enemy in the Red river, are below Alexandria, closely watched by our gunboats.

Memphis dates of the 17th say steamers Mercury and Crescbec, with troops on board, had been attacked by the rebels near Helena. Several soldiers were wounded. The rebels were finally dispersed by the gunboats.

The rebel Gen. Forrest, has established his headquarters at Jackson, Miss., and is conscripting guerillas and sending them to Richmond to be put into the army of Virginia.

The steamer Dove was captured and burned near Helena by the rebels. The 56th (?) regiment were taken prisoners, and Col. Dean, commanding, killed.

In Washington, Monday morning, it was reported all over the city that additional good news has been received from Sherman, and the possession of Charleston is mentioned in this connection.

GOLD, Monday, 202 to 201 1-2. The telegraph reports $50,000 in gold sold in New York at 199 1-2.

—An absurd rumor has been in circulation that Government has not enough gold to pay the interest due March 1. Official authority states that there is coin enough in the National Treasury to meet not only the March interest, but also the much heavier payments of May 1st.

A prominent New York Republican informs "Perley," that in his opinion Mr. Hooper will be Mr. Fessenden's successor.

——Lt. Murray, 13th N. H. who has for several months been held as a hostage by the rebels, has recently been sent forward for exchange.

—— Lt. Chas. E. Frost, 11th N. H., is brevetted Captain; 2d Lt. John E. Crane, 11th N. H., is to be 1st Lt. by brevet.

— Illinois has still an open winter, with no snow. Of the first 38 days in 1865, two have been rainy, 33 & 34. Pork and lard are as high, 200 miles from Chicago, as on the wharves of New York; butter has gone down to 30 cts.

— Public lecturers in France receive from $10 to $20 a night, according to their reputation.

NORFOLK, Va., Feb. 15th.

Dear Chronicle:—Taking some interest in finding out how my Federal tax is invested, I went over to the Navy Yard the other day, and took a look at the iron-clad "Dictator," about which so much has been said; and I discovered where about two millions of money that we all paid to the U. S. was sunk or nearly so.

The Hon. Mr. Griswold stated in Congress about one week ago, that this vessel attained a speed of nearly eight knots an hour, in a passage from New York to Hampton Roads; also that there was a defect in the forging of the main shaft. In answer to the first, I find that she made but twenty-six revolutions, and her propeller has a pitch of 29 feet; any practical man can easily tell by this, about how fast she went, and it would please me to know how even seven knots an hour could be worked up from it? As to the shaft, even the speed that she did make, caused the brasses to cut the shaft out, instead of there being a defect in the forging. Another thing I find is, that if she was to take on board all that the contract required, she would sink alongside the wharf. I don't say she is an entire failure, for fear that if I did, some one who wears stripes on his arm might lay violent hands on me, and I have no desire be put in a cage just at present.

The "Dictator" will shortly go up to Washington, and be inspected by those in authority. For the benefit of the country I trust that she may be thoroughly examined by competent persons. In comparison with the Monadnock, from Charlestown Yard; and her sister ship the Agamenticus, now building at your Portsmouth Yard, the Dictator stands about this way: The Monadnock carries four guns of fifteen inch calibre, draws twelve feet of water, runs at sea eight and a half knots an hour, and cost about $750,000. The Dictator carries only two guns of fifteen inch calibre, draws twenty-one feet of water, runs less than seven knots an hour at sea, and cost about two millions. Draw your own inferences.

The Norfolk Yard is full of vessels undergoing repairs, no less than twenty-eight steamers being alongside the Docks. Everything denotes activity, but I hear of complaints concerning the efficiency of the Executive Officer of the Yard. I was informed that he was laid aside by the Retiring Board some years since, on account of physical disability. With the amount of work progressing at the Yard, and the despatch with which vessels are required to be refitted, the Department ought to place some capable man here, so that the Government might have all the advantage of the Navy that is possible. As a change will probably be made in the Navy Department on the 4th of March next, the people here will look for a change at this Yard.

Among the vessels at the Yard, I notice the Powhattan, Com. Schenck commanding. This is the man who abandoned the U. S. S. Saginaw at China, at the breaking out of the war, and was punished by the Department. How he came in command of a Navy vessel after committing such a flagrant act, I am not aware.

In the way of War news we hear of the progress of Gen. Sherman towards Richmond via Branchville, Augusta and Charleston. He is a General of whom we can only note down, as he accomplishes in his own way. His blows are aimed with perfect accuracy, and dealt with terrific force; and whatever may be his side-play, one can always see, after the conflict is over, how straight he has gone to his objective point.

Brig. Gen. Shepley, commanding District of East Virginia, has been relieved by Brig. Gen. Gordon. The relieving of Maj. Gen. Butler necessitates a change in all who hold command under him.

The Steamer Muscootah, a new iron double-ender, on her way to the Pacific coast, came in here in distress. She started out of New York, and had to put back. After being repaired she started out again, and reached as far as this place. Now she has been sent back to New York again, to be fixed up once more. I should like to call the attention of the California Senators and members of Congress, to the kind of vessels the Department are sending to the Pacific coast. Yours, E. L. Y.

— "Events after an election do not always support assertions before the election. The release of Col. North and Cohan and Jones, accused of frauds in the New York soldiers' votes, they being fully acquitted, show how little there was of that story. And what has become of all those American Knights, who were arrested in Indiana, who had sworn to murder Gov. Morton, and were in league for treason and revolution? We hear nothing of them since the election. There must have been terrible lying in the accusation against them, or it is time they were tried and hanged."

— A New York publisher sends us a lot of book-notices to publish, but as he omitted to send the books themselves, we don't propose to advertise much for him gratuitously.

THE CASE OF MR. FULLER.—The case of the United States against Edward N. Fuller of Newark, on a charge of violating the Enrollment act of Congress, by the publication of newspaper articles and in a public speech, was called up in the U. S. Dist. Court, 15th inst., and upon agreement of counsel the defendant addressed the Court as follows:

May it please the Court—In withdrawing the plea which I have heretofore pleaded, and substituting one which by its terms admits culpability, I beg leave to say that in the acts charged to me under the indictment, I have never been moved by seditious intentions; I have never designed to favor mob law, or to incite insurrection, and I have at all times supposed that in my utterances and publication, I was entirely within the just limits of liberty of speech and of the press. Under the circumstances of the case, I deem it proper, with this explanation, which is due to myself, to take the advice of my counsel, and retract my plea, and plead guilty; nor need any apprehension be entertained that I will in the future interfere with the action of the military authorities by publication or otherwise.

After a few words from the counsel for the defendant, the Dist. Atty. addressed the Court, saying in substance that the statement of the defendant had materially modified his view of the case; that the law had been in great part vindicated, and suggesting a light penalty.

Judge Field then imposed the moderate fine of $100 and costs, prefixing it with some remarks, setting forth with due unction the gravity of the offense, and stating that if the defendant had come to the Court determined to resist the Government, by insisting upon a trial, he should have imposed the extreme penalty of the law. But he now regarded the case in a very different light, and had therefore concluded to modify the penalty materially.

INVESTIGATION OF THE FORT FISHER EXPLOSION.—The board of officers to investigate the explosion in Fort Fisher report that it was the result of carelessness. Immediately after the capture Gen. Ames gave orders to place guards on all the magazines and bomb-proofs. Lieut. Col. Zeeist placed guards on thirty-one entrances under the traverses, but the main magazine, which afterwards exploded, being in the rear escaped his notice, and consequently had no guard. Soldiers, sailors and marines were running about with lights in the fort, entering bomb proofs with the lights, intoxicated, and discharging fire-arms. Persons were seen with lights, searching for plunder, in the main magazine, ten or fifteen minutes previous to the explosion.

PAYING OFF THE NATIONAL DEBT.—The proposition that the national debt be paid off by a subscription of $10,000 each by 200,000 persons, continues to excite remark. The subscriptions should not be limited to $10,000, but any sum, however small, be received for the patriotic object.

STATUE OF ZENOBIA.—This beautiful work of art, still on exhibition at Messrs. Childs & Jenks' Art Gallery, on Tremont St., Boston, affords a rare opportunity for our people to enjoy a high and rational pleasure. We have not many such masterpieces of statuary in this country: this has already become private property, and will soon be withdrawn from the public.

Chronicle, Why must dying rebels take the "left hand" road?

Answer, Because the "bars" are up between them and Heaven.

YARD STICK.

— Petroleum Poetry —"*Isle* of Beauty, fare thee *well!*"

Portsmouth Music Society.

The undersigned cordially invite all Singers in the city and vicinity.—ladies and gentlemen—who feel an interest in Music, and are willing to assist in forming a MUTUAL ASSOCIATION, to meet

AT MERCANTILE HALL,

On WEDNESDAY Evening, Feb. 22d,

at half-past 7 o'clock,

to consider the matter, and to SING.

At the preliminary Meeting, on Wednesday evening last, it was decided to adopt the "Continental Harmony" for partial present use—copies of which will be furnished all for use at the Hall. Also to procure the Sacred and Secular Collections, "The Chorus of Praise," which may be had at Mr. HEAD'S Bookstore.

W. K. DAY, A. PEARSON,
C. H. TOMPSON, E. A. JOY,
J. H. HEAD, F. W. MILLER,
E. B. GOODALL,

Portsmouth, Feb. 17, 1865.

OLD FOLKS' CHOIR.

All members, and others interested in the old music, and Singers and Players generally, are invited to meet

AT MERCANTILE HALL,

On SUNDAY EVENING, February 26,

at 7 o'clock,

for a Social Sing. FRANK W. MILLER.

☞ Those having copies of "The Continental Harmony" will please bring them.

Tuition in Music.

The subscriber respectfully informs his pupils and others, that on and after the **1st of March** he will devote his time to giving MUSIC LESSONS as heretofore.—and to the selection and purchase or sale of Cabinet Organs, Piano Fortes and Melodeons. Application for any of these instruments, or for Tuition, may be made at No. 30 Hanover street. AMOS PEARSON.

Weak Lungs and How to Make THEM STRONG.

By Doctor Dio Lewis.

A fine BOOK of 200 pages and 127 illustrations, which is everywhere welcomed by persons with weak chests or defective digestion: and full of interest to everybody. It gives a home cure without medicine. For sale by

feb17 JOSEPH H. FOSTER.

DR. URANN,

PRACTICAL PHYSICIAN,

Who has made so many wonderful and instantaneous cures in Boston, New York, Hartford, Springfield, and more recently in New Hampshire and Vermont, has taken

ROOMS FOR THE PRESENT AT THE

FRANKLIN HOUSE,

PORTSMOUTH, N. H.

DR. URANN'S treatment is such that by it

All Curable Diseases

are affected in one or two treatments, and many are entirely cured by one, as the following will testify:—

W. P. HOMER, 50 and 52 Federal Street, Boston, for many years was troubled with Heart complaint, so bad that at times he was unable to attend to his business; after one treatment he was able to run up stairs, work in his garden and attend to his business; has since gained 12 pounds.

MRS. ELLEN CORNY, of Cambridgeport, Mass.—Sciatica; so lame that she could not walk without assistance; after one treatment of fifteen minutes was well as ever, and could walk a mile free from pain.

MRS. SARAH P. STILES, Lowell, Mass., had Fever Sores on both legs of twelve years standing; her right ankle measured eighteen inches, and was as blue as indigo; she could not move her foot; after one treatment it was reduced one-half, she could move her foot freely and is getting well rapidly, her left ankle all healed.

Prof. G. M. LARRON, 1 Dix Place, Boston, troubled with Spinal difficulty, was in much pain; relieved by one treatment.

Miss HANNAH COOL, Campton, N. H.—Spinal difficulties; was unable to walk but a short distance or do any kind of work; perfectly cured, and is now the picture of health

Miss C. FROTHINGHAM, Boston, Portrait Painter, was troubled with great depression of spirits, at times was unable to attend to her favorite employment; was entirely cured, and she expresses herself, is "made over anew."

MRS. J. BROWN, Boston, a severe cough and pains through her lungs, cured.

Capt. W. H. LAMPSON'S CHILD, Lowell, Mass. The child was pronounced by physicians as hopelessly idiotic. The child could neither walk or sit alone, and took no notice of anything. After one treatment he began to improve, and has so far gained as to be able to walk alone, can talk, takes notice of everything, laughs and sings, and appears perfectly well.

Mrs. BINCKLEY, wife of A. T. Binckley, of State Arsenal, Hartford, Ct., troubled with hip complaint and contraction of the cords of the legs; could not get her heel to the floor within four inches; had to be brought down stairs in arms; after one treatment of twenty minutes was able to run up and down stairs with ease, and is now able to walk the streets.

Mr. J. TURNER, Hartford, Ct, troubled for many years with loss of memory; could not attend to business; had been under the best medical treatment in England with no beneficial effect; after one treatment was perfectly restored

Miss MARTHA ST. JOHN, Simsbury, Ct., was confined to her bed from spinal difficulty and prolapsus uteri; had not been dressed for more than a year; in twenty minutes she was enabled to dress and walk out to one of the neighbors, a distance of about a half mile; she has since been to Hartford and to church, and is improving daily.

MRS. HENRY LOOMIS, Southwick, Mass., troubled with fits and spinal difficulties, could not walk without much difficulty, perfectly cured by one treatment.

MRS. WM. JENKINS, Unionville, Conn., troubled for over two years with chronic liver complaint and rheumatism, had a large lump on her side which was very painful; was unable to lie down. Cured by one treatment, and is as well as ever.

JOSEPH H. ELDRIDGE, formerly of the Hartford Police, more recently on Hartford and New Haven Railroad, was obliged to give up his business on account of a severe cough and bleeding, perfectly cured and can now do a good day's work.

LYDIA L. FULLER, of East Wallingford, Vt., had entirely lost the use of her limbs after a severe attack of diptheria, was restored by one treatment, and is as well as ever.

FANNY DAVIS, of Moretown, Vt., had been confined to her bed for more than five years—was not able to stand—after one treatment of less than an hour, was enabled to walk around the room, and is now quite well.

MISS HUTCHINSON, daughter of Judge Hutchinson of West Randolph, Vt., was troubled with fits, having some days from fifty to one hundred. She was unable to eat anything but liquids—was not able to stand. After one treatment she began to improve, until now, she is the picture of health, able to walk as well as any one, eat hearty and has no fits.

SOUTHWICK, Mass., July 21, 1863.

DR. URANN,—Dear Sir:—I suppose it is ever a pleasure to you to learn the convalescent state of your patients; notwithstanding my long three years of almost absolute confinement to my bed, unable most of the time to converse with or see any company, and for over two years unable to feed myself—yet with this painful picture of human wretchedness which made life almost a burden, since your treatment of my spine, on the 7th day of June, I have been able to take my meals at the table, with my family, ride out daily, and converse freely with all; and without some new misfortune befalls me, I shall soon be able to interest myself in the labors of my profession, at least to preach one sermon a Sabbath. Without flattery, in my honest judgment, there is no better treatment in the hands of men for the Spinal Disease than the one which you honor, and as my heart beats with sympathy with all Spinal sufferers, I only wish they knew the wonderful utility of your treatment, and avail themselves of the same. Yours with respect and gratitude,

M. H. RISING.

DR. URANN'S TERMS

Are such that all can avail themselves of his treatment.

☞ Persons at a distance who are unable to visit the Doctor, by sending particulars of their cases, with one dollar enclosed, will receive advice and learn whether their cases can be treated at a distance. In all cases, state age and sex.

Portsmouth, Feb. 21, 1865.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent. GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker. The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the
FIRST NATIONAL BANK, Portsmouth.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms ASSOCIATION,

Situate on Oil Creek and the Allegheny River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $3,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later.—and on the first of February a dividend of about 2½ per cent. per month, since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $88,000 per day, or $14,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing, 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Messrs. Geo. C. Goodwin & Co., 38 Hanover St, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. J18—3msudaw

Hair Dye! Hair Dye!
BATCHELOR'S Celebrated Hair Dye

Is the Best in the World!

The only Harmless, True and Reliable Dye Known.

This splendid Hair Dye is Perfect—changes Red, Rusty or Gray Hair instantly to a *Glossy Black* or *Natural Brown*, without injuring the hair or staining the skin, leaving the hair soft and beautiful; imparts fresh vitality, frequently restoring its pristine color, and rectifies the ill effects of bad dyes. The Genuine is signed WILLIAM A. BATCHELOR, all others are mere imitations and should be avoided. Sold by all Druggists, &c. FACTORY—81 BARCLAY STREET, N. Y. **Batchelor's New Toilet Cream** or Dressing the Hair. Jy9—1ydaw

A LECTURE ON THE NATURE, TREATMENT, and Radical Cure of Spermatorrhœa, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally: Nervousness, Consumption, Epilepsy and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c. By REBT. J. CULVERWELL, M. D., author of the *Green Book, &c.*

"A boon to thousands of Sufferers."

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. J18 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by beastly and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

Please inclose a stamped envelope, addressed to yourself.

Address JOSEPH T. INMAN,

d24andaw Station D, Bible House, New York City.

CARTER'S

CLARIFIED MOLASSES CANDY!

Local.

☞ Opportunity to learn Type-Setting, by either a Boy or Girl of fair education, may be secured at the Chronicle Office, by immediate application—and pleasant and steady employment given.

☞ The Girls' High School will resume its sessions this morning.

POLICE COURT, Feb. 17.—James Jones, for larceny of a lion-skin robe from a sleigh on Court street, was found guilty, and bound over in the sum of $200 for his appearance at Exeter in April. It appears that the above named individual was extremely short of funds, and took this method of reimbursing himself. But officers Dresser, Abbott and Fredson looked at the matter in a different light, and after a thorough search of a house at the foot of State street, succeeded in finding both thief and robe, for which vigilance, they are entitled to much credit, as scarce any clue to the theft could be obtained; rendering the article about as easy to be found, as an honest government contractor or a truthful lawyer. REP.

☞ The disbursements at Portsmouth Navy Yard, (including $159,000 distributed last week,) on the pay-roll for wages and salaries alone, for the past year, we are informed have amounted to upwards of two and a half millions of dollars. The extensive operations at the Yard, of course have vitally affected all the interests of this community and the vicinity; but it is not so clear that the developements of private enterprise would not be a more beneficial and desirable reliance for permanent prosperity.

☞ On Saturday evening last, a marine was stationed on board the Minnesota at the Navy Yard, and when his relief came, about 3 o'clock, he was not to be found. Search being instituted, he was discovered lying on the keelson with his skull fractured, having fallen through the main hatch, a distance of over twenty feet to the keel below. He was alive at last accounts, but will not probably recover. He came here in the Minnesota a week or two since, and had but about four months to serve. It is supposed that in the absence of lights, he missed his beat, and stumbled through the hatch.

HIGHWAY ROBBERY. — On Saturday evening last, between 7 and 8 o'clock, as Mr. William Austin of York, was riding home from his work at the Navy Yard, he was waylaid by three men who rushed out from the roadside in that part of the town near the Baptist meeting-house, and while one seized his horse, another collared him, and dragged him from the sleigh and held him on the ground while the third party rifled him of his money, which consisted of just one solitary ten-dollar United States government note. Mr. Austin received his pay on Saturday, which amounted to $28, eighteen of which he paid away at Kittery Foreside, prior to starting for home, leaving the aforesaid 10 dollars. Two of the party — named Albert Junkins and Charles Junkins, — were well-known to Mr. A., while the the other he thinks he never saw before. The individual assaulted is said to be a very quiet, inoffensive man, and had no knowledge of any animosity existing against him on the part of the parties above named. This is the story as given us. REP.

☞ There is not to be any Lyceum this evening. The time for the closing lecture is not yet fixed, nor is it known who the speaker is to be. The Secretary is in correspondence with several parties.

☞ Mr. Edward A. Rand, of this city, has accepted a call from the Congregational Church and Society at Amesbury, Mass., to become their pastor; and will be duly ordained and installed on Thursday, Feb. 23.

INTERESTING AND IMPORTANT. — In calling attention to advertisement of Dr. Urann, we copy the following editorial endorsement from the Montpelier Journal:

Dr. Urann has made several visits to Montpelier; and the remarkable cures made by him at different times, of almost every description of disease, are enough to always insure him a large number of patients. A case of Miss Fannie Davis of Moretown, whom our readers will recollect was so wonderfully restored to health; also Miss Hutchinson, adopted daughter of Judge Hutchinson of West Randolph, which was a singular case; as also, Mr. Emery Bailey of Montpelier, and Mr. H. W. Wells of Waterbury—these cases, right in our midst, are all wonderful cases, and we believe were all cured without medicine.

We now publish a letter received lately from Miss Warriner, assistant teacher in the Seminary at West Brattleboro:

WEST BRATTLEBORO, Vt., }
Jan. 9, 1865. }

DR. F. W. URANN—*Dear Sir:*—One year ago, I was an helpless sufferer from spinal disease, which had so entirely prostrated my nervous system that I was unable to leave my room; could bear no noise and but very little light without great pain. My strength was rapidly failing, and for months I had not been able to see any one excepting those who had the care of me.

At this time a notice of your visit to Brattleboro appeared, and, as all the means at hand for my recovery had been used without any relief, my friends immediately consulted you to ascertain your mode of treatment. At their request I consented to place myself under your care, though without any hope of benefit from such means, since the regular course of treatment had failed to effect anything for me. The result exceeded the expectations of the most sanguine. After one treatment I was able to take my meals with the family, sleep well at night, and ride and walk daily.

From that time, by closely and perseveringly following your directions, my recovery has been so rapid and constant as to astonish every one who knew my condition. It is with the greatest pleasure that I take this means of recommending to the sick and suffering everywhere the same means which have proved so beneficial to me, and I would especially urge *all afflicted as I was* to secure your service *without delay.*

FANNY M. WARRINER.

☞ The Annual examination of the schools in District No. 1, will take place this week, as follows:

Tuesday morning,—Mrs. Mullen's, Miss Myer's, Miss Simes'. Afternoon—Miss Roger's, Miss Mason's.

Thursday morning—Mr. DeMerritt's.—Afternoon—Miss Mason's.

Friday Morning—Mr. Joy's. Afternoon, Mr. Shannon's.

☞ The new Portsmouth Music Society have a meeting for organization, on Wednesday evening. Particulars given in the advertisement. A general invitation is extended.

☞ The Old Folks Choir have a rehearsal at Mercantile Hall each Sunday evening at 7 o'clock. All are invited.

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

Why, Missus, just look at these nice white clothes. I never had such soap to wash with before, and as long as you are my mistress, I hope you will never buy any other but the Gold Medal Soap, it is so nice and pure, and washes so easy—just think of it—I am three hours ahead of the usual time, my clothes never begun to look half so well before, and I thanks to the J. Monroe Taylor Gold Medal Soap. Tell all your friends to try it, and they will never use any other. Most all the grocers have it to sell. 92

GRAND
DOUBLE CONCERT,
VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,
ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choir of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

WHAT IS A
FRENCH ROLL PAN?

IS A QUESTION OFTEN ASKED.

It is simply a nicely made

IRON PAN.

Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very

QUICK AND LIGHT BAKE.

For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are

Invaluable.

IN these days of high prices, it is worth while to

ECONOMISE

in any way. We give below a receipt for making a Cheap, Wholesome, and

PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S
Spring Roll and Cog Wheel
WASHING AND WRINGING
MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all save an immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by
E. A. STEVENS,
46 Market Street.

Morning Chronicle.

A GRACEFUL EXCUSE. — William IV. seemed in a momentary dilemma one day, when, at table with several officers, he ordered one of the waiters to "take away that marine there," pointing to an empty bottle. "Your majesty!" inquired a colonel of marines, "do you compare an empty bottle to a member of our branch of the service?" "Yes," replied the monarch, as if a sudden thought had struck him; "I mean to say it has *done its duty* once, and is ready to do again."

— The Marchioness of Londonderry is dead. She is the fine old lady who, during her illness, replied to the physician when he declared that he could not make her young again: "I know it, but can you not help me to grow older?"

—The Palmetto Herald has at last found out the reason why men never kiss each other, while the ladies waste a world of kisses on feminine faces; it is because the men have something better to kiss, and the women haven't!

— Signor Papanti, of Newburyport, has only two children. One is a brave Captain in Mass. 2nd Cavalry, and the other Ensign in the Navy.

The Cincinnati Gazette wishes Gen. Sherman to be relieved of his command.—Couldn't the country better spare the Gazette?—*Boston Post.*

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished, by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but it gives inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any other agency within them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to be grateful, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
Besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, he has also, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having their interest faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, SEVEN ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Jan. 1, 1865.—3tawly

Please Look at This.
EYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the Scrofula in a dreadful form—most of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swayne's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNES.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May 31, 1841.*
DR. SWAYNE: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ELDER I. CHESLEY.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H. promptly attended to. may26

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of thorough and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, such as Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Gravel, Abscesses, Blotches, Frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotten, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
In all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and delicate diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the subscriber, DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1863.—eodly.

HIGHLY IMPORTANT
UNFORTUNATE FEMALES!
DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically treat and speedily remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints from the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express, or forwarded by mail, on receipt of communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.
Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. T1m1y

DR. M. BRISCOE still continues his successful treatment of all Private Diseases, and also Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

FIGS! FIGS! FRESH FIGS!

—DEALER IN—
STOVES,
KITCHEN FURNISHING GOODS,
FARMING TOOLS, &c.
THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.
We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.
Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.
"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:
Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.
STOVES
Of almost all other kinds on hand and for sale CHEAP AS THE CHEAPEST.
REPAIRING PIECES of the different kinds, and a general assortment of
HOUSE-FURNISHING GOODS,
FARMING TOOLS, &c.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD.
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and strengthening children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, it is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
Make One Trial of this Wine.
For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

DR. W. R. MERWIN & CO.'S COLUMN
FOR THE
CHEROKEE MEDICINES.
CHEROKEE PILLS!

Health Preserver!!
CERTAIN AND SAFE.
They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.
They cure Suppressed, Excessive and Painful Menstruation.
They cure Green Sickness (Chlorosis).
They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.
Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.
They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.
All letters seeking information or advice will be promptly, freely and discreetly answered.
Full directions accompany each box.
☞ Price $1 per box, or six boxes for $5.
Sent by mail, postage free, on receipt of price
Sold by all respectable druggists.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.
"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and
OVERCOME DISEASE.
The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.
This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.
The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.
☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.
Sold by all druggists everywhere.
Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.
The Cherokee Pills & Rejuvenating Elixir,
Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.
Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their disease and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.
Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.
We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

BRACKETT HUTCHINGS, 3 Market st., where may be found a complete assortment of MEDICINES, FANCY ARTICLES, SOAP, PERFUMERY, &c.

The Chronicle.

TOUGH LADS.—We have three lads, carriers of the Herald, of the ages of 17, 14 and 11 years, varying in weight from 80 to 140 pounds—as healty boys as can be found in this State, who daily perform what very few men would want to endure. They sleep in a room with the window open, be it cold or hot weather. Every morning they rise by 4 o'clock, and the first thing is a cold bath. It matters not what temperature is indicated by the thermometer, or whether the water has crusted with ice or not; from the warm bed they make a dash into the cold water, and then ply the coarse towel till the blood runs warm from the crown of the head to their toes. Then they are prepared for their routes. One of them goes to the Southend, as far as the gas works, and with the cross streets most travel full four miles before breakfast; the second goes to the Northend, as far as the "three roads," and does not walk less than three miles; and the third has a shorter route in the centre of the city, of two miles. As young as he is, he has gone this route three years at least.

They never flinch at a storm, snow or rain, and appear to enjoy the cold weather, for the harder it is the more springy they are. When the mercury was at 12 degrees below zero, we asked the youngest, if it was too cold for him—his cheeks being as rosy as though he had come from a blazing fire, his eyes sparkling like diamonds, and his hair standing out with electricity—"oh no," he replied, "I care nothing for cold if the wind does not blow;" and off he went bounding over the ice like a deer. Their cold-water bathing and out-door exercise do wonders for them; and that or something else affects their minds as much as their bodies, for no more faithful boys live.

Our predecessor, after many years experience, declared that he never had a good carrier boy who did not make a good man, and by this standard these lads have a bright future before them. They had an ancestor who was physically one of the strongest men in the State, and was the most healthy that ever lived in the town; but in neither respect, at their age, did he give promise of more than they.—*Newburyport Herald.*

Special Notice.
To the Readers of the Morning Chronicle, Portsmouth, N. H.
The undersigned would respectfully ask attention to the preparations known as
Hunnewell's Universal Cough Remedy
The Great Remedy for all Throat and Lung Complaints.
HUNNEWELL'S TOLU ANODYNE,
A perfect relief for Neuralgia, all Nervous Complaints, and Loss of Sleep.
HUNNEWELL'S ECLECTIC PILLS,
Declared to be the most perfect Cathartic and Family Pill; seldom requiring more than *One* for a dose, without *Griping*, and one that should be known to every family.
These preparations will be noticed each month, and originating from most potent questions in Medicine, enjoyed for ten years unbounded reputation; readers are invited to accept such notices as a true index of character, and give me their confidence to test them.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*; protect ing wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their manhood and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. Teller, both down in health and rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for every body.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The Single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unsupprassed, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, FEBRUARY 22, 1865.

THE DAY WE CELEBRATE!

WASHINGTON'S BIRTH DAY, Feb. 22d, is a legal holiday, as to the Banks and Courts; a Vacation Holiday, as to the Schools; and we kept it as a Printer's Holiday, before it was made legal. We do not have many such in a year, therefore let us keep this with a good will always;—and let us keep it with a special relish this year, as we are daily getting good news from our armies; and as we have good reason to hope the end of the rebellion draws near.

WASHINGTON'S BIRTHDAY. — General Grant, through his subaltern Gen. Sherman, again gives us reason to "thank God and take courage." And how appropriate that we should rejoice for the success of truth and good government, on this the birthday of the Father of his country, and our country—aye, to rejoice and be exceeding glad that the traitors are defeated in their very hot-bed—even as he, our Washington, would rejoice, were he here to-day.

A PIECE OF ENGLISH IMPERTINENCE. A letter has been received at the Navy Department from Sir William Armstrong, the well known English gunmaker, in which he urges this Government to imitate the example of Frace and Russia, by manufacturing his guns. To this piece of scientific impertinence, Capt. Ware, of the Ordnance Bureau, has written a caustic reply, in which he tells Sir William that the Armstrong guns captured at Fort Fisher afford us the means of testing their supposed efficiency. Upon these guns was found an inscription, setting forth that they were a present from Sir William Armstrong to Jeff. Davis.

— The Bishop of London has declared that the gospel should be preached to all the poor in that city. He declares that five hundred clergymen and six hundred laymen are needed, and proposes to raise half a million of dollars yearly for ten years, to build chapels in destitute portions of the city.

— Mr. Barker, organ builder in Paris, is the inventor of a mode of applying electricity to the action of great organs, so that the largest organ may be played as easily as the piano, and the pipes may be distributed anywhere through a church. This invention is now being applied to a great organ in course of construction for the Church of St. Augustine, in Paris.

— The Press, of Vienna, states that the Jewish population of Kowno, in Western Russia, has established a loan society, which is distinguished from other institutions of the kind by the fact that no other guarantee is required from the borrower than his word of honor. Since the foundation of the association there has not been a single case of a debtor having failed to fulfill his engagements.

— Galignani's Messenger says that an apothecary, at Nantes, has just discovered by the merest accident, that ammonia will put out fires. The result is easy to explain on scientific principles: for ammonia, which consists of eighty-two parts of nitrogen and eighteen of hydrogen, is easily decomposed by heat; and the nitrogen thus set free in the midst of a conflagration must infallibly put out the flames.

— Gen. McClellan arrived in Liverpool Feb. 7th, accompanied by his wife, child and servant, and will, it is understood, spend the year in travelling over Europe, for the double purpose of recruiting his wife's health and of studying European military science. On the 6th, they left Liverpool for London en route to Paris and Rome.

— A bill just passed by the Missouri Senate provides that any persons whose husband or wife has been engaged in the rebellion against the United States, shall be entitled to a divorce on proper application to the courts.

— The Peekskill Democrat says that Hon. Robert P. Parrott, of West Point Foundry, has paid the taxes of all the widows, and soldiers absent at the war, living in the town of Phillipstown, Putnam Co.

— The experiment last year adopted at Newbern, of leasing plantations, by the Treasury Department, to both whites and blacks, has resulted highly favorably to the latter,

— Jay Cooke reported $5,082,000 of the 7-30 bonds subscribed for Saturday. How the credit of the Government is going down!

— The paper swill have it that Garrison was born in Newburyport—which is a mistake, as he was born in Nova Scotia, or on

GOLD, in New York, Tuesday, 197 1-2. Pork fell $1 on a barrel, flour 10 cts.

— The Boston Post says that Belle Boyd is in London very poor and destitute.

Lowell is seeking to extinguish its liquor sellers by Maine (law) force.

— The oldest lunatic on record—Time out of mind!

— The Tug of War—a gun-boat.

THE REBELLION.

CHARLESTON, the hot-bed of sedition, rebellion and destruction for slavery's sake, is once more in the hands of the United States, whose duty it is to see that she rebels no more.

A dispatch from Admiral Dahlgren, to the Secretary of the Navy, dated at Charleston harbor, 15th, says, that the rebels were abandoning Charleston that morning, and he was then on his way to the city.

From the Richmond papers of Monday we know that Charleston was evacuated by the rebel army on Tuesday, and that on Friday the U. S. army took possession of Columbia. It is reported that the rebel forces under Gen. Beauregard are moving in the direction of Charlotte. On Sunday.

Gen. Sherman was advancing near Winsboro, a point on the railroad leading to Charlotte, and 30 miles north of Columbia.

Charlotte is thronged with refugees from Columbia, who report that some of Wheeler's cavalry plundered the city before the evacuation. The rebel government, about two weeks ago, took the precaution to remove from Columbia, its specie deposited there, and within the past few days all the dies and plates belonging to the Treasury Department, together with the Treasury notes of hand, were conveyed away. The rebel troops were withdrawn to a position 20 miles from Columbia, where they remained on Sunday.

The United States force entering Columbia consisted of Sherman's main army, a large portion of which immediately moved up the Charlotte road, while another portion moved down in the direction of Charleston.

Charleston was evacuated by the rebels on the night of the 17th, leaving the several fortifications unimpaired, beside 200 guns, which they spiked. The evacuation was first discovered at Fort Moultrie in the morning. Part of the troops stationed at James Island crossed over in boats and took possession of the city without opposition.—The upper part of the city was on fire. The formidable earthworks on James Island were found abandoned and the guns spiked.

A detachment was sent to take possession of Fort Sumter, and raise the flag which Gen. Anderson hauled down nearly four years ago. At precisely nine o'clock, Saturday morning, the flag was raised amid deafening cheers. The flag-staff had long since been shot away, and it was necessary to improvise one with the oar of a boat.

Previous to the enemy evacuating, they fired the upper part of the city, by which 6000 bales of cotton were burned, and it is supposed that before they could subdue the flames, much of the city was destroyed.

There is no doubt but the rebels intended to burn the city to the ground, despite the misery it would entail on thousands of women, children and old men, of which class the inhabitants of Charleston is now almost entirely composed.

The old United States flag waves over Sumter, Moultrie and the city of Charleston. A fearful explosion occurred in the Wilmington depot at C., cause unknown, by which several hundred citizens lost their lives. The remains of two iron-clads were found which had been destroyed bythe enemy. The blockade-runner Cyrene, just arrived from Nassau, fell into our hands, and two others were expected to run in on the night of the 18th.

The World says telegrams received by private parties from Washington state that Lee has sent 30,000 men to Beauregard; that Gen. Grant is aware of it, and the army of the Potomac in motion; also that Gen. Sheridan is advancing with a heavy force on Gordonsville or Lynchburg.

WILMINGTON, N.C., dispatches of Saturday the 18th show that our fleet shelled Fort Anderson Friday afternoon, all night, and Saturday forenoon, and the rebels say they were also attacked by a land force there, but repulsed them. They say also that a U. S. force 4000 strong, 2000 of it cavalry, was advancing from Knoxville, and had reached Greenville, which is 54 miles from Bristol. This expedition is supposed to be another raid on the Virginia and Tennessee Railroad.

The telegraph operator at Weldon reports a raid from Washington or Newbern in progress, the supposed destination of the raiders being Rocky Mount Station, on the Wilmington road in Edgecomb county.

A Kinston (N.C.) correspondent learns that the Yankees are preparing an expedition against Weldon. Five locomotives and railroad iron have certainly been landed at Morehead by the Yankees. Jones City was visited last week by Yankee raiders, and all the previisions carried off.

A rebel paper says that soon after Raleigh is garrisoned by the Federals the State of North Carolina will secede from the Confederacy, and a majority of the conservative party will return to the Union.

The rebels are removing their supplies from Wilmington.

It is estimated that there are over $180,000,000 worth of cotton stored from Wilmington along the line of railroads reaching into South Carolina and the southern part of North Carolina, which the rebels have been ordered to burn as fast as the Federals appear.

The Augusta Chronicle advises the citizens to resist the burning of the cotton there. The paper is denounced as a Yankee concern.

WHAT IS A COUNTRY. — The Tribune hath it rather sarcastically, that "Mr. Jeff. Davis, writing to F. P. Blair the letter which paved the way to the recent Peace efforts, demurs (of course) to President Lincoln's expressed willingness to restore peace to our common country; but says he would gladly 'secure peace to the two countries.' This is meant to be orthodox secessionism, but fails, from the intrinsic difficulties of the case. If Mr. Davis is right on the main question, the late United States are no more two countries than one, but are thirty-six countries, whereof some twenty-odd have temporarily constituted a common 'agency,' which has its principle office at Washington; while the residue, 'be the number more or less,' have set up a rival 'agency' at Richmond, broadly inscribed—'No connection with the shop over the way.'—that is, over the Potomac.

"To say that the States now constitute 'two countries,' clearly admits that they formed but one five years ago, and challenges the legitimacy of the process whereby they are held to have since been dissevered. A 'country' is not to be dispersed like a mob, not dissolved like a mass meeting; it has vitality, coherence, and 'a law within its members' (as St. Paul says) which revolts at the suggestion of suicide. If these States now form 'two countries,' they lately formed but one; and a country is rightfully indissoluble save by its sovereign act. Mr. Davis has not accurately mastered the nomenclature of his school. When did Mr. Calhoun (after his great apostacy from the highest Nationalism to its radical opposite) ever speak of the United States as composing one country?"

RATHER FOOLISH IN SAMSON.—The Coos Republican says an amusing incident occurred in a church there recently, during the progress of one of those 'Sabbath School Concerts," so interesting to adults as well as to the children. The subject was the history of Samson, and the question, "What foolish thing did Samson once do?" Expectation was on tiptoe to ascertain his peculiar weakness, when from a front seat came the reply, given with solemn preciseness and irresistibly ludicrous accent, "He went down among the Philistines and got a wife!" The mystery was out — the weakness revealed. A broad smile was unavoidable, and was very generally indulged in before the questioning proceeded further.

— Col. Hugh H. Janeway of the First New Jersey Cavalry, wounded in the late action near Petersburg, reached his home in Jersey City last week. He is an example to young men of unfaltering devotion to the service of their country. He comes back with his *twelfth* wound. Entering his regiment at the beginning of the war, nineteen years old, he has risen to be Colonel at twenty-three. As soon as his wound is healed he will have a brigade of cavalry, and in that position will be the youngest, as he is one of the ablest and most deserving officers in the service.

— The Rev. R. O. Kellogg, formerly Professor at the Lawrence University, Wisconsin, recently became insane after some revival labors at Fort Atkinson. He was taken to the Insane Asylum at Madison, and during the night dashed his head against the wall with such force as to cause his death.

NOW AND THEN.—The Traveller says, as to the numbers engaged in the present civil war, the little State of Massachusetts, according to an article in a recent publication, has furnished more men in our present struggle than fought on both sides in the great English rebellion. It has sent more men into the field than Julius Cæsar commanded to gain the empire of the world; more than all the troops of Hellas put together in the long struggle that rent her in pieces, when her sun went down. The State of New York has equipped more soldiers than all the troops of Cæsar and Pompey put together, though drawn from every province, from the Euphrates to the pillars of Hercules. The whole army of Cromwell would only serve as skirmishers, or as a detail for a "raid" from the army of Grant or Sherman. Cromwell's great military fame was gained by managing twenty-five thousand men; and its marches and evolutions were within an area less extensive than the State of Virginia.

☞ Mr. Rene Gartier, a middle-aged Frenchman, saw two Government officers approaching his boarding house at 219 West Forty-eight street, Philadelphia, Wednesday morning, when he ran to his room and shot himself through the head with a pistol. His trunk on being searched was found to contain $2000 in gold, and a number of letters showing that he had been in correspondence with rebels in France and elsewhere, indicating that he was their agent here. Several of these had been opened, probably by Government detectives; and it is supposed that, seeing the officials approaching the house, Mr. Gartier thought that they wanted him, and rather than be taken committed suicide.

—— The Concord Monitor can't understand why, when the quota of New Hampshire was announced as 804, the War Department fixed the deficiency of the Second District at 105, and the Third at 699, crediting the First District with an excess; and now the 804 men who must be immediately furnished, are distributed as follows; First District 278, Second 144, Third 382. It asks, have we returned to the original quota?

—— By special order from the War Department, Feb. 14th, "the special order of Feb. 4th, honorably discharging Col. Aaron F. Stevens, 13th N. H., on account of physical disability, is, under the special circumstances of the case, suspended until further orders."

— Richmond papers say a desperate affair occurred Tuesday in Lunenburg County between some deserters from the Confederate army and some of the 9th Virginia cavalry, aided by citizens. Several on both sides were wounded. The deserters were finally captured.

☞ The Portland Press truly says, "There is no possible way in which a country paper—or any other—can be made so interesting, as by a careful attention to local news. The neglect of this can be atoned for by no other supply."

Military.

ALL those who have expressed a desire to form a Military Company, and have signed a paper to that effect, will please meet at the WARD ROOM, WARD ONE, on SATURDAY EVENING, Feb. 25, at 7 o'clock.

Weak Lungs and How to Make THEM STRONG.

By Doctor Dio Lewis.

A fine BOOK of 350 pages and 127 illustrations, which is everywhere welcomed by persons with weak chests or defective digestion; and full of interest to everybody. It gives a home cure without medicine. For sale by

feb17 JOSEPH H. FOSTER.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7 30 loan, at current rates, including interest, about ten per cent. per annum, besides *its exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,750 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $83,000 per day, or $14,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $-50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

By ROBT J. CULVERWELL, M. D., author of the *Green Book*, &c.

"A boon to thousands of Sufferers."

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. jl8 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge*.

Please inclose a stamped envelope, addressed to yourself.

Address JOSEPH T. INMAN,
Station D, Bible House,
d24eandaw New York City.

CARTER'S
CLARIFIED MOLASSES CANDY!

Local.

☞ To day we presume will be generally observed as a holiday, wherever the name of Washington is reverred. So we shall issue no Chronicle to-morrow. The Gazette is printed this morning.

— There is no work on the Navy Yard to-day, it being a National holiday.

☞ A Ladies' Freedmen's Aid Society has recently been formed in this city.

☞ The bells of this city rung out a merry peal, at noon of Tuesday, in honor of the victory at Charleston, &c. &c.

☞ The new Music Society is to be organized to-night. By the advertisement, it will be seen that both plain psalmody, and more difficult choruses, are to be practised; and a general invitation is extended to all good singers.

POLICE COURT, Feb. 21,—John Roakes, arrested for stealing a cloak from the house of Mrs. Berry on Sunday last, was considered not guilty and discharged. Since his discharge however, the City Marshal found the cloak at the house occupied by Thomas Cusick, who stated that Roakes brought the garment there.

☞ Dennis Carrigan, an Irishman slightly exhilarated by liquor, on Tuesday, fell on the ice and cut his head badly. He was picked up by Marshal Dresser, taken to the marshal's office where his wound was dressed, and he was sent on his way rejoicing.

RECRUITING EXPENSES.—In the Board of Common Council, on Thursday evening the following resolution was unanimously adopted:

Resolved, that His Honor the Mayor be requested to inform the Common Council, what sums, if any, have been paid to or claimed by any member of the City Council, during the past year, for services or expenses relative to obtaining recruits to fill the quota of the City, or for revising the Enrollment, or for like services; and if any member of the present City Council is engaged upon such duty, with any compensation fixed for such service.

It is stated that over $2000, has been paid to certain members of the Board of Aldermen for "services and expenses," for recruiting during the past year; we presume with a view of condemning the same, though we really can't see why, if the money is to be paid at all, and under the circumstances, it would seem to be unavoidable, why our own citizens might not receive a portion of the "brokerage" on substitutes, as well as for strangers to have it all.

☞ A very pleasant item, for us at least, that which we copy on our first page this morning. Really those Herald boys sound like the perfect little fellows we read of in the Tracts—only the christianity of the latter, is the more valuable, because more muscular, practical and effective. We have had many good boys for carriers, too—though no such little giants as these, that we know of; but what a sad contrast to such, do most lads present!

Why, we actually knew a carrier of a cotemporary paper, not ours, a short time ago, — who not appearing for his work, was finally found at home; and his mother said she kept him, for fear he would take cold! What a Spartan mother she must be; and what a mistake she made in taking her precious son out of petticoats. She *ought* to be related to a singer in this city who once on a time failed to appear at a concert in which he was to sustain a leading part; and when asked about it afterwards, coolly replied, "Well, I had my boots on, all ready to come; but my wife thought I'd better not go out that evening!"

A carrier of ours recently on a sloshy morning failed to come to time; and it appeared afterwards that he wet his feet in coming to the office, and he was *afraid of taking cold!* What soldiers such fellows would make, eh? what pioneers! And as to boys,— our expenses with hundreds has convinced us that the youngest and smallest are the most faithful and reliable, as well as least "affected" by the weather, &c.

Education is every thing. Only think of it— a mother of a boy at least twelve years old, actually sent us word, that she was afraid to let him deliver papers in the cars, mornings, for fear he would get hurt! If that lad ever gets very far up the ladder of an achievement, it won't be his mother's fault, will it?

But after all, the delivery of hundreds of papers before daylight, not to mention the printing, each morning, requires not a little activity and energy; and that a few get missed, lost and stolen, is no wonder, vexatious as it is to printers and subscribers

☞ An erroneous statement was made in yesterday's Chronicle in regard to the robbery of an individual on the highway. The facts—as stated by reliable witnesses—are that Mr. Austin *voluntarily* paid Junkins the ten dollars, and no force was used ithe affair save by the active employment of that unruly member of which St. James discourses so eloquently. No doubt hard words were used, but from what we can learn of the difficulty, we think Mr. A. saw the matter "thro' a *glass* darkly." REP.

☞ Respecting the Draft—we think there will be none in this District, if in the State. Our 1st Dist. quota is 278, and nearly that number have been enlisted since Jan. 1st, though not in the towns from which they are due, there being excesses in some and deficiencies in others.

☞ Dr. Urann is in town, at the Franklin House. He comes strongly recommended. See his advertisement.

☞ The Portland Press "admires to see a man remove from his mouth a twenty-five cent cigar, to allow him to find fault when charged five cents for a morning paper. It shows his economical habits."— We don't; but had rather any man would keep his five cents, than defile our office with the presence of the vile weed.

☞ Harper's Monthly for March is received by Mr. Shores.

REV. CYRIL PEARL died at South Freeport, Me., Feb. 19th, of lung fever, aged 60 years. He was for many years a zealous and active Free Mason, and chairman of the Committee on Foreign Correspondence. The Portland Press thinks he was born in Portsmouth, but we think not.

— American silver is such a "nuisance" in Canada that the proposal is made to put a discount of 20 or 25 per cent. on it to drive it from circulation.

— Several boxes of revolvers have been seized by the Halifax customs authorities, and declared contraband.

An exchange says Jonah was the first man who struck "life."

☞ Opportunity to learn Type-Setting, by either a Boy or Girl of fair education, may be secured at the Chronicle Office, by immediate application—and pleasant and steady employment given.

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

WHISKERS!!!—Those wishing a fine set of whiskers, a nice moustache or a beautiful head of glossy hair, will please read the card of THOS F CHAPMAN in another part of this paper f25

Why, Missus, just look at these nice white clothes. I never had such soap to wash with before, and as long as you are my mistress, I hope you will never buy any other but the Gold Medal Soap, it is so nice and pure, and washes so easy—just think of it—I am three hours ahead of the usual time, my clothes never begun to look half so well before, and thanks to the J. Monroe Taylor Gold Medal Soap. Tell all your friends to try it, and they will never use any other. Most all the grocers have it to sell. 92

MARRIAGES.

In this city, at the North Church, on Tuesday morning, Feb. 21st, by Rev Geo. M. Adam-, Rev. E. C. Miles assisting, GILBERT L. MILES of New York, to EMILY M WALKER, daughter of the late Samuel P. Walker of Portsmouth.

In this city, Feb. 16th, by Rev A. J. Patteson, Mr. WILLIAM SONG of London, England, to Miss ANNA CALLAGAN, of Boston, Mass.

DEATHS.

In Kingston, Feb 19, very suddenly, Dr. LEVI BARTLETT, aged about 55.

In Concord, Feb. 20, JOSEPH GROVER, aged 59.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Arr, 17th, sch Joseph Fish, Hall, Matchapango.

To Consumptives.

The Advertiser having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription will please address REV. EDWARD A. WILSON,

of55ean3m Williamsburgh, Kings County, New York.

Editor of N. H. Gazette:

DEAR SIR:—With your permission I wish to say to the readers of your paper that I will send, by return mail, to all who wish it (free) a Recipe, with full directions for making and using a simple Vegetable Balm that will effectually remove, in ten days, Pimples, Blotches, Tan, Freckles, and all Impurities of the Skin, leaving the same soft, clear, smooth and Beautiful.

I will also mail free to those having Bald Heads or Bare Faces, simple directions and information that will enable them to start a full growth of Luxuriant Hair, Whiskers, or a Moustache, in less than thirty days.

All applications answered by return mail without charge. Respectfully yours,

feb25o THOS. F. CHAPMAN, Chemist,
sn3m 531 Broadway, New York.

By order of the Directors.

J. P. BARTLETT, Cashier.

Feb. 20, 1865. 2w

DR. URANN,

PRACTICAL PHYSICIAN,

Who has made so many wonderful and instantaneous cures in Boston, New York, Hartford, Springfield, and more recently in New Hampshire and Vermont, has taken ROOMS FOR THE PRESENT AT THE

FRANKLIN HOUSE,

PORTSMOUTH, N. H.

DR. URANN'S treatment is such that by it

All Curable Diseases

are affected in one or two treatments, and many are entirely cured by one, as the following will testify:—

W. P. HOMER, 50 and 52 Federal Street, Boston, for many years was troubled with Heart complaint, so bad that at times he was unable to attend to his business; after one treatment he was able to run up stairs, work in his garden and attend to his business; has since gained 12 pounds.

MRS. ELLEN COREY, of Cambridgeport, Mass.—Sciatica; so lame that she could not walk without assistance; after one treatment of fifteen minutes was well as ever, and could walk a mile free from pain.

MRS. SARAH P. STILES, Lowell, Mass., had Fever Sores on both legs of twelve years standing; her right ankle measured eighteen inches, and was as blue as indigo; she could not move her foot; after one treatment it was reduced one-half, she could move her foot freely and is getting well rapidly, her left ankle all healed.

Prof. G. M. LARRON, 1 Dix Place, Boston, troubled with Spinal difficulty, was in much pain; relieved by one treatment.

Miss HANNAH COOL, Campton, N. H.—Spinal difficulties; was unable to walk but a short distance or do any kind of work; perfectly cured, and is now the picture of health

Miss C. FROTHINGHAM, Boston, Portrait Painter, was troubled with great depression of spirits, a. times was unable to attend to her favorite employment: was entirely cured, and she expresses herself, is "made over anew."

Mrs. J BROWN, Boston, a severe cough and pains through her lungs, cured.

Capt. W. H. LAMPSON'S CHILD, Lowell, Mass. The child was pronounced by physicians as hopelessly idiotic. The child could neither walk or sit alone, and took no notice of anything. After one treatment he began to improve, and has so far gained as to be able to walk alone, can talk, takes notice of everything, laughs and sings, and appears perfectly well.

Mrs. HINCKLEY, wife of A. T. Hinckley, of State Arsenal, Hartford, Ct., troubled with hip complaint and contraction of the cords of the legs; could not get her heel to the floor within four inches; had to be brought down stairs in arms; after one treatment of twenty minutes was able to run up and down stairs with ease, and is now able to walk the streets.

Mr J. TURNER, Hartford, Ct, troubled for many years with loss of memory; could not attend to business; had been under the best medical treatment in England with no beneficial effect; after one treatment was perfectly restored.

Miss MARTHA ST. JOHN, Simsbury, Ct., was confined to her bed from spinal difficulty and prolapsus uteri; had not been dressed for more than a year; in twenty minutes she was enabled to dress and walk out to one of the neighbors, a distance of about a half mile; she has since been to Hartford and to church, and is improving daily.

Mrs HENRY LOOMIS, Southwick, Mass., troubled with fits and spinal difficulties, could not walk without much difficulty, perfectly cured by one treatment.

Mrs. WM. JENKINS, Unionville, Conn., troubled for over two years with chronic liver complaint and rheumatism, had a large lump on her side which was very painful; was unable to lie down. Cured by one treatment, and is as well as ever.

JOSEPH H. ELDRIDGE, formerly of the Hartford Police, more recently on Hartford and New Haven Railroad, was obliged to give up his business on account of a severe cough and bleeding, perfectly cured and can now do a good day's work

LYDIA L. FULLER, of East Wallingford, Vt., had entirely lost the use of her limbs after a severe attack of diptheria, was restored by one treatment, and is as well as ever.

FANNY DAVIS, of Moretown, Vt., had been confined to her bed for more than five years—was not able to stand—after one treatment of less than an hour, was enabled to walk around the room, and is now quite well.

Miss HUTCHINSON, daughter of Judge Hutchinson of West Randolph, Vt, was troubled with fits, having some days from fifty to one hundred. She was unable to eat anything but liquids—was not able to stand. After one treatment she began to improve, until now, she is the picture of health, able to walk as well as any one, eat hearty and has no fits.

SOUTHWICK, Mass., July 21, 1862.

DR. URANN,—Dear Sir:—I suppose it is ever a pleasure to you to learn the convalescent state of your patients; notwithstanding my long three years of almost absolute confinement to my bed, unable most of the time to converse with or see any company, and for over two years unable to feed myself—yet with this painful picture of human wretchedness which made life almost a burden, since your treatment of my spine, on the 7th day of June, I have been able to take my meals at the table, with my family, ride out daily, and converse freely with all; and without some new misfortune befalls me, I shall soon be able to interest myself in the labors of my profession, at least to preach one sermon a Sabbath. Without flattery, in my honest judgment, there is no better treatment in the hands of men for the Spinal Disease than the one which you honor, and so my heart beats with sympathy with all Spinal sufferers, I only wish they know the wonderful utility of your treatment, and avail themselves of the same. Yours with respect and gratitude,

M. H. RISING.

DR. URANN'S TERMS

Are such that all can avail themselves of his treatment.

☞ Persons at a distance who are unable to visit the Doctor, by sending particulars of their cases, with one dollar enclosed, will receive advice and learn whether their cases can be treated at a distance. In all cases, state age and sex.

Portsmouth, Feb. 21, 1865.

A GRAND

INAUGURATION BALL,

WILL BE GIVEN AT

IRVING HALL, PORTSMOUTH,

—ON—

Friday Evening, March 3d, 1865.

GRAND
DOUBLE CONCERT,

VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,

ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choir of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

A. PEARSON,	C. H TOMPSON,
W. K. DAY,	W. F. LAWRENCE,
B. B. DAVIS,	**Musical Directors.**

Clarified Molasses Candy

Morning Chronicle.

— An Illinois correspondent asks us to give a weekly list of the States that have ratified the Amendment. The "Hawkeye" says Iowa will not do it, till next fall; he thinks Iowa and Vermont will call sessions for the purpose.

— Henry Tibbets, of Exeter, Maine, now 80 years old, has lost three of his four sons in the war, and four grandsons. He feels their loss severely, but has a loyal heart, and says he submits to every sacrifice to preserve free institutions.

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO WIDE IS THE FIELD OF ITS USEFULNESS and so numerous are the cases of cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation; and where its virtues are known, the public no longer need hunt what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled excellence of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC, in which they are given; with also full descriptions of the complaints they cure.

Those who require an *alterative medicine* to purify the blood will find AYER'S COMPOUND SARSAPARILLA the remedy to use. Try it once, and you will know its value.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher W. R. Preston, David Kimball, and all druggists. 1bdlaw 3m 14

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Examiner U. S. Patent Office, Washington, (see the Act of 1837.)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered elsewhere. The following testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during thirty years past, in connection with the Agency, has enabled him to collate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him, as he modestly and quietly, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made no twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
R. H. EDDY.
Boston, Jan. 1, 1865.—3tawly

Please Look at This.

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—the disease of the hands so that she cannot labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. AYER'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many fine cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness, my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Dec. May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it does not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 2 High street, Portsmouth, N. H. promptly attended to. may26

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of a mitigated nature, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed in effecting a speedy cure. Such as GONORRHEA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Seminal Weakness, Gonorrhea, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, painful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Diseases of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c, are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French preservatives, against the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system, Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression of the menses, Irregularities, &c. &c. all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the mode effected, that the most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

CERTAIN CURE
In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S. Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eod1y.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed for virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medicate and surgically remove Obstructions, Enlargements, Leucorrhea, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail, addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicine forwarded to any part of the United States, with full directions for use.

Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. 7ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

—DEALER IN—
STOVES,
KITCHEN FURNISHING GOODS,
FARMING TOOLS, &c.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings, to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

STOVES
Of almost all other kinds on hand and for sale CHEAP AS THE CHEAPEST.

REPAIRING PIECES of the different kinds, and a general assortment of
HOUSE-FURNISHING GOODS,
FARMING TOOLS, &c.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is made from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting the blood and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co., and Weeks & Potter.

FOR THE
CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!
CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

Sold by all respectable druggists.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 68 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of those: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, eye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.
SO WIDE IS THE FIELD OF ITS USEFULNESS and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has proved its worth by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.
Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.
Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know its value.
Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Rincher, W. L. Preston, David Plumbell, and all druggists.

RYE, N. H., Feb. 26, 1846. "This is to certify that my daughter has had the salt rheum for a number of years, and has tried many medicines to prevent her labor, or even rest—as it affected her hands very much. A large sum has been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been tormented with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From EBEN I. CRESSEY, *Esq., May 31, 1841*
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CRESSEY.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H. promptly attended to.

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, FEBRUARY 24, 1865.

THE REBELLION.

Fort Anderson was captured on Sunday by Gen. Schofield and Admiral Porter. Most of the garrison escaped towards Wilmington, though the fort and all the guns were left in good condition. The army was following on towards Wilmington, accompanied by two monitors, and it was expected by the messenger that Wilmington would be in our possession on Monday.

The Tribune's despatch says though it is not positively known that Wilmington has been evacuated, still it is believed that it soon will be; and the rebel force there, sent to Beauregard with the endeavor to check Gen. Sherman's advance.

A high official expresses the opinion that Lee cannot remain in Richmond thirty days, and must either raise the seige or fall back to Lynchburg — the only line of retreat now open.

The latest Richmond papers announce formidable movements by Federal troops against Kinston, N. C., and the Virginia and Tennessee Railroad. The Examner of the 20th announces the arrival of 975 Union prisoners from Danville for exchange. The Whig shows that it was Wheeler and not Kilpatrick who was whipped at Aiken. The Dispatch of the 20th thinks Sherman's main body will keep on the north of Charlotte, and the cavalry will be sent to break up the road at Florence. His policy, it says, has been to keep his forces together and thus far baulk the rebels.

Rebel papers announce that Sherman's advance had reached Camden, forty miles north of Columbia, on Saturday.

Fort Fisher correspondents agree in stating that Fort Anderson is nearly as strong as Fort Fisher, and that its capture opens the way to Wilmington without further obstructions of consequence.

It is said in Washington, that Mr. Singleton and Judge Hughes, late of the Court of Claims, have gone again to Richmond, it is supposed on a peace mission.

A bold Union speech has been made in North Carolina legislature.

The Philadelphia Press' special Washington dispatch has a report that Gen. Lee had attacked Gen. Grant, and that our forces had met with a reverse. [A doubtful rumor.]

A private letter, dated New Orleans, Feb. 9, says the army of Gen. Thomas arrived there in forty large transports on the evening previous, and lively times were expected.

IMPORTANT NOTICE. — Under date of Feb. 22d, from Head Quarters army of the Potomac, is notice from our Asst. Gen. of Exchange, Mr. Mulford, that in consideration of a general exchange and speedy delivery of all prisoners held in the South, it is deemed inexpedient to forward after this date either funds or supplies to any person now in captivity. Such parcels or remittances as may have accumulated since the last shipment, or may hereafter arrive, will be returned to the shippers."

☞ We have received a number of The Soldier's Friend, a monthly paper for the Army, printed in New York, at 50 cts. a year. Wm. Oland Bourne is editor; and its motto is, "Endure hardness as a soldier of Jesus Christ." In a very interesting article on the N. E. Soldiers Relief Association of N. York, it says that during the three years of Col. Frank E. Howe's labors, this blessed institution has provided for about sixty thousand soldiers!

GOLD, Thursday, 198 1-2 to 201.

— A boy employed in one of the mills at Paterson, N. J., in tearing to pieces an old skirt, found twenty-two dollars and a half in gold sewed up in its folds.

— Trade is springing up quite brisk on the Colorado River, in Arizona. Five steamers are constantly running, and the Mormons are building large warehouses at the head of navigation.

—The Patersonian says that upon a single 700 acre tract in Passaic County, N. J., paint oil, coal and plumbago have been discovered in large quantities.

—We find rather a neat conundrum going the rounds, said to be translated from "A Norse Song:"

What color, sir, should be a horse,
That's yours, and yours alone?
D'you give it up? Why, sir, of course,
That horse must be your roan.

— A monster rat hunt took place in Paris recently. The main drains were simultaneously scoured by dogs, and legions of rats were driven out upon the iceburgs in the Seine. As these floated down to the bridges, means were taken to shake them, and the rats were drowned by the wholesale.

— A Maine editor in describing the vagaries of a mad dog in Brunswick says: "He bit a cow in the tail, which has since died." That was very unfortunate for the tail; but we naturally feel some interest to know what became of the cow.

Communication.

HOW GEN. MARSTON SUBJECTED ME TO A RESTLESS NIGHT.—It was reported at the Hospital at Point of Rocks, that the 18th Army Corps had received notice to be prepared to move at a moment's warning, "in light marching order." The supposition was that they were to advance upon the Enemies' lines. Believing I should be needed more with the advance than in the Hospital, I started immediately to join some of our N. H. regiments. That I might shorten the distance, I took a by path through the forest. Trudging along with blanket across my shoulder, I saw General Marston sitting at his tent door. Halting I asked him if he knew what the movement was to be. He said "no," that something was on foot, but what he could not tell. I told him we supposed at the Hospital it might be an advance upon the enemies' lines, and that I had started to join it. But said he, "you cannot get through to the front to-night. The path is a blind and difficult one, and darkness is already gathering. You must stop with me until morning. If we are ordered to move during the night I will be in the van and you can go with me." Sitting there under the shadow of Va. pines, during the twilight hour, we talked about the prospects of the campaign and the country, of past and prospective battles, of home and its loved ones. At length the General, saying it was best to sleep while we could, as our slumbers might be suddenly interrupted before the morning, beckoned me to his cot while he prepared to rest upon the ground. I said "no, General, I cannot occupy that cot. I came here to do what I can to promote the comfort of those who are defending the old flag, and not to subject them to discomfort by enjoying hospitality." But said he, "I can sleep on the ground better than you can, I am used to it. I slept on the root of an old tree in the rain not long ago, and slept soundly too." I told him that afforded no good reason why I should occupy his cot while he lay on the ground, that he might be obliged to sleep on a root again before long, but while his comfortable bed was at hand he must occupy it. He insisted—I protested, and was about preparing for myself a bed under a tree, when, wrapping his blanket about him, and taking a knapsack for a pillow, he threw himself upon the Virginia soil, saying "there is the cot, occupy it or not as you like. I shall not get up from here to-night unless I am brought up by a fight or an order from head-quarters."

Not wishing to refuse farther a proffered hospitality equal in its spirit to that of the Knights of ancient Chivalry, I took the bed But it was very little I rested that night The thought of the weary and scarred soldier lying on the ground, while I—so recently from amid the comforts and endearments of home, rested upon his pillow, drove slumber from my eyelids. The next morning, the General started with his brigade on that weary march to Coal Harbor, and two days afterward was in the most terrible battle of the war. All through the days of marching and fighting which followed, indeed from that day 'til now, it has sent a flush of mortification to my cheek, and a pain to my heart, when I have thought of the night I occupied the General's bed at Bermuda Hundred.

Old scarred Hero, how can I repay you? This I will promise; Come to me when you are weary, and you shall never want a pillow for your head, while there is one in the home of A. J. PATTERSON.

Portsmouth, Feb. 22.

THE NEW WEBSTER.—President Raymond, Vassar College, in a letter to Messrs. Merriam, the publishers of the Dictionary, says "The new Webster is glorious—it is perfect—it distances and defies competition —it leaves nothing to be desired. As a monument of literary labor, or as a business enterprise, magnificent in conception and almost faultless in execution, I think it equal ly admirable—and if you should die to-morrow, you may feel that, so far as earthly honor is concerned, your monument is built. But I cannot doubt that a grateful country will appreciate the immense service you have rendered to the national language, scholarship and reputation by this great work, and in due time render you an adequate reward."

☞ Dr. Harriet K. Hunt—a celebrated female physican—annually protests against taxation without the right of exercising the elective franchise, whereupon the Springfield Republican says the natural right of a woman to be a man, is as clear as the right of a hen to crow. To this a correspondent of the Liberator responds, that the natural right of an editor, who has the necessary qualifications, to make a donkey of himself, is as clear as any other right. For we insist that, though Dr. Hunt being a woman, is not allowed to vote—which may or may not be wise—Dr. Hunt as a woman is not taxed. Men and property are taxed. Women are neither men nor property, and for this reason are not taxed. If Dr. Hunt owns property, that property is rightfully taxed for its protection.

THE MANCHESTER COAL COMPANY.—The Manchester Mirror says "Several prominent citizens of this State have just started an enterprise which bids fair to be of considerable importance. Gov. Gilmore, Hon. E. W. Harrington, Hon. J. H. Butler of Nottingham, H. W. Warren, Esq., of Boston, and others, last fall purchased a valuable coal mine located near Pottsville, Pa. The mine has been worked for some time; and with the improvements already made, 300 tons of coal can be taken out daily. This product can be greatly increased by future improvements, which are in contemplation.

"A company has been formed and a charter obtained from the Legislature of Pennsylvania. Gov. Gilmore is President. Hon. J. A. Gilmore, Hon. E. W. Harrington, Hon. J. H. Butler, Hon. Alfred Gilmore of Philadelphia, and H. W. Warren of Boston, are the Directors. H. W. Warten is Treasurer and Secretary. The capital stock is $20,000 in 32,000 shares of $10 each.

"We learn that the cost of mining the coal is $2.50 per ton, and it is worth $5 per ton at the works, which leaves a great profit. It is only about 2 1-2 miles from the mines to the canal from whence it may be taken to vessels and shipped wherever it is wanted. The mine is upon the Reading Railroad, and the facilities for loading are such that fifty cars can be loaded in an hour.

"The quality of this coal is excellent, and three cargoes of it are already on the way to Portsmouth, whence the railroad facilities for transporting coal from Portsmouth to Manchester, Concord and other towns in this region are unequalled, and consequently it can be afforded at much less prices than are now paid for that not in the Manchester market.

"The supply at the mine is inexhaustible. Several gentlemen in New York, Philadelphia and Boston, who use large quantities of coal in their business operations, have already contracted for a supply from this company. We learn that shares in this new enterprise will shortly be offered for sale."

NEW HAMPSHIRE ITEMS.

— Reuben K. Abbott, of West Concord, is drawing wood this winter upon a sled with double wooden runners, the forward set made forty years ago, and the hinder ones thirty-five. They have been in constant use every winter since.

—— The Newburyport Herald mentions a yoke of oxen belonging in Rowley, "a pair of steers, three years old next June, which were raised by Daniel Perkins, of Newmarket, weighing 3830 pounds—as pretty animals as we have seen for a long time."—Mr. Elias Frink of Newington, has also a very fine pair of cattle, which he values at $600. They are very large and *handsome!*

NATIONAL BANKS IN NEW HAMPSHIRE. — "Connecticut River" of Charlestown, "Claremont" and "First National" of Claremont, "National State Capital" of Concord, "Derry" of Derry, "First National" of Francestown, "Cheshire" of Keene, "Amoskeag" of Manchester, "First National" of Nashua, "First National" and "National Mechanics and Traders" of Portsmouth: 11.

GIVING UP THE GHOST.—The Manchester Union offers the following melancholy thoughts to its friends and partisans:

Until now there never was an election when we could not claim that the success of the Democratic party would do something to preserve or to restore the peace and integrity of the country. Just so long as that party were successful the nation was united, prosperous and happy; and, until its defeat last November, we felt that its glorious career of salvation might be renewed by the still more glorious deed of restoration. We can hold that hope no longer. * * * In voting this year, we are quite conscious that we vote for nothing but our candidates—and that is enough. In the present frenzied state of the public mind, it is impossible to make a sound issue which will increase our strength. The nearer to truth we come, the less votes we would get. * * * Issues will grow out of this war within a year which will make havoc with one party or the other. They will be of such a character that the best of Abolitionists will come over to us, or the worst of Democrats will go over to them.—If the former,—and we keep united meanwhile—we shall spring at once into the control of the State Governments, and the various branches of the National Government as fast as they can be reached; if the latter, some of us will have the honor of living and dying in vain for the truth. "And that will end us—to be no more."

NEW ENGLAND CATTLE MARKETS, at Cambridge, Brighton and Medford, this week.—Abridged from the Boston Post

From Maine 240 Cattle, — Sheep. New Hampshire 257 Cattle, 751 Sheep. Vermont 644 Cattle, 1238 Sheep.

Northern Dressed Swine, 13 to 15c per lb.

Sheep and Lambs.

In lots, $6 50, and 7 50 per head.

Extra, $8 50, 9 50, to 14 00, or 9 3/4 to 14c per lb.

Hides, Tallow and Skins.

Hides, 9½ to 10c per lb. Tallow, 10 to 10½c lb.

Pelts, 65 60 to $ 00 each. Calf skins, 20 to 22c lb.

Classification of Cattle and Sheep.

Beef—Extra and First quality includes nothing but the best of large, fat, stall fed Oxen. Second and Third quality includes grass-fed Oxen, stall fed Cows, and two and three year old Steers.

Sheep—Extra includes Cossets, and when those of inferior quality are thrown out of the lot.

A POISONING CASE AT NORTH HAMPTON.—A young man named Hobbs, sends the Newburyport Herald a long account of an attempt of his step-mother in whose family he lived, to murder his child by poisoning. The two families lived together upon bad terms; and the child was sick on Friday, as he thinks from opium administered by the mother-in-law. The Herald does not give his communication, but has three things to say upon it:—First, the two families had no business to be living together upon bad terms. If they could not agree, it was his place to up and off finding a safe habitation for his wife and children. Second, that in case of sickness, where poison was suspected, they should have known enough to call a physician and verify the fact. Third, the officers of the law and not newspaper editors are the ones to have a revelation of the case; for if he tells the truth, the woman deserves to be hanged; and if not true, the son-in-law deserves the hanging, and should have it at once."

— The Philadelphia street railway companies think they have solved the negro question by a scheme of running every fifth car for the special accommodation of colored people.

— A retired officer has just died at Vienna, making a will by which he leaves the greater part of his property to a nephew, on condition that he shall never read a newspaper.

— Three-fourths of all our discomforts come of intemperance;—over-eating, overdrinking, or other gross violations of the known laws of life. The glutton is as far from the kingdom of Heaven as the drunkard.

— A shop has been opened in Paris for the sale of water from the river Jordan, for the benefit of those who wish to have their children sprinkled with drops from this historic stream;—on which the Watchman and Reflector says: "Here we have to acknowledge that pedobaptists have the advantage of us. It is easier to import sprinkling than immersion."

— Among the utterances of the Charleston Mercury, prior to its flight from the doomed city last week, are these;

"South Carolina entered into this struggle *for no other purpose than to maintain the institution of slavery.*" Southern Independence has no other object or meaning. Independence and slavery *must stand together or fall together.*

— Surprise parties that are the right thing, have been gotten up lately by the ladies of Newburyport. They have had a half dozen for the purpose of supplying the necessities of the poor.

— The Newburyport Herald says that in 1683 there were about six thousand sheep kept within the limits of the town, and that there is no reason why double that number should not be kept at the present time, except that dogs are thought to be more valuable.

— The experience of the recent terrible conflagration in Philadelphia has given rise to the suggestion that the Celebrated Greek fire of ancient warfare may have been nothing more than Petroleum.

— A Cleveland, Ohio, paper says that eleven boys were turned out of one of the district schools in that city one day last week for being drunk. Inquiry showed that nearly half the boys at school, between the ages of ten and eighteen, were in the regular habit of frequenting the low groggeries in the city.

Weak Lungs and How to Make THEM STRONG.

By Doctor Dio Lewis.

A fine BOOK of 200 pages and 127 illustrations, which is everywhere welcomed by persons with weak chests or defective digestion; and full of interest to everybody. It gives a home cure without medicine. For sale by

feb17 JOSEPH H. FOSTER.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent. GOLD - BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more,* according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,375,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $33,000 per day, or $14,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing. 16 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $250 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1866.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "HAIR REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Messrs. Geo O Goodwin & Co., 38 Hanover St., Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. jl8—3msendaw

Hair Dye! Hair Dye!

BATCHELOR'S Celebrated Hair Dye

Is the Best in the World!

The only Harmless, True and Reliable Dye Known.

This splendid Hair Dye is Perfect—changes Red, Rusty, or Gray Hair instantly to a *Glossy Black* or *Natural Brown*, without injuring the hair or staining the skin, leaving the hair soft and beautiful; imparts fresh vitality, frequently restoring its pristine color, and realizes the ill effects of bad dyes. The genuine is signed WILLIAM A. BATCHELOR, all others are mere imitations and should be avoided. Sold by all Druggists, &c. Factory 81 BARCLAY STREET, N. Y. **Batchelor's New Toilet Cream** or Dressing the Hair. Jy9—1ydaw

A LECTURE ON THE NATURE, TREATMENT, and Radical Cure of Spermatorrhœa, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c. By ROBT. J. CULVERWELL, M. D., author of the *Green Book, &c.*

"A boon to thousands of Sufferers."

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. jl8 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *free of Charge*.

Please inclose a stamped envelope, addressed to yourself.

Address JOSEPH T. INMAN, Station D, Bible House, d24sndaw New York City.

CARTER'S

CLARIFIED MOLASSES CANDY!

Local.

PORTSMOUTH PHILHARMONIC SOCIETY. The new Musical Association was organized on Wednesday evening at Mercantile Hall, by the selection of the above title, and the adoption of a Constitution and By-Laws; and the following Officers elected for the year:

President, Frank W. Miller.
Vice President, J. W. P. Carter.
Secretary and Treasurer, Lewis W. Brewster.
Musical Directors, W. K. Day, Amos Pearson.
Leader of Orchestra, Chas. H. Tompson.
Executive Committee, E. B. Goodall, J. H. Head, E. A. Joy, F. W. Miller, A. Pearson, W. K. Day, C. H. Tompson.

Upwards of fifty ladies and gentlemen joined the Society on the first evening, embracing much of the best talent in the city; and the Philharmonic bids fair to come up in due time to the grand old Sacred Music Society, which never ought to have been allowed to die out. The Chorus Wreath, Dixon's favorite collection of Sacred and Secular music, is the book adopted for use; and judging from the interest manifested, and the opening of the first rehearsal, the new Society would seem to be already established on a firm footing. The meetings are to be held each Wednesday evening at half-past 7, at Mercantile Hall.

☞ The extension of the ship-house over the iron-clad Passaconaway, is in progress at the Navy Yard; but owing to the severe weather of the past few weeks,—rendering work out of doors exceedingly uncomfortable, and oft-times impossible—it has been delayed.

—The steamer Minnesota is being rapidly dismantled, and will soon be docked for examination. It is reported that she leaks considerably.

☞ Mr. E. A. Joy's Singing School Concert is fixed for March 15th.

☞ The Old Folks Choir will have a rehearsal, with orchestra, at Mercantile Hall, on Sunday evening next. Arrangements are making for one of the grandest musical entertainments ever given here. All singers are invited to join.

☞ Wednesday was very generally "observed" here, as a holiday—as it ought to be, on account of Washington's birthday, and also as any sort of a holiday is so much needed by the universal Yankee nation. But the multitudes of men who could find nothing better to do than to lounge about the streets, was another sad evidence of the total lack of public entertainment, amusement, instruction. All who could get horses went sleighing; there was, unluckily, no skating; and walking on such footing, out of town, was almost out of question.

This reminds us, that in reply to an item of ours, recently, referring to this want of public care for the people, a certain earnest reformer, who finds happy enjoyment in his pleasant home for more than all *his* spare time, insisted that something *had* been done in establishing temperance lectures, and something more of the same sort had failed for a reason given.—All of which was well enough in its way, but does not cover our point, if it touches it,—which is this in brief, that there are no places for public social assemblage (except the sidewalks!) which the moralist can approve—no places for physical or mental exercise and improvement, like the philosophers' schools or temples of instruction, or the great gymnasiums or public games of old—no, and not even a *public* reading-room, concert hall or debating-room. To be sure, these things are not established anywhere now-a-days; but is that any reason why they should not be? Were it not better to educate and entertain—even to amuse the people, than to suffer for their ignorance and want?

☞ The Ballot correspondent mysteriously says "An attempt was made a short time since to fire one of our principle hotels."

☞ We understand that Miss Angela S. King, of Boston, is to give an entertainment of Readings at the Temple in this city, on the evening of March 8th.

☞ The time of the last Lyceum is fixed for Tuesday, March 16th. The exercises will probably consist of Readings or Recitations, (to give which Mr. Murdock of Boston, has been applied to;) Singing by Mrs. Cary of Boston, with piano accompaniment; and a grand Concert by the Band, in which last, we hope for that drum-solo from Mr. Kerman.

Speaking of the Lyceum, the Ballot correspondent says he is "astonished at the vast amount of entertainment the managers can return the ticket holders for their money. The concerts and lectures combined are worth in these times a dollar each."

☞ "The Sailmakers" from the Navy Yard held a social Ball, at Irving Hall, on Washington's Birthday, Wednesday evening; and a grand time they had of it. The hall was finely decorated, and filled with "fair women and brave men"—they *must* have been brave, else they would not have stood to their posts all night. Turner's Quadrille Band furnished the music.

☞ The Montpelier Daily Journal of Feb. 16th, says editorially: "Dr. Urann, whos treatment has met with such wonder ful success in Montpelier and such other towns a he has visited in this State, left this morning for Portsmouth. During his brief stay here very many cases have been treated, and his room has presented a receptacle for crutches and canes which have borne hither the crippled and decrepit, that have received such relief as to have no farther use for them. * * * The Doctor has acquired an enviable reputation here, and should he ever revisit Montpelier, will be warmly welcomed by a much larger circle of friends than ever before. The afflicted everywhere should not despair until they avail themselves of Dr. Urann's skill."

☞ The National Mechanics and Traders Bank of this city is about to increase its capital stock.

RE-COMMISSIONED.—We learn that Lieut. Frederick L. Dodge of the Provost Marshal's office, who was some weeks since commissioned in the 12th Co., 1st N. H. Heavy Artillery, which company was consolidated with the 1st N. H. Battery, the officers of the latter taking command thereof—was yesterday commissioned as 1st Lieutenant in Co. I, 18th N. H. Regiment. The company is rapidly filling up, and almost entirely with residents of this State.

☞ The Dover Convention of Wednesday, opposed to Gen. Marston, nominated Hon. Thomas E. Sawyer for Congress from District No. 1.—We learn that the attendance was not very large.

A WARNING.—The Pungolo of Milan has the following: "A young man of good fortune, inscribed on the conscription lists for the present year, and betrothed to a handsome girl, was lately declared unfit for service. Delighted at what he considered a lucky escape, he hastened to convey the news to his intended bride, but was sadly taken aback when she informed him of her firm resolution never to accept as a husband a man who was not fit to serve as a soldier.'

A BROAD HINT.—A bachelor sea captain who was remarking the other day that he wanted a good chief officer, was promptly informed by a young lady present, that she had no objection to be his *first* mate. He took the hint—and married the lady.

☞ Opportunity to learn Type-Setting, by either a Boy or Girl of fair education, may be secured at the Chronicle Office, by immediate application—and pleasant and steady employment given.

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

Why, Missus, just look at these nice white clothes. I never had such soap to wash with before, and as long as you are my mistress, I hope you will never buy any other but the Gold Medal Soap, it is so nice and pure, and washes so easy—just think of it—I am three hours ahead of the usual time, my clothes never begun to look half so well before, and thanks to the J. Monroe Taylor Gold Medal Soap. Tell all your friends to try it, and they will never use any other. Most all the grocers have it to sell. 92

DEATHS.

In this city, Feb. 21, Mrs. JANE NEAL, aged 72 years 6 months, widow of Capt. Wm. Neal.

Funeral on Saturday afternoon at 2 o'clock, from her late residence No. 44 Daniel street.

Money Wanted.

EIGHT HUNDRED DOLLARS, on Mortgage of Real Estate, for a term of years. Apply at the Chronicle Office. feb22

DR. URANN,

PRACTICAL PHYSICIAN,

Who has made so many wonderful and instantaneous cures in Boston, New York, Hartford, Springfield, and more recently in New Hampshire and Vermont, has taken

ROOMS FOR THE PRESENT AT THE

FRANKLIN HOUSE,

PORTSMOUTH, N. H.

DR. URANN'S treatment is such that by it

All Curable Diseases

are affected in one or two treatments, and many are entirely cured by one, as the following will testify:—

W. P. HOMER, 50 and 52 Federal Street, Boston, for many years was troubled with Heart complaint, so bad that at times he was unable to attend to his business; after one treatment he was able to run up stairs, work in his garden and attend to his business; has since gained 12 pounds.

MRS. ELLEN COREY, of Cambridgeport, Mass.—Sciatica; so lame that she could not walk without assistance; after one treatment of fifteen minutes was well as ever, and could walk a mile free from pain.

MRS. SARAH P. STILES, Lowell, Mass., had Fever Sores on both legs of twelve years standing; her right ankle measured eighteen inches, and was as blue as indigo; she could not move her foot; after one treatment it was reduced one-half, she could move her foot freely and is getting well rapidly, her left ankle all healed.

Prof. G. M. LARRON, 1 Dix Place, Boston, troubled with Spinal difficulty, was in much pain; relieved by one treatment.

Miss HANNAH COOL, Campton, N. H.—Spinal difficulties; was unable to walk but a short distance or do any kind of work; perfectly cured, and is now the picture of health

Miss C. FROTHINGHAM, Boston, Portrait Painter, was troubled with great depression of spirits, at times was unable to attend to her favorite employment; was entirely cured, and she expresses herself, is "made over anew."

MRS. J. BROWN, Boston, a severe cough and pains through her lungs, cured.

Capt. W. H. LAMPSON'S child, Lowell, Mass. The child was pronounced by physicians as hopelessly idiotic. The child could neither walk or sit alone, and took no notice of anything. After one treatment he began to improve, and has so far gained as to be able to walk alone, can talk, takes notice of everything, laughs and sings, and appears perfectly well.

MRS. HINGKLEY, wife of A. T. Hinckley, of State Arsenal, Hartford, Ct., troubled with hip complaint and contraction of the cords of the legs; could not get her heel to the floor within four inches; had to be brought down stairs in arms; after one treatment, of twenty minutes was able to run up and down stairs with ease, and is now able to walk the streets.

Mr. J. TURNER, Hartford, Ct., troubled for many years with loss of memory; could not attend to business; had been under the best medical treatment in England with no beneficial effect; after one treatment was perfectly restored.

Miss MARTHA ST. JOHN, Simsbury, Ct., was confined to her bed from spinal difficulty and prolapsus uteri; had not been dressed for more than a year; in twenty minutes she was enabled to dress and walk out to one of the neighbors, a distance of about a half-mile; she has since been to Hartford and to church, and is improving daily.

MRS. HENRY LOOMIS, Southwick, Mass., troubled with fits and spinal difficulties, could not walk without much difficulty, perfectly cured by one treatment.

MRS. WM. JENKINS, Unionville, Conn., troubled for over two years with chronic liver complaint and rheumatism, had a large lump on her side which was very painful; was unable to lie down. Cured by one treatment, and is as well as ever.

JOSEPH H. ELDRIDGE, formerly of the Hartford Police, more recently on Hartford and New Haven Railroad, was obliged to give up his business on account of a severe cough and bleeding, perfectly cured and can now do a good day's work.

LYDIA L. FULLER, of East Wallingford, Vt., had entirely lost the use of her limbs after a severe attack of diptheria, was restored by one treatment, and is as well as ever.

FANNY DAVIS, of Moretown, Vt., had been confined to her bed for more than five years—was not able to stand—after one treatment of less than an hour, was enabled to walk around the room, and is now quite well.

Miss HUTCHINSON, daughter of Judge Hutchinson of West Randolph, Vt., was troubled with fits, having some days from fifty to one hundred. She was unable to eat anything but liquids—was not able to stand. After one treatment she began to improve, until now, she is the picture of health, able to walk as well as any one, eats hearty and has no fits.

SOUTHWICK, Mass., July 21, 1863.

DR. URANN,—Dear Sir:—I suppose it is ever a pleasure to you to learn the convalescent state of your patients; notwithstanding my long three years of almost absolute confinement to my bed, unable most of the time to converse with or see any company, and for over two years unable to feed myself—yet with this painful picture of human wretchedness which made life almost a burden, since your treatment of my spine, on the 7th day of June, I have been able to take my meals at the table, with my family, ride out daily, and converse freely with all; and without some new misfortune befalls me, I shall soon be able to interest myself in the labors of my profession, at least to preach one sermon a Sabbath. Without flattery, in my honest judgment, there is no better treatment in the hands of men for the Spinal Disease than the one which you honor, and as my heart beats with sympathy with all Spinal sufferers, I only wish they knew the wonderful utility of your treatment, and avail themselves of the same. Yours with respect and gratitude,

M. H. RISING.

DR. URANN'S TERMS

Are such that all can avail themselves of his treatment.

☞ Persons at a distance who are unable to visit the Doctor, by sending particulars of their cases, with one dollar enclosed, will receive advice and learn whether their cases can be treated at a distance. In all cases, state age and sex.

Portsmouth, Feb. 21, 1865.

A GRAND

INAUGURATION BALL,

WILL BE GIVEN AT

IRVING HALL, PORTSMOUTH,

—ON—

Friday Evening, March 3d, 1865.

GRAND
DOUBLE CONCERT,

VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,

ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choirs of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

A. PEARSON,	C. H TOMPSON,
W. K. DAY,	W. F. LAWRENCE,
B. B. DAVIS,	**Musical Directors.**

FRANK W. MILLER,
JAMES H. HEAD,
Committee of Arrangements.

Petroleum !

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
99 STATE STREET,
BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks,

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known, not even excepting the

Silver Mines of Mexico and So. America.

The cost of obtaining this Oil is so comparatively small that

A single Well producing only 10 Barrels per Day

will yield an income, over all expenses, of more than

$25,000 PER ANNUM.

Many wells are now yielding from 25 to 75, and several have reached over 1000 Barrels, while one, (the Noble Well, on Oil Creek, Penn.,) has yielded no less than

3000 Barrels per Day,
Worth $30,000 at the Wells.

The undersigned are Regular Agents for the principal Petroleum Companies of Boston, New York and Philadelphia, and having no more interest in one than another, persons desiring information can rely upon receiving an unbiassed account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies now being organized in this city, viz:—

BOSTON
PETROLEUM OIL COMPANY.

Capital, - - - - $300,000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH BUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.

DIRECTORS.

C. S WHITEHOUSE, J. W. PARMENTER.
CHARLES SMITH, JOHNSON BEAN.
JAMES P. BRIDGE, GEO. E. SMITH.

Books for Subscription are open at our office. Only 3300 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

THE
NEW ENGLAND
PETROLEUM COMPANY,

Whose Lands are now yielding a net profit of $1450 daily, or more than

$40,000 per Month,

equal to over 8 per cent. per month on their capital; and this yield is steadily on the increase. Whoever invests in this property will be richly rewarded. Those connected with the concern are of the highest standing.

CAPITAL STOCK, $450,000.
NUMBER OF SHARES, 800,000.
SUBSCRIPTION PRICE, $5.00.
WORKING CAPITAL, $25,000.

PRESIDENT—E. C. BATES, ESQ.
TREASURER—JAMES H. CLAPP, ESQ.

DIRECTORS.

Franklin Haven, Jr., R. W. Sears,
William Lincoln, F. E. Smith,
D. M. Yeomans, J. H. Clapp,
E. C. Bates.

Subscription Books are still open at our office for a limited number of Shares, which can be secured by prompt application.

The inducements to invest which are offered by the properties of this Company, and the well-known character of its managers, fully entitle the confidence of the public.

THE
BOSTON & VENANGO
PETROLEUM COMPANY,

we offer as "A No. 1." Although not producing at present, the prospect at least equals that of the Columbia Oil Company, of Pittsburgh, at the time of its organization, which has paid on an original subscription of $2000 a net profit of $54,000 in two years, and continues to pay in the same ratio.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

F. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unintentional cases, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Chordee, Gleet, Stricture, Pain in the Back, Loss of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of Mercurial symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotiles, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No. 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and all other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that the most obstinate cases yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater success in the cure of Diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to his office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases. Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those in need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. TTSSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

STOVES,
KITCHEN FURNISHING GOODS,
FARMING TOOLS, &c.

THE MAGEE COOKING STOVE.

The subscriber would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert E. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

STOVES

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. H. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

FOR THE
CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!
CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.
Prepared from Pure Vegetable Extracts,
Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors,
No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients
In advanced stages of the disease.
SO WIDE IS THE FIELD OF ITS USEFULNESS and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.
Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.
Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know its value.
Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. R. Preston, David Kimball, and all druggists. W. jlm1w 1m 1u

Please Look at This.
EYE, N.H., Feb. 26, 1848. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum has been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold a very large number of my acquaintances. Who were afflicted, and witnessed many full cures effected by its since I have acted as agent for the sale of it. JOSIAH PORTER.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which not only cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May 31, 1841*
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that your Panacea, on visiting our town in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No 7 High street, Portsmouth, N. H. promptly attended to. may25

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Mills and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can do, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, other inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shins, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of the subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Michol's Italian Female Monthly Pills. The sale of more than 50,000 boxes establishes their reputation, as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. Dr. J. Teller, directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, FEBRUARY 25, 1865.

THE REBELLION.

Steamer Newbern just arrived at Fortress Monroe from Cape Fear river, which place she left on the 21st inst. Her Commander reports that our forces were within four miles of Wilmington. Heavy fighting was going on and our forces were still advancing.

The Richmond Dispatch of Feb. 21st says:

"The evacuation of Charleston should rather inspire cheerfulness than gloom. Sherman can only be checked by the immediate concentration in his front of all [rebel] troops both in North and South Carolina. If this is done, and his present expedition broken, he can be prevented from reaching Richmond. We know Sherman has four full army corps and a strong force of cavalry — each corps numbering not less than 12,000."

[Well: we feel quite cheerful about it; and hope Sherman may not be checked.]

The Richmond Whig speaks in a pitiful strain, of "Charleston, the Cradle of secession, the nest of Rebellion," and says "this ill-fated city, or rather remnant of it, will soon experience to its full extent the mercy and magnanimity of Yankee rule."

[Exactly so, we say. Her pride has gone before her destruction — and her haughty spirit before her fall. She is filled with the fruit of her own devices.]

Information from the U. S. Army of the Potomac states that the army is in great glee over the capture of Charleston. They begin to see in the evacuation of that strongbold that the end of their labor draws nigh. A slotted salute was fired throughout the whole line in honor of the event.

Official dispatches received in Washington on Friday, announce that Wilmington is in possession of our troops.

The Government is advised that the pirate Olinda put into Cornuna for repairs, which it is believed will be denied her, and without which she will not be dangerous this side of the Atlantic.

Advices from France show that the reported cession of Territory to France by Mexico is unfounded. Our relations with France are not likely to undergo change.

M. Chateaurenard, the new French Minister at Washington, is said to fully sympatheize with the North in its struggle to suppress the rebellion.

Gen. Palmer, commanding in Kentucky, announces that his policy will not differ from that pursued by Burbridge. The enlistment of negroes will be prosecuted. No State troops enlisted or allowed in the State, but all troops d for the defence of that State will be mustered into the U. S. service under Federal officers.

It is estimated that the capture of Charleston and Fort Anderson, together with the certain capture of Mobile before two weeks more, will liberate at least twenty-five thousand men from the navy, who can be organized into a corps for offensive operations on land.

GOLD, Friday, 200.

— Senator Wilson's bill, to set free the families of all soldiers in the armies, which passed Feb. 22d, it is estimated, will free from 40,000 to 50,000 women and children, most of whom are in Kentucky.

— The Empress Eugenie has just lost a lawsuit which has been in progress for several years in the Supreme Court of Madrid. The Empress claimed the countess-ship of Miranda and the vast estates attached to that ancient title, her right to which has been successfully disputed by the Malpica family.

—General orders direct that hereafter a ration of fish shall be issued to all troops once a week, in lieu of fresh beef.

— Every one of the forts which the rebels seized at the outbreak of the rebellion has been regained.

— Fort Sumter was found by our forces to mount nine guns, four columbiads and five howitzers.

— Mr. Fessenden will throw three millions of specie on the market by the payment of the March interest on the gold-bearing bonds.

— Gen. Hooker is in Washington, and, rumor has it, is to have a command in the field.

— In Louisville, Ky., Caroline Miller, a girl 13 years old, has poisoned her father with arsenic, after having made an unsuccessful attempt to kill him with rat poison, the principle ingredient of which was phosphorus. The only excuse she made was that she thought she might have a better home and less work to do, if her father was dead.

— At the late fire at Hilton Head, Gen. Gilmore threw off his coat and worked with a will to stop the conflagration. He saw a fellow standidg by and ordered him to go to work, but the fellow, not recognizing him in his shirt sleeves, refused to obey, when suddenly he found himself knocked heels over head on the sand. He was glad to go to work.

Communications.

EXPORT OF GOLD.—A resolution was introduced in Congress upon the subject of the expedience of prohibiting the export of gold. Such a measure deserves consideration. A large portion of the gold from our mines has been exported to Europe in payment for various kinds of merchandise which are not indispensable to our national prosperity. This is one cause of the scarcity of specie within the limits of our loyal States. The proposed prohibition would surely tend to restore a specie circulation. It may be objected that such a law would be arbitrary, and lessen the receipts from customs. True it would have the latter effect, but it would be for the public benefit to diminish the imports and thereby retain the specie for the public benefit. Who will contend that our exports should not be sufficient to pay for all the foreign merchandise which this country needs? The prohibition would not be more arbitrary than many other laws which have been enacted. There are precedents enough of the English Parliament as well as of our own government. For the benefit of English manufactures, the Parliament has prohibited the export of raw materials. Our acts of nonintercourse and laying an embargo, although now deemed to be unwise measures, prior to the war of 1812 against Great Britian, were constitutional, although perhaps arbitrary, much more so than would be an act to prohibit the export of the single article of gold. "*Salus populi suprema est lex*," was a Roman maxim. The public welfare is the supreme law. Laws essential to it can hardly be called arbitrary

"CIVIS.

CURIOSITIES OF THE 7.30 LOAN. — The New York Tribune says among the curiosities of the subscription to the Seven-Thirty Loan on Monday, was a request from the Treasury Agent at Santa Fe in New Mexico, that $100,000 of the Bonds be sent there immediately, as many Mexicans and Americans desired to invest, and had the money in hand to do so. Also, about $15,000 in varied lots paid in by Col. Wagner for some 150 colored soldiers in Camp William Penn. Also, $200,000 subscribed by the Commercial Bank of Tennessee. Also, $137,165 in a single check from 'Charley Hyde' of the Hyde Oil Farm, Oil Creek, who not only puts his own money into 7.30s, but gathers up the loose oil money around, and sends it forward to be invested for account of its owners.

"Also, an offer from some miners in California to put $35,500 of compound interest notes into Seven-Thirties, if they would be received. Louisville, Ky., sent forward $3,000, and intimated that Sherman and Grant would soon make Government bonds the rage with all Kentuckians who had money to invest. We learn from Pennsylvania, in which State the lawful rate of interest is 6 per cent, that a great calling in of farm and other mortgages has begun, with a view to placing country capital in 7.30s, for the higher interest and the greater security and convenience."

WHAT PRENTICE SAID IN RICHMOND. In the Louisville Journal Mr. Prentice takes occasion to refer to reports accusing him of having expressed sympathies in favor of the rebellion during his recent visit to Richmond, and makes the following denial:

We talked as freely and as boldly in Richmond as ever we talked here. We never said a word here that we were not willing to say there. We said that the secession of the Southern States was without excuse, that it was the great crime or error of all the ages. We said this to all we talked with, and said it in the strongest language we could command. In every conversation we said to those we talked with, that we and they knew that the old United States could never live in peace as divided States: that if division should come to be an established fact, the Federal States would at once sub-divide, every one repudiating the public debt; that the people of the Federal States were fighting for national existence, national life, just as much as the people of the South think that they are; and that the South, if a nominal peace should be made upon the basis of separation, could never live in peace except as a monarchy.

☞ The following significant inscription, in large letters, was displayed in transparency over the State Department at Washington last (Wednesday) night:

"*Peace and good will to all nations, but no entangling alliances and no foreign intervention.*"

GEN. SHERMAN ON THE WAR.—A letter written by Gen. Sherman to a Baltimore lady during his campaign in Georgia last year contains the following passage:

"I would not subjugate the South in the sense so offensively assumed, but I would make every citizen of the land obey the common law, submit to the same that we do—no worse, no better—our equals and not our superiors. The very moment the men of the South say that, instead of appealing to war, they should have appealed to reason, to our Congress, to our courts, to religion, and to the experience of history, then I will say *Peace—Peace*; go back to your point of error, and *resume your places as American citizens, with all their proud heritages.*"

DOMESTIC LABOR.—The greatest and most important deficiency in the education of girls in Massachusetts, is thus alluded to by the Superintendent of the Industrial School for Girls, in his annual report.

After *intemperance*, as the cause of ruin to so many girls, I am inclined to believe that ignorance of *domestic labor*, stand next. The great majority of the girls who come to us, know almost nothing about general household work, and are very averse to it. This spirit characterizes multitudes in all our communities. But let a girl grow up in a home of intemperance and grow, without a knowledge of the general work to be performed in the household, what will be the result? Nearly all other branches of labor for girls, are more than full, but the demand for good, neat, capable housegirls, *never*. There is scarcely a girl, who might not secure a good living and home by household work, if she were in youth trained in it.

☞ A letter from Vienna mentions the following rather singular robbery—"A rich widow lady, residing with an old servant at Balassa-Gyarmath, lately visited Professor Skoda to consult him for an affection of the chest, from which she was suffering, and after getting his advice again left Vienna. In the evening a well-dressed man called at her house, and said that he had been sent by M. Skoda to add a few words to the prescription given her in the morning, and he was admitted without hesitation. The moment he was alone with the lady he drew from his pocket a handkerchief strongly impregnated with chloroform, and dexterously placing it to her nose, produced instant insensibility. He then opened a secretary, from which he took some bank notes and jewelry, and immediately left without exciting any suspicion. About a quarter of an hour after, the lady recovered animation, and the robbery was discovered."

☞ In the State of Maine, the Legislature has passed a wholesome militia law, and it has been approved by the Governor.—The law enrolls all between the ages of eighteen and twenty-five, and creates an active militia of those under the age of twenty-five.

The Senate has concurred with the action of the House, in repealing the restriction against laying the Broad gauge to Boston, by a vote of 17 to 10.

Why is a side saddle like a four quart measure? It holds a gall on.

What is the difference between a bantam cock and a dirty housemaid? The one is a domestic fowl, and the other a foul domestic.

A brave gentleman asked us the other day if black-leg sheep were more disposed to gambol than others. We have referred the matter to Gen. Wool.

— Something over 20 tons of mail matter are sent from the New York post-office every day.

"THE NEXT-DAY."—The Charleston Mercury lately said, "Let us all sing Te Deums and hurrah for Jefferson Davis—Jefferson Davis forever, and the devil the next day."

— Punch has discovered that jerked beef goes further than butcher's beef.

— It is said that a talented Frenchman has at length discovered the process of fixing the natural colors of any object photographed.

— Pierre Soule, the French demagogue whom Louisana once sent to the Senate, is about to settle in Mexico, where he has purchased an estate. We are well rid of him.

— English workmen have surpassed the thinness of the sheet of iron lately sent to England from Pennsylvania, which was only the one-thousandth part of an inch in thickness. A sheet only the fourteen-hundredth part of an inch in thickness has been rolled at Birmingham.

— A living frog, about an inch long, was taken from a piece of bituminous coal in Erie, Pa., a few days ago.

— The Aroostook Pioneer says that farmers in Aroostook county, are getting $40 per ton for their hay, and yet they complain that they can get nothing for what they raise.

— The editor of the Bath Times is usually sensible, but he is remarkably so when he says: "We think it will be found true as a general rule, that those merchants, mechanics, and traders of all classes, who advertise the most widely, are the most enterprising and liberal men in a community. Certain is is that they, comprehend the influence of the press, and by their acts do much towards supporting this great medium of public intelligence and public growth."

— The Boards of Trade and Chambers of Commerce of the principle cities of the Union, including San Francisco, have signified their hearty co-operation in a patriotic movement by which the 4th of March will undoubtedly be observed throughout the land as a day of jubilation and the people's Union holiday. The movement begun among merchants in New York, who rejoice in Union Victories, and our recapture of Savannah, Charleston, &c.

—The music of the Spheres: Pumpkins rolling down cellar. Music of the night: The notes hummed by mosquitoes.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7.30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the

feb15—1m Cashier.

PETROLEUM.

THE BEST INVESTMENT'S EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $88,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.
Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum-Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing, 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.
Portsmouth, N. H., Feb. 15, 1865.

"A Wonderful Discovery."
DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.
PRICE—$1 per Bottle.

By ROBT. J. CULVERWELL, M. D., author of the *Green Book*, &c.
"A boon to thousands of Sufferers."
Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. jl8 3mdaw

A Card to Invalids.
A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge*.
Please inclose a stamped envelope, addressed to yourself.
Address JOSEPH T. INMAN,
Station D, Bible House,
d24sndaw New York City.

CARTER'S
CLARIFIED MOLASSES CANDY!

Local.

☞ Rev. A. J. Patterson will deliver a Lecture at the Universalist Church on Sunday (to-morrow) evening at 7 o'clock.—Subject—Masonry, or Social and Benevolent Associations.

☞ Messrs. Tilton & Webber, of this city, cut up a very heavy and handsome carcase of wether mutton at their provision store on Market Street, this week. The animal was raised in Great Falls, and the live weight was 265 pounds—dressed 126. We doubt if bigger or better mutton has been in this market for one while—and at any rate, we know nobody has sent us a better chop than that Mr. Wiggin cut for our special delectation. And as to corned mutton—well, we acknowledge the corn.

☞ The Superintendent of the Eastern Railroad has very properly issued a notice to quit, to the loafers, male and female, who hang about the station at train hours, to the great annoyance of the patrons of the road and persons having business at the Station. And the police have been engaged to break up this system of repairing to the depot, by lewd women and low men, who fill the rooms, to the exclusion of respectable people. This annoyance has been borne for a great while, until it can be endured no longer. We hope the reputable patrons of the community will sustain the movement. Indeed, "Depot loafing," which prevails in Portsmouth to such an extent, is a great nuisance to travellers, and ought to be discontenanced by every one, though lots of respectable people will go there on the most trivial excuse, or without any.

☞ The Old Folks Choir will have a rehearsal, with orchestra, at Mercantile Hall, on Sunday evening next. Arrangements are making for one of the grandest musical entertainments ever given here. All singers are invited to join.

☞ Prof. Carnes the blind Musical progidy, "who sings higher and lower than any other man," is to give a Concert in this city, at the Temple, on Thursday evening, March 2d.

NEW HAMPSHIRE ITEMS.

☞ We learn from a copperhead source, about the Dover "Anti-Marston" Convention of Wednesday,—first, that it was "very large,"—and secondly, that "it numbered *nearly* 300,"—which shows how large it was not. As it was a *mass* convention, called by 60 or more signers,—and as any person in Dover might step in, the number is not astonishing.

—— The Directors of the Merrimack County Agricultural Society have generously tendered the use of the Fair grounds and buildings in Concord, to the New England Agricultural Society, for the purpose of holding a Fair in September next.

—— Capt. Wm. Badger of Gilmanton, who went out as Capt. of the 4th N. H' V. has been appointed Colonel of the same, to fill the vacancy made by the death of Col. Bell. The appointment was made by the Governor and Council.

—— Capt. Joseph H. Clifford, of the 7th N. H. Reg., has been dismissed the service.

☞ A writer in the Concord Monitor calls public attention to the fact that "many of our returning brave soldier boys are daily arriving—sick and wounded, travel-worn, and in some instances well nigh-naked—at the rooms of the N. E. Relief Association, 194 Broadway, New York. That noble charity, under the efficient superintendence of Col. Frank E. Howe, has done much for New Hampshire soldiers, and lacks only the means, not the inclination, to do still more."

☞ Godey's Lady's Book for March contains the Spring Fashions,—and has for a frontispiece The Shadow on the Wall, a beautiful engraving of a pretty domestic scene.

☞ The Atlantic Monthly, and Our Young Folks, both for March, are just received from the publishers, Messrs. Ticknor & Fields, Boston.

NO FUNERAL CONCERT.—Rome's dislike to Jews follows them even beyond the grave. A funeral concert in memory of the late Meyerbeer having been agreed upon at Rome, it was forbidden by the ecclesiastical authorities, because the deceased was a Jew. This may seem very harsh, but it certainly is logical. The ecclesiastics are sure that the composer, who died in unbelieving Jew, has been consigned to perdition all eternity. They therefore consistently enough will not permit the memory of a man to be honored in this world, who in the other world is the object of God's everlasting wrath.—*N. Y. Jewish Messenger.*

—The Tribune is getting disloyal. In a late issue it speaks of "ferocious philanthropists—of the female persuasion particularly," as likely to stand in the way of reunion.

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia. As you value health, use it. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ The attention of our readers is called to the new Petroleum Companies advertised in to-day's paper by Lombard & Gore Boston.

☞ Opportunity to learn Type-Setting, by either a Boy or Girl of fair education, may be secured at the Chronicle Office, by immediate application—and pleasant and steady employment given.

☞ A good Carrier is wanted at the Chronicle Office.

☞ Kerosene Oil of prime quality, and the best quality Chimnies and Fixtures, may always be had at H. H. & F. W. HAM'S, Exchange Buildings, Portsmouth. f9tf

☞ Save your rags and old papers! Every family can supply themselves with a good newspaper from the proceeds of such savings. Mr. URIAH BLAISDELL advertises to buy them.

A TRUE AIM.—It has not been the aim of the proprietor of Hunnewell's great preparations, advertised on our inside columns, to base a false reputation by long and unmeaning advertising, but a real one by true results, to which all who try them will cheerfully assent. See advertisement.

The proof of the pudding is not in chewing the string, but in eating and testing. The same rule will apply to the J. Monroe Taylor Gold Medal Soap. Our better half says it has no equal, and will do much better work, and go much further, besides leaving the clothes in a much better state after washing. We do not hesitate to pronounce it far superior to any soap in the market. Go get a bar and try it—most all the merchants sell it. 43

AGAIN AND AGAIN.—Our readers may think it strange that we so often urge upon their attention a medicinal preparation. Already have we, for a number of weeks, urged the importance of a supply of Coe's Cough Balsam in the house, ready for immediate use. Our excuse is that the vast amount of sickness, sorrow and death that are the immediate result of sudden coughs, colds and pulmonary attacks; while thousands of our children are dying from croup and lung complaints. Time and experience have proved that Coe's Cough Balsam is the most speedy and reliable preparation ever known to the world. Like magic it relieves the irritation of the throat, removes the stoppages that prevent breathing in croup, and heals all soreness of the throat, chest and lungs. No man should neglect to supply his family with a safe and reliable remedy like Coe's Cough Balsam, any more than he should neglect the supply of their daily bread. It costs but 40 cents, and the bottles contain twice as much as those of any other remedy at the same cost, while in merit it is superior to all others. All drug stores keep it for sale. 4jl8dawkm

GRAPES IN N. JERSEY. WE HAVE BEEN shown specimens of sacramental or pure juice Wine, prepared by Mr. Alfred Speer, of Passaic, N. J., out of the Portuguese Sambucca, a valuable grape which he cultivates in the country. In taste it assimilates to port with out its heating qualities, being absolutely free from spirits further than its own fermentation affords. Preference is given to it over all other wines in New York and other hospitals, as a tonic, gentle stimulant, diuretic and sudorific. Mr. Speer has been nine years experimenting in the production of this Wine, and the newest wine he sells is four years old.

DEATHS.

☞ The funeral of MRS. JANE NEAL will take place this (Saturday) afternoon at 2 o'clock, from her late residence No. 44 Daniel street.

Petroleum!

LOMBARD & GORE,
BOSTON
PETROLEUM AND COAL STOCK EXCHANGE,
99 STATE STREET,
BOSTON,
Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known.

Many Petroleum Stocks are now paying at the rate of 60 per cent. per annum, and taking the increased value of the stock into consideration, a person investing at subscription price in reliable companies may reasonably expect to double his money within a year. Capitalists in all parts of the country are now giving their attention almost exclusively to this class of securities, which have already yielded princely fortunes to thousands of persons. ☞ Persons desiring information can rely upon receiving an unbiased account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies, viz:—

THE HAMILTON
OIL AND COAL COMPANY.
CAPITAL $1,000,000.
100,000 Shares, par value $10.
Subscription Price $5 per Share,
20,000 Shares reserved for Working Capital
PRESIDENT—HON. WM. G. STEELE, M. C.
VICE PRESIDENT—JOSEPH CREAT.
TREASURER—S. L. WOODHOUSE.

This Company has secured 1218 acres in Pennsylvania and Ohio, which have been selected by the most experienced oil men after two months' careful research and personal examination on the grounds. On one part of the property is a well from which considerable quantities of oil have already been taken, and as the Company will proceed to make further developments at once, they have every confidence of being able to pay dividends at an early period. A prospectus may be had on application to us.

BOSTON
PETROLEUM OIL COMPANY.
Capital, - - - $300,000.
Par Value of Shares, - - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH RUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.

DIRECTORS.

C. S. WHITEHOUSE, J. W. PARMENTER.
CHARLES MILLS, JOHN SON BEAN.
JAMES F. BRIDGE, GEO. E. SMITH.

Books for Subscription are open at our office. Only 3300 shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

ROBY & COW CREEK
OIL COMPANY.
CAPITAL STOCK $500,000.
100,000 Shares. Par Value $5.
Subscription Price $3 per Share.
Working Capital $50,000.
No personal liability. No further assessment
To be organized under the General Laws of Massachusetts.
PRESIDENT—HON. LINUS CHILD.
TREASURER & CLERK—HENRY F. SPENCER.
DIRECTORS.
Hon. Linus Child, Hon. John A. Goodwin,
E. H. Sawyer, Esq., F. E. Gregory, Esq.,
Levi C. Barnes, Esq., Henry R. Merrill, Esq.,
Emerson Leland, Esq.

This property consists of valuable Rights in the very best Oil lands in the country, situated on Oil Creek, Pennsylvania, and Roby and Cow's Creeks and Hawsons Run, West Virginia. Property in the vicinity of Hawsons Run has increased largely in value within a few months, on account of the numerous successful developments. There are many wells now going down upon this property, or being put in working order under the management of an able superintendent.

A map and prospectus of the different properties belonging to this Company, may be had upon application at our office

SUFFOLK
PETROLEUM AND COAL CO.
OF BOSTON.

In a short time Subscription Books will be opened at our office only for a portion of the stock, due notice of which will be given.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

GRAND
DOUBLE CONCERT,
VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR
of Portsmouth and Vicinity,
With Piano, a Full Orchestra,
—and the—
PORTSMOUTH CORNET BAND
Will give a Grand Concert
AT THE TEMPLE, Portsmouth,
ABOUT the MIDDLE of MARCH.

It is expected that nearly
200 Performers
will take part in the exercises, and that the
Grand Combined Chorus
will be the heaviest and best ever heard in this region.

All members of the Old Folks Choirs of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

A. PEARSON,	C. H. TOMPSON,
W. K. DAY,	W. F. LAWRENCE,
B. B. DAVIS,	**Musical Directors.**

FRANK W. MILLER,
JAMES H. HEAD,
Committee of Arrangements.
Portsmouth, Feb. 20, 1865.

From the Portsmouth Journal.

PROF. CARNES' CONCERT.—The concert by this remarkable Musician, on Thursday evening next should attract a large audience. To substantiate what the handbills say of him, the newspapers wherever he has been report him as meeting with marked success. He is everywhere highly commended. The entertainment is unique and the programme inviting. Says the Portland Advertiser.

"We hardly know in what terms to speak of the performances of this singular man. He is one of the wonders of the age. We accepted the encomiums of our cotemporaries on his abilities, without realizing one-half of the versatility of his genius. As a vocalist he would take a high rank. His voice is sweet and sonorous, and evidences a scope of power never perhaps bestowed on another. In this he occupies an anomalous position."

CITY COUNCIL.

IN COMMON COUNCIL, last week, the following resolution was passed:—

Resolved, that His Honor the Mayor be requested to inform the Common Council, what sums, if any, have been paid to or chargeable by any member of the City Council, during the past year, for services or expenses relative to obtaining recruits to fill the quota of the City, or for revising the Enrollment, or for like services; and if any member of the present City Council is engaged upon such duty, with any compensation fixed for such service.

Last Thursday evening, the following response from his Honor Mayor Bailey was presented:—

To the Common Council:—In compliance with the resolution of the Common Council, passed February 16, 1865, asking the Mayor for information, I have to say that the sums named below "have been paid to or claimed by members of the City Council during the past year, for services or expenses relative to obtaining recruits, or for revising the enrollment, or for like services."

To Alderman Charles A. Shannon, for services on Committee for obtaining Naval Credits,	202 50	
For expenses,	167 75	
		369 25
To Alderman William E. Hadley, for services on Committee for obtaining Naval Credits,	165 00	
For services on Committee for revising the Enrollment,	33 33	
		198 33
To Alderman Joseph B. Adams, for service Recruiting,	670 00	
For expenses,	68 00	
		738 00
To Alderman James C. Brown, for services Recruiting,	520 00	
For expenses,	180 26	
For services on Committee for revising Enrollment,	15 00	
		701 26
To Alderman John E. Rider, for services on Committee for revising the Enrollment,		166 33

A Committee of the Board of Aldermen has been appointed the present year for Recruiting, and the compensation fixed is ten dollars for each man recruited.

A Committee of Aldermen has also been appointed to revise the enrollment, for which service no compensation has been fixed or claimed.

I am, gentlemen, your obedient servant,
J. H. BAILEY.

The subject was referred to a special committee, consisting of Messrs. Nowell, Spinney and French.

The Council also passed in concurrence a joint resolution appropriating money to supply deficiencies in the several school districts—for Dist. No. 1, $800; for No. 2, $602; for No. 3, $450.

The reports from all parts of the State, says the Dover Enquirer, are of the most cheering character. Fred. Smyth will be elected Governor by not less than 6000 majority. Rollins and Patterson, in the 2d and 3d Districts, will have 2000 majority each. It is only in this District that any doubt is entertained by anybody as to the result; and here, we are glad to learn, all doubt is fast being dispelled. There are but a few towns in the District—not half a dozen—where there is any disposition to oppose General Marston, and his opponents in these, however respectable, are inconsiderable in numbers.

Senator Clark of New Hampshire, occupies the chair of the Presidency of that body, and will preside until the close of the extra session, after the 4th of March, Vice President Hamlin having retired, as has been agreed previous to the close of his term, to have his place filled. Vice President Johnson elect has notified that he is pressingly engaged at home in the preliminary measures to an official return of Tennessee to the old United States.

BLIND MAN'S CONCERT,
—BY—
PROF. W. A. CARNS,
THE MUSICAL PRODIGY,

WHO sings higher and lower than any other man living in the world, making a compass of five octaves. Also plays on each difficult music on the CORNET, with one hand, accompanying himself on the Piano or Melodeon with the other.

He will, with his voice and instruments, imitation a BRASS BAND, and perform a RAILROAD OVERTURE, which are highly entertaining and wonderful.

Mr. Carns is a graduate of the Ohio Institution for the Blind, where he prosecuted his musical studies for nine years under the direction of Prof. G. G. Mackhold, a distinguished German teacher. His powerful and highly cultivated voice sends the words of his ballads to his listeners clear and distinct, filling them with wonder and delight.

This distinguished Vocalist will give one of his unique entertainments at

THE TEMPLE, PORTSMOUTH,
On THURSDAY Evening, March 2d,
DOORS open at 6½. CONCERT commences at 7½ o'clk.
ADMISSION 25 CENTS.
CHILDREN 15 cents.

FANCY GOODS.
At No. 12 Market street.
Feb 18 J. W. & A. STAVERS.

Morning Chronicle.

SHERMAN BEFORE THE WAR. — The Richmond Dispatch, Feb. 8, says "We append an abstract from a letter written before the war by this man, who is now trying to subjugate the South. It was addressed to a delegate to the Charleston Convention from one of the Western States:"

FORT RINGOLD, March 20, 1860.

Now, my dear fellow, I am glad you are going South, and all we ask of you is, give us a good President. Stop this damnable heresy of the country; frown upon every abolitionist you meet; and, as you pass down through Old Virginia, see that the remnants of that raid of Brown's, yet unhung, are promptly brought to the halter. And, in the mean time, if you will take a few of our most distinguished sons of the devil (republicans) now in the Minnesota Legislature, along with you, and let them see Virginia justice, you will benefit our community. Yours, truly, and in haste,

T. W. SHERMAN.

We perceive the above, copied into an eminent copperhead journal, for the purpose we suppose of showing Gen. Sherman's inconsistency. To this, (says Uncle Toby,) we see no possible objection. We have read somewhere, of one Saul of Tarsus, who was a blasphemer, a persecutor, and injurious; and also breathed out threatenings and slaughter against the Christians: but he was struck to the ground by a great light above the brightness of the Sun; heard a heavenly voice telling him what to do; and obeying this voice he became a most eminent preacher of the faith he had once labored to destroy. In short he became Paul the Apostle, — a most *inconsistent* man surely: but in his case as in Sherman's, it were far better to be *right* now, than to be *consistent* in *persisting* to do *wrong*. We welcome all real conversions, and all good works, without asking what used to be done.

JOSH BILLINGSGATE.—If there was nothing but truth in this world, a fool would stand just as good a chance as a wise man.

True politeness consists in being anxious about the welfare of others; false politeness consists in being very anxious about nothing.

Robbers are like rain, they fall on the just and unjust.

The best place to worship God—is out doors.

We are apt to hate them who won't take our advice, and despise them who do.

It is dreadful easy to be a fool—a man can be one and not know it.

Fear is the first lesson learnt, and the last one forgotten.

Nobody but a fool gets bit twice by the same dog.

A pet lamb always makes a cross ram.

Epitaphs are like circus bills, there is more in the bills than is ever performed.

SECESH GHOSTS FORESHADOWED.—When Gen. Sherman's army occupied Savannah the citizens pleaded starvation and asked to be fed. Amongst other applications several ladies called upon the Provost-Marshal of the Western District and unfolded a horrible story of suffering and woe. The gallant Gen. B——, impressed with the tale, seated himself to write the order for supplies. While so engaged some remark was made about the termination of the war. Whereupon one of the suffering supplicants opened upon the General as follows: "This war won't be terminated until you kill all the men, and then we women will fight you, and if you kill all of us it won't be ended then, for we'll come back as ghosts to haunt you." This sanguinary oration delivered with all the venom of a Southern female beggar, quite appalled the General, who quietly tore up the order he was writing saying,—"If such be the case, I think you might as well die of starvation, as then your ghosts may be too weak to come back and haunt us." And he coolly but politely bowed the discomfitted lady mendicants into the street.—*Trans.*

A SINGULAR "CALLING."—At a meeting recently the Rev. L. Bailey, of Bloomsbury said: "Some have no recognized calling. I lately met a man who earned his living by waking his neighbors in the morning. He had ten heavy sleepers on his list, and at a penny a head each morning, he cleared five shillings a week."

A MATTER OF TASTE. — A negro was married to a white woman at St. Paul a few days since, by a Justice of the Peace, Catholic and Protestant clergymen having refused to perform the ceremony.

— What did the cat find when she came out of the ark? Nary-rat!

Special Notice.

To the Readers of the Morning Chronicle, Portsmouth, N. H.

The undersigned would respectfully ask attention to the preparations known as

Hunnewell's Universal Cough Remedy

The Great Remedy for all Throat and Lung Complaints.

HUNNEWELL'S TOLU ANODYNE,

A perfect relief for Neuralgia, all Nervous Complaints, and Loss of Sleep.

HUNNEWELL'S ECLECTIC PILLS,

Declared to be the most perfect Cathartic and Family Pill; seldom requiring more than *One* for a dose, without Griping, and one that should be known to every family.

These preparations will be noticed each month, and originating from most potent questions in Medicine, enjoyed for ten years unbounded reputation, readers are invited to accept such notices as a true index of character, and give me their confidence to test them.

JOHN L. HUNNEWELL, PROPRIETOR,
Practical Chemist, Boston, Mass.

☞ For sale by dealers in every city and town. Dealers with good business references supplied on commission.

Portsmouth, Jan. 1, 1864.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting to the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA, GLEET AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pains and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Orghitial Swellings, and the long train of horrible symptoms attending this class of diseases, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DIFFICULT HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cares of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SAFE. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT

—TO—

UNFORTUNATE FEMALES!

DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 25 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 25 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. TThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 25 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, and the word of *friendly* advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

STOVES,

KITCHEN FURNISHING GOODS,

FARMING TOOLS, &c.

THE MAGEE

COOKING STOVE.

The subscriber would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 20 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in the:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or compound article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

FOR THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 82 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.
SO WIDE IS THE FIELD OF ITS USEFULNESS and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
We can only refer the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.
Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their name to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.
Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the most fitting to use. Try it once, and you will know its value.
Prepared by J. C. AYER & Co., Lowell, Mass. and sold by Brackett Hutchings, J. H. Thacher W. K. Preston, David Kimball, and all druggists.

Please Look at This.
RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—one of the best physicians, for years, for her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR SWAYNE'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and knowing many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHASLEY, *Lee, May 31, 1841*
Dr. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHASLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No 7 High street, Portsmouth, N. H. promptly attended to. may26

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures which are no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for those diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syhilis, Gonorrhœa, Gleet, Stricture, Enlargements of the testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus rendering themselves of the pleasure of the Married state, are notified that in consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every State of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—startling disclosures. Dr. ELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent in all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth ten times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Lickoh's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
Caution—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, or the guidance of patients. In the case of $5, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

MONDAY, FEBRUARY 27, 1865.

THE REBELLION.

The rebels evacuated Wilmington on the night of the 21st. Major General Terry entered and took possession of the city at 9 A. M. on the 22d, capturing a large amount of supplies and stores of all kinds, which the rebels in their haste had neglected to destroy.

Richmond papers of Monday, 22d, contain despondent editorials on the military situation. The Enquirer states that appearances indicate Beauregard has been outgeneraled, and the most frightful rumors prevail in regard to it.

The proposition to arm two hundred thousand negroes, which passed the rebel House, was indefinitely postponed in the Senate, by one majority.

The Enquirer says there was a rumor in Richmond, that Sherman was between Beauregard and Charlotte, S. C., in other words that he had flanked Beauregard and got on the north of the rebel army. It says also there is a rumor that Beauregard has gone crazy, owing to his excessive wear and tear of body and mind; and adds that the absence of news from the South had given rise to croaking, and croakers were saying "there was the devil to pay and the Confederacy had gone up."

The Enquirer has an extract of a letter from General Lee, urging the arming of the slaves, and saying the North has a large superiority in men, and that they will continue to overrun their (rebel) territory and overbear their armies unless this measure is adopted.

Cincinnati dispatch says advices from below indicate grand preparations for a two-fold movement to occupy Alabama and Mississippi, viz., Gen. Thomas from the North with a strong mounted force of infantry from Vicksburg via Jackson, and General Canby from Pensacola.

It is apprehended that if Lee is compelled to relinquish Richmond, he will fall back on Lynchburg, and thence make his way through the mountains to East Tennessee or Kentucky. Efforts are making to repair the Virginia and Tennessee Railroad to Bristol. It was rumored in Knoxville last week that a division of Lee's army had already appeared in East Tennessee. The expedition moving from Knoxville is to defeat this movement, and by again destroying the railroad, render the transfer of Lee's army west of the mountains impossible.

A scouting party under Capt. Newell, of the 8th New Hampshire regiment, left Vidalia early in the month, to patrol along the Black river. They have returned in a terrible state of dilapidation, having subsisted four days on horse and mule meat alone, in a swamp surrounded by rebels.

The detachment of the Eighth Illinois Cavalry which was sent out from Fairfax Court House on the 21st on a scouting expedition, has returned with a number of rebel officers and guerrillas, who have been lodged in the Old Capital prison.

Beall, the Lake Erie pirate, was hung on Friday, in New York.

At Wilmington, it appears from official accounts, our captures, including Fort Anderson, amount to about 700 prisoners and 30 guns. Citizens state that the rebels burned 1600 bales cotton and 15,000 bbls. of rosin. The Union feeling showed itself quite strongly in the city. Gen. Terry followed Hoke northward.

As the Richmond and other rebel papers are prohibited from publishing news from Gen. Sherman, we can learn nothing of his movements.

Great activity has been observed in the rebel lines around Richmond, indicating some new enterprise by Lee. It is rumored that Lee meditates an attack on Grant. The influx of rebel deserters continues.

A New Orleans correspondent says two boats' crews from the Blenville and Princess Royal cut out of Galveston Harbor the blockade-runner schooners Pet and Sophia, laden with 350 bales of cotton each.

The blockade-running steamship Will-of-the-Wisp ran ashore and was destroyed.

Nashville dispatches say intense excitment exists at Knoxville from a report that Longstreet's command is marching on that place.

The force sent to recapture Gens. Crooke and Kelly have returned to Sheridan's headquarters, being unable to find a trace of the party making the capture.

By Telegraph—Sunday noon.

U. S. Flag Ship Malvern, Cape Fear River, Feb. 22d.—*To Hon. Gideon Welles, Sec. of Navy:*—Sir: I have the honor to inform you that Wilmington is evacuated and in possession of our troops. After the evacuation of Fort Anderson, I pushed forward the gunboats as far as the water would permit; the army pushed up at the same time on the right and left banks of the river. After sounding and buoying out the middle ground at Big Island, I succeeded in getting the gunboats over and opened fire on a fort or strong work commanding the principal obstructions, where the rebels had also sunk a large steamer. Our fire soon drove the rebels away from the fort. Now and then they would fire a shot, one of which struck the Sassacus below the water mark, and set her leaking badly. She was struck once or twice more, but with no loss in men. That night (the 20th) the rebels sent down 200 floating torpedoes, but I had a strong force of picket boats out, and the torpedoes were sunk with musketry; one got in the wheel of the Osceola and blew her wheelhouse to pieces, and knocked down her bulkhead on board. No damage was done to the hull. Some of the vessels picked up torpedoes with their nets. The next morning I spread two fishing nets across the river. Yesterday evening, Gen. Ames with his division moved within a short distance of the fort and had a sharp encounter with the rebels. On hearing the musketry and seeing where our troops were, I opened a rapid fire on the fort and all along the enemy's lines; the fort responded with 3 or 4 shots, but was soon silenced. This morning we heard that Gen. Terry was within their works, and the road was clear to Wilmington. The Montauk could not get across the shoals without lightening. I had the pleasure of placing the flag on Fort Strong. At 2 o'clock to-day we are all to fire a salute of 35 guns, the anniversary of Washington's birth-day.

D. D. Porter,
Rear Admiral.

New York, Feb. 25.—The Commercial's Washington dispatch says "Richmond papers of Wednesday indicate that Sherman advanced on Monday north from Winisboro, thro' Blackstone and Chesterville, and crossed the Wateree river. This cavalry being in the advance, it is believed in Washington that he crossed the North Carolina State line Thursday, and is by this time near Charlotte." The Post's Washinton dispatch says "a letter from Gen. Grant says if Sherman's successess continue a few days longer the country can safely indulge in exultation." It is reported that the corps sent by Sherman from Columbia, S. C., to Florence, to intercept Hardee in his retreat, had a battle and routed his army.

Gold, Saturday, 200 1-4 to 198 1-2.—No gold sent to England that day, by steamer from New York.

— Hereafter no ladies will be permitted to visit the Army of the Potomac without special permit from headquarters. All ladies who are now in the army will be required to leave within 48 hours.

Gen. Lee's View.—Hear what the rebel Gen. Lee says about arming the negro:

It is by no means certain that the negro is so deficient in courage as is generally believed. If we are to credit the statements of travellers in Africa, the native negro is the most sanguinary warrior in the world. In their battles, hand to hand, they fight till either party is almost annihilated; and our very slaves are in great part the descendants of prisoners captured in war. We see the negro altogether in his servile condition. He naturally shrinks, without regard to appearances. He, however, makes a fearless sailor and fireman. The English have long used him as a soldier, and he has done good service. But the experiences of this war are abundantly sufficient to show his adaptability as a soldier. The enemy has taught us a lesson to which we ought not to shut our eyes. He has caused him to fight as well, if not better than his white troops of the same length of service. Our prisoners from Ship Island and elsewhere declare that they are far the best sentinels and most thoroughly drilled of the Union troops. I have myself seen them in the hands of a single engineer officer, entirely without organization, work under fire where certainly he could not have held white men. Now, if the enemy has succeeded in making any kind of troops of these people, with all their non-commissioned officers and a great many of their officers black, how much better could we make with all these white!

The plan of General Lee is to use the negro only as a private soldier, making both the commissioned and non-commissioned officers of negro regiments whites exclusively. He argues that the negro possesses endurance, and has been shown on our side to have abundant courage; that he can be made a soldier by discipline, and that a real soldier knows nothing of the merits of the cause for which he is fighting. He does not esteem it necessary to give or promise them freedom, but it is his "firm conviction that to do either would impair their efficiency and tractability." But he says: "The greatest possible advantage can be had by skillfully using their desire for freedom." Desertion is treated as an impossibility under proper discipline, and revolt as equally so for the same reason. It is proposed, therefore, to leave the Slavery question "just where it is," and put into the service as many negroes as can be provided with arms and equipments.

Could any words be put together to show more plainly the meanness of slavery? or its barbarism? Gen. Lee proposes neither to give nor promise freedom,—but to use the *desire* for it, to cheat men into fighting to rivet their own chains. And this is the *chivalry* of the F. F. V's.—But then what has become of the pro-slavery plea that the negro does not desire freedom—and of the copperhead plea that he will not fight? Gen. Lee had better hurry up his negroes, or it will be too late.

U. T.

Baltimore, Feb. 22d.

Although there is no public celebration to-day, still it observed as a holiday, business being generally stopped, flags profusely displayed and salutes fired from the different fortifications around the city. The war news is of such a cheering character that everybody who is not a rebel, is comfortably jubilant, and consequently there is no particular necessity for any formal celebration in honor of the day. The news of the evacuation of Charleston, and the old flag flying over Sumter, causes a thrill of joy to course through every vein of the tried Unionists in this city, while the rebels do not try to conceal their grief at the way things look, and freely admit that matters are decidedly bad for their friends in Dixie. It may not be out of place to mention here that copperheads and copperhead papers in Maryland are not so outspoken and bold as they are in New Hampshire; and it would not do for them to be so, unless they had a special desire to go South at Uncle Sam's expense.

Most if not all the merchants here who were tried and convicted by Court Martial for selling goods to go South, have been pardoned by the President. It is to be presumed that good reasons prompted this proceeding; but it does seem as though persons who deliberately violate the law, should be made to suffer.

The Northern Central Railroad, running from Harrisburg to Baltimore, is bothering Congress to let them run a line to Washington without touching Baltimore. Of course the whole State of Maryland opposes it, and a remonstrance from the Legislature has been presented to Congress. It seems to strike most folks who have had the pleasure of riding on that route, that they had better use their energy and capital by trying once to run one train through without accident, for if one takes up a morning paper, and don't see an account of an accident on the "Northern Central," he naturally thinks that something is out of order on the road somewhere.

The harbor is open at last and navigation is resumed, though not to a large extent. Oysters are still very scarce and very high.

"Buggins" of the Ballot, put in an appearance, very unexpectedly last evening. He was on his way to Washington and to the front, and will no doubt find much to see and interest all, which will of course be noted down, and "revealed," as Artemus Ward says, in his own good style.

Forrest is playing at the Holiday St. Theatre to crowded houses. Laura Keene is at the Front St. Theatre, and is playing a piece called the "workmen of Baltimore," written by herself, to fair houses. The play, which is very good, is intended to show the evil effects of liquor; but the way it affects the audience, seems to be be somewhat different from that intended, if the rush for the saloon (which is in the Theatre,) by a large portion of the male half of the audience, between the acts, for refreshments, is an indication of their appreciation of the moral intended to be conveyed.

Yours truly, Rockingham County.

— For several days lately, the Biddeford Union put out daily bulletins announcing the cheering news from Sherman. Sunday noon came the dispatch of the fall of the capitol of South Carolina, with other news. On taking in the board Monday morning, the editor perceived the following writing appended: "this is not so, it is a felon Rhumor." No doubt about the politics of the writer of that denial!—says the Union, truly. The writer was one of that class of dupes who believe the lies which some copperhead prints palm off as war news.

— Among those who have suffered sorely from Sherman's invasion of South Carolina, says the Richmond Whig, is William Gilmore Simms, the novelist and poet. In his hurried removal from home, near Midway, he was compelled to leave behind a library of choice books of much value, embracing upward of ten thousand volumes. Many planters have been utterly ruined.

—Peter Sinclair, the "Scotch reformer," who visited this State a few years since on a Temperance mission, and who is well remembered as one of the most effective lecturers, especially to children, is now in the West, lecturing on the subject of emigration. He lectured in the Capitol, Jefferson City, Missouri, Feb. 11th.

— Col. Benjamin M. Anderson, one of the parties implicated in the Chicago conspiracy, shot himself in the stomach on Sunday last and cannot survive. He said the evidence was so strong against him that he was driven to despair.

— The London Morning Star says, that the Russian serfs before emancipation were calculated to have consumed about eighteen shillings worth of cotton goods per head; that amount has already risen to one pound seven shillings per head over the 22,000,000 of emancipated peasantry.

Cheery. — If thine enemy smite thee on thy right cheek, turn to him the other also.

— The Mayor of Magregor, Iowa, was married last week; and the people suspended business, and the military turned out, and all had a general celebration.

— The N. Y. World's Washington dispatch says Mr. McCulloch's name has been sent to the Senate for Secretary of the Treasury, and that Freeman Clark, M. C., from Rochester, will be comptroller of the currency.

— The rebel pirate Chickamauga was reported at Wilmington, at the latest advices, before its capture by the Federal forces. There will be some curiosity to learn what has become of this vessel, and also how the enemy disposed of a few blockade-runners supposed to be in Wilmington.

— The only idea of crime which a certain class of rascals seem to possess, is the amount of punishment they may be obliged to suffer in consequence. The very refined editor of a paper not particularly remarkable for its high moral or patriotic tone, thus upholds a brother rascal in iniquity.—Speaking of E. N. Fuller of the Newark Journal, recently arrested for opposing the Government, he says "He is now let off by paying a fine of $100. Not a very great crime, afterall."

AT THE TEMPLE.

EIGHT HUNDRED DOLLARS, on Mortgage of Real Estate, for a term of years. Apply at the Chronicle Office. feb22

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.					
Two cents " " " "					$100 "
Ten " " " "					$500 "
20 " " " "					$1000 "
31 " " " "					$5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Allegheny River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield 888,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, Agent.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $500 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,686. j18 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *free of charge*.

Please inclose a stamped envelope, addressed to yourself.

Address JOSEPH T. INMAN,
d&3msndaw Station D, Bible House, New York City.

Pure Sugar Candies.

Manufactured by COPELAND & CO., Boston, for sale in any quantity, wholesale or retail, at S. A. AVERY'S Newspaper Store, No. 29 Congress Street, Portsmouth, N. H. feb16

Local.

☞ On Saturday, the police arrested five girls, employees at the Portsmouth Spool Cotton Factory, for purloining cotton. They were taken before the Police Court and fined $5 each, and sentenced to pay treble the value of the property stolen. We learn that cotton stealing has been going on at this place for some time back, until about three thousand pounds have been stolen. We withhold their names, hoping that they will in future do better.

☞ Commander E. Carrington Bowers, U. S. N., is detached from the U. S. Receiving Ship Vandalia, at this station,—at his own request.

☞ Prof. Morey opens his "Grand Gift Exhibition" at the Temple to-night. See his advertisement—horse and all.

☞ The steamer Tioga, which has been lying in the Dry Dock at the Navy Yard, for the past few months, undergoing repairs, was undocked on Saturday, to make room for the bark Roebuck, which has of late been used as a receiving ship alongside the Vandalia.

☞ A draft of sailors was taken to Boston on Friday, from the Vandalia.

☞ At a meeting held at the Ward Room on Elm Street, as per advertisement in the Chronicle, requesting all interested in forming a military company to meet on Saturday evening, Feb. 25th, the following were chosen officers: Chairman, Jacob Haddock; Secretary, Meshach Bell, Jr.—Twenty-five persons signed the roll, after which the meeting was adjourned until Saturday evening, March 4th.

☞ We have no doubt but our military successes will give additional strength to the Union cause, at the ensuing election. Many throughout the State, who never voted the Republican ticket, will now join the Union column, ere the Rebellion is entirely closed up. The gain to Gen. Marston,—the Union Candidate for Congress in this District,—will more than compensate for the loss a few Bolters may occasion.—War Democrats generally do not hesitate to avow their determination to vote the Union ticket. Said one in our hearing a few days ago, "As the Southern traitors are willing to abolish slavery to disrupt our Union and establish a Confederacy, so Northern Democrats ought to be willing to abolish slavery to save the Union and crush out the Confederacy." FACT.

NEW HAMPSHIRE ITEMS.

—— Mr. J. T. P. Hunt, a wealthy and prominent citizen of Manchester, died on Thursday, aged 56.

—— Several deaths have occurred in camp at Concord, of what is called the spotted fever.

—— The Ossipee Register is suspended. The list has been transfered to the Wolfborough News.—So they go.

—— The Amoskeag Veterans of Manchester, held their usual brilliant Levee on the evening of Washington's Birthday. Col. C. E. Potter was the *great* attraction.

MUSCLE AND TRAINING. — The Newburyport Herald says:

"It is a question how far by education, a person can make up for the loss of one or more limbs or any of the senses. When a boy, we used to be surprised to see a one-armed man split wood, which he seemed to do more dexterously and forcibly than men with two arms. So we notice now a young man named Crockett, who lost a leg above the knee, on the Boston & Maine Railroad, when a child, who can perform *feats*, with one *foot*, that few if any lads of his age in this neighborhood can perform with two feet. He will swim like a duck; he can run as fast as the fastest, bounding on like a deer; and his skating is marvellous. A dozen lads may start with him on the ice, but he is sure to come out ahead. Nor is it in a straight course alone that he shows speed; with a crutch in one hand and a skate upon the foot, he will defy them to catch him, and dodge as nimbly as a cat. We doubt if there is a boy that can jump higher. He will leap a fence as high as his head, and surprises his associates by standing back to a fence that will come to his shoulders, turning a somerset and coming down right end up upon the other side.

It is very doubtful, had the two legs remained to him, if he would ever have developed so much spring and activity. He has made up in training what he lost by accident. This we have seen done by a person without arms, who could use his feet as most persons do their hands, and his toes were as flexible as fingers. The same often occurs with persons losing the sight of one eye or the hearing of one ear; the other becomes more powerful. At times too, when smelling goes, one will seek recompense in taste; and when the sight entirely fails, the hearing becomes more delicate and the feeling more sensitive. Nature everywhere seeks to fill a vacuum or supply a deficiency."

—A Troy alderman got married the other day and had rather a thrilling time on his wedding tour. He was two days getting to Buffalo on account of the snow, was in the American hotel in that city when it burned down, and on his way to Chicago was thrown over an embankment twenty feet high by a railroad accident, badly bruising him and his new wife. The couple are now in Chicago, recovering from their injuries and getting courage to try the return trip.

WORDS VS. DEEDS.—The Governor of South Carolina, in 1861, just after the surrender of Fort Sumter, took occasion, in response to a serenade, to say:—

I hope on to-morrow, Sabbath though it be, that under the protection of Providence, and under the orders of General Beauregard, Commander of our forces from the Confederate States, you shall have the proud gratification of seeing the Palmetto flag raised upon that fortress, and the Confederate flag of these free and independent States side by side; and *there they shall float forever in defiance of any power that man can bring against them.* (Applause.)

Not long ago, Gov. Megrath, of the same State, said in a proclamation:

You have led the way in those acts which united the people of your sister States in this confederation of States, and their secession from the Government of the United States. You first fired the gun at the flag of the United States, and caused that flag to be lowered at your command. As yet you have suffered less than any other people. You have spoken words of defiance; let your acts be equally significant.

You have defied a tyrant; do not apprehend his power. You have dared to do; do not fear to die. No worse fate can befall him who has pride in the ancient honor of his State, than to see it governed by those who hate it and insult, with their vices, the virtues we have been taught to cherish.

This is very rich: the *vice* of freedom will insult the *virtue* of slavery:—but what has become of the defiance? and where are the Palmetto acts?

— The Fittsfield Sun says the damages done by the riotous workman at the west end of the Hoosac tunnel last week, amount to $30,000. A large building, in which was the steam engine used in pumping water, was blown up with powder, and work must be suspended for some time. Some fifteen of the laborers have been arrested.

— At Silver City, Nevada, on election day, the Union men nailed a rebel flag upon the sidewalk in front of the polls, that every voter might trample it under foot, while the star-spangled banner was flying.

— On hearing the song entitled "The dearest spot on earth is home," a benedict remarked, that he found his home so *dear*, that he was going to break up housekeeping and go to boarding.

— Three sophomore students of Yale College have been arrested and will be tried in the Police Court for breaking the peace. The sophomores have undertaken to prevent the freshmen from carrying canes, and a street row was the consequence.

—Mrs. Elizabeth Cushing, widow of the late Capt. J. N. Cushing, died of pneumonia at her residence in Newburyport, on Thursday. She was 80 years old, the mother of ex-mayor William, and J. N. Cushing.

— The Free Press says Hon. A. H. Cragin, of Lebanon, U. S. Senator elect, left home for Washington on Monday last, to be present at the opening of the extra session of the Senate, on the fourth of March.

— The Southern traitors, like a nest of vipers, will destroy themselves with their own stings; and Jeff. Davis has the misfortune to be first victim.

— Josh Billings says of friends: "I got mine and manage to keep them by not asking them for anything but advice; you can't ask anything of a man that he loves to give more, and costs him less, than advice."

— The St. Louis papers are printing lists of the persons who returned no incomes in 1863. It hurts the feelings of a great many.

— The Bank of Lebanon has become a national bank, and has the 7-30s for sale.

Wit is wisdom at play, while humor is only good nature on a frolic.

PHILHARMONIC SOCIETY.—The regular Weekly Rehearsals are held on Wednesday Evenings, at Mercantile Hall, at half past 7. All good Singers, desiring to join, are invited to attend.

The proof of the pudding is not in chewing the string, but in eating and testing. The same rule will apply to the J. Monroe Taylor Gold Medal Soap; our better half says it has no equal, and will do much better work, and go much farther, besides leaving the clothes in a much better state after washing. We do not hesitate to pronounce it far superior to any soap in the market. Go get a bar and try it—most all the merchants sell it. 43

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong; and saves hundreds from the dreadful disease, dyspepsia. As you value health, use it. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

GRAPES IN N. JERSEY. WE HAVE BEEN shown specimens of sacramental or pure juice Wine, prepared by Mr. Alfred Speer, of Passaic, N. J., out of the Portuguese Sambucu, a valuable grape which he cultivates in the country. In taste it assimilates to port without its heating qualities, being absolutely free from spirits further than its own fermentation affords. Preference is given to it over all other wines in New York and other hospitals, as a tonic, gentle stimulant, diuretic and sudorific. Mr. Speer has been nine years experimenting in the production of this Wine, and the newest wine he sells is four years old.

DEATHS.

In Rye, Feb. 21st, Mrs. ABBA S. REMICK, aged 40 years, wife of Mr. David Remick.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Sch Millard Fillmore, Chase, hence ar Boston 24th.

DR. URANN,

PRACTICAL PHYSICIAN,

Who has made so many wonderful and instantaneous cures in Boston, New York, Hartford, Springfield, and more recently in New Hampshire and Vermont, has taken

ROOMS FOR THE PRESENT AT THE

FRANKLIN HOUSE,

PORTSMOUTH, N. H.

DR. URANN'S treatment is such that by it

All Curable Diseases

are affected in one or two treatments, and many are entirely cured by one, as the following will testify:—

W. P. HOMER, 50 and 52 Federal Street, Boston, for many years was troubled with Heart complaint, so bad that at times he was unable to attend to his business; after one treatment he was able to run up stairs, work in his garden and attend to his business; has since gained 12 pounds.

MRS. ELLEN COREY, of Cambridgeport, Mass.—Sciatica; so lame that she could not walk without assistance; after one treatment of fifteen minutes was well as ever, and could walk a mile free from pain.

Mrs. SARAH P. STILES, Lowell, Mass., had Fever Sores on both legs of twelve years standing; her right ankle measured eighteen inches, and was as blue as indigo; she could not move her foot; after one treatment it was reduced one-half, she could move her foot freely and is getting well rapidly, her left ankle all healed.

Prof. G. M. LARRON, 1 Dix Place, Boston, troubled with Spinal difficulty, was in much pain; relieved by one treatment.

Miss HANNAH COOL, Campton, N. H.—Spinal difficulties; was unable to walk but a short distance or do any kind of work; perfectly cured, and is now the picture of health.

Miss C. FROTHINGHAM, Boston, Portrait Painter, was troubled with great depression of spirits, at times was unable to attend to her favorite employment; was entirely cured, and she expresses herself, is "made over anew."

Mrs. J. BROWN, Boston, a severe cough and pains through her lungs, cured.

Capt. W. H. LAMPSON'S child, Lowell, Mass. The child was pronounced by physicians as hopelessly idiotic. The child could neither walk or sit alone, and took no notice of anything. After one treatment he began to improve, and has so far gained as to be able to walk alone, can talk, takes notice of everything, laughs and sings, and appears perfectly well.

Mrs. HINCKLEY, wife of A. T. Hinckley, of State Arsenal, Hartford, Ct., troubled with hip complaint and contraction of the cords of the legs; could not get her heel to the floor within four inches; had to be brought down stairs in arms; after one treatment of twenty minutes was able to run up and down stairs with ease, and is now able to walk the streets.

Mr. J. TURNER, Hartford, Ct, troubled for many years with loss of memory; could not attend to business; had been under the best medical treatment in England with no beneficial effect; after one treatment was perfectly restored.

Miss MARTHA ST. JOHN, Simsbury, Ct., was confined to her bed from spinal difficulty and prolapsus uteri; had not been dressed for more than a year; in twenty minutes she was enabled to dress and walk out to one of the neighbors, a distance of about a half mile; she has since been to Hartford and to church, and is improving daily.

Mrs. HENRY LOOMIS, Southwick, Mass., troubled with fits and spinal difficulties, could not walk without much difficulty, perfectly cured by one treatment.

Mrs. WM. JENKINS, Unionville, Conn., troubled for over two years with curonic liver complaint and rheumatism, had a large lump on her side which was very painful; was unable to lie down. Cured by one treatment, and is as well as ever.

JOSEPH H. ELDRIDGE, formerly of the Hartford Police, more recently on Hartford and New Haven Railroad, was obliged to give up his business on account of a severe cough and bleeding, perfectly cured and can now do a good day's work.

LYDIA L. FULLER, of East Wallingford, Vt., had entirely lost the use of her limbs after a severe attack of diptheria, was restored by one treatment, and is as well as ever.

FANNY DAVIS, of Moretown, Vt., had been confined to her bed for more than five years—was not able to stand—after one treatment of less than an hour, was enabled to walk around the room, and is now quite well.

Miss HUTCHINSON, daughter of Judge Hutchinson of West Randolph, Vt., was troubled with fits, having some days from fifty to one hundred. She was unable to eat anything but liquids—was not able to stand. After one treatment she began to improve, until now, she is the picture of health, able to walk as well as any one, eats hearty and has no fits.

SOUTHWICK, Mass., July 21, 1863.

DR. URANN,—Dear Sir:—I suppose it is even a pleasure to you to learn the convalescent state of your patients; notwithstanding my long three years of almost absolute confinement to my bed, unable most of the time to converse with or see any company, and for over two years unable to feed myself—yet with this painful picture of human wretchedness which made life almost a burden, since your treatment of my spine, on the 7th day of June, I have been able to take my meals at the table, with my family, ride out daily, and converse freely with all; and without some new misfortune befalls me, I shall soon be able to interest myself in the labors of my profession, at least to preach one sermon a Sabbath. Without flattery, in my honest judgment, there is no better treatment in the hands of men for the Spinal Disease than the one which you honor, and as my heart beats with sympathy with all Spinal sufferers, I only wish they knew the wonderful utility of your treatment, and avail themselves of the same. Yours with respect and gratitude,

M. H. RISING.

DR. URANN'S TERMS

Are such that all can avail themselves of his treatment.

250 Bushels Potatoes,

Jackson Whites, Chenangoes, and other kinds, for sale by

CHAPIN & YEATON,

GRAND

DOUBLE CONCERT,

VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,

ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choirs of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

A. PEARSON, C. H TOMPSON,
W. K. DAY, W. F. LAWRENCE,
B. B. DAVIS, **Musical Directors.**

FRANK W. MILLER,
JAMES H. HEAD,
Committee of Arrangements.

Portsmouth, Feb. 20, 1865.

Morning Chronicle.

— Speaking of Tremont Street two centuries ago, the Boston Hera'd says that one hundred and eighty years ago, Rev. Samuel Sewall—afterwards Chief Justice of Massachusetts—represented to the General Court "that his house of wood in Boston, where the Rev. Mr. John Cotton formerly dwelt, which house is considerably distant from other buildings and standeth very bleak," and begrayed for liberty to build "a small porch of wood about seven feet square, to break off the wind from the fore door of said house," which request the court granted. The house so bleak and exposed was about opposite where the Museum building now stands.

Dryden, on the night that one of his plays was damned, was taking his melancholy walk from the theatre, when he was met by a coxcomb acquaintance, who said: "What, Dryden, my boy, upon my soul I feel for you. Can there be anything more shocking to a person's feelings than a damned play?" "Yes, sir," replied the poet, "a damned fool."

"Allow me," said a boat in his most persuasive tones, to a friend dining with him, "allow me to help you to a piece of Washington pie." "Sir," replied the guest, oratorically waving his napkin, "George Washington was first in war, first in peace, first in the hearts of his countrymen. I admire him for his purity, his piety, his patriotism, but I detest his pies."

WARD ONE.

THE STATE OF NEW-HAMPSHIRE—ROCKINGHAM, ss. *To the Inhabitants of Ward No. ONE in the City of Portsmouth, in said County, qualified to vote for Senators*

[L. S.] *in said State.*

MICHAEL J. VAUGHAN,
EZRA A. STEVENS,
Selectmen of Ward No. Three in the City of Portsmouth.

CHECK LIST NOTICE.

THE Selectmen of Ward No. Three, of the City of Portsmouth, give notice that they will meet at the Haven School House, at seven o'clock in the evening of Saturday, preceding Tuesday, the 14th day of March next, (the day of Election,) and on the morning of the day of Election, from 8 to 10 o'clock, for the purpose of receiving evidence of the qualification of Voters, and of correcting the List of Voters by adding thereto such names as may have been omitted, and by erasing therefrom the names of those who have not a right to vote.

The List of Voters, as corrected, will be left with the Town Clerk of said ward, and at the store of Thacher Emery, (Pleasant street,) also at the Hall of the City Rooms of the City of Portsmouth, for the inspection of the inhabitants, until the day of Election.

JOHN DAME,
MICHAEL J. VAUGHAN,
EZRA A. STEVENS,
Portsmouth, Feb. 24, 1865. Selectmen of Ward 3.

Portsmouth, Jan. 1, 1864.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of a similar kind, Dr. Dow has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, fail to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood—Impotency, Gleets, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Buboes, painful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capottes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that the most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had more experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to remain in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to his office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

is all cases where No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly

HIGHLY IMPORTANT

—TO—

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints of a character peculiar to females. He continues, with his usual success, to medically and surgically remove Obstructions, Leucorrhœa, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 22 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use.

Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. Briscoe, at No. 22 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. TThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

—DEALER IN—

STOVES,

KITCHEN FURNISHING GOODS,

FARMING TOOLS, &c.

THE MAGEE

COOKING STOVE.

The subscriber would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES,

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the best in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD.

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting the delicate children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "JAMES SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co.; and Weeks & Potter.

FOR THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and

OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents,
R. H. EDDY.
Boston, Jan. 1, 1865.—8tawly

Please Look at This.
RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the Salt Rheum for the most of her life, and for years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which have effected a cure There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dirtress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicines failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I CHESLEY, *Lee, May 31, 1841*
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that you gave her, on visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." JERAEL CHESLEY.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H. promptly attended to. may26

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic seal*, protecting wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N.Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick, and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcerated Ulcerations, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the peace of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. before down in the world, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of his subject will permit a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—300 pages in full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 1 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, FEBRUARY 28, 1865.

DISTRICT No. 1.—In relation to the late Convention at Dover, the Rochester Courier understands "the number in attendance was by no means so large as had been counted upon;"—and suggests that some of the published reports are impositions. The Courier says:

We are informed that the number of *republicans* in attendance at the Congressional Convention was less than seventy-five, not one fourth of the District being represented.

This agrees with the account we received from a spectator, who said there were not 100 republicans in the assembly.

The Courier also states that "the Senatorial Convention did not nominate, and the County Convention called was a fizzle."

The Dover Gazette advises the opponents of Mr. Burleigh as Senator, to vote for Mr. Cloutman, the nominee of the democratic party.

We say now that Mr. Sawyer has been nominated as a third candidate, that we have no more desire to disparage him, than we had to disparage Gen. Marston or Mr. Marcy. But we consider that he is nominated for the avowed *sole* purpose of defeating Gen. Marston, and that his defeat re-elects Mr. Marcy.

We do not know or believe that any stronger objections exist against General Marston or his nomination, than could be truly waged against Mr. Sawyer. And neither Mr. S., nor any man who voted for him, can have any *sane* idea that he will ever go to Congress, now or hereafter, if he accepts and runs.

Copperhead papers are delighted with the bolt, and very naturally too; and it is the only straw to keep their candidate from drowning, they clutch at it eagerly.—With it, they have a glimmer of hope for the possible re-election of Mr. Marcy. Without it, they had no hope whatever.

It is for the Union voters to say whether they will elect Col. Marston, who will *vote* on the *same* side where he has *fought*; or whether by *division* they will elect Mr. Marcy, who always votes on the other side. His own party *cannot* elect him. Will his opponents be so unwise as to do it? We should think not.

PROSPECTS, AND FIGURES.—The Mirror says, — We gave Governor Gilmore 5587 majority; we shall do better by Fred. Smyth.

We last Fall carried all the Congressional Districts by an aggregate majority of 3661, almost equally divided between the three. In the first District, affairs are at present unfortunately "mixed," so that no estimate of the result can be formed. The second and third Districts will give Messrs. Rollins and Patterson 2000 majority each. Last year we elected nine of the twelve Senators; eight of these there is no doubt about now, but the fifth District is in the same condition with the first Congressional, and though we have a clear majority in the District, party divisions may endanger the result. [We of the Chronicle, don't think the division will have any effect.]

☞ It has become a stereotyped assertion among the copperheads and "soreheads" that Gen. Marston is a "military failure." When the second N. H. regiment came home two years ago Gen. Sickles, then in command of the Brigade of which the "gallant Second" was a part, thus complimented Gen. Marston:

"To your commanding officer, Colonel Gilman Marston, twice wounded at the head of his regiment, distinguished for gallantry in the field and for signal ability in the National Council, I desire to acknowledge my obligations for his able and zealous co-operation as an officer of this command."

☞ The special Washington despatch to the Traveller says Mr. Sumner and four other Republican Senators have resolved that the Louisiana Recognition bill shall not pass; and uniting with three or four Opposition Senators, will resort to dilatory motions to kill the bill. The bill opposed by Mr. Sumner admits Louisiana substantially under the restrictions favored by the President and Gen. Banks.

☞ The St. Lawrence Hall bar-room, Montreal, was a scene of much excitement a few evenings since. The St. Albans raid case was the subject in dispute, and a Canadian making some remarks, the Southerners turned upon him, and bowie knives and revolvers were drawn, but a stop was put to the affray before any blood was shed. Our Canadian neighbors will have more than want of southern life, if they don't send the rascals out of their country under the alien act.

☞ We invite attention to the card of Messrs. G. S. Robbins & Son, the well known bankers of 54 William street, New York. They have been in business over twenty years, and are a safe and reliable channel for monied transactions of all description.

INTERESTING QUESTIONS AND ANSWERS RELATIVE TO THE 7.30 U. S. LOAN:

MR. JAY COOKE, of Philadelphia, who for so long a time had the management of the popular 500 million 5.20 Loan, has just been appointed by SECRETARY FESSENDEN, the GENERAL AGENT to dispose of THE ONLY POPULAR LOAN now offered for sale by the Government, viz.: the "SEVEN-THIRTY."

In entering upon his duties he desires to answer plainly the large number of questions daily and hourly propounded to him, so that his fellow-countrymen may all understand what this "Seven-Thirty Loan" is—what are its peculiar merits,—how they can subscribe for or obtain the notes, &c.

1st Question. Why is this Loan called the "Seven-Thirty" Loan?

Answer. It bears Interest, in currency at the rate of Seven Dollars and thirty cents, each year, on every hundred dollars; making the interest as follows:

One cent per day on each	$ 50 note.
Two cents " " "	100 "
Ten " " "	500 "
Twenty " " "	1,000 "
One dollar " " "	5,000 "

2d Question. When and how they can be obtained?

Answer. They are for sale, at par, and accrued interest, by all Sub-Treasuries, National and other Banks, and all Bankers and Brokers.

3d Question. When is the interest payable and how can it be collected?

Answer. The Coupons or Interest Tickets are due 15th of February and 15th of August in each year, and can be cut off from the note, and will be cashed by any Sub-Treasurer, U. S. Depository, National or other Bank or Banker.

4th Question. When must the Government pay off these 7.30s?

Answer. They are due in two years and a half from the 15th of February, 1865; viz.: on the 15th of August, 1867.

5th Question. Must I receive back my money so soon as 1867.

Answer. No! not unless you yourself prefer to do so—the law gives you the *right* to demand from the Government, at that time, either your money or an equal amount at *par*, of the famous and popular 5.20 *Gold Bearing* 6 *per cent. Loan.*

6th Question. How much do you consider this privilege of conversion, into 5.20 Loan to be worth?

Answer. 5.20s bearing Gold Interest from 1st of November, are to day worth 9 per cent. premium. If they are worth no more at the end of the two years and a half, when you have a right to them, than they *now* are, this premium added to the interest you receive, will give you at least 10 per cent. per annum for your money—but the opinion is that they will be worth more than 9 per cent. premium at that time.

7th Question. What other advantage is there in investing in the 7.30 Loan.

Answer. It cannot be taxed by States, Counties, or Cities, and this adds from one to three per cent. per annum to the net income of the holder, according to the rate of taxation in various localities. All bonds and stocks, except those of the United States, and all mortgages, &c., are taxed, not only by the Government, but by States, Counties and Cities.

8th Question. How does the Government raise the money to pay the interest, and is it safe and sure?

Answer. The Government collects, by taxes, internal revenue, and duties on imports, fully three hundred millions each year. This is nearly three times as much as is needed to pay the interest on all the debt, and as soon as the war is ended, the amount not needed to pay the interest will be used in paying off the debt. *Our Government has twice paid off all its debt*, and can easily do so again. The interest is sure to be paid promptly, and the debt itself is the very safest investment in the world. It is as safe as a mortgage on a good farm, and pays a better interest. It is, in fact, a *First Mortgage* on all lands, all incomes, all railroads and canal bonds, and bank or other stocks, mortgages, &c.

Nothing can be safer, for we are all bound for it, and all that we have is firmly held for the payment of principal and interest. How foolish those people must be who keep their gold and greenbacks idle and locked up, or purchase mortgages or railroad stocks and bonds, which pay only 5 or 6 per cent. interest, when these Seven-Thirties pay (counting the premium on Five-Twenties) over ten per cent. and are so much safer and surer.

9th Question. How many Seven-Thirties are there, and how much remain unsold?

Answer. There are only about three hundred and twenty-five millions authorized by law, and only about one hundred and ninety millions remain unsold.

10th Question. How long will it take you to sell the balance?

Answer. There are about 800 National Banks all engaged in selling them; also a large number of the old banks, and at least three thousand private bankers and brokers, and special agents will be engaged in all parts of the country in disposing of them to the people.

11th Question. How long will it take to sell the whole?

Answer. In less than three months they will be all sold, and will no doubt then sell at a premium, as was the case with the old Seven-Thirties, the first Twenty-Year Loan, and the Five-Twenties.

The above questions and answers, it is believed, will give full information to all. If not, the General Subscription Agent, or any of the Banks or Bankers employed to sell the Loan, will be glad to answer all questions, and to furnish the Seven-Thirties in small or large sums (as the notes are issued in denominations of $50, $100, $500, $1000 and $5000,) and to render it easy for all to subscribe—thus fulfilling the instructions of Mr. FESSENDEN, who earnestly desires the *people* of the whole land (as well as the capitalists,) shall have every opportunity afforded them of obtaining a portion of *this most desirable investment.*

LET NONE DELAY, BUT SUBSCRIBE AT ONCE, THROUGH THE NEAREST RESPONSIBLE BANK OR BANKERS.

From the Portsmouth Journal.

In respect to the expenses attending recruiting, we understand that the point at issue is the propriety of the action of the Board of Mayor and Aldermen by which its own members are placed in positions of emolument. This point arises from the fact that the Board have had an exclusive control of the disposition of the money appropriated for recruiting for the army and navy, appointing as agents whomsoever they may please, with whatever remuneration they may choose to allow, and they alone auditing the bills. The subject has been a source of uneasiness to the "lower house" from the first. It will be seen that the principle involved might become a source of corruption in the city government; and is it an open question whether the appointment of committees who are to receive pay from the city should be a prerogative of the Board of Aldermen, as it apparently conflicts with the provision of the city charter, that no member of the city goverment shall hold any office of emolument in the city.

THE REBELLION.

There was little or no fighting near the city of Wilmington, the rebels evacuating it when we were close to it. The city was surrendered by the civil authorities. Most the people remained, and our forces were well treated. Gen. Cox commands in the city. There was evidently a Union sentiment prevailing there.

Advices from New Orleans state that Kirby Smith's army still refuses to cross to the east side of the Mississippi. Two attempts have been made to move the men, and it is thought that a third attempt will result in open mutiny. All the Union prisoners at Camp Ford, Texas, have been exchanged.

A James River correspondent learns that Lee has gone South, leaving Johnston in command at Richmond. Reports of Lee's intention to abandon Richmond and Petersburg are renewed. Deserters continue to arrive in large numbers.

A Vicksburg correspondent is informed by deserters from Dick Taylor's army that the rebels do not intend to abandon Mobile.

The Memphis Bulletin says rebel leaders have ordered the concentration of their forces and ordered them South. Mobile is said to be their destination.

Richmond papers are indignant at the failure of the bill to put slaves into the army, and the Gulf States are charged with abandoning the cause.

The Raleigh Confederate says the people of Wilmington had 15,000 bales of cotton hidden away, waiting the arrival of the Federal forces.

The Richmond Sentinel of Friday says Grant was again massing on the Vaughan road.

Nothing later regarding Sherman's progress has been received.

The Richmond papers are boastful. The Examiner says the next and only news we will get from him is that his army will be met, defeated, and probably destroyed. The Whig says Sherman's doom may be looked upon as sealed. Great preparations are made by the rebels to check him.

Steamer Memphis, from Charleston 21st, reports the stars and stripes flying over the city and all the forts. Gen. Gilmore's headquarters were in the city. The forts, which remain in good condition, are of a most formidable character.

The new blockade-runner steamship Deer, with a cargo of liquors, was captured in the harbor on the night of the 18th inst. while running up towards the city, her officers being entirely ignorant of the change in affairs there.

A letter from the Army of the Potomac says deserters from Lee's army report continued arrivals of fresh troops from Beauregard to Lee, and that both the rebel and Union armies are extremely wary and watchful.

The New York Herald's Wilmington correspondent states that the pirate Chickamauga escaped up the river when that city was captured. And that a large number of Union prisoners were released by the capture of the place. They were confined in Camp Lamb, one mile from the city. Their treatment was brutal, and for three days preceding the evacuation they had not received one mouthful to eat. The citizens had endeavored to feed them, but the food was taken away by the officer in charge. They presented a sickening spectacle, many of them having been rendered idiotic and forgotten their own names.

— The importance of the capture of Wilmington is seen from the following, among other facts: "From Wilmington, steamboats ascend Cape Fear River, at all stages of water, to Fayetteville, about one hundred miles. Raleigh is only some fifty miles north of Fayetteville."

"Wilmington is to be used as a base of supplies for Sherman, which will bring his army near to Richmond on the south; and as the taking of Columbia necessitated the surrender of Charleston, so Wilmington carries Richmond with it."

— The news of the evacuation of Charleston, and its occupation by our forces, was received with much enthusiasm by both the Ohio and Indiana Legislatures. At Columbus the House gave free utterance to the joy inspired, cheered, shouted, and sang "John Brown" and "Rally round the Flag," members, messengers, boys and spectators, both civil and military, joining in the chorus.

☞ The following paragraph from the Laconia Democrat, shows what "aid and comfort" is afforded the rebels by traitors in the lake region, where the Concord Standard proposed to establish slavery, about four years since:

Wednesday of last week was the day set apart by His Royal Highness, Abraham Lincoln, to commence drawing the death warrants in those towns whose quota had not been furnished under the last call for men.

— The Richmond Enquirer says the value of the rebel paper dollar in that city at the present time is only two cents in specie.

— The experiment of making gunners for the navy of the contrabands taken into the service, is proving a decided success.

— The Constitutional amendment abolishing slavery was ratified by the State of Louisiana on the 17th inst., by both branches of the Legislature.

AT THE TEMPLE.

On Monday, Tuesday and Wednesday Evenings, Feb. 28. & Mar. 1 & 2.

Also on Wednesday Afternoon, at 3 o'clock.

PROF. MOREY,

THE GREAT AMERICAN WIZARD,

— will give his —

GRAND GIFT EXHIBITION

as above.

Blind Man's Concert.

PROF. W. A. CARNES,

THE MUSICAL PRODIGY.

Who sings higher and lower than any other man in the world, making a compass of five octaves. Also plays with ease difficult music on the Cornet with one hand, accompanying himself on the Piano or Melodeon with the other. He will, with his voice and instruments imitate a BRASS BAND, and perform a **Railroad Overture**, which are highly interesting and wonderful.

Mr. Carnes is a graduate of the Ohio Institute for the Blind, where he prosecuted his musical studies for nine years under the direction of Prof. G. G. Mackhold, a distinguished German teacher. His powerful and highly cultivated voice sends the words of his ballads to his listeners, clear and distinct, filling them with wonder and delight.

This distinguished Vocalist will give one of his unique entertainments

AT THE TEMPLE, Portsmouth,

On THURSDAY Eve'g, March 2d.

Doors open at 6½. To commence at 7½.
Admittance 25 cts. Children 15 cts.

OUT OF THE DRAFT!

Easy Way to get a "Sub!"

Come old and young, now here's your chance
To raise your pile of "tin!"
Clean out your *Rags*, your wealth enhance,—
And not get taken in.
JOHN COLEMAN buys all kinds of *Junk*,
Such as you've laid away;
So if you wish to show your spunk,
Sell out without delay,
For I the highest price will pay
For all your worthless trash—
So let me *haul* it all away,
And you *haul* in the *cash*.
Now this I'll say, in your behalf,
On MARKET STREET's my stand,
The number, *Hundred Three n' a Half*,
Where I'm your right-hand man.

Naval Storekeeper's Office,

U. S. NAVY YARD,
Portsmouth, N. H. Feb. 28, 1865.

A Sale of Chips, &c.,

BY AUCTION,

Will take place

AT THE NAVY YARD,

On Tuesdays and Fridays, at noon,

Of each week, until further orders.

By order of Rear Admiral THEO'R BAILEY,
Commandant. M. F. WENTWORTH,
f28tf Naval Storekeeper.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7.30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.

Two cents	"	"	"	**$100** "
Ten	"	"	"	**$500** "
20	"	"	"	**$1000** "
$1	"	"	"	**$5000** "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $33,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth on new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—**$1 per Bottle.**

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Messrs. Geo. C. Goodwin & Co., 38 Hanover St., Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. J1*—3mendaw

Hair Dye! Hair Dye!
BATCHELOR'S Celebrated Hair Dye

Is the Best in the World!

The only Harmless, True and Reliable Dye Known.

This splendid Hair Dye is Perfect—Changes Red, Rusty, or Gray Hair instantly to a *Glossy Black* or *Natural Brown*, without injuring the hair or staining the skin, leaving the hair soft and beautiful; imparts fresh vitality, frequently restoring its pristine color, and rectifies the ill effects of bad dyes. The Genuine is signed WILLIAM A. BATCHELOR, all others are mere imitations and should be avoided. Sold by all Druggists. Factory 81 Barclay Street, N. Y. **Batchelor's New Toilet Cream** or Dressing the Hair. Jy9—1ydaw

A LECTURE ON THE NATURE, TREATMENT, and Radical Cure of Spermatorrhœa, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c. By ROBT. J. CULVERWELL, M. D., author of the *Green Book*, &c.

"A boon to thousands of Sufferers."

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. j18 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge*.

Please inclose a stamped envelope, addressed to yourself.

Local.

☞ This is the last day of Winter, so called; which came in like a lion, and appears to be going out like a lamb. The last few days have been quite spring-like in temperature; but don't flatter yourself that cold weather is over yet. We have one or two feet of ice, and three to six feet of snow left yet. Of sleighing, we have had nearly three months, continuous—all pretty good, but little first-rate; of skating, more worth naming or trying. On the whole, it has been a rather hard, but still quite enjoyable Winter, for vigorous people.

NAVAL.—Assistant surgeon S. J. Clark has been ordered to the Vandalia at this station.

Surgeon M. G. Delany has been detached from the Navy Yard, to await orders.

Commander E. G. Parrott has been detached from the command of the Monadnock and ordered to command the Miantonomah.

Asst. Paymaster H. W. Hanna late of the Agawam, has resigned.

Act. Ensign Wm. H. Jennings has been detached from the Minnesota, and ordered to the Vandalia.

☞ There was great fun at Prof. Morey's entetainment at the Temple last night. He gives another this evening; for which see his advertisement.

COL. BAKER.—Since the above named gentleman has made the very important arrests and investigations in New York, relative to enlistment of substitutes and the filling of the quotas of towns; it seems as though he must be omnipresent, for one day we notice by a telegram, that he is in Boston; the same day by another, that he is in Augusta, Me., &c. &c. The Col. is probably the best of the government detectives, being Chief of the Corps; but really we don't know how he can be in several places at the same; through in these days of constant changing, it may be so. One thing is certain, one of his detectives has been in this city, and left yesterday for Washington. How are you, Sub brokers?

GALLANT EXPLOIT BY THE THIRD NEW HAMPSHIRE.—On the 11th inst., our land forces below Wilmington advanced their lines a mile and a half, by driving in the pickets of the enemy. A correspondent of the Cincinnati Gazette, whodescribes the day's operations, records a handsome thing done by the 3d New Hampshire.

"There was but a single incident of particular note along the line. In front of the 3d New Hampshire, which was on the skirmish line, armed with sevenshooters, was a detached work, with an abattis in front, from which a body of rebels was annoying our line considerably. Fifty men of this regiment, thus armed, charged this work on a run, and cleared the abattis, captured every man in it, fifty-six in number, six more than the assaulting party mustered, and brought them all back to our lines. These were evidently last ditch men."

— A woman named Susan Cavanagh, residing in Brooklyn, N. Y., died suddenly, between one and two o'clock Friday morning. The deceased had three children. Her husband is a soldier at the front. Nothing has been heard of him for eighteen months. The family were devoid of the most necessaries of life. No physician attended her, and, as reported by the police, she died for want of proper nourishment. A sad case, truly; where the poor woman was too sensitive to apply for that aid which the city authorities *must* have given on a simple application.

— The Mormons have commenced cutting a canal of a magnitude far exceeding anything of the kind ever undertaken in the Territory before, for the two-fold purpose of irrigation and navigation. Starting near the boundaries of Utah and Salt Lake counties, it will wind its way along the eastern side of the valley, watering the land on its course, including a very considerable tract yet unbroken, and reaching a terminus in the city, a short distance south and west of where the artesian well is being sunk; its entire length being over thirty-two miles.

— The Boston Transcript says "there is is nothing now more noticeable than the enterprise with which our shrewdest men are taking hold of the Petroleum business. We need only refer to our advertising columns, as evidence numerous pilgrimage of our business men to the oil region has convinced them that the rumors of great fortunes made from striking oil are not entirely fabulous.

— It was thought by many of those interested in business at Hilton Head, that the capture of Savannah would completely kill off that former place. The effect has been just the reserve. The hotel at Hilton Head is now always over-crowded, and the stores are searched thoroughly by Savannah traders.

— Massachusetts is the third State in the Union in the value of real estate and personal property—being three millions of dollars ahead of Ohio.

GOLD, Monday, 199 1-2 to 200 1-2.

☞ The New Yorkers are to have a grand jubilee next Saturday—and invite all cities to do likewise. Here are two of their resolutions:

Resolved, That since the cities of New Orleans, Memphis, Vicksburg, Nashville, Savannah, Columbia, Charleston, and Wilmington, freed from the terrors of the insurgent arms, have again been received under the protecting care of the government, it is our duty to teach them by example and acts of kindness that it is wiser and safer to obey the law than to spurn its control.

Resolved, That the people of the city of New York do hereby invite co-operation of every municipality in the Union to unite in a general celebration on the successes of the Union armies on Saturday, the 4th of March, ensuing, at mid-day, that by the sound of cannon, the ringing of bells and the uprising of the voices of the people, the national heart may be made glad, and gratitude and honor be rendered to the gallant men who have preserved the life of the nation.

SOUTHERN CITIES.—The population of Charleston, in 1860, was 40,000, viz. whites 23,000, blacks, &c. 17,000.

Savannah, 22 000 inhabitants, viz. 14,000 whites 8,000 black and mixed.

Wilmington, 9000 inhabitants,—whites 5000, colored 4000.

We give only round numbers, as they are better remembered than exact figures.

In South Carolina, aside from Charleston, no town has 2000 inhabitants, and only two towns rise to 1000.

North Carolina has a dozen towns of over 1000 people,—Raleigh, Newbern and Fayetteville, have 4 to 5000 each.

Georgia has nine towns: Augusta 12,000; Atlanta 10,000; Columbus 10,000.

New Orleans in 1860 had 168,000 inhabitants, of whom 144,000 were called white.

Richmond had 28,000, of whom 14,000 are blacks: Petersburg had 18,000, half blacks.

☞ State bonds pay low interest, and are taxable. Maine 6s, which were disposed of in Boston and elsewhere, by the million during the past year, at a fraction above par, are now selling below par. The Maine Legislature, with a financial vigor worthy to be an example to higher powers, has pronounced its decree that the credit of that State shall be maintained, cost what it may. Hearing that their bonds were selling at a discount, they at once voted to offer no more for sale the present year. Instead of paying their current expenses in part by sale of bonds, they are to raise the whole amount by direct taxation. They voted to call for two and a half millions, taxing the people for the purpose ten times the State tax of four years ago. Portland's share of the next State tax will be $330,000.

A SINGULAR CHURCH SERVICE.—Near the close of a sermon in a colored church at Mitchelville, S. C., and just before the singing of the last hymn, Gen. Littlefield, the military commandant of Hilton Head Island, appeared on the platform in front of the pulpit, and gave the congregation a lecture on their want of attention to the sanitary condition of their village. He told them that the majority of the families were indifferent as to personal cleanliness, and that some of the houses were not fit for cattle to live in. He declared it to be his intention, hereafter, to have all those washed who would not wash themselves, and to compel families to clean their houses at least twice a week. He wound up his discourse by plainly informing his congregation that they had got to use more soap and water, and that he should appoint a commission to inspect them. After this declaration the hymn was sung, the benediction pronounced, and the congregation dispersed.—*Trans.*

PHILHARMONIC SOCIETY.—The regular Weekly Rehearsals are held on Wednesday Evenings, at Mercantile Hall, at half past 7. All good Singers, desiring to join, are invited to attend.

The J. Monroe Taylor Gold Medal Soap is one of those articles that should be in every household, and the lady who neglects to furnish herself or domestics with it, loses a boon which it will be impossible to find a substitute for. It takes less in quantity, and washes as no other soap can do. It makes rough hands smooth, and softens and whitens the skin, as well as making clothes look so white. Try it. 94

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia. As you value health, use it. Most of the grocers sell it. Depot 112 Liberty Street, New York.

GRAPES IN N. JERSEY. WE HAVE BEEN shown specimens of sacramental or pure juice Wine, prepared by Mr. Alfred Speer, of Passaic, N. J., out of the Portuguese Sambuco, a valuable grape which he cultivates in the country. In taste it assimilates to port with out its heating qualities, being absolutely free from spirits further than its own fermentation affords. Preference is given to it over all other wines in New York and other hospitals, as a tonic, gentle stimulant, diuretic and sudorific. Mr. Speer has been nine years experimenting in the production of this Wine, and the newest wine he sells is four years old.

AGAIN AND AGAIN.—Our readers may think it strange that we so often urge upon their attention a medicinal preparation. Already have we, for a number of weeks, urged the importance of a supply of Coe's Cough Balsam in the house, ready for immediate use. But our excuse is that the vast amount of sickness, sorrow and death that are the immediate result of sudden coughs, colds and pulmonary attacks; while thousands of our children are dying from croup and lung complaints. Time and experience have proved that Coe's Cough Balsam is the most speedy and reliable preparation ever known to the world. Like magic it relieves the irritation of the throat, removes the stoppages that prevent breathing in croup, and heals all soreness of the throat, chest and lungs. No man should neglect to supply his family with a safe and reliable remedy like Coe's Cough Balsam, any more than he should neglect the supply of their daily bread. It costs but 40 cents, and the bottles contain twice as much as those of any other remedy at the same cost, while in merit it is superior to all others. All drug stores keep it for sale. 4j18dawkw

GRAND
DOUBLE CONCERT,
VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR
of Portsmouth and Vicinity,
With Piano, a Full Orchestra,
—and the—
PORTSMOUTH CORNET BAND
Will give a Grand Concert
AT THE TEMPLE, Portsmouth,
ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choir of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

THE LOWEST CASH PRICES!

WHAT IS A

FRENCH ROLL PAN?

IS A QUESTION OFTEN ASKED.

It is simply a nicely made

IRON PAN,

Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very

QUICK AND LIGHT BAKE.

For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are

Invaluable.

IN these days of high prices, it is worth while to

ECONOMISE

in any way. We give below a receipt for making a Cheap, Wholesome, and

PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S

Spring Roll and Cog Wheel

WASHING AND WRINGING

MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all serve an immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by
E. A. STEVENS,
46 Market Street.

Portsmouth, Jan. 1, 1864.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience, combined with extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed in the most inveterate cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Preventive, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. It is probably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accomodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain fourred stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as there are many all difficult and dangerous cases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT

TO

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds, and all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country or abroad, or small; accompanied by a communication stating particulars, will receive prompt attention.

Office, No. 22 Endicott street.

Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that attends see none but the Doctor himself.

Address Dr. Briscoe, at No. 22 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. 7ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 22 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Petroleum!

LOMBARD & GORE,

BOSTON

PETROLEUM AND COAL STOCK EXCHANGE,

90 STATE STREET,

BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known.

Many Petroleum Stocks are now paying at the rate of 60 per cent. per annum, and taking the increased value of the stock into consideration, a person investing at subscription price in reliable companies may reasonably expect to double his money within a year. Capitalists in all parts of the country are now giving their attention almost exclusively to this class of securities, which have already yielded princely fortunes to thousands of persons. ☞ Persons desiring information can rely upon receiving an unbiased account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies, viz:—

THE HAMILTON

OIL AND COAL COMPANY.

CAPITAL $1,000,000.
100,000 Shares, par value $10.
Subscription Price $5 per Share.
20,000 Shares reserved for Working Capital

PRESIDENT—HON. WM. G. STEELE, M. C.
VICE PRESIDENT—JOSEPH TRAT.
TREASURER—S. L. WOODHOUSE.

This Company has secured 2218 acres in Pennsylvania and Ohio, which have been selected by the most experienced oil men after two months' earnest research and personal examination on the grounds. On one part of the property is a well from which considerable quantities of oil have already been taken, and as the Company will proceed to make further developments at once, they have every confidence of being able to pay dividends at an early period. A prospectus may be had on application to us.

BOSTON

PETROLEUM OIL COMPANY.

Capital, - - - $300,000.
Par Value of Shares, - - $10.
$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 100 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.
TREASURER—CHARLES SMITH.
SECRETARY—CHARLES M. PIERCE.
ATTORNEY—JOSIAH RUTTER, ESQ.
MANAGING AGENT—F. A. WILDER.

DIRECTORS:

C. S WHITEHOUSE, J. W. PARMENTER.
CHARLES SMITH, JOHNSON BEAN.
JAMES P. BRIDGE, GEO. E SMITH.

Books for Subscription are open at our office. Only 3300 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

ROBY & COW CREEK

OIL COMPANY.

CAPITAL STOCK $500,000.

100,000 Shares. Par Value $5.
Subscription Price $3 per Share.
Working Capital $50,000.

No personal liability. No further assessment To be organized under the General Laws of Massachusetts.

PRESIDENT—HON. LINUS CHILD.
TREASURER & CLERK—HENRY F. SPENCER.

DIRECTORS.

Hon. Linus Child, Hon. John A. Goodwin,
E. R. Sawyer, Esq., F. E. Gregory, Esq.,
Levi C. Barnes, Esq., Henry R. Merrill, Esq.,
Emerson Leland, Esq.

This property consists of valuable Rights in the very best Oil lands in the country, situated on Oil Creek, Pennsylvania, and Bull and Cow's Creeks and Rawson's Run, West Virginia. Property in the vicinity of Rawson's Run has increased largely in value within a few months, on account of the numerous successful developments. There are many wells now going down upon this property, or being put in working order under the management of an able superintendent.

A map and prospectus of the different properties belonging to this Company, may be had upon application at our office

SUFFOLK

PETROLEUM AND COAL CO.

OF BOSTON.

In a short time Subscription Books will be opened at our office only for a portion of the Stock, due notice of which will be given.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medicinal properties unknown to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth, by trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

DR. W. R. MERWIN & CO.'S COLUMN

FOR THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Loyness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *procure* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and

OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Dr. W. R. MERWIN & CO.,

Daily Morning Chronicle

VOL. XXVI. PORTSMOUTH, N. H. WEDNESDAY, MARCH 1, 1865 : 60. No. 49.

The Chronicle.

☞ "The fall of Wilmington," says the Boston Post, "must dispel all doubt as to the successful consummation of Sherman's campaign, the capture of North Carolina, the dispersion of Lee's army and the quick defeat of the rebellion. It will add increased fervor to the celebration of our victories on the 4th of March, while it gives strong assurance of the speedy return of the nation to that tranquility so necessary to the development of its vast mineral and industrial wealth, and to its commercial advancement in that glorious career of enterprise which shall carry blessings where devastation and death have so long held sway. We have proved our valor, our military power, our devotion to country. Upon the cessation of hostilities we have only to return to our former sphere of action in demonstrating the advantages of peace—of a *wide humanity*—and of the elevating influences of high national purposes, to place the United States where neither internal nor external foes can hereafter imperil their safety or shake their stability. This result is joyous to contemplate; but let it be received with a just appreciation of its mighty cost, and with the humility and forbearance becoming a christian and a chastened people."

HOW THE DEVIL LOST.—The following is to good to be lost. We clip it from an exchange paper, and respectfully call the attention to it of certain persons who feel disposed to spread in the newspaper line:

A young man, who ardently desired wealth, was visited by his Satanic majesty, who tempted him to promise his soul for eternity if he could be supplied on this earth with all the money he could use. The bargain was concluded: the devil was to supply the money, and was at last to have the soul, unless the young man could spend more money than the devil could furnish. Years passed away; the man married, was extravagant in his living, built palaces, speculated widely, lost and gave away fortunes, and yet his coffers were always full. He turned politician, and bribed his way to power and fame, without reducing his "pile" of gold. He became a "filibuster," and fitted out ships and armies, but his banker honored all his drafts.

He went to St. Paul to live, and paid high rates of interest for all the money he could borrow, but though the devil made wry faces when he came to pay bills, yet they were all paid. One expedient after another failed; the devil counted the time, only two years, that he must wait for the soul, and mocked the efforts of the despairing man. One more trial was resolved upon,—the man started a newspaper! The devil growled at the bill at the end of the first quarter, was savage in six months, melancholy in nine, and broke—"dead broke"—at the end of the year. So the newspaper went down, but the soul was saved.

MARRIAGE CERTIFICATES.—For many years (says a contemporary) in the history of our country, marriage certificates have been of comparatively little account, and, we presume have seldom been asked for by parties who have been married, or given by the clergyman or magistrate officiating. But our circumstances as a nation have changed, and it becomes, in many cases, a matter of great importance that they should be given, and preserved. This is especially the case with all who may be, or have been connected with our armies.

A marriage certificate of some kind is the only evidence which can be given to entitle the families of our soldiers to receive their pay or pensions after their death. In many other circumstances they become not only valuable, but indispensable. A five cent stamp is required for such a certificate.

A NEW RULE IN MATHEMATICS.—A certain well known Colonel of Boston, who is one of the School Committee, on examining a class in mathematics, put a question in this way, "If a certain number of crackers were to be divided among a stated number of soldiers, how many would each one receive?" The answer was given with 15 remainder. The question was then put "what would you do with what remains?" One bright little Miss raised her hand and answered "*Give them to the Colonel.*"

A gentleman, who is sometimes extremely unfortunate in the selection of phrases, remarked at a party lately, in the hearing of the mamma of the "belle of the evening," who had just risen from the piano: "Yes, she is, indeed, a charming girl, a very nice creature'—nice screecher.

— Dr. Franklin said "a good kick out of doors is better than all the rich uncles in the world."

PAINT! PAINT!
Winter's Metallic Brown Paint
RECOMMENDS ITSELF.
It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any mineral, and possesses more body than any other paint. It forms a glossy, durable, elastic coat, and protect ing wood from decay, and iron or other metals from rust or corrosion.
☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all kinds of diseases, at his Old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this our particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick, and mild cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been treated in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to him, and who rejoice in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. Though Married and Single should read it.
Ev. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichot's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 2 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice. N. B.—No students or boys employed. Notice this, address all letters to

Portsmouth, N. H.

WEDNESDAY, MARCH 1, 1865.

THE REBELLION.

From a Richmond paper we get some items respecting the hegira of the lady Confederates employed at Columbia, manufacturing treasury notes for circulation throughout the seceded States:

It has been erroneously stated that the ladies belonging to the note-signing bureau lost their furniture in their retreat from Columbia. We learn from such of them as have reached their homes in Richmond that they retreated in good order and fine spirits, bringing off in safety all their baggage, supplies and trains. The only loss they sustained was of their hoop-skirts, some of which had to be thrown overboard, owing to the crowded condition of the cars. It had been intended that they should remain in Charlotte and resume their work, but a change of plan was made necessary by a change in the military situation, and they resumed their journey.

Over one thousand good fighting men from Lee's army have arrived at Washington within a week. His soldiers find it difficult to escape to Grant's lines, as greater severity than ever is used to prevent desertions. A combination of pickets is necessary. Deserters say each rebel soldier who shoots one in the act of deserting is granted seven days furlough. If Lee should move his army, desertions would be more rapid even than now. So says a correspondent of the Boston Post.—The Advertiser's Washington correspondent says 1700 deserters came in during the week.

A few days since, fifty-seven of the chivalrous sons of South Carolina came over in a body. They style themselves "peace commissioners," and say that as Jeff. Davis was unsuccessful in establishing peace for them, they have come over to try it for themselves. They say that to every one who enters our lines there are ten who desert to the rear.

The Louisville Journal, speaking of Lee's army, editorially says:—"We have reason to say the rebels are expecting very soon to startle the whole country, and astonish the whole world. No matter what our reason may be, it is a good one."

In Kentucky, Gen. Palmer has issued orders promising military protection to all deserters from rebel armies, who register themselves as renouncing all connection with the rebel government, and threatening all other absentees with the penalty due to spies and guerrillas, or otherwise, as each case may demand.

The Richmond Whig of the 25th gives new version of the capture of Columbia. It says the fighting was most obstinate, and the place was lost only by sheer numerical superiority. The fighting, according to some accounts, was carried on in the very streets of the city. All, or nearly all the government property was removed.

Vicksburg correspondence of the 16th gives details of the great movement in the Southwest. The expedition has started. It was to go to New Orleans, from thence to Pascagoula, where it would join Gen. Canby's force in the investment of Mobile.

The N. Y. Times estimates the rebel garrison from Savannah, Wilmington &c., at 17,000, now under Bragg, who may have 6000 more, in all 22,000: and perhaps 8000 cavalry, making 30,000 total. With these he is to destroy Gen. Sherman, if he can.

Richmond papers are frantic. The Enquirer calls upon Jeff. Davis to arm the slaves without the authority of law. It says these States and this cause stand today in need of a Dictator; of a man who will take the power of the people and use it for preservation.

Farther on it says: "Sherman is rushing through the Carolinas like an avalanche, and report says he has captured 100,000 bales of cotton at Columbia. Grant is gradually and perhaps surely extending his lines around Petersburg and Richmond, and threatens every moment to burst over the lines that intervene; and the Senate are doing the conservative. History furnishes no parallel to this."

30 bales of cotton belonging to a gentleman in Memphis were burned by guerillas a short distance from that place on the 53d.

The Memphis Bulletin of the 15th publishes a military order assigning Col. Samuel Thomas of the 4th Colored Infantry to the office of Inspector of affairs of freedmen in his department, and Col. John Eaton as Superintendent of freedmen and white refugees.

The latest from Sherman is contained in Richmond papers of the 19th, which located him at Winisboro. The Charlotte (N. C.) Democrat of the 21st says his army was attacked in the rear on the 16th or 17th by Hill or Cheatham, who captured 800 of his men and a number of wagons; also that his cavalry was attacked and driven back between Edgway and Columbia on the 17th and 18th ult. [This report to be taken *cum grano salis.*]

The Raleigh Confederate states that all the troops from Charleston were pushed forward to confront Sherman.

Rumors, but without foundation, are abroad that Lee has sent a force in the direction of Washington.

SANDUSKY, OHIO, Feb. '65.

Dear Chronicle:—After writing you at Burlington, Iowa, your correspondent journeyed homeward through Springfield—The Illinois Seat of Government was located at that Point in 1832, but the subject of its removal to some other city is now being widely agitated. Nearly every locality is laying claim to special advantages for its attraction, and if the efforts of all could be attended with success, Illinois would be blessed with from one to two hundred capitals in a very short time. At the date of my stay at Springfield, the individuals with the greatness of Legislation thrust upon them, were devoting themselves to a series of jolly excursions (at the State expense, of course) to Chicago, Peoria, Quincy and other widely separated points, with a view of inspecting the unequalled, unrivalled, unexceptionable, special, peculiar and decided advantages of *each* place. Thirty or more bills on the subject were before the Legislative bodies, and one member proposed to put the Capitol on wheels, and with six yoke of oxen move it from place, to accommodate the "dear people."

President Lincoln's residence on 7th street, is a good sized, two-storied, wooden house, with an ell extending back,—a plain elevation roof, door in the centre, two windows on each side,—and is set back from the street on a terrace elevation of about four feet, neatly surrounded by a fence. It is insured in the "Hartford Co." as evidenced by a small plate over the door—an ornament (?) which characterizes nearly all western houses.

Illinois is noted for her vast products; her "Egypt," a Secession southern corner of the State; her Senator Douglas, President Lincoln, miserable water, and extensive prairies; Mr. Lincoln stretches out about six feet, but the prairies stretch out on both sides of the railroad, in unmarked and unbroken level for miles and miles,—farther than the eye can reach. Notwithstanding the season, these are entirely brown. There is not snow enough between the Mississippi and Springfield to make a good snowball; this is noticeable in comparison with the quantities which have fallen in New York State, and through the East,—and it will be remembered that in the absence of snow in those sections last winter, a great depth of it covered the West.

This has been the warmest and the dryest winter which has visited the far West for several years—while during that of 1863-64, the mercury ranged for sometime, from 25 to 35 degrees below zero.

Coming East from Cleveland, touched at Lafayette and Fort Wayne, two of the finest of the smaller *cities* of the West. Fort Wayne is one of the main points on the Pittsburg, Fort Wayne & Chicago R. R., and extensive Co. Car and Machine shops are there located, employing nearly 800 hands, and turning out a car daily, for the use of the road.

Fort Wayne is destined to be one of the great inland centres of the West. It has now nearly 20,000 population.

Of Toledo I wrote you last spring; so will pass, with only a mention of its improvement. It has a fine local and jobbing trade—a population only double that of Portsmouth, and among others one jobbing Dry Goods house, a fine four storied store, 60 by 100 feet, keeping a stock of $120,000, and transacting a business of $800,000 per annum.

Sandusky is one of the oldest and more matured western cities,—indeed, most of the Ohio cities evince the advantage in age which the State has over Illinois, Indiana and Wisconsin.

Directly off the city, three and a half miles out in the bay, or more properly writing just now, out in the *ice*, for it is frozen solid enough to pass anything (except rebels), is Johnson Island, where are 3200 rebel officers—all the prisoners being of rank. They are effectually guarded by 2000 troops, and two forts, commanding the Camp. I have held some conversation this evening with a Confederate Colonel and Major, on temporary parole. They speak of the good treatment and accommodations on the Island, but are thoroughly secesh; and if but a small portion of the Southerners are as heartily rebel, as fierce and fiery, and sincere as these two—the sooner all Peace propositions are used as ammunition for some of Grant's rifled cannon, the better will it be for the country.

Since leaving New York, I have mingled with the active men of over fifty of the finest of the Western cities, and in my next may have something to say of their political preferences, peculiarities and propensities. M.

— At the date of last accounts, the rebel pirate Olinda had put into the Spanish port of Ferrol, having met with considerable damage in the Bay of Biscay, after leaving the French coast. She was considered a failure. The United States steamer Niagara and a French steamer had gone to intercept her. The New York Herald says a new rebel pirate, the Ajax, sailed from England some weeks ago, and three others would shortly sail—one of which, the Hercules, in the Clyde, was about ready.

SCENE IN SAVANNAH.—In a letter lately received by the Boston Transcript from Savannah the writer says: "We had a most enthusiastic meeting about ten days ago, called by Gen. Saxton to explain to the colored people Gen. Sherman's late order. The meeting was held in the largest colored church here, which at the appointed hour was filled to its utmost capacity; galleries, aisles, windows, doors, were crowded by a throng of eager, intelligent, interested listeners. There were 'Amens' with tears and sobs and laughter when the General told them they were forever free, and as they burst out (of their own accord) into 'My Country, 'tis of Thee,' the hearts of all present were thrilled and touched as they had never been before."

THEN AND NOW.—The Charleston Mercury said four years ago: "The miserable fanatics and charlatans at Washington are pursuing the very course of policy we most earnestly desire them to pursue." The Charleston Mercury now says: "Our paper is suspended with a view to its temporary removal to another point. This is rendered necessary by the progress of military events."

— By information from Savannah, we hear again, says the Commonwealth, of Robert Small, the hero of the steamer "Planter." He was lately at Savannah, and fell in with an old shipmate, a white man, who formerly was employed at Charleston by the same merchants as himself. Glad to see him, and recognizing his ability, Small offerred him one hundred dollars per month to sail with him as mate. "I can do it easily," said Small, "for since the war began, I have made *thirty thousand dollars*, every cent of which is invested in Government securities!" Most creditable to Small, who shows himself in every act worthy to be recognized as a "citizen."

NEGRO INNOCENCE—There are hot disputes among our politicians and reformers as to the intelligence of the Southern negroes. We are sorry to record one fact which makes against their sagacity. Two black women were arrested in Richmond for stealing *a bale* of Confederate notes. Had they taken the same measure of cotton they would have shown some perception of values, but their credulity in fixing any worth on Confederate promises to pay is dead against their capacity "to take care of themselves."—*Transcript.*

—A bill punishing strikers who interfere with workmen, with a fine of $100 and six months imprisonment, has passed the Legislature of Minnesota.

— Nevada, the silver State, and the youngest in the Union, has ratified the amendment to the United States Constitution.

—A very valuable essence for family use— Aqui-essence.

—The total rental of pews in the Unitarian Church in San Francisco, for the present year, amounts to $70,000, in currency.

— The 7-30s are selling rapidly. One day last week the subscription amounted to nine millions. Jay Cooke is receiving more help from Sherman than from all the rest of his agents. So far, about fifty millions of these notes have been sold. These heavy sales, and this growing popularity of the *currency* loan, is a very encouraging financial item.

—The sales of 7-30 bonds in the month of February have been over seventy millions, and less than $120,000,000 now remain unsold.

Blind Man's Concert.

PROF. W. A. CARNES,

THE MUSICAL PRODIGY.

Who sings higher and lower than any other man in the world, making a compass of five octaves. Also plays with ease difficult music on the Cornet with one hand, accompanying himself on the Piano or Melodeon with the other. He will, with his voice and instruments imitate a BRASS BAND, and perform a **Railroad Overture**, which are highly interesting and wonderful.

Mr. Carnes is a graduate of the Ohio Institute for the Blind, where he prosecuted his musical studies for nine years under the direction of Prof. G. G. Mackbold, a distinguished German teacher. His powerful and highly cultivated voice sends the words of his ballads to his listeners, clear and distinct, filling them with wonder and delight.

This distinguished Vocalist will give one of his unique entertainments

AT THE TEMPLE, Portsmouth,

On THURSDAY Eve'g, March 2d.

Doors open at 6½. To commence at 7½.
Admittance 25 cts. Children 15 cts.

A New Novel by Henry Kingsley.

THE

HILLYARS AND THE BURTONS.

A STORY OF TWO FAMILIES.

In THE NEW YORK SEMI-WEEKLY TRIBUNE of March 3 will be commenced "The Hillyars and the Burtons; a Story of Two Families," the last novel of Henry Kingsley, now in course of publication in *MacMillan's Magazine* (London). The scene is laid partly in ENGLAND and partly in AUSTRALIA, and the story deals with a family of the aristocracy and a family of the people, whose fortunes are strangely interwoven and dependent upon each other.—Those who wish to secure the reading of this capital novel, the best of the day, should subscribe at once for THE SEMI-WEEKLY TRIBUNE.

It contains all the Editorial articles, not merely local in character; Literary Reviews and Art Criticisms; Letters from our large corps of war correspondents; Foreign and Domestic Letters; Special and Associated Press Telegraphic Dispatches; a careful and complete Summary of Foreign and Domestic News; Exclusive Reports of the Proceedings of the Farmers' Club of the American Institute; Talks about Fruit, and other Horticultural and Agricultural Information; Stock, Financial, Cattle, Dry Goods and General Market reports, which are published in THE DAILY TRIBUNE. THE SEMI-WEEKLY TRIBUNE also gives,

IN THE COURSE OF THE YEAR,

THREE OR FOUR

OF THE

BEST AND LATEST POPULAR NOVELS

BY LIVING AUTHORS.

The cost of these alone, if bought in book form, would be from six to eight dollars. If purchased in the English Magazine, from which they are carefully selected, the cost would be three or four times that sum. Nowhere else can so much current intelligence and permanent literary matter be had at so cheap a rate as in THE SEMI-WEEKLY TRIBUNE.

Those who believe in the principles and approve of the character of THE TRIBUNE, can increase its power and influence by joining with their neighbors in forming clubs to subscribe to THE SEMI-WEEKLY Edition. It will in that way be supplied to them at the lowest price for which such a paper can be printed. Persons residing in the city can find no more valuable paper to send to their country friends.

TERMS.

Mail subscribers, 1 copy, 1 year—104 nos.....$4 00
" do. 2 copies, do 7 00
" do. 5 copies, or over, each copy 3 00

Persons remitting for 10 copies, $33, will receive an extra copy for 6 months.

Persons remitting for 15 copies, $45, will receive an extra copy.

Drafts on New York, or Post-office orders, payable to the order of "THE TRIBUNE," being safer, are preferable to any other mode of remittance.

No. 30 & 30 1-2 Market Street.

CHAS. H. MENDUM & CO.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,

SUBSCRIPTION AGENT, Philadelphia.

feb15—1m Cashier.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,760 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,375,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $88,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $50 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,

No. 47 Congress Street.

A LECTURE ON THE NATURE, TREATMENT, and Radical Cure of Spermatorrhœa, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c. By ROBT. J. CULVERWELL, M. D., author of the *Green book, &c.*

"A boon to thousands of Sufferers."

Sent, under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents, or two postage stamps, by DR. J. C. KLINE, 127 Bowery, New York, P. O. box 4,586. jl8 3mdaw

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a sure and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

Please inclose a stamped envelope, addressed to yourself.

Address JOSEPH T. INMAN, Station D, Bible House, d24mdaw New York City.

Pure Sugar Candies.

CARTER'S

CLARIFIED MOLASSES CANDY!

Local.

ANOTHER COTTON ITEM.—On Tuesday, Officer Fredson, by dint of a little engineering got on track of something which savored strongly of cotton in its unfinished state, and calling at a house in Bridge street, inquired of the mistress if she had any cotton on the premises. "Cotton" has become a household word in many families, but notwithstanding this fact, she repudiated all knowledge of such an article, saying that the occupants of the other portion of the house might possibly have some. So our friend Fredson immediately gives the alarm at the neighbor's door, and the lady of the house informs him that she has in her possession a quantity of the desired material, having found it in her back-yard. Some young damsel, through fear either of the "higher law" or the policeman, threw it into the yard of this lady. There was a large bag full—the bag having a long string attached, and was probably suspended from the waist underneath the crinoline, which enabled the wearer whi'e at work to appropriate a large number of spools. There were also found a number of bobbins filled with cotton, just as it came from the machine. Also three stockings "taken up,"—as the old ladies say—thrown away, needles and all, the stockings being about half finished.

☞ Prof. Morey gives his closing entertainment, this afternoon and evening. See his advertisement; and see *him*, if you want to have some fun, and perhaps make a good thing of it too.

☞ A continuous procession of ice cakes 60 feet wide, closely packed together, passed down our river for a number of hours, one day last week.

☞ Arrangements for celebrating the 4th of March are in progress in many cities. What is to be done in Portsmouth? New York turns out a procession of military, firemen, civic societies, different trades, &c.

POLICE COURT, Feb. 28th.—James F. Watson, for being drunk, was fined $3 and costs, $3.86

☞ The National Freedmen's Relief Association has done a great business during the months of January and February; giving needed relief to large numbers.—There is abundant work ahead, of the same sort. The Treasurer is Jos. B. Collins, of New York City. Local Secretary in this city, Benj. Cheever.

☞ The attention of our readers is called to the advertisement in another column, of the N. Y. Semi Weekly-Tribune.

NOT TRUE.—A Cincinnati correspondent of the Boston Journal writes under date of Feb. 8, that a young man named Charles A. Merrill fell from the balcony of the Gibson House in that city and was injured so that he died in a few hours; that before his death he confessed to being a deserter from the U. S. Receiving Ship Vandalia, stationed at Portsmouth, N. H., but would say nothing regarding his home or parents.

Merrill has friends in Goffstown who will be glad to learn that the proprietor of the Gibson House has stated in answer to a letter of inquiry that no person has fallen from any balcony or window of the Gibson House within the past three years, and that "Mr. Merrill never fell from the balcony of the Gibson nor any other hotel in the city that he is aware of."—*Mirror.*

☞ The Dover Gazette says "the bolters openly acknowledge that they will vote for Marcy if it be necessary to defeat Marston."

GOLD, on Tuesday, 203 to 202 1-2. The general markets remain steady without much change in prices.

— Connecticut papers mention the fact that a West Cornwall youth, aged 74, was married last week to a young lady of Litchfield, aged 67. The wedding took place in the same house where the bride was married forty years ago. In the same week Mr. Julius Galpin, aged 14, and Miss Catherine Connor, aged 15, were married in Woodbury.

—A gentleman in Taunton who had vowed that he would not shave until the fall of Fort Sumpter took place, has submitted to the operation of the razor, and the *Gazette* says his friends have to look twice before they can recognise him.

— The finder of the recently discovered statue of Hercules, at Rome, presented it to the Pope, who allotted him a pension of two thousand five hunded crowns, and presented him with a gold snuff box in which was not snuff, but one thousand gold crowns enveloped in a title deed, conferring the tittle of Marquis on himself and his descendants.

— The city council of Lynn have instructed their City Marshal to prosecute all persons engaged in the sale of liquors. It has been decided that payment of a United States license is no security against the State law, prohibiting the sale of liquor.

— Monday, Feb. 27th, was the centennial anniversary of the passage of the British Stamp Act.

— To-day is Ash-Wednesday, the beginning of Lent.

— Anthracite coal has again advanced in price in Boston, the dealers asking $17 at retail. This is caused by the detention of vessels by ice, and the great rise in freights. Seven dollars per ton is now demanded for freights from Philadelphia.

— A black man, Dr. Martin Delaney, has been appointed Major in the army, and ordered to report to Gen. Saxton for organizing colored troops.

—The 4th of March, next Saturday, will be a sort of holiday in New York. It should be everywhere; for in inauguration of the President for another term we have cause for great rejoicing.

The New Orleans Times says a sensation rumor from Matamoras states that the Imperial Government of Mexico has forbidden clearances for American ports, and that our consul has been sent out of Matamoras.

The schooner Jane Dolan, which cleared from New Orleans, Jan. 18th, was lost off the bar at Matamoras. She had a full cargo of merchandise and a number of passengers, all of whom were lost.

— The President has approved of the act to prevent officers of the army and navy and others in the United States service from interfering in elections in the States.

"Far-fetched and dear bought," is not always proof of value. The medical world is becoming alive to the fact that our common Dock Root of the fields, is an important remedial agent, and one of the most effecual alteratives known. It has always been a favorite medicine with the wise mothers of the country, for ulcers and sores and for purifying the blood. This root which grows so abundantly around us everywhere, is not known to be one of the ingredients of Ayer's Sarsaparilla, which is attracting public attention by its extraordinary cures of cutaneous and ulcerous diseases. Each country produces the antidotes for its own disorders, as was said of old "*and upon the banks thereof shall grow all trees for meat, whose flower shall not fade, and the fruit thereof shall be for meat, and the leaf thereof for medicine*" - [Northfield (Vt.) Herald.

The J. Monroe Taylor Gold Medal Soap is one of those articles that should be in every household, and the lady who neglects to furnish herself or domestics with it, loses a boon which it will be impossible to find a substitute for. It takes less in quantity, and washes as no other soap can do. It makes rough hands smooth, and softens and whitens the skin, as well as making clothes look so white. Try it. 94

OUT OF THE DRAFT!

Easy Way to get a "Sub!"

Come old and young, now here's your chance
To raise your pile of "tin!"
Clean out your *Rags*, your wealth enhance,—
And not get taken in.
JOHN COLEMAN buys all kinds of *Junk*,
Such as you've laid away;
So if you wish to show your spunk,
Sell out without delay,
For I the highest price will pay
For all your worthless trash—
So let me *haul* it all away,
And you *haul* in the cash.
Now this I'll say, in your behalf,
On MARKET STREET's my stand,
The number, *Hundred Three a' a Half*,
Where I'm your right-hand man.

Butter for Sale.

TWO TUBS of first quality Butter, from our father's farm in Iowa, for sale. Price 50 cts. per pound. DAVIS BROTHERS,

f21 No. 17 Pleasant St.

DR. URANN,

PRACTICAL PHYSICIAN,

Who has made so many wonderful and instantaneous cures in Boston, New York, Hartford, Springfield, and more recently in New Hampshire and Vermont, has taken

ROOMS FOR THE PRESENT AT THE

FRANKLIN HOUSE,

PORTSMOUTH, N. H.

DR. URANN'S treatment is such that by it

All Curable Diseases

are affected in one or two treatments, and many are entirely cured by one, as the following will testify:—

W. P. HOMER, 50 and 52 Federal Street, Boston, for many years was troubled with Heart complaint, so bad that at times he was unable to attend to his business; after one treatment he was able to run up stairs, work in his garden and attend to his business; has since gained 12 pounds.

MRS. ELLEN CORRY, of Cambridgeport, Mass.—Sciatica; so lame that she could not walk without assistance; after one treatment of fifteen minutes was well as ever, and could walk a mile free from pain.

MRS. SARAH P. SELLES, Lowell, Mass., had Fever Sores on both legs of twelve years standing; her right ankle measured eighteen inches, and was as blue as indigo; she could not move her foot; after one treatment it was reduced one-half, she could move her foot freely and is getting well rapidly, her left ankle all healed.

Prof. G. M. LARRON, 1 Dix Place, Boston, troubled with Spinal difficulty, was in much pain; relieved by one treatment.

Miss HANNAH COOL, Campton, N. H.—Spinal difficulties; was unable to walk but a short distance or do any kind of work; perfectly cured, and is now the picture of health

Miss C. FROTHINGHAM, Boston, Portrait Painter, was troubled with great depression of spirits, at times was unable to attend to her favorite employment; was entirely cured, and she expresses herself, is "made over anew."

Mrs. J BROWN, Boston, a severe cough and pains through her lungs, cured.

Capt. W. H. LAMPSON'S CHILD, Lowell, Mass. The child was pronounced by physicians as hopelessly idiotic. The child could neither walk or sit alone, and took no notice of anything. After one treatment he began to improve, and has so far gained as to be able to walk alone, can talk, takes notice of everything, laughs and sings, and appears perfectly well.

Mrs. HINCKLEY, wife of A. T. Hinckley, of State Arsenal, Hartford, Ct., troubled with hip complaint and contraction of the cords of the legs; could not get her heel to the floor within four inches; had to be brought down stairs in arms; after one treatment of twenty minutes was able to run up and down stairs with ease, and is now able to walk the streets.

Mr J. TURNER, Hartford, Ct, troubled for many years with loss of memory; could not attend to business; had been under the best medical treatment in England with no beneficial effect; after one treatment was perfectly restored.

Miss MARTHA ST. JOHN, Simsbury, Ct., was confined to her bed from spinal difficulty and prolapsus uteri; had not been dressed for more than a year; in twenty minutes she was enabled to dress and walk out to one of the neighbors, a distance of about a half mile; she has since been to Hartford and to church, and is improving daily.

Mrs. HENRY LOOMIS, Southwick, Mass., troubled with fits and spinal difficulties, could not walk without much difficulty, perfectly cured by one treatment.

Mrs. WM. JENKINS, Unionville, Conn., troubled for over two years with chronic liver complaint and rheumatism, had a large lump on her side which was very painful; was unable to lie down. Cured by one treatment, and is as well as ever.

JOSEPH H. ELDRIDGE, formerly of the Hartford Police, more recently on Hartford and New Haven Railroad, was obliged to give up his business on account of a severe cough and bleeding, perfectly cured and can now do a good day's work.

LYDIA L. FULLER, of East Wallingford, Vt., had entirely lost the use of her limbs after a severe attack of diptheria, was restored by one treatment, and is as well as ever.

FANNY DAVIS, of Moretown, Vt., had been confined to her bed for more than five years—was not able to stand—after one treatment of less than an hour, was enabled to walk around the room, and is now quite well

Miss HUTCHINSON, daughter of Judge Hutchinson of West Randolph, Vt, was troubled with fits, having some days from fifty to one hundred. She was unable to eat anything but liquids—was not able to stand. After one treatment she began to improve, until now, she is the picture of health, able to walk as well as any one, eats hearty and has no fits.

SOUTHWICK, Mass., July 21, 1862.

DR URANN,—Dear Sir:—I suppose it is ever a pleasure to you to learn the convalescent state of your patients; notwithstanding my long three years of almost absolute confinement to my bed, unable most of the time to converse with or see any company, and for over two years unable to feed myself—yet with this painful picture of human wretchedness which made life almost a burden, since your treatment of my spine, on the 7th day of June, I have been able to take my meals at the table, with my family, ride out daily, and converse freely with all; and without some new misfortune befalls me, I shall soon be able to interest myself in the labors of my profession, at least to preach one sermon a Sabbath. Without flattery, in my honest judgment, there is no better treatment in the hands of men for the Spinal Disease than the one which you honor, and as my heart beats with sympathy with all Spinal sufferers, I only wish they knew the wonderful utility of your treatment, and avail themselves of the same. Yours with respect and gratitude,

M. H. RISING.

DR. URANN'S TERMS

Are such that all can avail themselves of his treatment.

☞ Persons at a distance who are unable to visit the Doctor, by sending particulars of their cases, with one dollar enclosed, will receive advice and learn whether their cases can be treated at a distance. In all cases, state age and sex.

Portsmouth, Feb. 22, 1865.

GRAND

DOUBLE CONCERT,

VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,

ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choirs of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

A. PEARSON,	C. H TOMPSON,
W. K. DAY,	W. F. LAWRENCE,
B. B. DAVIS,	**Musical Directors.**

THE LOWEST CASH PRICES!

WHAT IS A

FRENCH ROLL PAN?

IS A QUESTION OFTEN ASKED.

It is simply a nicely made

IRON PAN,

Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very

QUICK AND LIGHT BAKE.

For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are

Invaluable.

IN these days of high prices, it is worth while to

ECONOMISE

in any way. We give below a receipt for making

A Cheap, Wholesome, and

PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonsful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S

Spring Roll and Cog Wheel

WASHING AND WRINGING

MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all seem immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by

E. A. STEVENS,

46 Market Street.

CORN SHELLERS.

Portsmouth, Jan. 1, 1864.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. Dow has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

YOUNG AND MIDDLE AGED MEN.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr Dr. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; Loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for their use, on receiving description of your case. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranted in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the celebrated men in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the CHEROKEE PILLS. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT

TO

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Enlargements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Heart, Side and Bowels.

His medicines will be sent to any part of the country by express or mail, addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use.

Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. TThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Petroleum!

LOMBARD & GORE,

BOSTON

PETROLEUM AND COAL STOCK EXCHANGE,

99 STATE STREET,

BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known.

Many Petroleum Stocks are now paying at the rate of 60 per cent. per annum, and taking the increased value of the stock into consideration, a person investing at subscription price in reliable companies may reasonably expect to double his money within a year. Capitalists in all parts of the country are now giving their attention almost exclusively to this class of securities, which have already yielded princely fortunes to thousands of persons. ☞ Persons desiring information can rely upon receiving an unbiassed account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge, and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies, viz:—

THE HAMILTON

OIL AND COAL COMPANY.

CAPITAL $1,000,000.

100,000 Shares, par value $10.

Subscription Price $5 per Share.

20,000 Shares reserved for Working Capital

PRESIDENT—HON. W. G. STEELE, M. C.

VICE PRESIDENT—JOSEPH THORNDIKE.

TREASURER—S. L. WOODHOUSE.

This Company has secured 2248 acres in Pennsylvania and Ohio, which have been selected by the most experienced oil men after two months' careful research and personal examination on the grounds. On one part of the property is a well from which considerable quantities of oil have already been taken, and as the Company will proceed to make further developments at once, they have every confidence of being able to pay dividends at an early period. A prospectus may be had on application to us.

BOSTON

PETROLEUM OIL COMPANY.

Capital, - - - $300,000.

Par Value of Shares, - - $10.

$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.

TREASURER—CHARLES SMITH.

SECRETARY—CHARLES M. PIERCE.

ATTORNEY—JOSIAH RUTTER, ESQ.

MANAGING AGENT—F. A. WILDER.

DIRECTORS.

C. S WHITEHOUSE, J. W. PARMENTER.

CHARLES SMITH, JOHNSON BEAN.

JAMES F. BRIGGS, GEO. E. SMITH.

Books for Subscription are open at our office. Only 3300 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

ROBY & COW CREEK

OIL COMPANY,

CAPITAL STOCK $500,000.

100,000 Shares. Par Value $5.

Subscription Price $3 per Share.

Working Capital $50,000.

No personal liability. No further assessment

To be organized under the General Laws of Massachusetts.

PRESIDENT—HON. LINUS CHILD.

TREASURER & CLERK—HENRY F. SPENCER.

DIRECTORS.

Hon. Linus Child, Hon. John A. Goodwin,

E. R. Sawyer, Esq., F. E. Gregory, Esq.,

Levi C. Barnes, Esq., Henry R. Merrill, Esq.,

Emerson Leland, Esq.

This property consists of valuable Rights in the very best Oil lands in the country, situated on Oil Creek, Pennsylvania, and Bull and Cow Creeks and Roby Run, West Virginia. Property in the vicinity of Rawson's Run has increased largely in value within a few months, on account of the numerous successful developments. There are many wells now going down upon this property, or being put in working order under the management of an able superintendent.

A map and prospectus of the different properties belonging to this Company, may be had upon application at our office

SUFFOLK

PETROLEUM AND COAL CO.

OF BOSTON.

In a short time Subscription Books will be opened at our office only for a portion of the Stock, due notice of which will be given.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by Express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids,

AS A DIGESTIVE, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Genuine Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.

Make One Trial of this Wine.

For sale by W. R. Preston, Portsmouth. Jobbing trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

DR. W. R. MERWIN & CO.'S COLUMN

FOR THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from, irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

Sold by all respectable druggists.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life," so does this Elixir rejuvenate the system and

OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors.

RYE, N.H., Feb. 20, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some sent me twelve bottles of DR. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, for this cure was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of the Medicine. JOHN JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health.
Firm ELDER I. CHESLEY, *Lee, May 31, 1841*
DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humors, and that you on your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Sweet's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEET, No 7 High street, Portsmouth, N. H. r promptly attended to. may26

The Old Established Hospital.
No. 5 Beaver Street, Albany, N.Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Skin Bones, Contracted Joints, Blotches, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a discreet counselor and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejuvenated, and that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Michel's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, MARCH 2, 1865.

THE REBELLION.

Richmond papers of Feb. 27, have been received at Washington, but they publish no news from General Sherman. They, however, do not exalt over the situation, thus showing that General Sherman must be meeting with success.

It appears probable from indications of the rebel newspapers, that Sherman is marching for Fayetteville on the Cape Fear River.

Latest advices from Porter state that he was pushing up the river as rapidly as possible with his gunboats. It is probable the junction of the Schofield with Sherman's army may take place at Fayetteville. Bragg has taken his Wilmington force to Goldsboro', followed by General Terry. We hear nothing from the force reported by the enemy as marching against Newbern; the fact that the troops brought east by Meagher were sometime since landed at Newbern, indicate a movement sooner or later from that point.

The Boston Post Washington dispatch of Feb. 28, says "no direct news has been received from Gen. Sherman, but it is believed he has captured Charlotte and Florence with large stores of cotton. Instead of Lee moving on Washington, as has been reported, some movements are taking place which will prevent him from moving at all except in retreat."

On Saturday night a party of rebels, about one hundred and fifty, under command of Lieut. Taylor Wood, of rebel navy, left Goromico river in sloops and small boats bound on a raid to Smith's Island, with the design to destroy the light boats. The gunboat Yankee and several other of our boats were informed of their movements and at once started in pursuit of them.

In anticipation of a battle between Gens. Sherman and Johnston, the War Department has despatched surgeons and nurses to Wilmington; they will be forwarded to Sherman's army; everything necessary to the care of the sick and wounded go also.

The rumored junction of Schofield and Sherman is probable. The rebel General Lee will endeavor to check Sherman; and it is said he has sent General Hill to meet him.

Streams of deserters from Lee's army continue unabated. They report that the Petersburg Theatre, filled with rebel government stores, had been burned, and this is instanced as additional proof of an intention to evacuate that town.

A St. Louis despatch says a large number of Kirby Smith's forces are deserting, going into Arkansas. His army is made up two-thirds of conscripts.

☞ The Richmond papers are trying to kill Sherman by a cannonade of loud words. The Whig says his doom may be looked upon as sealed. As his doom, according to the same authority has been sealed ever since he left Atlanta, the Transcript thinks readers should not be too much depressed by the Whig's confident statement. The doom of the Whig is more likely to be "sealed" than the doom of Sherman. It will not be more than thirty days before that journal will have an editorial saying that the progress of events has made it necessary to change its place of publication.

☞ Thanks to some friend as Lewiston, I. T., for a copy per mail of the "Annual Message of Governor Lyon to the Legislature of the Territory of Idaho; Nov. 16, '64." It is a well written document, and gives a glowing description of the new Territory from out of any part of which, gold and silver sticks, in profusion. His Excellency says "the export of precious metals, has been second to that of no State or Territory in the Union, during the year."

☞ In Congress Wednesday, after a long struggle the Senate agreed to the proposition to pay the employees of the House twenty per cent. advance on their pay during the first session.

The Senate passed the new loan bill as it came from the House, and it needs but the President's signature to become a law.

The tariff bill has passed the House without important amendment.

— The House Committee for the District of Columbia, have, by an investigation, ascertained that recently seventy-three persons committed to the jail of the District, have been bailed out and sold to substitute brokers. Five or six of them were charged with grand larcenies and the remainder with trivial offences. The Committee says wrongs have been committed and outrages on public morality and public justice perpetrated which call for the interference of Congress, and so far as may be, for the punishment of the guilty by the existing laws.

Jinks says that he knows that justice isn't sold in our courts; but judging from his own legal experience, he also knows that those who try to obtain it often are.

ATTAINDER OF TREASON.—The H. of R. in Congress has voted—72 to 71—to repeal that portion of the Confiscation act which declares that the confiscation of real estate shall not continue beyond the lives of rebel owners. The Constitution of the United States (article 3, section 3,) declares that "no attainder of treason shall work corruption of blood or forfeiture, except during the life of the person attainted."—So says an exchange, truly. But the quotation from the Constitution is one of those ambiguous sentences which make fine picking for the lawyers, and the meaning of which can *never be settled*. The interpretation given to it in the Confiscation act, is absurd, as it would establish a perpetual rebel aristocracy by hereditary descent, and furnish the means of maintaining it!

NEW YORK HOTEL BURNERS.—The trial of Robert Cobb Kennedy, charged with being implicated in the hotel burning plot, has been in progress about three weeks before the commission that convicted Beall. It is said that the evidence is very strong against him and that his conviction is probable.

DESTRUCTION OF BLOCKADE-RUNNERS. The Navy Department has information of the destruction of the Acadia, six miles from Velasco, by a shot from the U. S. steamer Virginia. She had ran ashore after several attempts to get into port. The destruction of the Will-of-the-Wisp is confirmed. The U. S. steamer Pinola had captured a cotton laden schooner in the Gulf of Mexico.

EXCHANGE OF PRISONERS.—The exchange of prisoners goes on. All the Richmond prisons have been emptied. Arrangements have also been perfected for the delivery of those who have been in prison at Columbia, Salisbury, and a part at Florence. The place named for exchange is Wilmington. The Georgia and Alabama prisoners to be delivered at Mobile, those West of the Mississippi at the mouth of the Red River. Gen. Grant extends the facilities necessary to make the exchange as perfect and speedy as circumstances will admit.

MAINE LIQUOR LAW.—Both branches of the Maine Legislature have passed in concurrence an amendment to the liquor law, which makes any person convicted of being a common seller punishable by a fine of $100 and stand committed until it is forthcoming. This is a re-enactment of a clause in one of the sections of the liquor law of 1858. A section of the law of 1846 is also been incorporated into the present law, which provides that all forfeitures and penalties may be recovered by an action of debt, or by complaint, before any justice of the peace, or judge of any municipal or police court, in the county where the offence has been committed. The action may be brought in the name of the person prosecuting or in the name of the town where the offense was committed. One-half of the forfeiture to go to the prosecutor or complainant, who shall be admitted as a witness at the trial; the other half to the town.—*Pioneer.*

VACCINATION FROM THE COW.—The Scientific American says at Naples they vaccinate directly from the cow. The subject has been seriously taken up in Paris, and it is estimated that a good commercial speculation can be made of it. A cow, it is said, will produce 100 pustules, which, at 5 francs each, will bring 500 francs, the cow suffering no deterioration in value. The practice is there greatly recommended, by the safety it ensures that no other contagion will be communicated along with the cowpox.

"A good idea has been started by one doctor, namely, that it will be just as well to drink the milk of an infected cow, as to get vaccinated. The doctor has made the experiment. He vaccinated a cow on the udder and got good pustules. He then gave the milk to two infants, and afterwards tried to vaccinate them, but without success, while a third infant who had had none of the milk was at once inoculated by the same virus. He recommends that young ladies who are afraid of a prick with a lacet, should drink a glass of milk every three or four years, to save them from the small-pox!"

— A man in the town of Needham holds the office of tax collector, constable, fire-warden, funeral-undertaker, coroner, justice of the peace, auctioneer, commission salesman, conveyancer of real estate, and insurance agent.

—P. C. Emerson, who left Manchester, some time since, to hunt for gold in Montana, writes to the editor of the *Mirror*, that he is satisfied that every fifty cents worth he gets will cost him sixty, and he has gone to farming.

— The Newburyport Herald says that Mr. Garrison this year proposes to discontinue the Liberator newspaper, and will use his influence for the disbanding of the American Anti-slavery Society. The Liberator and Society were both projected by Mr. Garrison; but he regards slavery as dead, and so "the occupation" of these anti-slavery means as "gone."

— An Oxford County, Me. Nimrod named Dan Hastings killed nine deer up Wild river last week.

— It appears from an official document that the amount received by Commodore Vanderbilt for the charter of his steamer Vanderbilt for 150 days at $2000 a day was $303,000 before he presented that vessel to the Government.

— In a fall of rain every hundredth part of an inch gives a ton of water per acre.

"I shall be at home next Sunday," the young lady remarked, as she followed to the door her beau, who seemed to be wavering in his attachment. "So shall I," was the brute's reply.

GOLD, Wednesday, 200 1-2.

SAD.—A young man at Niagara Falls having been crossed in love, walked to the precipice deliberately took off his clothes, and gave one lingering look at the gulf below him, and then—went home. His body was found next morning in bed.

— They recently had a mysterious murder case in Scituate, Rhode Island, and now, to cap the climax, the murdered man, like Capt. Scuttle in Poor Fillicoddy, has "turned up" in good health and spirits, and will not hear a word to his being dead and mangled.

— It is said that the rebel pirate Shenandoah has burnt three American vessels near the Cape of Hope.

—The Boston Advertiser's Washington dispatch mentions Senator Saulsbury, the eminent copperhead of Delaware, as so tipsy on Tuesday night that the Senate would not allow him to take part in the debate.

The leaders in the N. Y. News are decidedly edi-tory-als.—*Boston Post.*

— National banks are still increasing. The whole amount of bonds so far deposited with the U. S. Treasurer for the redemption of national bank notes, is 136 millions. Timid people have expressed a fear that somebody in Washington will run away with these securities As they are all in the form of registered bonds, the thief would find them as worthless as so much blank paper.

— The telegraph told us, a day or two since, that Senator Sumner introduced a resolution providing for placing pictures of victories over the rebels, in the capitol. But next day it was shown that his resolution said, No picture of any victory gained in this civil war should be placed there. Quite a difference.

— The Queen's menage is said to be not quite up to the aristocratic equine standard. Prince Alfred has had the management of it, and being a sailor he knows more about hawsers than of horses, and hence the complaint.

— A hundred guns were fired in Biddeford, on Wednesday, in honor of the fall of Charleston, and the bells of Saco were rung. Not a bell in Biddeford wagged its tongue, and the Union intimates that their silence was owing to a preponderance of *copper.*

— Some of the New Haven papers intimate that the shooting of Mrs. Mary A. Hyde by her husband, one evening last week, was not an accidental affair. The husband has been arrested, and is under $2000 bonds.

— Edward Robbins of Great Barrington, Mass., rose from his bed last Monday morning, and endeavored to walk across the floor, but fell in the middle of the room, breaking his neck.

— In the U. S. Congress, the Committee of Conference have agreed to make the Freedmen's Relief Bureau a branch of the War Department. Abandoned and confiscated lands are to be assigned to freedmen and White Union refugees, in 40 and 60 acre lots.

— The Richmond papers have just heard of the capture of Fort Anderson, and, as usual, say there was "a heavy loss to the enemy."

— At Rheims a will has been set aside for "ingratitude," a cause known to the Code Napoleon. The ingratitude was of a very decided character, for it consisted in murdering the testator.

—At a Christmas celebration by a contraband school in Norfolk, the teacher asked the little darkies whose birthday they were celebrating, and they all with one voice cried out "General Butler's."

—An eruption of Mount Etna took place during the night of January 31, after several earthquake shocks. At the latest dates from Messina the lava was flowing rapidly, and several villages were in danger.

— The large investments in U. S. securities are having a depressing effect on the Bank shares and State bond market. Capitalists are inclined to the opinion that stock in most of these new banks cannot be as valuable as the U. S. bonds. All the banks cannot have the Govt. deposits, and the cash system is to deprive them of the profits formerly derived from mercantile paper. The Commercial Bulletin "does not, however, agree with the remark of a contemporary that all cannot have a chance to *loan money to the government.*"

— On Saturday evening, 18th inst., Henry F. Hallett, of St Johnsbury Centre, Vt., suddenly fell from his chair while conversing with his family, and expired without uttering a word.

Blind Man's Concert.

PROF. W. A. CARNES,

THE MUSICAL PRODIGY,

Who sings higher and lower compass than any other man in the world, making a compass of five octaves.

Also plays with ease difficult music on the Cornet with one hand, accompanying himself on the Piano or Melodeon with the other. He will, with his voice and instruments imitate a BRASS BAND, and perform a **Sabbath Overture**, which are highly interesting and wonderful.

Mr. Carnes is a graduate of the Ohio Institute for the Blind, where he prosecuted his musical studies for nine years under the direction of Prof. G. G. Mackhold, a distinguished German teacher. His powerful and highly cultivated voice sends the words of his ballads to his listeners, clear and distinct, filling them with wonder and delight.

This distinguished Vocalist will give one of his unique entertainments

AT THE TEMPLE, Portsmouth,

On THURSDAY Eve'g, March 2d.

Doors open at 6½. To commence at 7½.

One of the pleasantest situations on the Piscataqua River. For TERMS apply at the Chronicle Office. mch2*2w

A New Novel by Henry Kingsley.

THE

HILLYARS AND THE BURTONS.

A STORY OF TWO FAMILIES.

In THE NEW YORK SEMI-WEEKLY TRIBUNE of March 3 will be commenced "The Hillyars and the Burtons; a Story of Two Families," the last novel of Henry Kingsley, now in course of publication in *Macmillan's Magazine* (London). The scene is laid partly in ENGLAND and partly in AUSTRALIA, and the story deals with a family of the aristocracy and a family of the people, whose fortunes are strangely interwoven and dependent upon each other. Those who wish to secure the reading of this capital novel, the best of the day, should subscribe at once for THE SEMI-WEEKLY TRIBUNE.

It contains all the Editorial articles, not merely local in character; Literary Reviews and Art Criticisms; Letters from our large corps of war correspondents; Foreign and Domestic Letters; Special and Associated Press Telegraphic Dispatches; a careful and complete Summary of Foreign and Domestic News; Exclusive Reports of the Proceedings of the Farmers' Club of the American Institute; Talks about Fruit, and other Horticultural and Agricultural Information; Stock, Financial, Cattle, Dry Goods and General Market reports, which are published in THE DAILY TRIBUNE. THE SEMI-WEEKLY TRIBUNE also gives,

IN THE COURSE OF THE YEAR,

THREE OR FOUR

OF THE

BEST AND LATEST POPULAR NOVELS

BY LIVING AUTHORS.

The cost of these alone, if bought in book-form, would be from six to eight dollars. If purchased in the English Magazine, from which they are carefully selected, the cost would be three or four times that sum. Nowhere else can so much current intelligence and permanent literary matter be had at so cheap a rate as in THE SEMI-WEEKLY TRIBUNE.

Those who believe in the principles and approve of the character of THE TRIBUNE, can increase its power and influence by joining with their neighbors in forming clubs to subscribe to THE SEMI-WEEKLY Edition. It will in that way be supplied to them at the lowest price for which such a paper can be printed. Persons residing in the city can find no more valuable paper to send to their country friends.

TERMS.

Mail subscribers, 1 copy, 1 year—104 nos....$4 00
do. 2 copies, do do 7 00
do. 5 copies, or over, each copy 3 00

CARTER'S

CLARIFIED MOLASSES CANDY!

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its *exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,

SUBSCRIPTION AGENT, Philadelphia.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms

ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,700 daily, or $642,400 per year.

The entire property cost the present Subscribers $2,375,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten-fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these will yield $33,000 per day, or $14,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $500 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,

No. 47 Congress Street.

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "RESTORATIVE" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—**$1 per Bottle.**

Local.

☞ The Blind Man's Concert, at the Temple to-night, we have no doubt will be a rare entertainment, and exceedingly enjoyable. At any rate, so somebody says who has heard Prof. Carnes sing and play; and his recommendations and endorsements are numerous and strong enough to make a modest man blush, if he could see them.

READINGS BY MISS KING.—We are happy to announce that Miss Angela S. King, daughter of the late Thomas F. King, (for nine years a popular Pastor in this city,) and sister of the late Thomas Starr King,—will give public Readings at the Temple, on Wednesday evening, the 8th of March. Miss King has received the most flattering commendations wherever she has appeared. The best critics in Boston pronounced her second to no lady elocutionist who has appeared in that city.

The Boston Transcript says of her readings at the opening of the new chapel connected with the Hollis Street Church:

"The initiatory service consisted of readings by Miss King. The selections were from Browning, Sheridan, Bayard Taylor, Knowles, Whittier, Holmes, Pierpont, Mrs. Hemans, and T. B. Read. These gave Miss King an opportunity which she used with marked success, to show the versatility of her elocution and the results of her careful study. With a melodious and powerful voice, an animated and earnest spirit, she passed from the gay and joyous and comic, to the serious, sad and pathetic, with quick transitions that were easy and natural changes of mood. Her feelings and sympathies were engrossingly given to the different topics her distinct, mellow and expressive tones interpreted.

There are few readers who combine so many different qualities, and whose renditions are of so wide a range. Measuring with accuracy her own powers, she is sure to satisfy her hearers with performances as excellent as they are varied in their character. There is an especial heartiness in her humor, and the evidence of sincerity in her tenderness. With her, nature remains the inspiration of art."

The citizens of Portsmouth should surely show their appreciation of living merit, as well as their respect for departed worth, by giving Miss King an audience limited only by the capacity of the Temple.

Tickets 25 cts. to be obtained at the stores of Messrs. Foster, Hutchings, Shores and Preston. Doors open at 6 1-2. Readings commence at 7 1-2 o'clock.

☞ We learn that a female operative in the Portsmouth Spool Cotton Factory, having become "converted," sent back 18 3-4 dozen spools, saying in a note that "her conscience would not allow her to retain it, but she reserved a few spools for her own use, and gave some away to her most particular friends!" Genuine conversion, that.

OCEAN HOUSE, RYE BEACH.—Messrs. Job Jenness & Son are progressing with their new Ocean House at Rye Beach, which will be completed and opened July 1st. It will be the largest and finest hostelry in this part of the country; and at the opening ("house-warming") ceremonies there ought to be a chance for one of the grandest times that ever came of in this section.

☞ The morning Portland train up, was an hour late at this city, on account of the breaking of a rail between Brock's Crossing and Eliot. The cars were bumped along pretty well, and the passengers a little scared, but less hurt.

GOLD ROBBERY.—In New York, on Tuesday afternoon, a young man had just placed four bags, each containing five thousand dollars in gold, on the counter of the Bank of Commerce for deposit, when a German seized one of them, and ran into the street. The young man asked a boy who was standing near the counter to watch the three remaining bags, and followed the thief into the street, calling on the bystanders for help. The thief was closely pursued and dropped the bag of gold upon the sidewalk, but was caught and lodged in the Tombs. On returning to the bank, the young man found but two bags remaining, an accomplice of the thief having stolen and made his escape with another bag during the confusion. No trace of the last criminal could be discovered.

— Ezra Gould of Sandwich, has written a brief letter, declining to support the movement to defeat Gen. Marston and thereby re-elect Mr. Marcy to Congress. He gives good reasons for his course.

— At Buffalo on Friday night, Mrs. J. H. Wood and daughter were severely burned at the theatre while on the stage in the play of Cinderella.

— The Riverside Trotting Park, near Boston, is reported to have been purchased by Nat. Perkins and Luther H. Underhill of Manchester,—the track to be supervised by the well-known trainer, Mr. Samuel Emerson.

— The Richmond Enquirer admits that the border States were pushed into rebellion against their judgment and will, by the Gulf States, and accuses the latter with leaving the burden and risks of the war upon their border allies.

— The Albany Argus calls the Union captures of Southern ports and towns "recovery of stolen property."

NEW HAMPSHIRE ITEMS.

—— Charles A. Carleton, of the 4th N. H., and Solon A. Carter, of the 5th N. H., were confirmed by the Senate on Monday last as Assistant Adjutant Generals, with the rank of Captain. R. B. Brown, of New Hampshire, was appointed Surgeon.

—— H. S. Cummings, of Exeter, Assistant Clerk of the New Hampshire Senate, and Samuel G. Newton of Antrim, formerly agent of the Antrim Shovel Co., have been appointed to $1200 clerkships in the Treasury Department.

—— Recruiting for the Eighteenth N. H. Regiment is going on briskly throughout the State, and the organization of the regiment will soon be completed. The companies at present full are composed of New England men, and mostly (be it said to our credit,) of our own State boys, thus offering an excellent chance for those who desire to enlist to be associated with the right sort of volunteers, no substitutes being received. Seven companies are now stationed at City Point, the eighth is about ready to leave, and the ninth will soon follow, its ranks are now being filled to the maximum strength. All of the towns in the State are offering very large local bounties for one, two and three years' service—the State and Government bounties being still continued, thus offering large inducements.

—— A son of James Perkins, of Sanapee, a bright little boy, came to death on the 16th, in the following manner: He had gone out into the wood-shed to draw in some stove wood on a hand-sled, by a rope round his middle, and coming out of the shed, is supposed to have laid hold of another rope that hung from a post, having a slip-noose on it, and falling with his head into this noose, instantly met his death, perhaps by dislocation.

—— The Concord Monitor says, Miss Carrie Fountain, of Manchester, died after a very short illness on Saturday last, of a disease supposed to be the "spotted fever."—Laroy Woodbury, a recent recruit for the 18th, died very suddenly at Londonderry on Sunday night, of a similar disease.—The Patriot says "the deaths took place within some twenty four hours after the persons were first attacked. Post mortem examinations have been made, and the physicians concur in the opinion that the disease is the spotted fever of former years."

DEATHS.

In this city, March 1, SAMUEL HALL, Esq., aged 82, formerly connected with the Post Office and Custom House.

In Newburyport, Feb. 24, GEORGE W. LUNT, aged 17.—Feb. 23d, Mrs. ELIZABETH CUSHING, aged 81.—Feb. 25th, Mrs. HANNAH E. FENNOSS, aged 67.—Feb. 26th, Mrs. CLARA C. THURLOW, aged 34.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood you are sick all over. It may burst out in Pimples, or Sores, or in active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease when it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Ulcers, Sores, Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Disease, Liver Complaints, and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla, for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla, which flood the market, until the name has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall recommend itself from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are invaluable by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by J. C. AYER & Co., Lowell, Mass. and sold by Brackett Hutchings, Thacher, W. R. Preston, David Kimball, and all druggists. mch20d1aw 2m Tu

DR. URANN,

PRACTICAL PHYSICIAN,

Who has made so many wonderful and instantaneous cures in Boston, New York, Hartford, Springfield, and more recently in New Hampshire and Vermont, has taken ROOMS FOR THE PRESENT AT THE

FRANKLIN HOUSE,

PORTSMOUTH, N. H.

DR. URANN'S treatment is such that by it

All Curable Diseases

are affected in one or two treatments, and many are entirely cured by one, as the following will testify:—

W. P. HOMER, 50 and 52 Federal Street, Boston, for many years was troubled with Heart complaint, so bad that at times he was unable to attend to his business; after one treatment he was able to run up stairs, work in his garden and attend to his business; has since gained 12 pounds.

MRS. ELLEN COREY, of Cambridgeport, Mass.—Sciatica; so lame that she could not walk without assistance; after one treatment of fifteen minutes was well as ever, and could walk a mile free from pain.

MRS. SARAH P. STILES, Lowell, Mass., had Fever Sores on both legs of twelve years standing; her right ankle measured eighteen inches, and was as blue as indigo; she could not move her foot; after one treatment it was reduced one-half, she could move her foot freely and is getting well rapidly, her left ankle all healed.

Prof. G. M. LARRON, 1 Dix Place, Boston, troubled with Spinal difficulty, was in much pain; relieved by one treatment.

MISS HANNAH COOL, Campton, N. H.—Spinal difficulties; was unable to walk but a short distance or do any kind of work; perfectly cured, and is now the picture of health.

MISS C. FROTHINGHAM, Boston, Portrait Painter, was troubled with great depression of spirits, at times was unable to attend to her favorite employment; was entirely cured, and she expresses herself, is "made over anew."

MRS. J. BROWN, Boston, a severe cough and pains through her lungs, cured.

Capt. W. H. LAMPSON'S child, Lowell, Mass. The child was pronounced by physicians as hopelessly idiotic. The child could neither walk or sit alone, and took no notice of anything. After one treatment he began to improve, and has so far gained as to be able to walk alone, can talk, takes notice of everything, laughs and sings, and appears perfectly well.

MRS. HINCKLEY, wife of A. T. Hinckley, of State Arsenal, Hartford, Ct., troubled with hip complaint and contraction of the cords of the legs; could not get her heel to the floor within four inches; had to be brought down stairs in arms; after one treatment of twenty minutes was able to run up and down stairs with ease, and is now able to walk the streets.

Mr. J. TURNER, Hartford, Ct, troubled for many years with loss of memory; could not attend to business; had been under the best medical treatment in England with no beneficial effect; after one treatment was perfectly restored.

Miss MARTHA ST. JOHN, Simsbury, Ct., was confined to her bed from spinal difficulty and prolapsus uteri; had not been dressed for more than a year; in twenty minutes she was enabled to dress and walk out to one of the neighbors, a distance of about a half mile; she has since been to Hartford and to church, and is improving daily.

MRS. HENRY LOOMIS, Southwick, Mass., troubled with fits and spinal difficulties, could not walk without much difficulty, perfectly cured by one treatment.

MRS. WM. JENKINS, Unionville, Conn., troubled for over two years with chronic liver complaint and rheumatism, had a large lump on her side which was very painful; was unable to lie down. Cured by one treatment, and is as well as ever.

JOSEPH H. ELDRIDGE, formerly of the Hartford Police, more recently on Hartford and New Haven Railroad, was obliged to give up his business on account of a severe cough and bleeding, perfectly cured and can now do a good day's work.

LYDIA L. FULLER, of East Wallingford, Vt., had entirely lost the use of her limbs after a severe attack of diptheria, was restored by one treatment, and is as well as ever.

FANNY DAVIS, of Moretown, Vt., had been confined to her bed for more than five years—was not able to stand—after one treatment of less than an hour, was enabled to walk around the room, and is now quite well.

Miss HUTCHINSON, daughter of Judge Hutchinson of West Randolph, Vt., was troubled with fits, having some days from fifty to one hundred. She was unable to eat anything but liquids—was not able to stand. After one treatment she began to improve, until now, she is the picture of health, able to walk as well as any one, eats hearty and has no fits.

SOUTHWICK, Mass., July 21, 1862.

DR. URANN,—Dear Sir:—I suppose it is ever a pleasure to you to learn the convalescent state of your patients; notwithstanding my long three years of almost absolute confinement to my bed, unable most of the time to converse with or see any company, and for over two years unable to feed myself—yet with this painful picture of human wretchedness which made life almost a burden, since your treatment of my spine, on the 7th day of June, I have been able to take my meals at the table, with my family, ride out daily, and converse freely with all; and without some new misfortune befalls me, I shall soon be able to interest myself in the labors of my profession, at least to preach one sermon a Sabbath. Without flattery, in my honest judgment, there is no better treatment in the hands of men for the Spinal Disease than the one which you honor, and as my heart beats with sympathy with all Spinal sufferers, I only wish they knew the wonderful utility of your treatment, and avail themselves of the same. Yours with respect and gratitude,

M. H. RISING.

DR. URANN'S TERMS

Are such that all can avail themselves of his treatment.

☞ Persons at a distance who are unable to visit the Doctor, by sending particulars of their cases, with one dollar enclosed, will receive advice and learn whether their cases can be treated at a distance. In all cases, state age and sex.

Portsmouth, Feb. 22, 1865.

GRAND
DOUBLE CONCERT,

VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,

ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choirs of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

A. PEARSON, C. H TOMPSON,
W. K. DAY, W. F. LAWRENCE,
B. B. DAVIS, **Musical Directors.**

WHAT IS A

FRENCH ROLL PAN?

IS A QUESTION OFTEN ASKED.

It is simply a nicely made

IRON PAN,

Or rather a series of Pans connected in one, of such peculiar form that all parts of the material contained in them receive an equal amount of heat, thus insuring a very

QUICK AND LIGHT BAKE.

For Sponge or Drop Cake, Muffins, French Rolls, Corn Bread or Raised Flour Biscuit, these Pans are

Invaluable.

IN these days of high prices, it is worth while to

ECONOMISE

in any way. We give below a receipt for making a Cheap, Wholesome, and

PALATABLE BREAD:

"Stir into a pint of Cold Water sufficient Graham Flour to make a thin batter, adding a little Salt. Heat the Pan thoroughly, grease it a little, pour in the batter, and bake about half an hour in a hot oven."

By using Sweet Milk, instead of Water, as above, and adding 2 Spoonful of Sugar, biscuit can be made fit to set before a King. We have sold nearly a thousand of these Roll Pans in about one year, and the sale is still increasing.—Try one.

E. A. STEVENS.

BAILEY'S

Spring Roll and Cog Wheel

WASHING AND WRINGING

MACHINES.

WRINGING MACHINES HAVE BECOME AN institution in the land. Thousands and tens of thousands have been sold during the last three years, and they all sweep immense amount of labor and cost of material.

We now offer to the public a Machine that will WASH as well as WRING the Clothes. It is very heavy and strongly built—the Rolls are large and so fastened with screws as to be secure from turning on the shaft. The Cog Wheels give power, and the Spring Roll makes it do its work with ease and perfection. The Machine is secured to a bench, independent of the wash tubs, consequently there is no trouble of fastening it every time it is used.

To any person who wishes to obtain an article to do both washing and wringing in a Public House or Private Family, we say give this a trial. If not satisfactory, the money will be refunded.—Call and see it.

The above for sale by

E. A. STEVENS,

46 Market Street.

Portsmouth, Jan. 1, 1864.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that never fail, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath this head are all the several forms of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the region of prostrate, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending the class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwarried attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT

—TO—

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. It fills in his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No 23 Endicott street.

N. B.—The unfortunate and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Petroleum!

LOMBARD & GORE,

BOSTON

PETROLEUM AND COAL STOCK EXCHANGE,

99 STATE STREET,

BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known.

Many Petroleum Stocks are now paying at the rate of 60 per cent. per annum, and taking the increased value of the stock into consideration, a person investing at subscription price in reliable companies may reasonably expect to double his money within a year. Capitalists in all parts of the country are now giving their attention almost exclusively to this class of securities, which have already yielded princely fortunes to thousands of persons. ☞ Persons desiring information can rely upon receiving an unbiased account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies, viz:—

THE HAMILTON

OIL AND COAL COMPANY.

CAPITAL $1,000,000.

100,000 Shares, par value $10.

Subscription Price $5 per Share.

30,000 Shares reserved for Working Capital

PRESIDENT—HON. WM. G STEELE, M. C.

VICE-PRESIDENT—JOSEPH TREAT.

TREASURER—S. L. WOODHOUSE.

This Company has secured 1218 acres in Pennsylvania and Ohio, which have been selected by the most experienced oil men after two months' careful research and personal examination on the grounds. On one part of the property is a well from which considerable quantities of oil have already been taken, and as the Company will proceed to make further developments at once, they have every confidence of being able to pay dividends at an early period. A prospectus may be had on application to us.

BOSTON

PETROLEUM OIL COMPANY.

Capital, - - - $300.000.

Par Value of Shares, - - $10.

$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

PRESIDENT—CHARLES S. WHITEHOUSE.

TREASURER—CHARLES SMITH.

SECRETARY—CHARLES M. PIERCE.

ATTORNEY—JOSIAH RUTTER, ESQ.

MANAGING AGENT—E. A. WILDER.

DIRECTORS.

C. S WHITEHOUSE, J. W. PARMENTER.
CHARLES SMITH, JOHNSON BEAN.
JAMES P. BRIDGE, GEO. E. SMITH.

Books for Subscription are open at our office. Only 3800 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

ROBY & COW CREEK

OIL COMPANY.

CAPITAL STOCK $500,000.

100,000 Shares. Par Value $5.

Subscription Price $3 per Share.

Working Capital $50,000.

No personal liability. No further assessment

To be organized under the General Laws of Massachusetts.

PRESIDENT—HON. LINUS CHILD.

TREASURER & CLERK—HENRY F. SPENCER.

DIRECTORS.

Hon. Linus Child, Hon. John A. Goodwin,
E. R. Sawyer, Esq., F. E. Gregory, Esq.,
Levi C. Barnes, Esq., Henry R. Merrill, Esq.,
Emerson Leland, Esq.

This property consists of valuable Rights in the very best Oil lands in the country, situated on Oil Creek, Pennsylvania, and Bull and Cow's Creeks and Rawson's Run, West Virginia. Property in the vicinity of Rawson's Run has increased largely in value within a few months, on account of the numerous successful developments. There are many wells now going down upon this property, or being put in working order under the management of an able superintendent.

A map and prospectus of the different properties belonging to this Company, may be had upon application at our office

SUFFOLK

PETROLEUM AND COAL CO.

OF BOSTON.

Is a short time Subscription Books will be opened at our office only for a portion of the Stock, due notice of which will be given.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD.

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

A. SPEER, Proprietor, Vineyard, Passaic, N. J.; Office, 208 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my13tf

DR. W. R. MERWIN & CO.'S COLUMN

FOR THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

Sold by all respectable druggists.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and

OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 68 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 84 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,

Dr. W. R. MERWIN & CO.,

EXETER, N. H., Feb. 26, 1865. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEETS PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by its use. I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May 31, 1841*
DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Dr. Swet's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S SWEET, No. 7 High street, Portsmouth, N. H. promptly attended to. may26

Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Nose, Tender Skin Bones, Cutaneous Eruptions, Boils, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in coin or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichols's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unsurpassed, and far in advance of every other medicine—for obstructions, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, MARCH 3, 1865.

THE REBELLION.

The Richmond papers of Monday, 27th Feb., show conclusively that the intimations of the evacuation of that city and of the prevalence of a famine there, have been well founded.

The Enquirer of Monday says the rebel Congressmen, since the fall of Savannah, have been fraudulently deserting their posts until the House of Representatives is left without a quorum. It says they should be arrested by the military authorities and returned to Richmond, and intimates that it would be justice in this hour of danger to shoot them as deserters for making laws to put everybody else in the army and then running away themselves.

The Sentinel indicates that the superfluous population, works, etc., are being removed from Richmond to a safer place in the interior.

The Dispatch says that the Virginia Legislature have instructed their Senators in Congress to vote for the bill for arming the slaves, and it thinks the measure will now pass the Confederate Senate.

The Boston Herald's Washington dispatch says, there is good reason to believe the report that Sherman has reached Goldsboro, N. C., and formed a junction with the Union forces sent up from Newbern.

Hatches' Run correspondence of the 26th, says the order for the army to be ready to move at a moment's notice was countermanded, owing to the storm, after the men had been under arms all night. Fresh orders, however, are expected from Gen. Grant.

Our Gen. Gilmore, reports from Charleston Feb. 26, as follows:

An inspection of the rebel defences of Charleston shows that we have taken over 450 pieces of ordnance, being more than double what I first reported. The lot includes eight and ten-inch columbiads, and a great many thirty-two and forty-two pounder rifles, some seven-inch Brooks rifles, and many pieces of foreign make. We also captured eight locomotives and a great number of passenger and platform cars, all in good condition.

Deserters report that the last of Hardee's army was to cross the Santee River yesterday, bound to Charlotte, N. C., and it was feared that Sherman had already intercepted their march.

It is reported on similar authority that the last of Hood's army, 17,000 strong, passed through Augusta last Sunday, the 19th, on their way to join Beauregard. Georgetown has been evacuated by the enemy, and is now in our possession.

Deserters are coming in constantly. We have already over 400.

The Richmond Dispatch of Monday says:

The usual number of Sunday rumors were in circulation yesterday, the most agreeable of which, though we regret to say, not the most authentic, was that Sherman had been killed, and the army routed and driven into the jungles of South Carolina.

Steamer Arago, arrived at New York from Savannah, says:

The steamer South Carolina is busy taking cotton from a wrecked blockade runner near Fort Moultrie.

The steamer Fox, captured after the evacuation of Charleston, had been sent to Port Royal with her valuable cargo.

The Arago reports that when off Charleston harbor, 26th, she learned that Columbia, S. C., had been burned, and that Augusta, Ga., had been captured by our forces.

A letter from Charleston says that a great number of the torpedoes sunk by the rebels in the harbor there were filled with saw dust by a man who was employed to load them. He was a Union man of course.

THE REBEL PIRATE SHENANDOAH.—A private letter received by a mercantile house in Boston, dated Gibraltar, Feb. 7, states that the rebel pirate steamer Shenandoah had put into Corunna, Spain, in a disabled condition, and that the U. S. steamer Sacramento left Cadix, Feb. 3, to look after her.

GOLD, Thursday, 196 1-2 to 197 1-4.—The favorable news from the South, and the increased amounts of gold *offered for sale* depress the price. $150,000 were sold in Boston.

— In the U. S. Senate, March 1st, an amendment was adopted, repealing the fishing bounty at the abrogation of the reciprocity treaty, (in March, 1866,)—by a vote of 17 to 16. Senators Clark and Hale voted *Nay*.

— Richard Frothingham, after thirteen years in the editorial department of the Boston Post, has dissolved his connection with that paper.

—Governor Brown of Georgia has issued a proclamation proscribing Jeff Davis, opposing the arming of the slaves and calling loudly on the Georgians to enlist.

—"Kangaroos" is the new term applied to bounty-jumpers in Hoosier-dom.

—The opening of the Suez Canal (i.e the fresh water canal for small vessels and boats) throughout its entire length from the Red Sea to the Mediterranean, has been officially announced by M. Lesseps, president and superintendent.

BUFFALO, Feb., '65.

Dear Chronicle.—After having circled a goodly section of this country of ours, and travelled over many of the lines of railroads which connect its extreme and intermediate points, I may be privileged to "speak my piece" on their various monopolies, aggressions, impositions and neglects. Although the dog may bay at the moon, and its silvery majesty "roll on" unheedingly, yet the dog has an unquestionable right to bay if he wishes to,—and if one has been thrown off the track five times in two weeks—pitched at an uncomfortable velocity from one end of a car to the other,—waited at a station twelve hours, and been on the road without food for eighteen hours, it may be allowed him to say a word or two on the subject, unless he was never on a railroad before, and supposes it a part of the regular programme; like the old lady you remember, whose first railroad experience was on a train which came in collision with another, and who "spoed that's the way they always stopped."

Primarily I claim that all cattle—two and four legged, should ride in the cattle-cars. That persons of average respectability, paying first class fare, gentlemen as well as ladies, but especially the latter, should not be forced to sit just behind or before a wholesale blasphemy dispensary, a rum distillery, or be obliged to paddle their feet in pools of tobacco-spit, or breathe the filthy stench of a pipe or three-penny cigar.

It is true that on most western railroads, "Ladies' Cars" are run, affording a safe haven to the gentler sex and gentlemen accompanying, and a few others who may gain admittance by feigning "a sister inside," or by oversight, or "pecuniary weakness of the brakeman." But this shelters only a limited number, and many ladies, and many more gentlemen, are compelled to endure for hours, through five or six other cars, the nuisances alluded to above.

We dear Americans are so thoroughly egotistical and prejudiced against copying European superiority in many details, that we are unwilling to adopt what will obviate all these aggravations,—the system of first and second class cars,—a system carried on the other side, to third and fourth class. I am aware that on two or three roads, second class cars are used,—but only on these few. And now they are not so regulated as to reach the grievances generally endured of necessity.

You have no space to argue the advantages, but there can be no doubt of its satisfactoriness to those who are willing and able to pay a small premium for exclusiveness and comfort, and the equal or greater satisfaction to the more economic class, of having all the comforts to which they are accustomed, and the accomplishment of an equal distance at a much smaller expenditure. Out West, where there is much emigrant travel, the want of this arrangement is felt more positively than with you.

Then I proclaim strongly against surly, impudent, unaccommodating conductors, brakemen, and general employees—a number of cars illy-proportioned to the travel, (for which in these days of railroad monopoly and immense receipts there is no excuse)—against high-priced, starvation, dining saloons which make small, corky frozen apples, at ten cents each, cheap and desirable.

Also there seems to me cause for complaint in the absence of any announcement to fatigued and impatient travellers, of the cause of long and tedious delays, and the desirability and feasibility of a rule requiring conductors, or some other employee of the train, to announce at the door of each car, (often numbering eight, full of passengers west,) the cause of the delay, whether of snow, breakage, or delayed trains,—and the probable time of continance, that the impatience and anxiety of passengers may be allayed, and that they may know whether they have sufficient time to leave the train for rest and refreshment. Trains are frequently delayed at stations, forsaken by conductors and others possessing information, the passengers waiting for hours, not knowing at any five minutes, whether if they leave the cars for the succeeding five, they will be whisked out of sight of not.

Railroads, to which the public give so rich a revenue, upon which they so much depend, should be conducted with every regard for their wishes, and not as selfish and unrivalled monopolies,—and these omissions and aggravations in the minor details, detract most directly and forcibly from what would otherwise be model lines of convenience and comfort.

These thoughts have been suggested during seven weeks travel by incidents constantly recurring, "all of which I saw, and part of which I was."

— On Saturday President Lincoln will be inaugurated for his second term; and it is thirty-two years since any one has been thus inaugurated. No one before has had a second term since Gen. Jackson.

— Nothing new from St. Domingo. The remainder of the Spanish forces were soon expected at Havana, having given up their foolish expedition against the negro island.

A VETERAN WAR HORSE.—In February 1862 Dr. J. Donnell, left Houlton, as surgeon of the 15th Me. Infantry, taking with him the horse which he had used several years in the practice of his profession. In February 1865 the doctor returned, bringing with him the same old horse, looking as hale and hearty as ever, although it had been once shipwreck and wounded by a bayonet thrust in the shoulder.

Few horses of the war have had a more varied experience or can show a better record for faithfulness and loyalty. Leaving home in the severe winter of '61-2 it travelled through the deep snows to Augusta. From Augusta to Portland it had its first railroad ride. At Portland it was put on board the Great Republic and landed at Ship Island in the Gulf of Mexico, on April 5th. Here it remained till May 19th when it went with the regiment to New Orleans and Carrolton remaining till September 8th. Its next move was to Pensacola and Fort Barancas, where it remained till June '63. Again it went to New Orleans and remained in Algiers, opposite the city of New Orleans, from July to October. From New Orleans it went to Texas, where it suffered shipwreck in Matagorda Bay. Returning to Algiers in Feb. 1865, it next went up the Bayou Teache to Brazier city, and afterwards accompanied Gen. Banks in the unfortunate expedition up the Red River, going as far as Sabine Cross Roads. Remaining awhile with the regiment at Morganzia, it returned once more to New Orleans. Its next move was from New Orleans to Fortress Monroe, thence to Bumuda Hundred, Washington and Maryland. In July and August of 1864 it had a short furlough and returned to Maine to nibble a little grass of its native State. Again taking the cars in Augusta it went to Harper's Ferry, thence about a hundred miles up the Shenandoah Valley, where its old ears listened to the roar of Sheridan's artillery in his celebrated defeat of Early. This was his last experience. Discharged in Jan. 1865, it returned to northeastern Maine in Feb., and is now busy as ever in its daily calls on the sick of Aroostook. It has never failed to eat the regular army rations, has never been sick, and only lame once from the effects of the bayonet wound. While the doctor was driving home, the old war horse turned into the stable where it was raised, showing that the memory of its early days was still fresh and green.

☞ The United States Senate on Tuesday passed an amendment to the tax bill, by the casting vote of Vice President Hamlin, which, if it becomes a law, will severely affect the Savings Banks. It was to make Savings Banks subject to the same taxation as banks of issue. As it is the design of the Senate to turn all the local banks into National Banks, they may also desire to turn all the Savings Banks into the National Savings Banks, viz: the investment of their funds in the National loans.

NOT VERY ENCOURAGING.—The Richmond Examiner of the 27th, editorially referring to Davis' late message, says "the evacuation of Richmond would be the loss of all respect and authority toward the Confederate Government, the disintegration of the army and the abandonment of the scheme of independence of the Southern Confederacy. The withdrawal of the army from Richmond would so narrow the area of conscription as greatly to reduce our military strength. Moreover, the army would dwindle in numbers as it would move more and more rapidly westward and before reaching the Mississippi River would have degenerated into a mere body guard of officials. From the hour of giving up the seat of government our cause would sink into mere rebellion in the estimation of foreign powers, who would cease to accord to us the rights of belligerents, while the enemy would be free to treat our officers and soldiers as traitors and criminals, so that every rebel would fight thenceforward with a halter about his neck."

— A young woman of twenty summers, married but ten days ago to a carriage maker in New Haven, as his second wife, (says the Palladium of the 24th,) has applied for a divorce. The first wife was divorced at the last term of court, and the new wife found she had been victimized.

NEW ENGLAND CATTLE MARKETS, at Cambridge, Brighton and Medford, this week.—Abridged from the Boston Post.

From Maine 184 Cattle, — Sheep. New Hampshire 204 Cattle, 997 Sheep. Vermont 408 Cattle, 1594 Sheep.

Portsmouth, March 3, 1865.

WEBSTER HOUSE,

Hanover St.,

BOSTON.

The Undersigned having taken the above house for a term of years, have entirely refurnished it with new furniture, carpets, beds, &c., so that it is now one of the neatest, and in every respect one of the most comfortable hotels in Boston, containing all the modern fixtures of first class hotels, hot and cold baths, &c. It will be conducted in connection with our new OCEAN HOUSE, at Rye Beach, N. H., which will be opened July 1, 1865.

We solicit the patronage of our friends and the travelling public, and will use our best efforts to please our patrons. mhl—3m

The subscriber having associated with his brother in business, has removed from No. 1 Congress Street to the store formerly occupied by H. H. Ham and S. F. Cobb, No. 2, Exchange Buildings. FRANCIS W. HAM.

Feb. 15 8, 65.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

Seven-Thirty Loan.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides *its exemption from State and municipal taxation, which adds from one to three per cent. more*, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a $50 note.
Two cents " " " " $100 "
Ten " " " " " $500 "
20 " " " " " $1000 "
$1 " " " " " $5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN in the Market

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities to take the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the

feb15—1m Cashier.

PETROLEUM.

THE BEST INVESTMENTS EVER OFFERED IN PORTSMOUTH.

The Subscriber has been appointed AGENT for the

United Petroleum Farms ASSOCIATION,

Situate on Oil Creek and the Alleghany River, Venango County, Penn., which is the centre of the Oil Regions.

There are now some FIFTEEN WELLS, and the same number going down—producing about 200 Barrels per day, worth, at the present price of Oil, $1,700 daily, or $442,400 per year.

The entire property cost the present Subscribers $2,275,000, and is already paying about 2½ per cent. per month, and will, no doubt, in 60 days pay double that amount, and perhaps within the year increase it ten fold.

There is room on these Farms to put down 2000 wells, and the amount of oil that may be produced upon them is almost beyond calculation.

The whole of the Stock is nearly subscribed, and the Books will be CLOSED in New York on the 27th of January, and to Agents in about 10 days later,—and on the first of February a dividend of about 2½ per cent. per month since October 27th will be declared on the earnings of the wells in operation since that time.

It is proposed to put down 150 wells this year, and it is thought these wells will yield $33,000 per day, or $12,045,000 per year.

Those wishing to subscribe will please call at once to my Office,

No. 47 Congress Street,

and see Circular and Plan, and all information given.

JOHN S. HARVEY, AGENT.

Portsmouth, Jan. 26th, 1865.

Cheering Prospect.

The United Petroleum Farms Association has declared a dividend of 6 per cent. for the last three months, payable Feb. 20th. There are 15 wells now producing 18 more wells going down, and 150 more wells to be put down this Summer.

Now if 15 wells will pay 2 per cent. per month, how much will 150 wells pay per month?

Any sum as high as $250 to $1000 may be subscribed for a few days to accommodate the Citizens of Portsmouth.

JOHN S. HARVEY, Agent,
No. 47 Congress Street.

Portsmouth, N. H., Feb. 15, 1865.

CARTER'S

Clarified Molasses Candy

Cleanse the Blood.

With corrupt, disordered or vitiated Blood you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous, Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venerial Diseases, Liver Complaints, and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla, for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla, which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which it rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is needless here to recount the evidence of its virtues. The world knows them.

Prepared by J. C. AYER & Co., Lowell, Mass. and sold by Brackett Hutchings, Thacher, W. R. Preston, David Kimball, and all druggists.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR RESTORATIVE" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of NEW HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "RESTORATIVE" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PRICE—$1 per Bottle.

d5 dawôm Brooklyn, Kings Co., N. Y.

Local.

☞ The new Philharmonic Society in this city already numbers seventy members, comprising a grand chorus, and including several of the best soloists in the city.

☞ The Old Folks' Choir, of Exeter, under direction of Major Blake, have been giving several Concerts in that and the neighboring towns, for benevolent objects, with the greatest success. We hope for the aid of the Major and some of his troupe, at the Old Folks' Concerts in this city.

☞ At the Webster House, Boston, advertised by Messrs. Job Jenness & Son, you may be sure of as much comfort for half the cost, as at some other hotels of more pretensions.

CITY COUNCIL.—In Board of Aldermen on Thursday evening the ordinance relative to salaries was passed. An ineffectual attempt was made to raise the salary of the Justice of the Police Court to $500. The salary of the Mayor (to go into effect in 1866) was raised to $800. In Common Council the joint resolution providing for a temporary loan to pay deficiency in school funds was reported from the committee and passed.

☞ The Programme for the Old Folks Concert, to be given in a week or two, is published this morning. It will be seen to contain, besides a good selection of the best and most popular of the old fugue and choral Tunes, a large number of Anthems and brilliant set pieces. The Cornet Band will also furnish an excellent programme.—The Choir contains not only real old folks, but also many of the best young singers in the city.

NEW HAMPSHIRE ITEMS.

—— By special order from the War Department, "All New Hampshire soldiers in hospitals in the State of New Hampshire and in hospitals in the Department of the East, will be granted furloughs from the 8 th the 16th of March inclusive, to enable them to vote at the coming election in that State."

—— The Mirror learns that no case of the disease said to be spotted fever, has occurred in camp at Concord for some time. The men are not now sent to the old barracks where the other cases occurred, and no difficulty is apprehended from further outbreak of the fever. The health of the men is good, and they are well cared for in all respects.

—— In Exeter on Tuesday, a "widow Brown" entered the clothes' room of the High School, stole as many articles of girls' clothing as she could carry, and was making off, but was arrested by one of the girls, and most of the articles were recovered. A few small things were lost or kept by the thief.

MR. GOULD'S LETTER.—The Anti-Marston convention at Dover, published the name of Ezra Gould of Sandwich, as one of a committee to carry out their design. Mr. Gould declines to have any thing to do with it, and publishes the following letter in the Boston Journal:

Noticing my name as one of the committee of Carroll county in a convention held at Dover on the 22d inst., I desire to say a few words as regards my position, and to remove any mis-apprehension in relation to my feelings in this matter.

I was one of the delegates to the regular convention held at Dover on the 21st of December, and as such voted for and advocated the claims of Samuel M. Wheeler, Esq., of Dover; and although the man of my choice was not nominated, I wish it distinctly understood that I can by no word or action lend my influence to a movement that will tend to disrupt the party or elect a man with whose political procetivities I have no sympathy.

I had no lot or part in the proceedings of the last convention, and was sorry to see my name reported in any connection therewith, and cannot support any movement that is in opposition to the election of our regular candidate, Gen. Gilman Marston. And I desire to say to my friends, that my duty to my principles and to my country urge me, above all other political considerations, to support our regular nominations. To divide now is to secure our defeat and the re-election of Daniel Marcy, and I call upon all political friends to lay aside their animosities, in this time of trouble in our land, and unite in one common duty to our country, of electing a man whom we believe to be true to our principles.

EZRA GOULD.

MEXICO.—Havana correspondence says the city of Oajaca, Mexico, has been surrendered to the Imperialists, together with several thousand prisoners. Gen. Diaz, the Republican commander, attempted to escape in disguise and was discovered and shot. The guerrillas under Rojas and Romero had been almost annihilated by the Imperialists. Their commanders were among the slain.

— In New ersey the Constitutional amendment abolishing slavery was defeated in the Legislature by a tie vote. This is encouraging, as a large majority was supposed to exist against it. The knot may be untied some day.

☞ — Last week one of the "efficient" night policemen had his pocket picked of all the money in his possession, while sitting in the station house, Boston.

LONDON ITEMS.—Cardinal Wiseman died Feb. 15.

The rebel steamer Stonewall, alias Olinda, was at Fersol and said to be very leaky. She is very heavily armed, having four guns, none of them less than two hundred pounders. Her iron plates were four inches thick. A number of the Alabama's men are among the crew.

The spiritual manifestations of the Davenport brothers were brought to an abrupt conclusion at St. George's Hall, Liverpool. The audience appointed two gentlemen to do the rope-tying. They proved too much for the Davenports, and were objected to by them. Great confusion and excitement followed. The Davenports escaped, but their paraphernalia was smashed to atoms. The hall had to be cleared by the police.

— The blockade runner Zephyr, which sailed for Galveston on the 16th, returned to Havana on the 24th, having been chased by a cruiser. An arrival from Nassua brought reports of the evacuation of Charleston.

—A sleeping car, upon the Philadelphia and Erie Railroad, was totally destroyed by fire on Monday night last—the passengers fortunately escaping with only the loss of their baggage and clothing.

THE NEW YORK JOURNALS are quarreling about the question whether or not it would be well to have gold at once fall to par. Such a purely speculative question as this ought to be discussed without heat, if there are no practical indications that there is any likelihood of the fears of the one side, or the wishes of the other, being realized.—*Boston Transcript.*

— Gen. Hooker recently wrote to the ladies engaged in getting up the Chicago Sanitary Fair: "While Europe during the Crimean war produced but one Florence Nightingale, we of the young republic have such a goddess enshrined in almost every household."

— On the 4th of March Governor Cannon, of Delaware, died after a short illness.

THE GOLLEN SHEAF BOURBON.

Made from wheat, rye, and corn, the purest and best whiskey to be found. For sale at over the country. Try it.

READINGS BY MISS KING.—We are happy to announce that Miss Angela S. King, daughter of the late Thomas F. King, (for nine years a popular Pastor in this city,) and sister of the late Thomas Starr King,—will give public Readings at the Temple, on Wednesday evening, the 8th of March. Miss King has received the most flattering commendations wherever she has appeared. The best cities in Boston pronounced her second to no lady elocutionist who has appeared in that city.

The Boston Transcript says of her readings at the opening of the new chapel connected with the Hollis Street Church:

"The initiatory service consisted of readings by Miss King. The selections were from Browning, Sheridan, Bayard Taylor, Knowles, Whittier, Holmes, Pierpont, Mrs. Hemans, and T. B. Read. These gave Miss King an opportunity which she used with marked success, to show the versatility of her elocution and the results of her careful study. With a melodious and powerful voice, an animated and earnest spirit, she passed from the gay and joyous and comic, to the serious, sad and pathetic, with quick transitions that were easy and natural changes of mood. Her feelings and sympathies were engrossingly given to the different topics her distinct, mellow and expressive tones interpreted.

There are few readers who combine so many different qualities, and whose renditions are of so wide a range. Measuring with accuracy her own powers, she is sure to satisfy her hearers with performances as excellent as they are varied in their character. There is an especial heartiness in her humor, and the evidence of sincerity in her tenderness. With her, nature remains the inspiration of art."

The citizens of Portsmouth should surely show their appreciation of living merit, as well as their respect for departed worth, by giving Miss King an audience limited only by the capacity of the Temple.

Tickets 25 cts. to be obtained at the stores of Messrs. Foster, Hutchings, Shores and Preston. Doors open at 6 1-2. Readings commence at 7 1-2 o'clock.

A TRUE AIM—as not been the aim of the proprietor of Hunnewell's great preparations, advertised on our inside columns, to base a false reputation by long and unmeaning advertising, but a real one by true results, to which all who try them will cheerfully assent. See advertisement.

The greatest discovery of the age is the new soap just come out, and known as the J. Monroe Taylor Gold Medal Soap; it not only saves time in washing, but does the work in a much superior manner to all other soaps now before the people. The makers claim it is manufactured on an entirely different principle, and that it is a great labor-saving article, besides going much further than any other soap. Our experience confirms all the inventor claims for it. Try it, and we think all will be convinced of the fact, and will never have the Gold Medal or none. 95

GRAND

DOUBLE CONCERT,

VOCAL AND INSTRUMENTAL.

THE OLD FOLKS' CHOIR

of Portsmouth and Vicinity,

With Piano, a Full Orchestra,

—and the—

PORTSMOUTH CORNET BAND

Will give a Grand Concert

AT THE TEMPLE, Portsmouth,

ABOUT the MIDDLE of MARCH.

It is expected that nearly

200 Performers

will take part in the exercises, and that the

Grand Combined Chorus

will be the heaviest and best ever heard in this region.

All members of the Old Folks Choirs of Portsmouth or elsewhere, are hereby cordially invited to take part.

The Programme will be selected from "The Continental Harmony," and will consist of the OLD TUNES and modern ANTHEMS, CHORUSES, &c. The list will be made public in good season, for rehearsal at home and abroad.

The arrangements for enlarging and beautifying the TEMPLE will be completed by the time of this Concert, and the new Hall will seat nearly 2000 people, while the new and spacious stage will afford ample accommodations for the large Choir. No effort will be spared to render this the grandest Musical Entertainment ever attempted here. Full particulars hereafter.

All Singers or Players to whom this Notice is sent, are particularly desired to join in the Concert; and a general invitation is also extended to all musicians to assist.

Portsmouth, Feb. 28, 1865. 1m

Notice

Persons holding any of our SCRIP, are requested to present it for redemption in the New Fractional Currency. f24 J. RIDER & SON.

Morning Chronicle.

— In response to an inquiry of the House the Secretary of War communicated a document from General Augur, which shows that early in July, 1864, numerous complaints were made by the Deputy Provost Marshal that bounty brokers were kidnapping and running off colored men without paying them a cent. These complaints were submitted to the Secretary of War, who ordered that no colored men should go north without a pass. Colored men can obtain passes to leave Washington on showing that they have not been enrolled in the District.

— Both houses of the Illinois State Legislature adjourned *sine die* at noon of Feb. 16th. The members voted to pay themselves in gold, but the State Treasurer refused to pay them in coin, inasmuch as by an act previously passed, he was obliged to pay such gold as there was in the Treasury on the interest of the sterling bonds of the State.

— The safety of railroad travel is incomparably greater than with horses. On the Worcester railroad, Wm. H. Hills, a conductor for nineteen years, is about to retire after having run trains a half million miles, and carried many million travellers, without a collision or any traveller being killed.

— It is worthy of note that the states of Europe which boast of having been ruled for the greatest number of centuries by Divine right, and whose courts are still surrounded by the most gorgeous royal pageants, are the very powers which are the most decrepit and decaying.

— Some drunken fellows in a house near Covington, Ky., a few days ago, poured liquor on a companions and then set it on fire "for fun." He was too much stupefied by drink to help himself, and was so badly burned that he died.

— In the New Jersey Legislature on Tuesday, the Constitutional abolition Amendment was discussed all day in the House. A motion to submit the question to a vote of the people was lost—19 to 36.

— John Rogers of New London, has been sentenced thirty days' imprisonment, for starving his horse to death. His sentence is altogether too light for the offense.

— The rebel Gen. Beauregard says he can hold Mobile against the Yankees. Perhaps he can,—but we remember he said the same thing of Wilmington.

— Belle Boyd asserts that U. S. authorities have broken open her letters and robbed her of £800 sterling. She is a cracked Belle.

— The Boston Post says, "a roaring lion is rampaging in New Jersey, eating small boys, sheep, poultry, &c."

— Volunteering is proceeding rapidly in Illinois. Seven new regiments have been formed.

Wealth is not apt to be modest; the face on a guinea never blushes.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, under the Act of 1837.

76 *State street, opposite Kilby street,*

Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and faithfully, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

R. H. EDDY.

Petroleum!

LOMBARD & GORE,

BOSTON

PETROLEUM AND COAL STOCK EXCHANGE,

99 STATE STREET,

BOSTON,

Buy and Sell Oil and Coal Stocks on Commission, in New York, Philadelphia, and in Europe.

We believe we can offer superior inducements to all persons wishing to invest in

Petroleum Stocks.

Such investments, as a class, offer greater inducements to persons of either large or small means, than any the world has ever known.

Many Petroleum Stocks are now paying at the rate of 60 per cent. per annum, and taking the increased value of the stock into consideration, a person investing at subscription price in reliable companies may reasonably expect to double his money within a year. Capitalists in all parts of the country are now giving their attention almost exclusively to this class of securities, which have already yielded princely fortunes to thousands of persons. ☞ Persons desiring information can rely upon receiving an unbiased account of the standing and prospects of the various companies on the market.

Enquiries by mail will receive prompt attention.

Subscriptions received to all first-class Companies upon the most favorable terms.

Receipts and Certificates will be forwarded in exchange for available funds, without charge; and Petroleum and Coal Stocks will be sold at the Brokers' Boards of New York and Philadelphia at the regular rates of commission.

We would call special attention to the following Companies, viz:—

THE HAMILTON

OIL AND COAL COMPANY.

CAPITAL $1,000,000.

100,000 Shares, par value $10.

Subscription Price $5 per Share.

20,000 Shares reserved for Working Capital

PRESIDENT—HON. WM. G. STEELE, M. C.
VICE-PRESIDENT—JOSEPH TREAT.
TREASURER—S. L. WOODHOUSE.

This Company has secured 2218 acres in Pennsylvania and Ohio, which have been selected by the most experienced oil men after two months' careful research and personal examination on the grounds. On one part of the property is a well from which considerable quantities of oil have already been taken, and as the Company will proceed to make further developments at once, they have every confidence of being able to pay dividends at an early period. A prospectus may be had on application to us.

BOSTON

PETROLEUM OIL COMPANY.

Capital, - - - $300,000.
Par Value of Shares, - - $10.

$33,000 Reserved for Working Capital.

This Company is organized under the General Laws of Massachusetts. The property consists of

Ten hundred and ninety-six (1096) Acres of the very best Oil Lands,

all contained within the great Ohio Oil Belt, over 700 acres of which is in FEE SIMPLE.

Books for Subscription are open at our office. Only 3200 Shares are offered to the public at the subscription price of $10 each, and we would advise prompt application, believing the stock to offer a good and secure investment. Five wells are now being bored on the properties of this Company, and the interests of the Stockholders are in the hands of able and competent managers. Full information will be given on application at our office, in person or by letter.

ROBY & COW CREEK

OIL COMPANY.

CAPITAL STOCK $500,000.

100,000 Shares. Par Value $5.
Subscription Price $3 per Share.
Working Capital $50,000.

No personal liability. No further assessment

To be organized under the General Laws of Massachusetts.

PRESIDENT—HON. LINUS CHILD.
TREASURER & CLERK—HENRY F. SPENCER.

DIRECTORS.

Hon. Linus Child, Hon. John A. Goodwin,
E. R. Sawyer, Esq., F. E. Gregory, Esq.,
Leyl C. Barnes, Esq., Henry R. Merrill, Esq.,
Emerson Leland, Esq.

This property consists of valuable Rights in the very best Oil lands in the country, situated on Oil Creek, Pennsylvania, and Bull and Cow's Creeks and Rawson's Run, West Virginia. Property in the vicinity of Rawson's Run has increased largely in value within a few months, on account of the numerous successful developments. There are many wells now going down upon this property, or being put in working order under the management of an able superintendent.

A map and prospectus of the different properties belonging to this Company, may be had upon application at our office

SUFFOLK

PETROLEUM AND COAL CO.

OF BOSTON.

In a short time Subscription Books will be opened at our office only for a portion of the Stock, due notice of which will be given.

Full information will be furnished in regard to the above, and all other Companies in the market, upon application at our office, personally or by letter.

P. S.—Parties remitting funds to us will please send by express, except when drafts can be obtained, in which case we will bear the charges of forwarding. In this manner they can obtain reliable receipts.

THE MAGEE

COOKING STOVE.

The subscriber would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats is prevented from escaping into the room. With the extension top there is a large copper Reservoir for hotwater; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The fire or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 30 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert E. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Stee, and others.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade by Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

SEE THE

CHEROKEE MEDICINES.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heavinss, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

DR. WRIGHT'S

REJUVENATING ELIXIR.

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and

OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 63 Liberty street, New York.

The Cherokee Pills & Rejuvenating Elixir,

Are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these: those which they can purchase at a cheap price, and make more money by selling, than they can on these medicines. As you value your health, aye, the health of your future offspring, do not be deceived by such unprincipled Druggists, *ask for these medicines and take no others.* If the Druggists will not buy them for you, enclose the money in a letter, and we will send them to you by Express, securely sealed and packed free from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms of their complaints, and write Postoffice, County, State and name of writer, plain, and inclose postage stamp for reply.

We send our 32 page pamphlet free to any address. Address all letters for Pamphlets or advice to the proprietors,
